September 24, 1966, dawned as a beautiful autumn day. The Homecoming Parade was led by the Panther and Cadet Bands. Riding in convertibles, the five hopeful queen candidates, Sheri Gillson, Judy Hibst, Jenny Hood, Brenda Lynas, and Kathy Tharp, looked especially beautiful in their fall suits.

Halftime activities began with the strains of "My Fair Lady" played by the Panther Band. The halftime highlight was the crowning of the 1966 queen, Miss Brenda Lynas, by the 1965 queen, Miss Ann Webb.

After much hard fighting on the football field, the Panthers bowed to the Alexandria Tigers, 20-16.

The theme of "My Fair Lady" was carried through to the Den for the Homecoming Dance, the climax of an exciting day.

## Willkie Students Present Two

You sure is a fine gen'le man, hain't you?

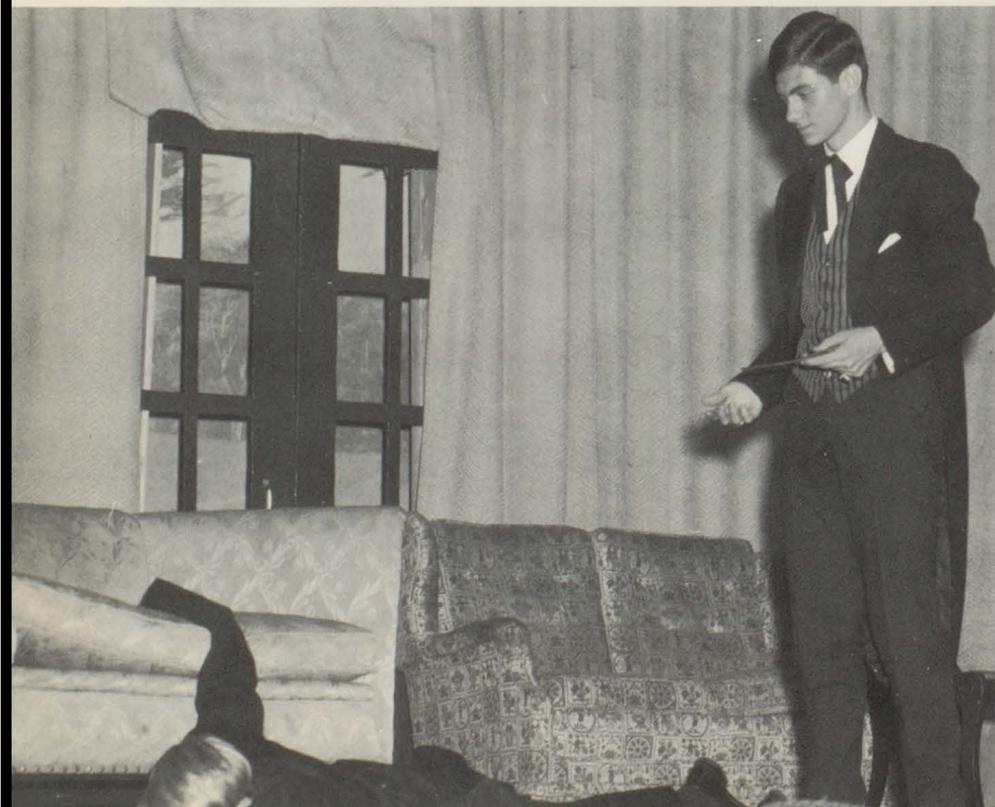

I don't want to go on living! I'm Roxy's son.

On April 21 and 22, 1966, the Junior class presented two exciting evening performances of "Pudd'nhead Wilson," a three act comedy-drama by Alice Chadwicke. Based on the novel by Mark Twain, it is the story about a young lawyer who opened a law office in Dawson's Landing, a small town in Missouri. But he fails to get any clients. Judge York Driscoll, the town's most influential citizen, is the sole person

to realize the true worth of Pudd'nhead, with whom he has become great friends. Pudd'nhead, along with the Judge, becomes involved in a local crime that is bewildering the local authorities. With the help of one of his numerous hobbies, our hero solves the mystery, and the real culprit is arrested. To climax the story, the startling truth about Tom Driscoll is revealed.

"Starring Mrs. Ethel P. Savage!"

November 17, 1966, Willkie High students were entertained by the presentation of "The Curious Savage," a three act comedy-drama by John Patrick. This is the story of three greedy persons who place their stepmother in an institution so that they could get the family fortune. But the stepmother, Mrs. Savage, fools them. She has turned the wealth and stock into negotiable bonds, but she won't tell anyone where they are. To the great dismay of her fellow patients, Mrs. Savage is forced to re-

veal the hiding place to her family. But alas! Through one of the peculiarities of one of the patients, the bonds become lost --or stolen.

Even though Mrs. Savage runs around with blue hair and carries a big teddy bear, Dr. Emmett can find no reason to keep her committed. So, after the disturbing issue with the bonds, he releases her. As she is about to leave, the whereabouts of the bonds is revealed.

The Panther Band Variety Show of 1966 opened with a medley of songs called "Great Themes from Great Italian Movies".

On Elwood's unique glass stage various acts were presented, including "Batman," a clarinet solo by Craig Sherman, and a trombone trio performed by David Sherman, Clifford Lehman, and Larry Oliver.

For the first time four freshmen pianists performed together playing "The Poet and Peasant Overture". Those featured were Mary Braddock, Candy Carter, Larry Oliver, and Keith Sherman.

There was also the popular "Showboat" section which featured many singers from the Willkie Choir. There were also dancing penguins who were trained by typical jungle hunters. Both Mr. Jenkins and Mr. Brugger performed in this section.

All of this and much more was presented by the mistress of ceremonies, Jane Cornelious.

# Touch to Foreign Exchange Program

Carol models a traditional German dress.

Carol left on July 1, from the Metropolitan Airport in Detroit, on a chartered plane from the Flying Tigers Lines.

This year Willkie broadened its foreign exchange program by sending a student to Europe. This lucky student was Miss Carol Yarling. Carol chose to go to Germany. She left on July 1 and returned on August 26. While in Germany, Carol stayed with the Johannas Grantz family in Lamstedt, a small German town of about 600.

Carol did not attend classes as a student, but she did visit school with her German sisters. She also got to do much traveling while in Germany, including a tour of East and West Berlin.

A few Prom guests pause awhile to rest.

The evening of May 13, 1966, was a dream come true for many couples of Willkie High. The co-chairmen, Brenda Lynas and David Sherman, had looked forward to this night with growing anxiety. The dreamy atmosphere of "My Reverie" set romance and an evening of pleasure to music with the Les Shepard Orchestra.

Couples entered from the chilly, misty evening air into a warm, lovely, and cloud filled ballroom. The night quickly slipped away with couples enjoying the long anticipated evening of the year.

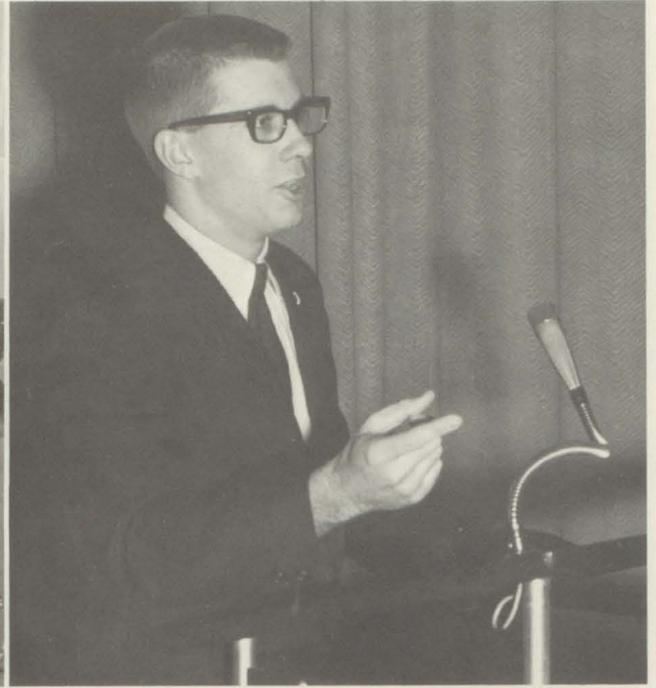

Late in the evening of this heavenly paradise, Mark Winings, Junior Class President, presented Miss Sally Wimmer with the cherished Prom Queen's tiara to reign the 1966 Prom from her elegant throne. The Queen and her escort led the court dance to the theme song, "My Reverie".

*The  
Wonderful  
World  
of  
Academics*

The methods and techniques of teaching have changed since the days of the HOSSIER SCHOOLMASTER. However, the books are still in the classroom and there is much more knowledge to be found in the books. Education is an absolute necessity in our country today. Learning has become more diversified and there are many new opportunities for students. Academics present an enormous challenge to those who take advantage of the courses.

The foundation of every state is the education of its youth.

## *Is the Foundation of Our Education*

D. Fowler, L. Whisler, K. Sherman, T. Williams, E. York, and C. Phelps are doing a critical analysis of their classmates' work in Mrs. Starkey's English class.

English is one of the most important classes in any high school. The English department is devoted to the correct usage of the language in speaking and writing.

Grammar and literature are not the only fields offered in English. Journalism, speech, Honor's English, and advanced composition are also offered.

The journalism class learns to plan a paper effectively. Once a month they print the high school newspaper, the Megaphone. Daily they give the high school report on the local radio station.

This year a new class has been added to the English department. An advanced speech class is now offered to those students who have had basic speech class.

The correct usage of English enables us to communicate with the world around us. This is vitally important to world progress.

Joe Davis works on his English term paper while Jim Saint receives some valuable advice from Miss Digel.

