The 1961-62 school year with its seasonal differences brought many experiences and emotions to the students of Summitville High School.

The summer months were full of the fun of swimming, cookouts, and conferences. Then the leaves began to turn and autumn arrived. It was back to school for the gang. Some felt regret because summer days were over, but there was also a wondering anticipation of what this school year might bring.

When the snow began to fall, we were suddenly caught in a whirlwind of festivity to celebrate the Christmas season. Of course, everyone had to cram after vacation to pass his mid-term finals.

Finally spring arrived and we saw the first robin of the year. The school year was drawing to an end. The juniors gave their first play and entertained the seniors at the prom. Too soon, graduation brought the familiar mixed emotions of happiness and a little regret.

Yes, through the years we will all remember . . .

SUMMER, THE TIME FOR

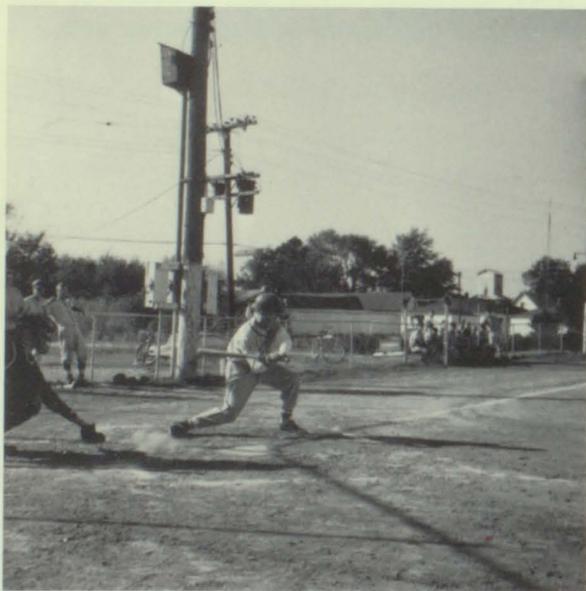

Doug relaxes after a long trail at Clifty Falls.

Earning money for the many extras during her senior year filled most of Bonnie's summer.

A slumber party is always fun for Vanessa, Linda, Kathy, and Diana.

Several of the fellows spent their leisure time at the ball park.

That wonderful summer was a time for fun and laughter. It was a time to take things easy and relax, and for some a time to earn a little money on a summer job. Many went to camps and conferences.

FUN; THEN SCHOOL RESUMED

Students barely have the time to get their books and talk to friends before it's time to rush to the next class.

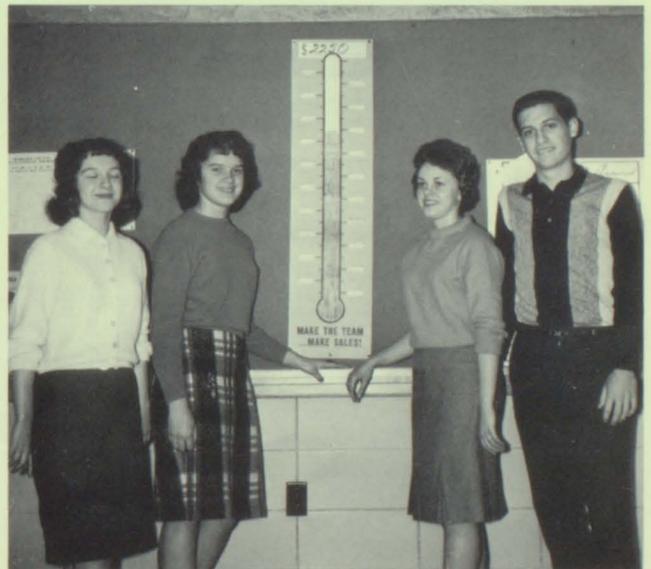

Plans for the 1962 Oak Leaves went into action as the staff progressed into the production stages.

Back to school means recess as well as books and learning to the grade school students.

As all good things must end so did that wonderful summer. School started once again at S.H.S. The halls were again filled with the noise of the students as the activities of the year began. Schedules were completed and plans for class projects were begun.