## *Challenge and Exploration of the Future*

The most amazing wonders of the universe are to be found under an ordinary microscope. Science is the basis for all knowledge of life as we know it. Every day new discoveries are made and more barriers are broken down. With each bit of knowledge gained, hundreds of doors are opened, bringing still more unanswered questions.

Of the many fields of science shown to man, Wendell L. Willkie offers a wide variety of choices in advanced biology, biology, chemistry, physics, and physical science. Added extras always include films, field trips, and labs which are conducted with most interesting equipment.

Science is a universal language, known to all countries. It is one field in which all people work together as brothers. Through it, we may someday gain peace and understanding.

Mr. Sullivan gives some advice to summer chemistry students, Rich Brunnemer and Tom Austin.

Kee Cannon, Phil Swinford, and Sherm Updegraff work on an inclined plane in physics class.

Dan Bingham and Dave Sherman conduct a pendulum experiment.

## Are the Keys of Science and Mathematics

Everyone knows that without the aid of mathematics we could have no science. For each new discovery, a perfectly logical formula is known or is being worked out for it mathematically. Both fields are dependent upon each other for progress.

Like science, mathematics has so many branches it would take several lifetimes to cover them all thoroughly. It is almost impossible to imagine the many ways in which we use math in our everyday lives and the effect it has upon us.

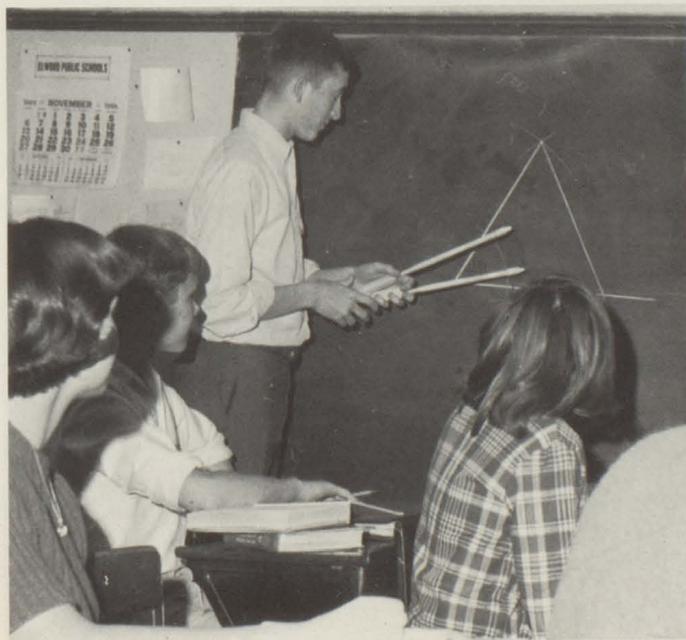

Willkie High students are given a choice as to the math course they would like to take. Those offered include algebra, plane geometry, trigonometry, advanced algebra, senior math and general math.

Mathematics, the exact science, is open to all students with a probing mind, a desire to learn, and a will to work.

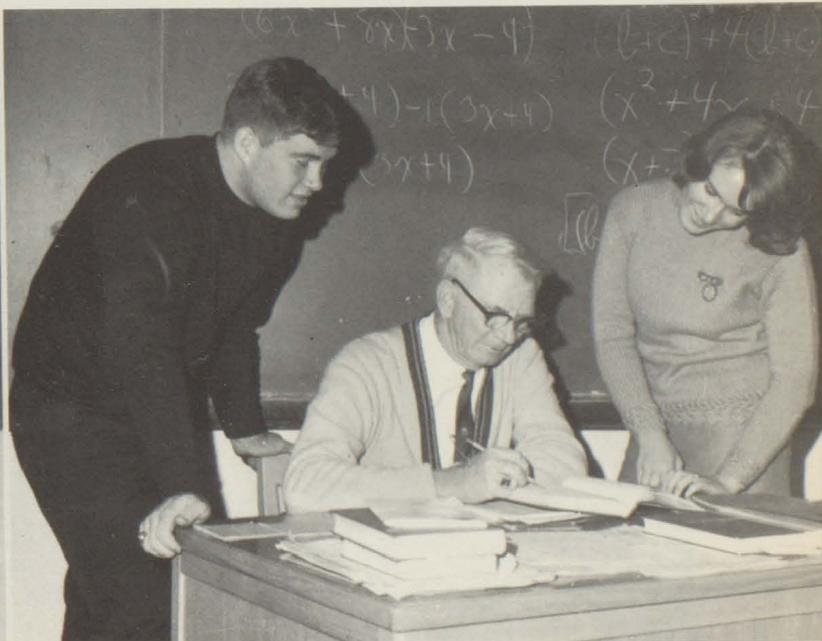

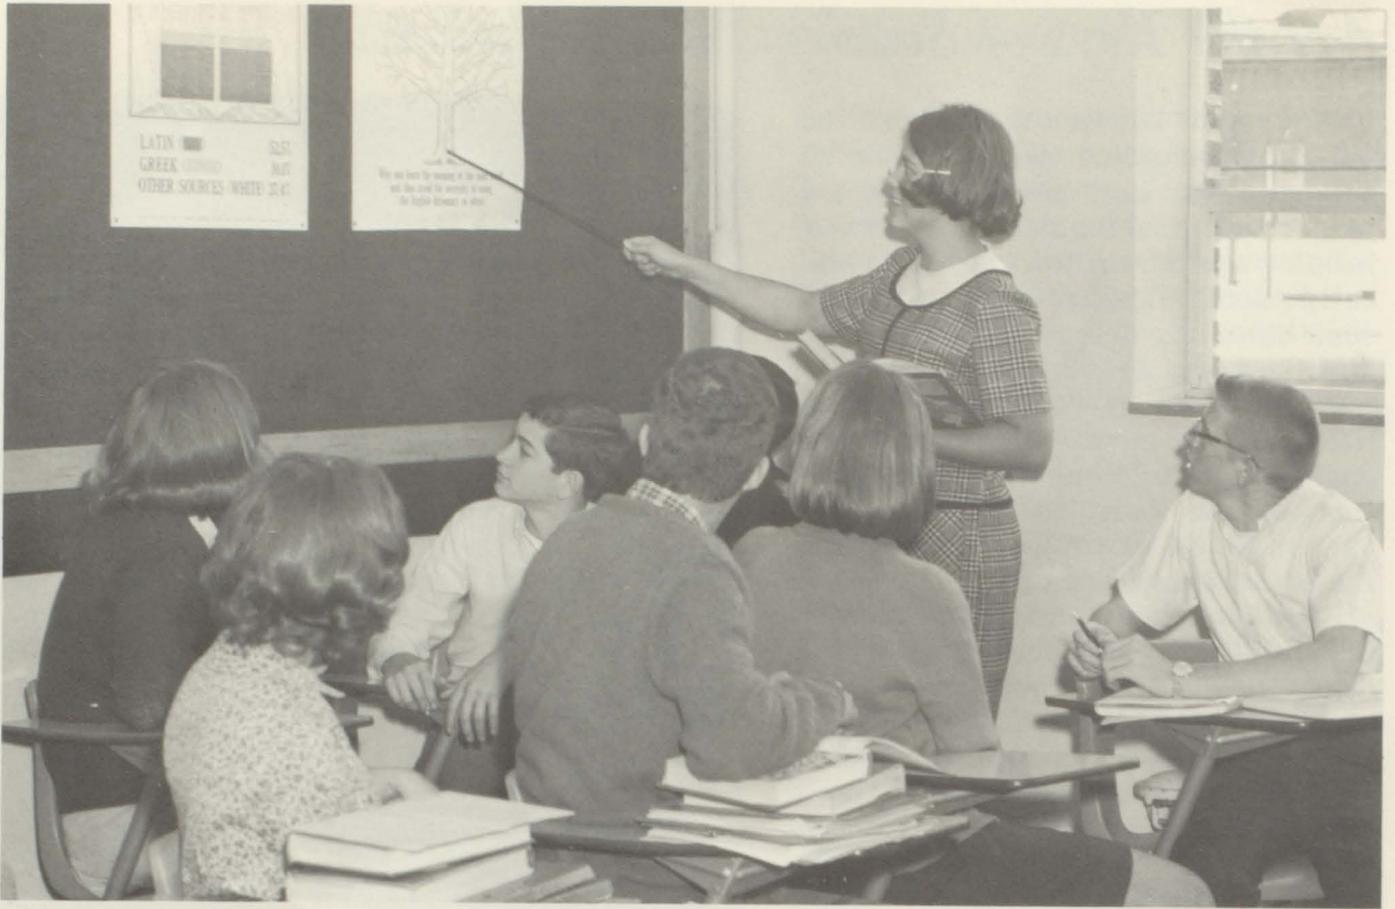

Dave Sherman points out the aspects of a cube to his senior math class.

Jerry Armstrong shows how to bisect an angle to his geometry class.

Dewey Smith and Barb Knauer receive help from Mr. Brown on an advanced algebra problem.

Gloria Piirto explains the derivative tree to her second-year Latin class.

Carol LaPierre appears to have some question about one of the French class posters.

## *Students Work To Bring 'Selves Closer to Foreign Nations*

One of the most useful and interesting subjects a student can study at Willkie High School is a foreign language. If one is exposed to another country's language and the cultural aspects of that country, he is sure to gain knowledge of the world today. But a person can benefit from this experience only if he sees the personal and practical applications of such a varied background.

Latin is the basis of many modern languages. Under the instruction of Mrs.

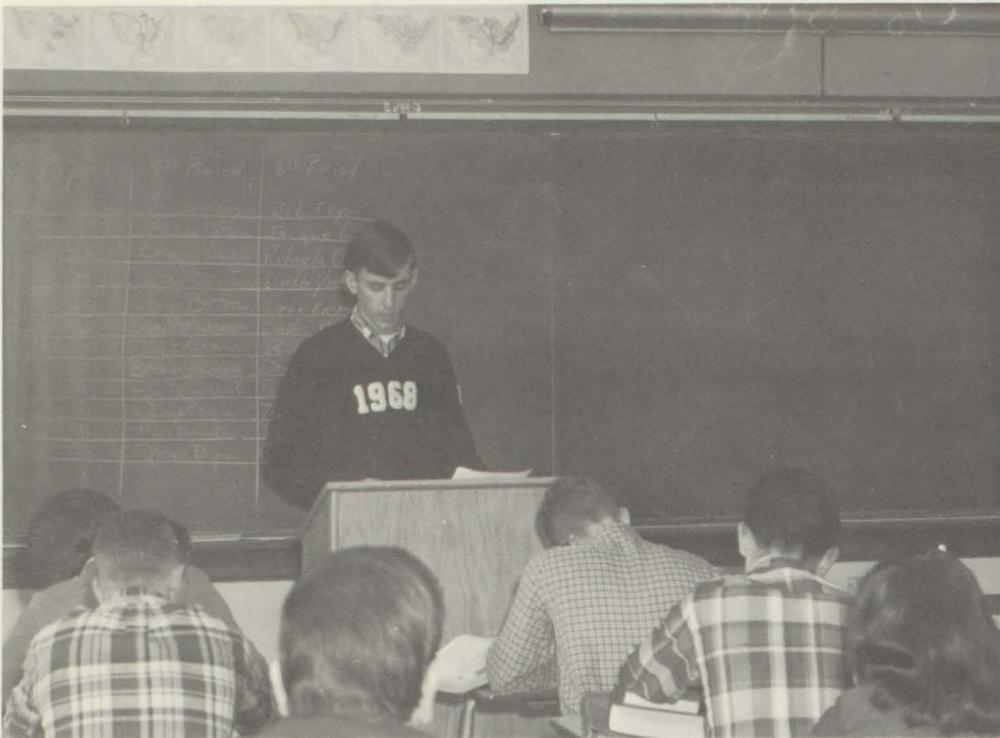

Sharp, Latin has now been expanded to a four-year course. French, often thought the most beautiful and romantic language, is offered in a two-year study plan taught by Mr. Herndon. Spanish students are well-guided in the customs and traditions connected with that language by Mrs. Guerrero. Spanish is also offered for two years.

Yes, our school gains a touch of international atmosphere by the presence of these language teachers and their students.

Student teacher, Pat Kaiser, points out an area of discussion to Spanish students Tom Austin and Barbara De Lawter.

## *Government Classes Study Election Processes;*

Mike Remington gives a special report in U.S. history class.

Sheri Gilson hovers over her map as she silently prays to get it done.

Chet Stafford appears anxious to answer the question in Mr. Hiatt's psychology class, while others seem puzzled and some even amused.

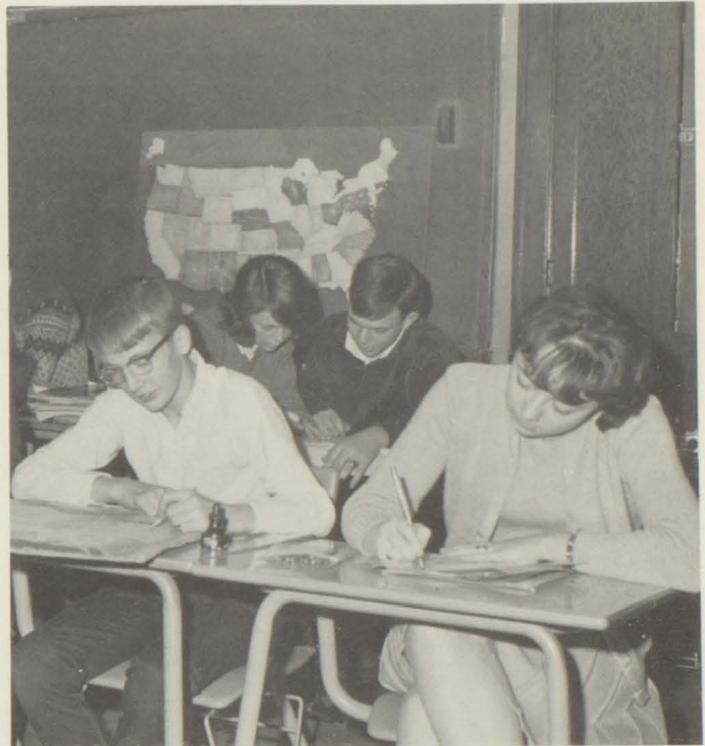

## *Historians Evaluate Events in America's Past*

Americans have a great heritage to be proud of. We live in the most prosperous country in the world, enjoying more freedoms daily than many have ever dreamed of.

As the youth of today, it is our responsibility to carry on what our forefathers have passed down to us. To face these challenges, we must understand the problems, differences and similarities, complications, powers, and politics that all fit together in the intricate pattern known as living.

At Willkie we explore these and other factors in such classes as U.S. history, civics, geography, sociology, psychology, and economics.

We teens are the largest single group in the world; our possibilities are unlimited. With the expert help of our teachers and other responsible adults, we can work together for a better world, joined in peace and understanding--for ours and future generations.

Students in Mr. Brown's geography class put the final touches on their maps for a weekly Friday Map Day.

Mr. Heath explains a problem to a perplexed student in his sociology class.

## Willkie Students Show Great Mechanical

Mr. Rayshich explains the blade welder on the automatic bandsaw to Andy Daulton.

The industrial arts department at Willkie High exists for a very important purpose. It trains the people who will become skilled craftsmen of the future. The experience the industrial arts student gains here enables him to seek further training in industrial fields or to become a member of the work force upon graduation.

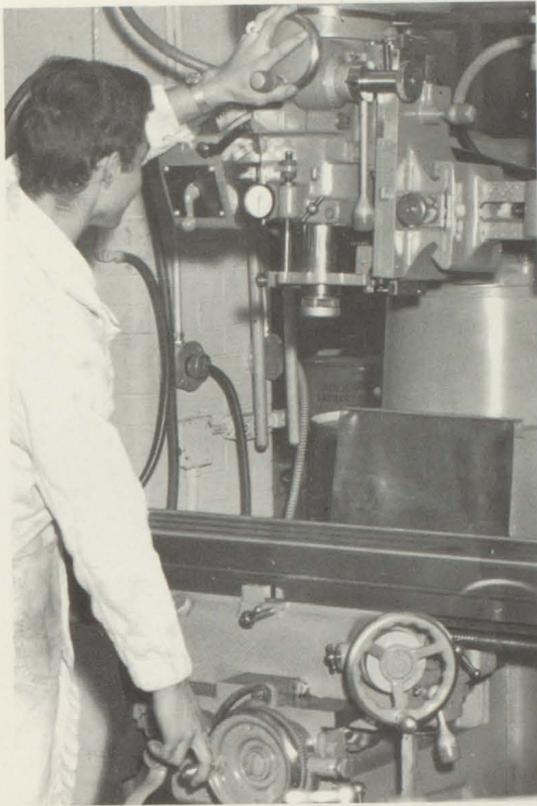

Mr. Kintzel, Mr. Rayshich, Mr. Watson, Mr. Largent, Mr. Pantos, Mr. Everidge provide expert leadership and train the students on the latest equipment. The fields in which the students train include mechanical drawing, printing, wood-working, drafting, electricity, machine shop, welding, and the new power mechanics course.

While the above mentioned courses are taken by boys, girls are also a part of the industrial arts department where some take a course in home mechanics.

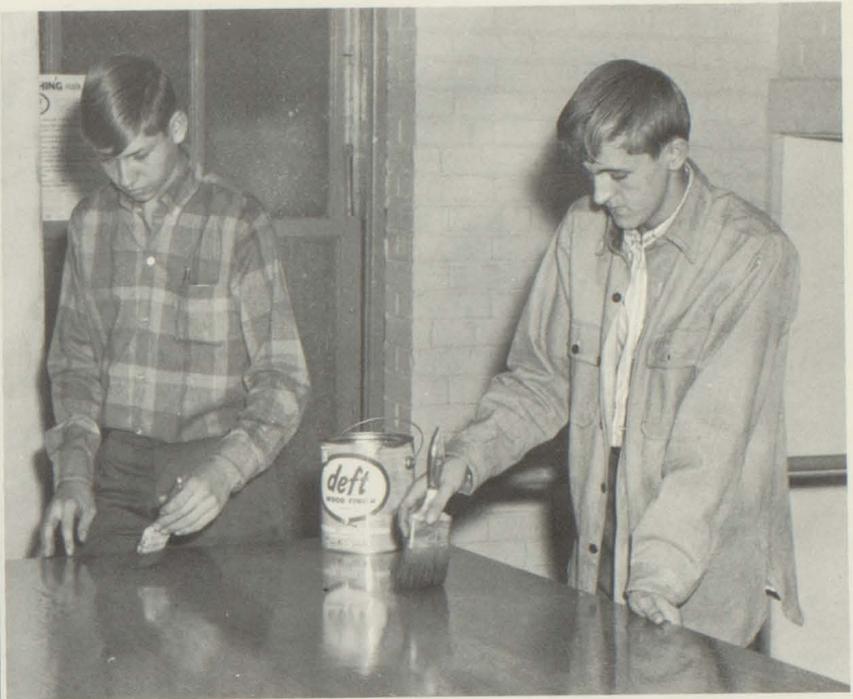

Building Trades students work many hours on their project, a house in Dooleyville.