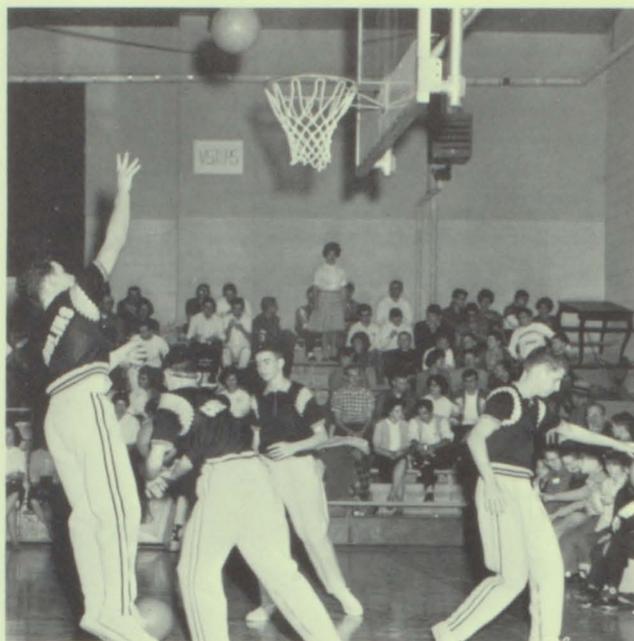

The progress of magazine sales is of interest to junior officers Pam, Donna, Rosemary, and Bill.

CLASS ACTIVITIES, SCHOOL STUDIES,

Underclassmen kept the concession stand busy throughout the year as the seniors worked hard to earn the funds for a trip to Washington D. C.

Practice, determination, practice, good sportsmanship, and practice are means that the Golbins must attain to reach their goal.

Sophomores, Sharon, Linda, Bill and Ron, proudly displayed their new sweaters and jackets.

The year rolled on and '62 That Wonderful Year became busier and busier. The freshman received their class sweaters and jackets, the seniors presented their play, the basketball teams were working hard to top the accomplishments of previous teams, and the underclassmen were keeping the concession stand in business.

Janice and Diane, under Steve's direction, managed to get out plenty of publicity for the senior play.

CHRISTMAS CAROLS AND WORSHIP TOO.

Cheerleaders and their sponsor happily displayed their gifts at a Christmas luncheon.

Late hours and mid-term exams just go together!

"Oh, Holy Night, the stars are brightly shining . . ." inspired many at the Christmas concert.

The first semester was coming to a close while the students were attending Christmas parties and dances and trying to cram for their mid-term finals. The choir and band cheered many as they presented the winter concert. And, always, there was family worship to give us spiritual strength.

Moments of quiet and solitude brought us strength and guidance throughout the year.

SPRING ARRIVED AND GRADUATION DREW NEAR

Senior class officers discuss plans for the senior trip to Washington D.C. with Mr. Absher.

Working on class activities has helped to teach Bill and Connie a few important facts about good organization. Here they are making a last minute arrangement for the Junior Prom.

Nancy and Rob take a last look at the school plaque before donning their caps for graduation.

Then the big moments of the year arrived. The juniors entertained the seniors at the prom. And of course, the trip to Washington D.C. and plans for graduation were foremost in the minds of the seniors. Yes, '62 was a truly wonderful year at S.H.S.