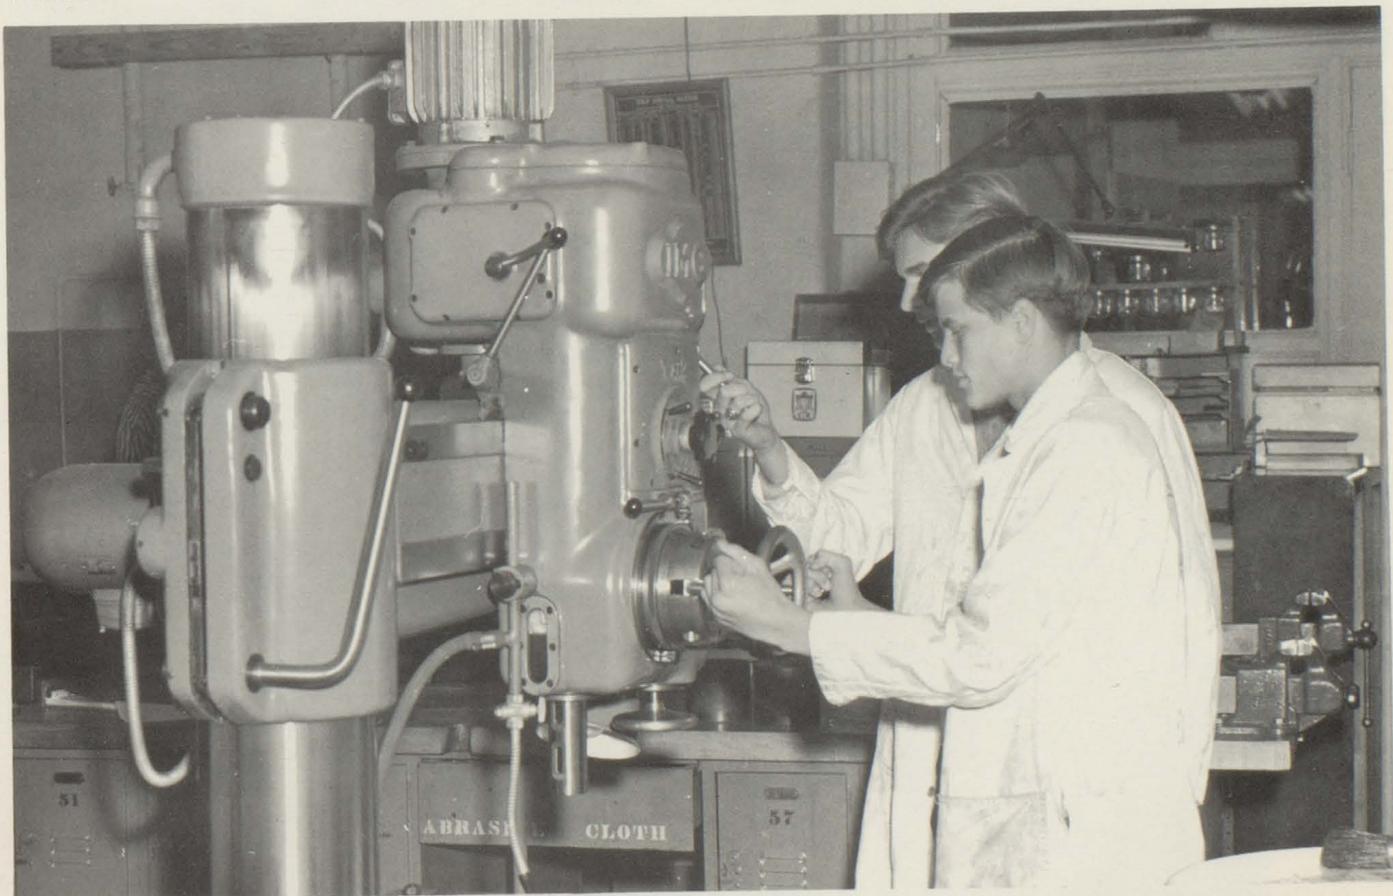

## *Dexterity As They Prepare for Future Vocations*

Jeff Miller attempts to master the milling machine.

Sophomores Daniel Graham and Steve Corbett put the finishing touch on one of their projects in woodworking class.

Juniors Robert Sallee and Jim Rebeck acquaint themselves with the new drill press.

## *Through Music and Art, Students Find an*

Mr. Bruggger leads the choir during one of their practice sessions.

K. Sherman, L. Oliver, C. Lehman, and D. Sherman perform for the Christmas Concert.

The thrill of the deafening applause at the Indiana State Fair, the glamour of singing in the County Choral Festival, or the glare of the spotlights at the Panther Band Variety Show attracts students to become involved in the music department. With plenty of talent to work with Mr. Druggger directs the choir.

Directed by Mr. Jenkins and Mr.

Hamer the band presents shows at the football and basketball games. Although they have other activities, emphasis is placed on the State Fair Band Contest and Variety Show.

Many students from both groups participate in vocal and instrumental contests.

Band director, Rex Jenkins, conducts the band on one of their numbers during the Christmas Concert.

## Outlet for Their Special Talents

Mrs. Guerrero gives a student some pointers on his drawing.

Patience, talent, and an eye for seeing beauty are requirements for a good art student.

The Willkie art department, under the supervision of Mr. Gary Miller and Mrs. Martha Guerrero, offers a wide program in which students may participate. Portraits, mosaics, still life, and tempera paintings are only a few types of projects.

With the help of their teachers Willkie art students express themselves in the world of beauty and design.

Mr. Miller advises Jeff Bourff on how to polish jewelry.

Gary Greene shows his art class some aspects of a still life object.

Linda Peters seems to be getting along fine in beginning typing, but it appears that Tim McQuitty is having a bit more difficulty.

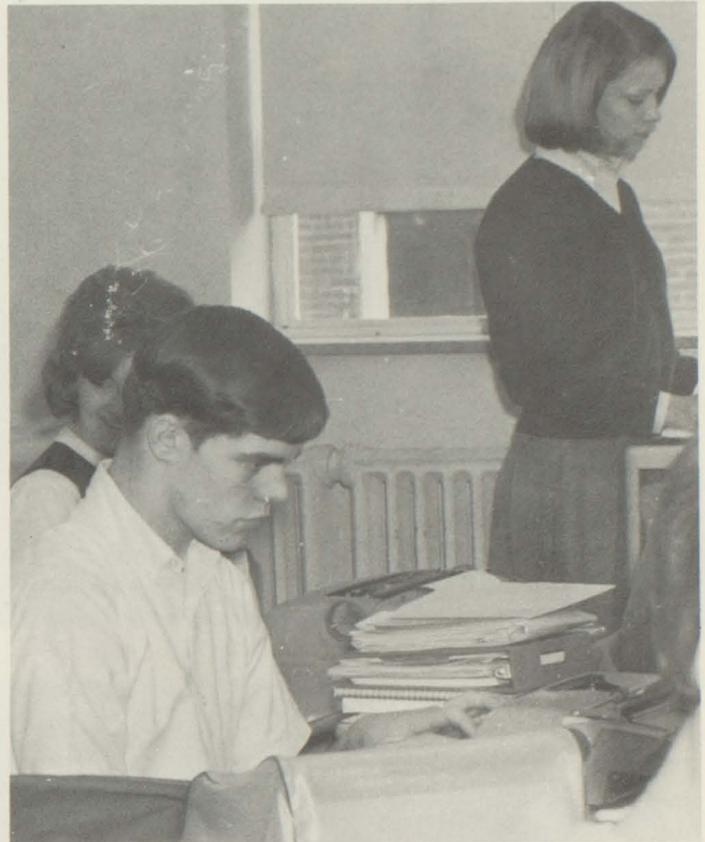

Vocational Office Training was one of the new courses offered for seniors.

## *Two New Courses Offer Advanced Vocational Training*

Today's world provides many opportunities in the field of business. Bookkeeping, typing, and shorthand are used in some form in all walks of life.

In order to prepare its students for the business world, the curriculum of Wendell L. Willkie High School offers business law, selling, typing, advanced typing, shorthand, bookkeeping, and vocational office training. This year, two advanced business courses were offered. These were Vocational Office Training and Vocational Clerical Training. Both of these are a full three periods, V.O.T. being the first three periods of the day, and V.C.T. the last three. The Vocational Office Training is for the stenographic students. The Vocational Clerical Training is for the students who are training for typing or for business machines.

V.C.T. was also a new course offered for business students this year.

Students listen attentively as Miss Walsh gives a comprehensive quiz in shorthand.

## *D.C.E. and N.Y.C. Students Have a Chance for*

Diversified Cooperative Education, more commonly known as D.C.E., is one of the practical arts courses offered at Willkie. On this program the students are placed in some business establishment to gain vocational experience. The other half of the day is spent in classrooms. The work experience can prove to be very valuable to the student as he or she approaches adulthood.

Above: Linda Tancey makes a careful laboratory analysis at the hospital.

Right: John Fortson and Bud Badger work on their D.C.E. assignment.

Below: Mr. Plunkett leads a group discussion in D.C.E. class.

## *Practical Application of What They Learn*

This is the second year at Wilkie for the Elwood Neighborhood Youth Corps. It gives the student classroom time and work experience. A student must be 16 years old and he or she is only allowed to participate in the program for two years.

Often these students are placed on jobs within the Elwood School System.

With N.Y.C. the student learns to accept responsibility and to appreciate the importance of a vocation.

Jim Wood performs one of his duties as an N.Y.C. student.

N.Y.C. students, S. Leisure and J. Whittaker receive help from Mr. Ray while L. Keifer, B. Bambrough, and C. Jackson study their lessons.

## Health, Home, and Highways Prepare

In our modern society, a well-run household is achieved through much experience, knowledge, planning, and diligence. The Wendell L. Willkie homemaking courses are so designed to prepare girls for a future life in the home. Class work includes not only studies from books, but actual participation in duties necessary to establish a happy and healthy family environment.

Such classes as sewing and cooking are offered in both beginning and advanced instruction. Child care, family relations, tailoring, and interior decorating are also offered in this curriculum. For the junior and senior boys wanting to gain an insight into the world of home economics, a one-semester class is offered for their further education.

Under the guidance of Mrs. Tolle and Mrs. Schwear, the graduates who have taken a home economics class are better prepared to face the problems created by the fast pace of our world today.

Mrs. Schwear helps Linda Ewing fit her skirt pattern.

Students in Home Nursing learn how to care for a sick person.

The child care classes receive helpful instruction in children's playtime activities.

## *Students for Adult Responsibilities*

Physical education students at Wendell L. Willkie High School are given the opportunity to develop mentally, physically, and socially. Through this course, they acquire many skills and techniques and learn the rules of many games and sports. Above all, sportsmanship is stressed.

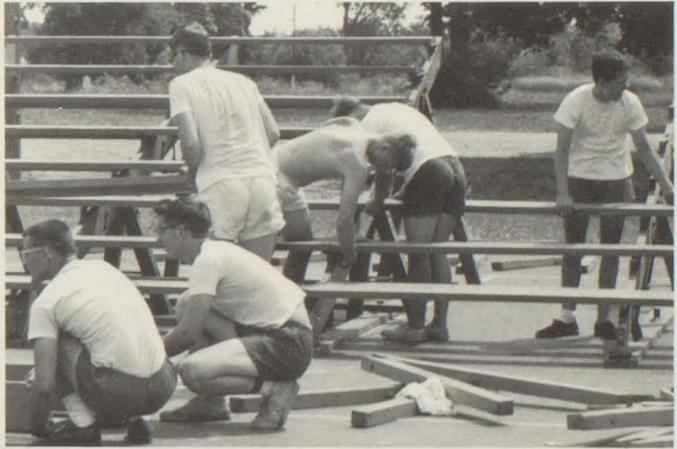

Extensive training is given to those students who participate in the excellent summer school physical education program.

With today's traffic fatalities constantly on the rise, it is very important that the beginning driver learn the essential techniques of safe driving.