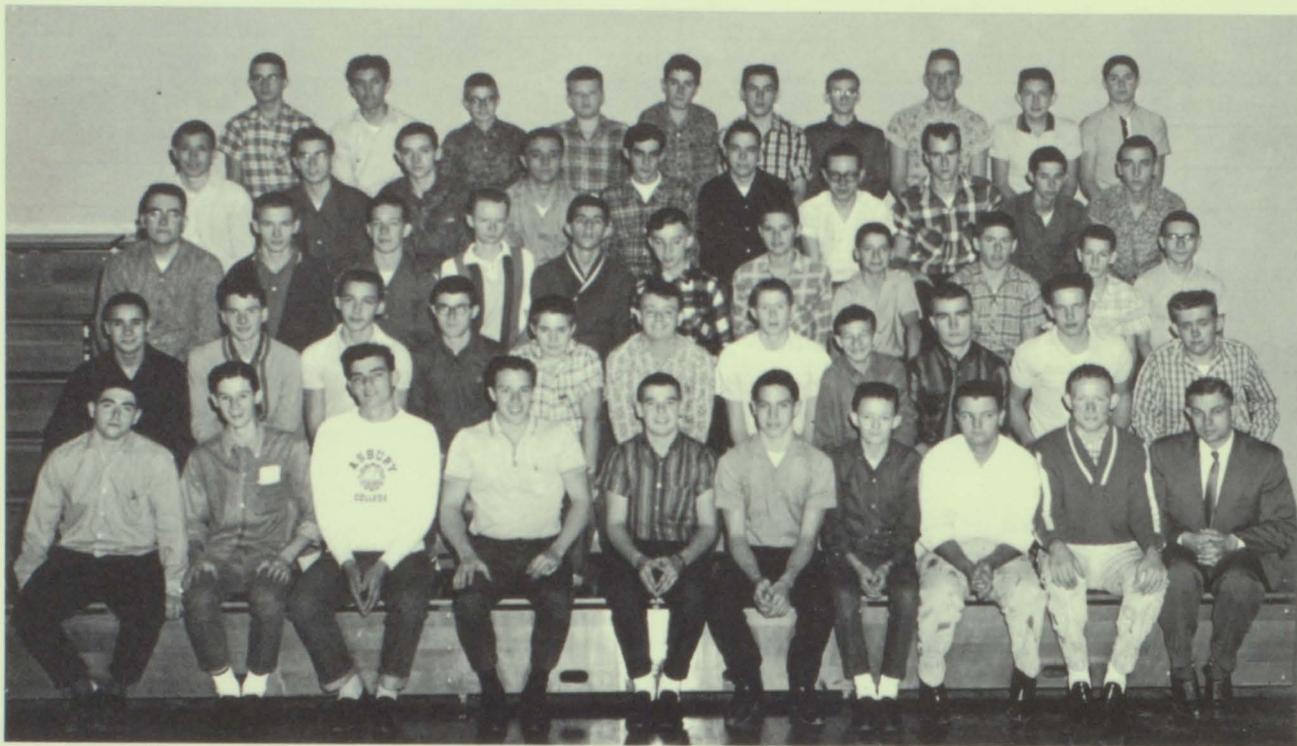

when we had so much fun at cook-outs and swimming parties. Some SHSer's were working at summer jobs while others were attaining accomplishments in summer activities or at conferences and still others were busy selling ads.

OPPORTUNITIES UNLIMITED FOR INQUIRING MINDS

There has never been a time when researchers were not shaping the lives of men. The wheel, the lever, the automobile and the space ship were all equally dependent on the inquiring mind. Progress expands with research. ■ Here at Delco-Remy, for example, our research interest was largely concentrated on automotive applications a generation ago. We could have contented ourselves with just making better starting, lighting and ignition systems. ■ But what we wanted to do was provide electrical energy for the needs of motion—all kinds of motion. At our luncheon tables these days, the conversation is likely to swing from semiconductors and transistor ignition systems to new devices for missile control or electrical power supplies for outer space. ■ We have a new ultra-modern research and engineering building nearing completion. In it, our scientists and engineers will find the most favorable environment possible for imaginative research. ■ What are the rewards of a scientific career? The opportunities are virtually unlimited. But there's something else equally important, we think. It's the tremendous satisfaction to be derived from contributing to human progress. ■ If you have an inquiring mind, it's a career you should think about.

the leaves began to change and so did the student's activities. The summer fun was over and studying began in earnest. The faculty had prepared interesting courses for us and helped guide us while we put our organizations into action.

Fall

GROWTH STARTS IN THE FRONT OFFICE

Keeping files on the students is one of Mrs. Moyer's various tasks.

Mr. Absher, the governor of our school.

At the head of our school is our principal, Mr. Robert Absher. Throughout the year he must perform many duties consisting of registering students, answering questions for students, faculty, and parents, and helping each individual plan his high school career. Mr. Absher also assists students with their college planning. Among his other duties he must also be a disciplinarian to keep our school orderly and efficient.

Working along side Mr. Absher is our school secretary, Mrs. Agnes Moyer. Mrs. Moyer is always busy keeping the school's financial records and the files of each student.

ADMINISTRATORS PLAN FOR FUTURE YEARS

Mr. Dale Prough
Superintendent
Madison County Schools

Our School Board members are Robert Dean, Don Gossett, and Gene DuPouy.

Mr. Harrold Forrest has been the trustee for the past seven years. His capable supervision has helped to make S.H.S. a school of which to be proud.