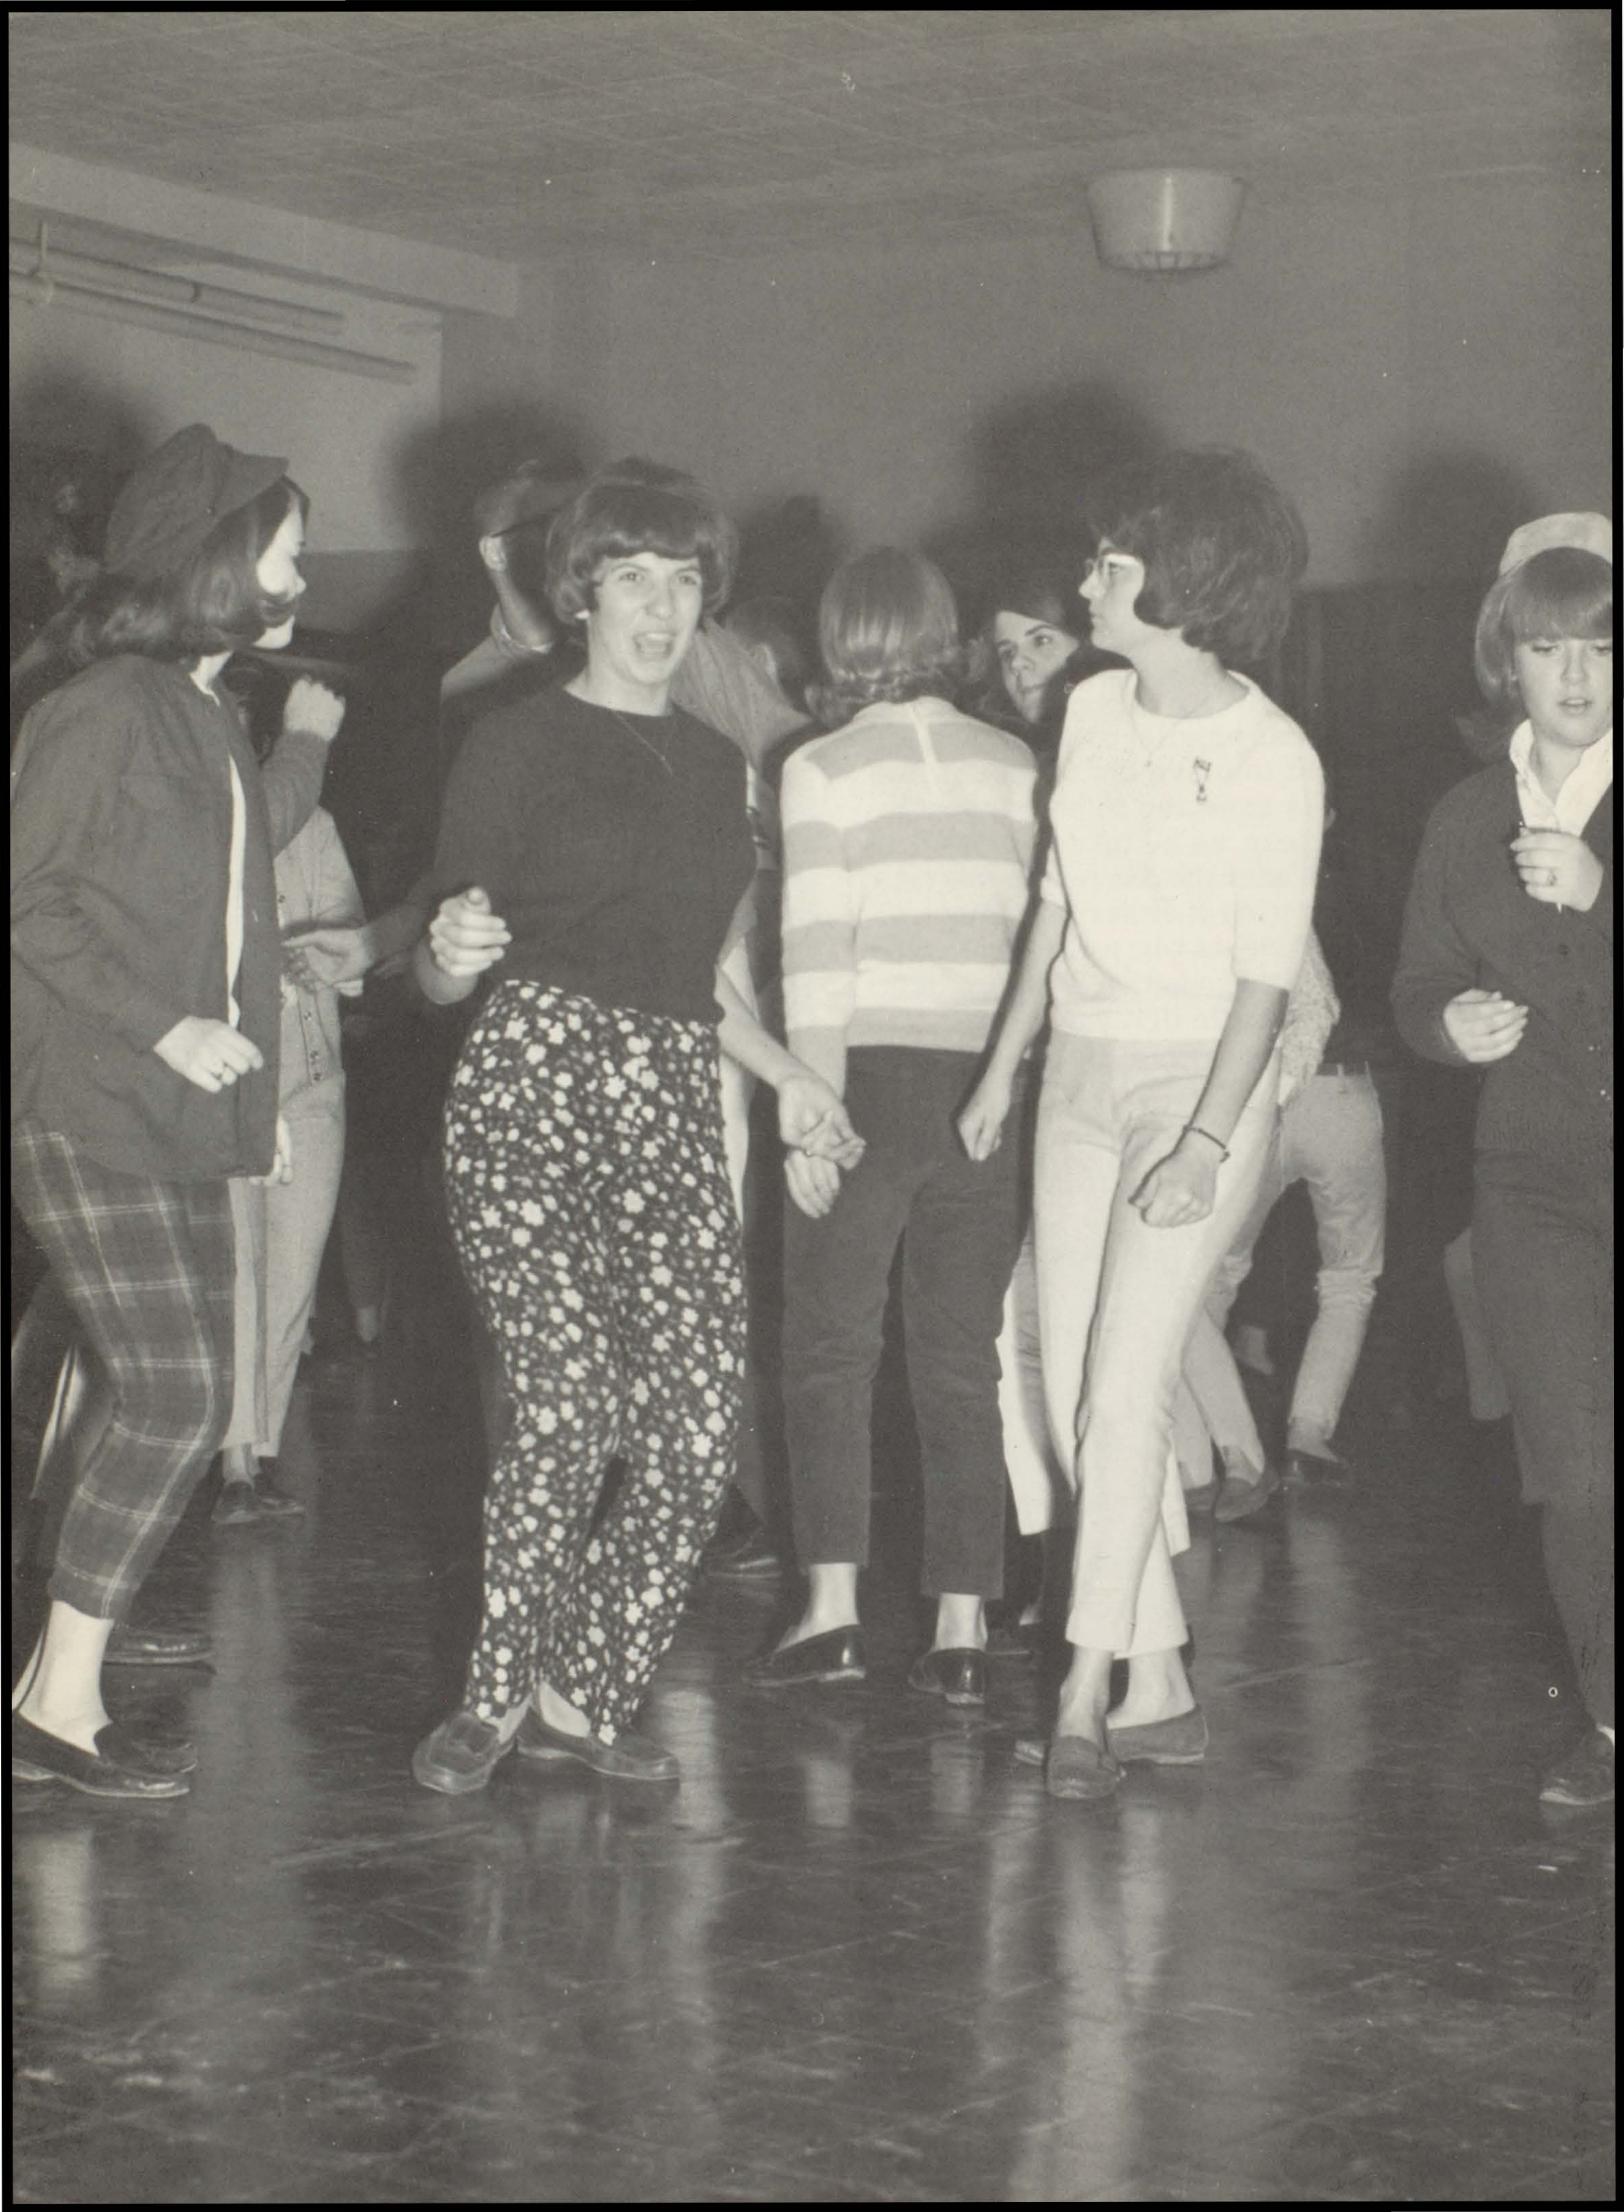

One of the main privileges given a teenager is the right to drive the family car on his own. He is expected to show carefulness and courtesy as he takes on this responsibility. Under the competent instruction and observation of either Mr. Shook or Mr. Hocker, students who pass this course have a sound background on which to build further experience in driving ability.

Gym classes participate in many outside activities.

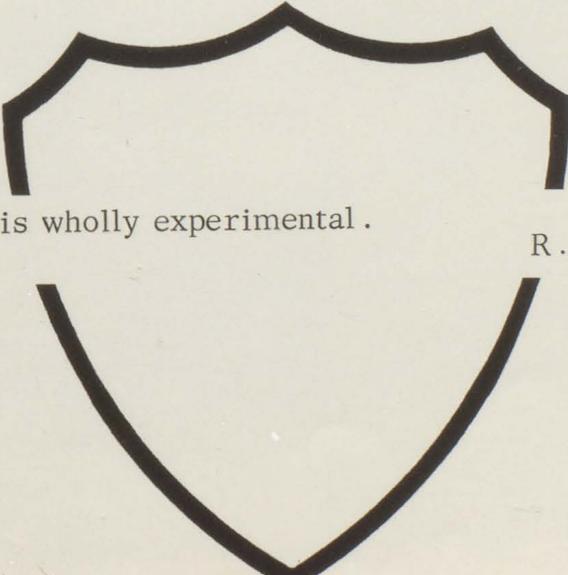

Mr. Ottinger points out the parts of an engine to Charles Moore and Barbra Strong.

*The  
Wonderful  
World  
of  
Organizations*

A well-known phrase is "The youth of today is the America of tomorrow." This is true, but even more specifically, it should be said, "The organizations of the youth of today build for the American government of tomorrow." The organizations here at Willkie give every student a chance to take part in some worthwhile function. These clubs help to develop the students physically and mentally. They form their personal character--the character of tomorrow's world. But today, they form the Wonderful World of Organizations.

Youth is wholly experimental.

R. L. Stevenson

## *The Story of W.H.S., 1966-67, Is Relived*

A Crescent means many things to Willkie High students. It gives them a record of the year's activities and events. It reminds them of experiences in classrooms. The Crescent also gives the students an album of pictures of their friends and classmates. The Crescent is also a tribute to beauty, athletics, and academic achievement.

This year the committees, section editors, and co-editors have worked hard to bring a fine Crescent to the student body. There have been some innovations made which signify progress.

Co-editors, Cathy Svendsen and Ann Sullivan, gave their utmost ability and creativity to produce this year's Crescent.

Of course none of this would be possible without the sincere guidance and understanding of the yearbook's dedicated sponsor, Mrs. Hilda Chapman.

Co-editors, Ann Sullivan and Cathy Svendsen, try to decide which picture would be best for a particular page.

Thespians were named after Thespis, a Greek poet, dancer, and theatrical manager who founded drama and paved the way for future actors.

By directing, acting, observing other plays, and working on committees such as make-up, sound effects, lighting, and ticket sales, Willkie students earn points toward membership and honor-Thespian status.

Under the supervision of Mrs. Abramson, Thespian Troupe 58 presented a spring production for the student body and community.

## Debaters Develop Techniques of Expression

Steve Linegar cross examines Jim Powell during a practice debate.

Much time and research is involved in meeting all the demands that may be placed upon one of the members of the debate team.

Each year there is one main subject that all the boys work on. This year the subject was stated thus: "Resolved: United States foreign aid should be limited to non-military assistance".

One of the main highlights of the year was the Purdue Conference.

## *Megaphone Provides Source of Factual News*

Karen Cassidy, editor, and Ron Sentman prepare for the monthly distribution of the Megaphone.

This year the Megaphone Staff, which is composed of journalism students, has produced an interesting and fact-filled school newspaper. This publication strives to be a monthly summary of activities of interest to the students.

Under the leadership of Mrs. Nina Hiatt and editor Karen Cassidy, the staff strives to perfect the school newspaper. The staff is composed of the same students who prepare the daily radio program and write copy for the Willkie High World. The key people on the staff are second-year students who are experienced in the basic skills.

The newspaper is a self-supporting paper, raising their funds by selling ads and subscriptions.

The French Club, under the supervision of Mr. Herndon, is an organization of French students with a "C" average or above.

The club once again participated in the annual foreign language clubs' Christmas party. This year, they were in charge of decorating the Panther Den for this oc-

casation. The annual Valentine show for a basketball half-time was a skit given by the French club. The club also showed its acting ability in a one-act play which they gave in the spring.

In recognition of their merit, French students with outstanding grades receive an award at the Awards Day Program.

One of the many entertainments at the annual Christmas party is the breaking of the pinata.

## Spanish Club Discovers Latin American Customs

Spanish club members, Mary Braddock, pours punch for Keith Sherman at the Christmas Party.

Lighted candles and Spanish carols brightened the halls of Willkie.

Enlightening the study of language is a very important aim of the Spanish Club. Many strange and interesting customs are acknowledged from this "south of the border" country.

The Spanish Club expressed the spirit of Christmas by joining the French Club and each caroling in the halls in their re-

spective languages. A Christmas party was held for all three language clubs. Entertainment was provided for all as the pinata was broken at the close of the evening. The club presented a short play, entirely in Spanish, in early spring for the general public.

"Inter Nos," meaning among us, is the title of Willkie High's Latin Club. The club is directed by two consuls, Candy Carter and Larry Oliver; quaestor, Gloria Piiro; scriptor, Carol Parker; and the sponsor, Mrs. Florence Sharp. The consuls try to conduct their meetings in the same manner as the Roman government was conducted.

The club members enjoyed the Christmas caroling party, in which the Latin Club presented a special skit entitled "The Sound of Latin."

The initiation party which was held in early spring, allows slaves, first-year Latin students, to become "pledged Romans."

National Honor Society is an organization comprised of individuals who have demonstrated four basic ideals. These are: scholarship, leadership, character, and service. After meeting these four requirements, juniors and seniors are selected to probationary membership. Seniors still meeting the requirements are then initiated as permanent members at the end of the year.

A student must maintain at least a B

average to be considered for membership. Leadership and service are shown in a person's willingness to work, and to do an efficient job without reward. Character is recognized as a person's pattern of behavior.

A banquet is given in the members' honor by one of the Elwood service clubs. The group elects officers and the president serves as master of ceremonies at this banquet.

One of the most active organizations at Willkie High is the Student Council. The members constantly strive for a smoother student-faculty relationship. Also they sponsor and support many activities for the students. Several of these are the Homecoming festivities, Morp and Halloween dances, International Day, skating party, Sectional dance, and the Valentine dance.

The Student Council provides an excellent opportunity for students to voice their opinions about school government and student affairs.