AUXILIARY STAFF

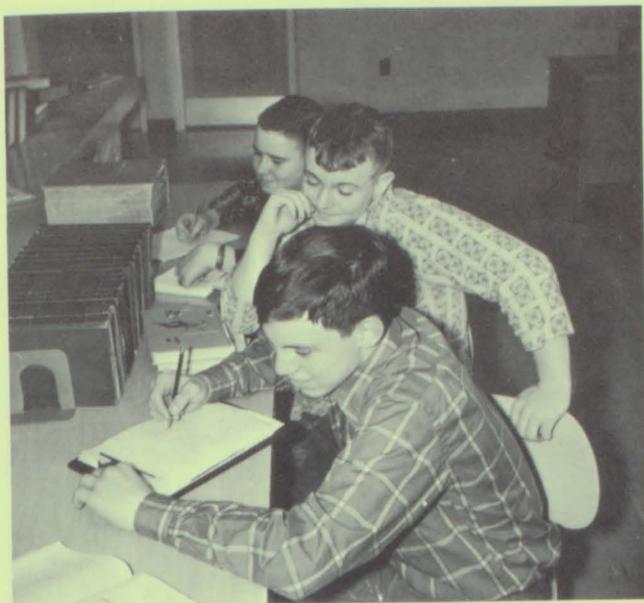

Mr. and Mrs. Ward work hard throughout the year to keep our school in tip-top shape.

Safe and timely transportation can be assured by Tom Bair, Betty Bogue, Wilma Joyner, Ralph Thurston, and Art Watts.

Margaret Leachman and Belva Forrest, under the able direction of Doris Frazier, won the outstanding approval of the entire student body by adding French fries to the school lunch menu after the purchase of a new French frier.

Freshmen, Monte, Mike and Paul, discover that the library provides a suitable place for research.

Spanish verbal tests are a problem for Roger, Julianne, and Sue.

LEARNING BETTER COMMUNICATIONS

"Joan of Arc was 17 when she won her first battle . . ."

Jerry receives valuable assistance from Kathy during a work session dealing with parts of speech.

During our four year program, students may take English grammar, literature, theme writing, and speech.

In English grammar we struggled through good sentence structure by way of infinitives, participial phrases, and dangling gerunds. Themes and speeches were interesting assignments to show improvement in our work.

Students could also take Spanish. Here we learned the language, customs, and history of the Spanish people.

THE PAST, THE PRESENT, THE FUTURE

Margaret, Don, and Ronnie discuss the "hot spots" of our world.

The Social Studies and Commercial Curriculums present interesting subjects to the students. We study past history about the fall of Rome and present history concerning Russia, Cuba, and the French Regime. By learning how our government operates on the local, state, national, and international levels, we plan for the future.

Typing I and II, shorthand, general business and office practice are offered to the students who wish to pursue a commercial career after graduation.

Cleaning the typewriters is another task which Denise and Morrie must learn in Typing I.

Linda learns to work the intercom as part of her duties as an office girl.

The voting machine provides interest to the seniors, Betty, Nancy, and Bob.

Byron, Tom, and Doug anticipate the outcome of an experiment on the heat of vaporization in physics.

Using compasses and protractors to define angles is one of the many tasks in solid geometry for Jack, Teresa, and Tom.

LEARNING THE FACTS AND FIGURES

Dissection provides an interesting experience for biology students, Dwight and Mike.

Are Pam and Darwin waiting for teacher approval or are those smiles the result of total confidence?

The facts about science and biology plus the figures in algebra and geometry make a fascinating study for any student in this ever progressing world that we live in today.

Such courses as general math, Algebra I and II, Trigonometry and plane and solid geometry are offered to interested students.

Those wishing to pursue a scientific curriculum are offered Biology I and II, physics, and chemistry to prepare them with a foundation for future development in the college or university of their choice.

PROVISIONS FOR A DOMESTIC FUTURE

How to prepare meals correctly and time management are taught in home economics.

Linda and Judy receive their pins after a beneficial course of home nursing.

In agriculture, Jerry and Mike discuss different breeds of cattle.

Home economics and agriculture lend to useful experiences that students will always use.

Girls taking home economics learn the better methods of time and energy management, cooking, sewing, home nursing, and child care.