Some of these have been: putting up Christmas decorations in downtown Elwood; giving food and clothing to the Salvation Army; printing and selling Panther Cat Callers; helping in the clean-up, paint-up, fix-up campaign; and attending the annual state convention in Indianapolis.

Leading these activities this year as president was John Fortson. The other officers were: Joe Scott, vice-president; Clifford Lehman, secretary; Dewey Smith, treasurer; and Tim McQuitty, historian.

The club had a very enjoyable Christmas party for all members this year also.

The purpose of this organization is expressed by the following creed: "With love in my heart, forgetting self, and with charity for all, I will make the object of my life helpfulness and kindness to others. I shall try to fit myself to give intelligent service in making my community a safer and more beautiful place in which to live."

As an added novelty, the choir presented the musical-comedy, "Sky High", on May 5th and 6th.

This year the choir boasted two small vocal groups -- an all female group called the Safaris, and an all male group called the Satellites. These groups provided much pleasure and entertainment for numerous school and civic functions throughout the year.

F.T.A. student teacher, Cathy Svendsen, gives some help to a Latin student.

Once a month the Future Teachers of America meet to discuss the problems and advantages of teaching. In its third year, the F.T.A. was host for Open House and made Christmas favors for children in the hospital. The members also taught a class of their own choice in our school this year.

Athletics*

Competition as it is in our country is the lifeblood of athletics. In high school our athletes strive to do their best in each phase of every sport. Not only do athletics prepare young men for positions of responsibility but also establish confidence in the individual. Through school spirit we, the student body and faculty, bolster the hopes and desires of our athletes in all of their contests.

"The game," he said, "is never lost till won."

To be honored as an E-Man is one of the highest recognitions a young man can earn. For membership a student must participate in a sport and earn a letter. This requires many hours of training, self-discipline, and sacrifice.

The E-Men sell concessions at the junior-high and freshmen basketball games. Also they are responsible for the payment of the football and basketball films of the games. They sponsor the programs distributed at the ball games. In addition, they sponsor the basketball open-house and the has-been; will-be game.

## *They're Our Panthers*

Panthers try desperately to gain important yardage.

Coaches Shook and Sheridan and Coach Downham, a new addition to the Elwood coaching staff, had great expectations for over 50 boys who reported for practice in mid-August. It was thought that this group had two vitally needed ingredients, spirit and determination.

After losing the opening game to Noblesville, the Panthers bounced back to a 33-0 win over hapless Hartford City and it looked as though the boys might go places.

The following week Elwood contained a much heralded Muncie South team 7-6 in a losing cause. The squad was beaten by narrow margin in the Homecoming game by Alexandria. Although the boys bounced back after week they fell to defeat.

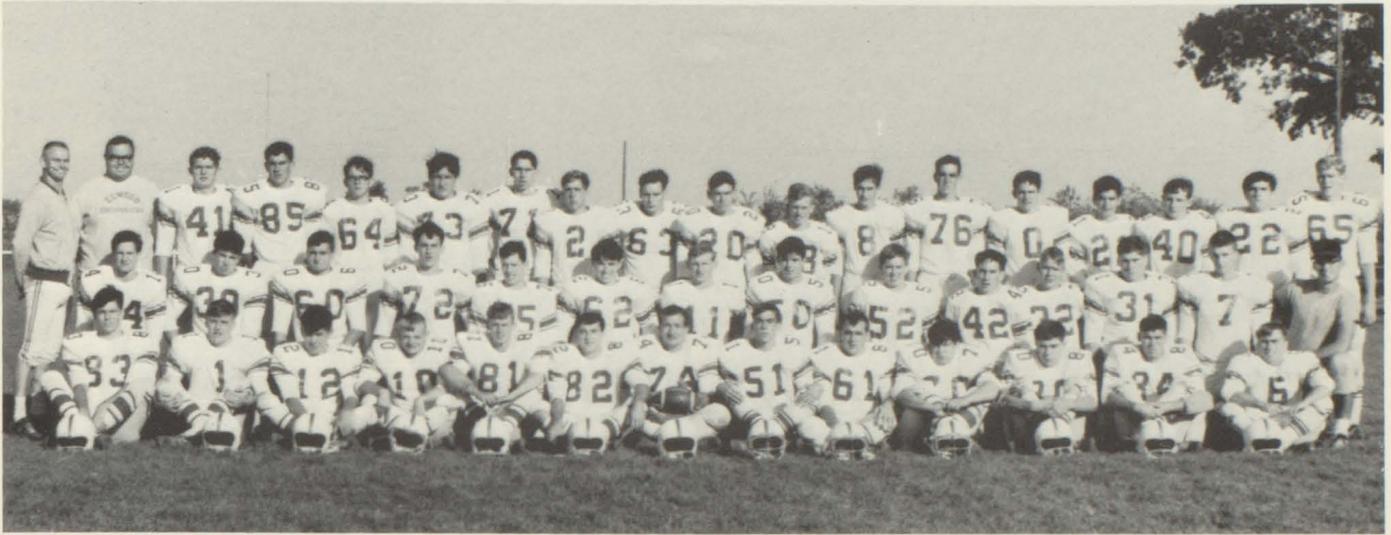

One light spot was the narrow win over Peru's much larger Tigers.

The final contest against Huntington was forfeited due to excessive snow on the field and marked the end of high school football for 14 devoted seniors.

## *and Techniques for Future Wins*

This year's Jr. Varsity team had a very good season. They made a new school record of 7-1. They lost only to Noblesville. The team started out well by beating Madison Heights and the arch-rival Tipton. However, in the game with Frankfort John Wilson was hurt and out for the season. That didn't stop the Jr. Varsity though, for in the next game the powerful Rod Edgell and speedy Larry Frye, along with Joe Davis and Dennis Fakes, made a very good showing. Also the line did a great job and should be strong for next year. Much of the success should be credited to the Jr. Varsity new coach, Mr. Bob Downham.

The Freshman Football Team coached by Mr. Joe Heath tallied up a 2-6 record for 1966-1967 fall season. The team won two of its home games by defeating Alexandria and Noblesville. The team's main attack was headed by quarterback Dave Swinford and half-back, Larry Blankenship.

## *Diamondmen Come Back for Tourney Triumph*

The 1966 Panther baseball team, coached by Bob Moore, bragged twelve seniors and eight juniors. The Panthers pulled through with a record of 4-6. Although the team received last place in the Mid-Central Conference, they batted their way past Tipton in the Conference Tourney to go on to their final game. Led by the pitching of

Butch Stage, the mighty Panthers surpassed Carmel to become the second Elwood team in three years to win this tourney.

## *A Good Eye and Quick Judgement Result in*

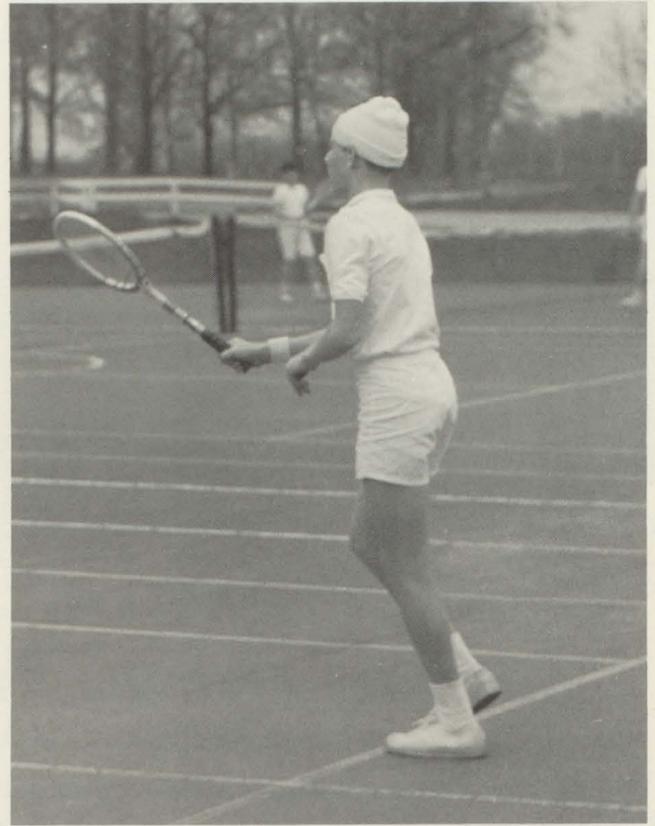

Our Panther racketeers showed remarkable promise in the 1966 season. This year's team had the help of only two seniors, Larry Chinn and Doug Balser, in the attainment of their five wins against eight defeats.

These valuable wins came at the hands of such teams as Muncie South, Madison Heights, and Hartford City. Also included in these wins were two wins over archrival Tipton and Anderson for the second year in a row.

Besides the two previously mentioned seniors, the other varsity players were: Barney Alexander, Jerry Armstrong, Jeff Hoffman, John Lind, John Mengelt, Steve Shaw and Mark Winings.

The future of our Panthers seems very bright due to the returning veteran squad accompanied by the loss of only two seniors.

At the awards day presentation Larry Chinn was honored as "The Most Valuable Player".

John Lind keeps his eye on the ball as he tries for another point.

At the Culver Invitational, Elwood tied for eighth place and at the sectional, Elwood placed seventeenth.

Joe Scott was honored with the annual award for being the outstanding golfer of the year.

## Sectional Crown to Panther Cagers

The Panther cagers, once again under the excellent guidance of Coach Joe Heath, finished the season with a 14-9 record, despite the tough schedule and the rash of injuries at mid-season. The victories of the Panthers were very impressive with the defeat of three major rivals--Alexandria, Tipton, and Washash. As a climatic finish to the season, the team won the CIC crown and the horseshoe.

As a new sectional switch, the Panthers traveled to the Marion Coliseum where they made Marion fight for their crown by taking them into an overtime, but the Panthers finally fell to the Giants 65-62.