In agricultural classes, boys learn to work safely with tools, better methods of farming, and how to judge the best beef and crops.

Working safely with tools is essential while building an animal shelter.

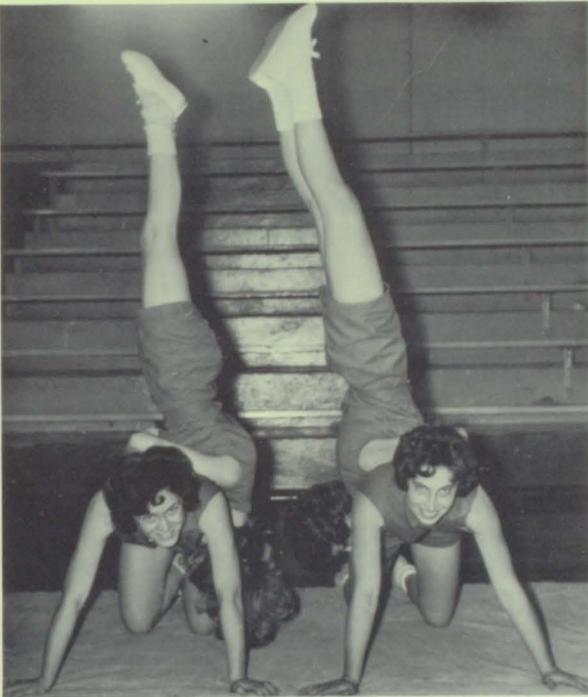

Byron, John, and Sue display a few of the projects which the art class has undertaken.

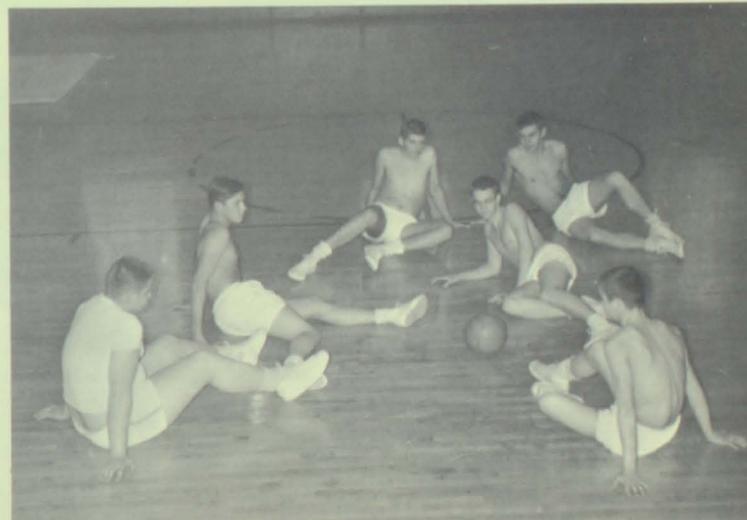

The driver's education class gains experience behind the wheel.

LENDING VARIETY TO THE CURRICULUM

Girls in gym class display new uniforms as well as ability.

Boys engage in an appropriately named game called "blisters."

THE PLAY'S

The romantic leads!

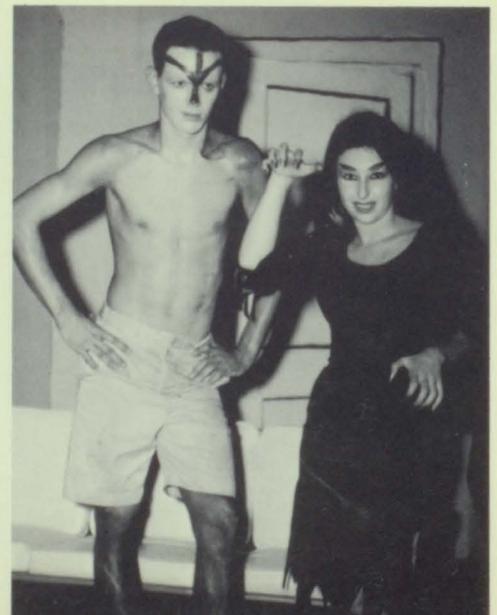

A mother's pride and joy!

Double trouble!