The Panther squad will lose six seniors this year: Jeff Bourff, John Mengelt, Mark Richwine, Phil Swinford, and co-captains Bob Srake and Butch Stage.

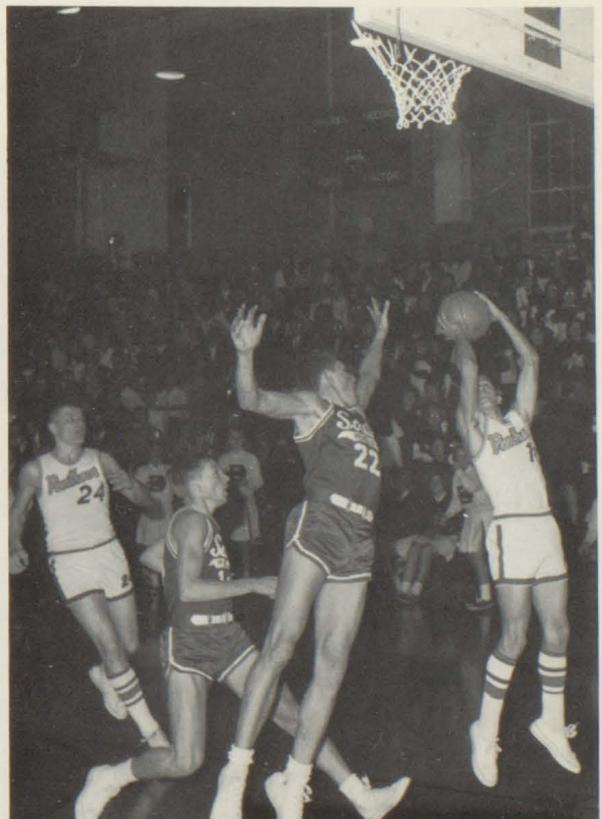

John Mengelt surpassed the school record of 41 points in a single game by scoring 48 points at the Highland game. He also broke the season record with 611 points.

John Mengelt goes in for another big one at the Hartford City game.

The team improved greatly as the season progressed. Tim McQuitty, Mark Mitchell, and Greg Johnson were very valuable players. The most impressive victories were over Tipton, Highland, and Peru.

## *of Hoosier Hysteria on the Hardwood*

The freshman basketball team finished the season with a 5 and 7 record for the "A" team and a 2 and 4 record for the "B" team. Most of the wins came in the second half of the season. Significant wins were over Madison Heights and Alexandria twice. The most outstanding performers were Dave Swinford and Kevin Clark.

At the sectional at Muncie South, Steve Williams placed second and Ewell York placed fourth. Robert Sherman won his first match but did not place in the Final ratings.

With the loss of only one senior, David Sherman, Elwood wrestling fans can look forward to a good, experienced team once again next year.

In the Oak Hill-Mississinewa, Alex-Mississinewa relays, Elwood Varsity was defeated both times. The Junior Varsity broke even with a 1-1 record in these relays.

Participating in the CIC, Elwood obtained 24 points and placed fifth. In the sectional, Elwood earned 5 points.

Outstanding performances were given at the sectional by Ed Smith who played third in the high jump with a mark of 6' and third in pole vaulting with a 12'6" mark.

• CLASS OF '64 •

*The  
Wonderful  
World  
of  
Personalities*

The term personality refers to a human as a person not as an abstraction. Willkie High is saturated with people. Every class has its brains, clowns, athletes, and hard workers. They all combine into a swirling, scurrying, family of students. These students are the New Generation; Time Magazine gives them the title of The Man of the Year.

Guiding these Young Americans are valuable educators who willingly give their time, energy, and patience. Both teachers and students are the Wonderful World of Personalities.

Some friendships are made by nature, some by contact, some by interest, and some by souls.

## *Established a Class Feeling of Loyalty*

Sophomore boys enjoy playing ping-pong in the gym at noon.

## *Sophomore and Junior Classes Well-Guided by*

Sophomore class officers are: Mike Courtney, president; Brenda Fuller, vice-president; Marcie Fettig, secretary; and Karen Albers, treasurer.

As sophomores, the Class of '69 began to show their great leadership talents. They were able to cast off the dreaded green plague and could now establish their place in Willkie High School.

The class got off on the right foot by choosing very able leaders as their pace-setting officers. These were: Mike Courtney, president; Brenda Fuller, vice-president; Marcie Fettig, secretary; and

Karen Albers, treasurer.

As has become a sophomore tradition, the class started their prom fund with a very successful candy sale. And, near the end of the year, they began getting the pre-upperclass excitement when they ordered class rings and sweaters.

Head sponsor for the Class of '69 was Mr. Largent.

Sophomore Steering Committee members are: FRONT ROW: K. Albers, B. Fuller, M. Fettig, M. Courtney. SECOND ROW: R. Edens, K. Badger, J. Armstrong, J. Myerly, K. Tyner, K. Foor, P. Shepard, C. Carter, S. Hancher. BACK ROW: C. Juday, J. Yates, D. Huntsinger, K. Sherman, T. Moser.

## *Able Leadership of Officers and Steering Committees*

As the year began, the Class of '68 received the status of juniors and upper-classmen. Along with this, they also received their class rings. The juniors struck another first with these. The class got a choice of the traditional rectangular rings or the collegiate oval-shaped rings.

The class had two very successful projects this year. After the close of their sophomore year, they had a car wash. In early winter, they had a raffle for a colored television. The money from these projects was added to the fund for their Junior-Senior prom which, due to very careful and time-consuming planning, was very successful.

With their outstanding officers and their head sponsor, Mr. Phil Brown, the Class of '68 can look forward to a very successful year as THE upperclass.

Junior class officers are: Paula Mitchell, treasurer; Polly Forst, vice-president; Barbara Knauer, secretary; Steve Linegar, president.

Junior Steering Committee members are: FRONT ROW: T. Miller, R. Brunnemer, P. Mitchell, K. Oldag, D. Rogers. SECOND ROW: T. Crimans, L. Frazier, J. Hocker, L. Winings, P. Forst. THIRD ROW: J. ## *Senior Class Activities Are Promoted by*

It was only four short years ago that the class of 1967 entered the halls of Willkie High School. As freshmen we began to embark on a new and memorable adventure. We chose Brenda Lynas, Mary Fetting, Lynn Davies, Randy Robinson and Bill Bishop as our Student Council representatives.

The following year we became organized as sophomores. We elected as our officers Bill Bishop, president, Mark Winings, vice-president, John Fortson, secretary, and Lynn Murray, treasurer. That year we really did things as a class. For a major project we sold candy which was a tremendous success. We also chose maroon for the color of our class sweaters and ordered our class rings.

We achieved the status of upperclassmen the next school year. The new officers were Mark Winings, president, Kee Cannon, vice-president, Jenny Hood, secre-

tary, and Duane Wittkamper, treasurer. Early in the year we received our class rings. As for money-making projects we sold calendar tea towels and passed out Christmas catalogs for a local store. In the spring we presented our junior class play entitled "Puddin' Head Wilson". Finally the time came. We were faced with the gigantic task of sponsoring the Prom. However, we had excellent financial funds and two very capable co-chairmen, Brenda Lynas and David Sherman. "My Reverie" was the theme of our beautiful Prom.

In the fall of 1966 our final year became a reality. Our senior officers were Brenda Lynas, president, Jenny Hood, vice-president, Ann Sullivan, secretary, and Karen Cassidy, treasurer. Our president, Miss Brenda Lynas, was crowned the 1966 Homecoming Queen. We designed and ordered our commencement announcements, were measured for caps and gowns and posed for senior pictures.

Senior sponsors are: Mr. Short, Mr. Plunkett, Mr. Ottinger, Mrs. Kintzel, Mr. Stafford, Mr. Hiatt, Mr. Smith.

*The  
Wonderful  
World  
of  
Advertising*

Every student comes into contact with advertising. It enables us to get better acquainted with the best things to buy. Through ads, we are kept in touch with the latest fads and fashions, new discoveries in food and medicine, all our needs and luxuries. The merchants of Elwood have supported us, the Crescent, and in appreciation, we will back them through the Wonderful World of Advertising.

It is the interest of the commercial world that wealth should be found everywhere .

## where does most of that sales dollar go?

When you spend a buck in a drive-in, how much of it ends up as a profit in the owner's pocket? Much less than you might think. Whether it's a drive-in or a huge industry, only a few cents of every sales dollar is retained. From this dollar must be paid employees' wages and benefits. This amounts to about 27 cents. State, local and federal taxes take approximately another 25 cents. Part of it goes to those who supply the business with supplies and services, and financial institutions must be paid for borrowed capital for operation and expansion.

No, the business dollar isn't all profit! The 500 leading U.S. corporations retain only six cents of every dollar as profit on sales.

I&M operates in much the same manner as other industries. We too provide a large share of each sales dollar for salaries and employee benefits. We pay large state, federal and local tax bills. And, we also plow a share of every dollar back into a constant program of improvement — improvement designed to provide better electric service to our customers at the lowest possible rate.

## Which circle is darker?

Sure. You could make a guess. With a 50-50 chance of being right.

But you know that success, in this age of science, takes more than guesswork. It takes careful observations. Accurate comparisons. Logical analysis. Sound deduction. These are traits we value at our new Engineering and Research center in Anderson—and we have the tools to implement them.

For instance, if a real closeup of something is desirable, we pop it under our electronic microscope and magnify it up to 200,000 diameters. If we want to analyze materials for their metallic elements, we use a spectrograph, accurate to a few parts in a million. These help us in designing new ignition systems for cars. Or control devices for missiles. Or a new kind of generator.

Look us up, after college, if you think you'll be at home in our field. Right back home in Indiana.

*(Oh, yes, if you used your scientific insight and folded the page to compare the circles, you discovered the answer.)*