"Tune In On Terror," a three-act mystery-comedy by Jay Tobias, was presented by the senior class on October 20. Mrs. Patricia Kessler and Mrs. Pat Richardson directed the play. For the seniors who did not participate in the spring productions of the Dramatics Club, this marked the end of a cherishing experience in theatre work.

TOURNEY TIME

Diane Matney and Doug Denny reign as Miss Gold and Mr. Black.

Eighth graders proudly hold first position in the promenade.

Seniors took the second spot in the giant promenade.

Sectional spirit soared at the big pep rally sponsored by the Student Council. Seniors, Diane Matney and Doug Denny walked away with the titles of Miss Gold and Mr. Black. The eighth grade led the giant promenade followed by the mighty seniors. In the car parade, held later that day, the seniors won first place for the best decorated car.

Teachers join in on the spirit.

DRAMATICS AND MUSICAL VARIETIES

"Practice makes perfect."

Steve and Douglas go into their fabulous routine.

The Choir practices for the big night.

SPOTLIGHT ON VARIETIES

Under the direction of Mr. Fadely, the band, choir, and several special acts combined to provide an evening of varied family entertainment. "A Salute to Broadway," "Music of Romance," and "Vaudeville" were used to develop the theme.

Art impersonates the very popular Andy Griffith.

"The 'Roaring Twenties' had nothing on us."

THE BAND AND CHOIR ENTERTAIN

ORIENTAL PARADISE

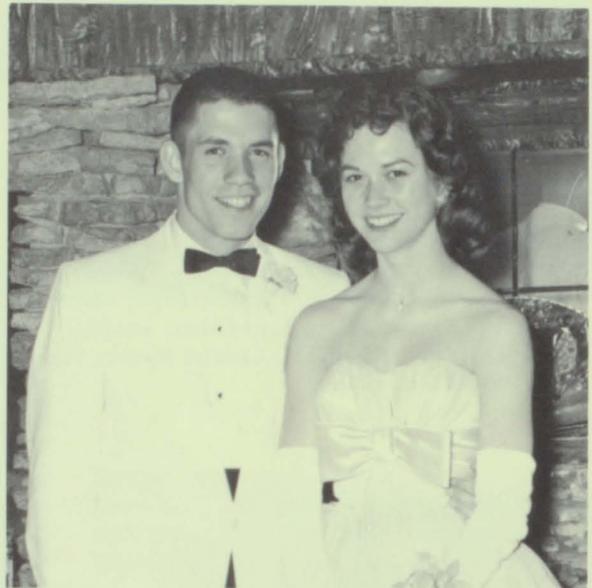

The crowning of the queen climaxed an evening to be cherished by all.

Her smile tells the story.

Here our photographer captured the magic of THE moment. "Mirror, mirror on the wall," yes, Sue was the fairest at the ball.

"Happiness and friendship" was the fortune read by Sue, Marilyn, and Teresa as Wynona and Robin congratulated the court.

Amid the star-studded enchantment of the Yorktown Top Hat the juniors treated the seniors to an evening of "Oriental Paradise" complete with servers in oriental dress and Chinese fortune cookies.

The evening was highlighted by the reading of the senior will and the junior prophecy.

I could have danced all night.

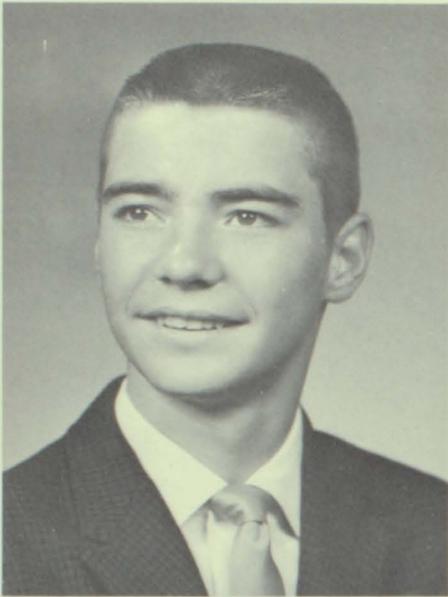

Each couple in their own little world.

The crowning of the Prom queen, Sue Green, and her attendants, Marilyn Ribelin and Teresa Golden, climaxed the evening.

After a dinner suitable to the theme, everyone enjoyed dancing to the strains of the Tru Tones and the singing of Patti Roberts.
