## WHAT IS FRANKTON HIGH?

WHAT IS FRANKTON HIGH? It is a school of activity--the clicking of typewriters, the boys playing basketball at noon, the unfamiliar sounds of foreign languages. It is a school of spirit--the tense excitement before the first basketball game, the pep rallies before every game, the bonfire before the sectional. It is a school of education--the sound of films, the speeches in English, the concentration of the math students. It is a school of fun-- the county choral festival, the Junior-Senior prom, the bowling league, the many clubs and organizations. It is a school of sports--the sectional, the White River track meets and baseball games, the golf team. It is a school of friendliness--the annual open house, the homecoming, the chatter in the halls between classes. THIS IS FRANKTON HIGH!

"The end at the beginning." Seniors prepare for the day when they will receive their diplomas.

Morning madness, between class rush... whatever it is brings a feeling of gladness to the FHS students.

First day orientation gets under way with a few choice remarks by our principal, Mr. Heniser.

Mr. Payne appears puzzled as he looks at the screen in his freshman English class.

“Has Castro arrived?” No, the Spanish pupils become familiar with the language by learning to pronounce the words fluently. Spanish I and II is taught by Mrs. Colcord, a new member of the faculty.

“And it’s not Caesar either!” Mrs. Owens, teacher of Latin I and II, feels that hearing the words aloud help the pupils become better acquainted with the language. Translation is also a major activity of the Latin classes.

Everyone is concerned with English, the language they speak. From diagramming sentences to writing essays, the pupils acquire a broader knowledge of their mother tongue.

Without language, whether it be English, Latin, Spanish, or any other, people would have no way of communication except by sign language. The pupils at F. H. S. are doing their part to better the world with better language.

Spanish II students think a trip to Madrid would be just the ticket after they become just a bit more familiar with the language, or at least that is the opinion of John Hoppes, Nancy Busby, and Cheryl Barnett.

## LINGUISTICS--STEPPING

"Got a book upside down there, haven't you?" Members of the junior class used the reference area of the library in writing their term papers.

## STONE TO BETTER SPEECH

The novelty bulletin board in the Latin class draws the attention of Pam Smith and Wilda Tinsley.

"Is it that funny, David?" N. Waymire, R. Compton, D. Jack, D. Beck, D. Pettigrew, and B. Dailey gaily discuss their articles in the Elwood Call-Leader.

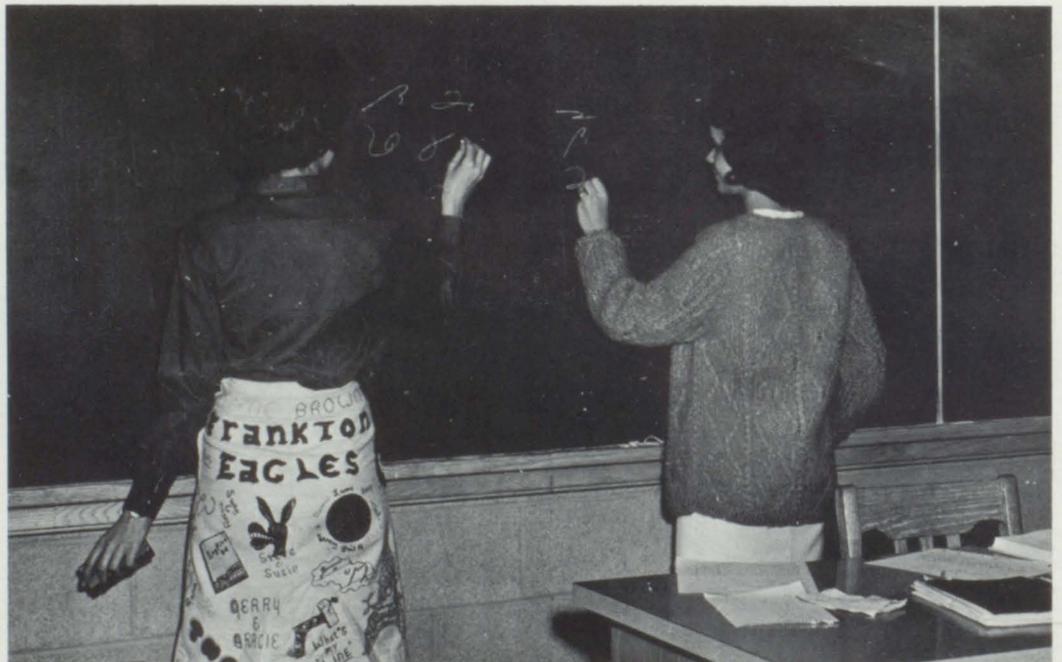

"Let 'em roll." Bobbie Haskins and Becky Paddock work the duplicating machine for the office practice classes.

"Eyes on the book, not on the typewriter" is the typing motto

## VOCATIONAL TRAINING

Writing on the board illustrates one of the ways Regina Ritter and Sharon Wilson work to improve their shorthand.

and Mrs. Andrew sees that her typing class follows the rule.

Future stenographers, typists, and bookkeepers received training which will help them in a career after graduation.

The lines and circles may have looked like chicken tracks to some, but not to the girls in the shorthand class. A new Gregg method, Diamond Jubilee, was introduced.

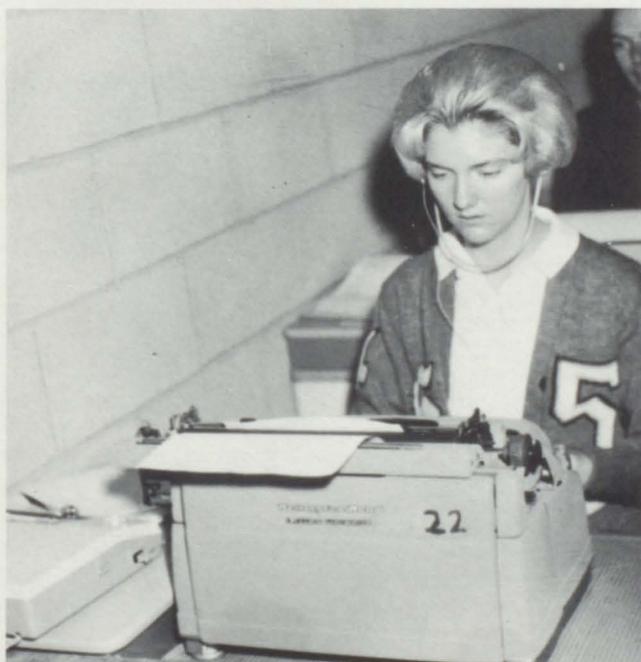

General business started the freshmen in the business world. The business minded and the ones who thought it would be quicker, enrolled in a typing class. Bookkeeping was chosen by those who like math and combined it with business.

Acting as secretaries, the office practice class typed tests and other material to receive experience and to aid the faculty. The class was instructed in the phases of business that they, as future secretaries, will encounter.

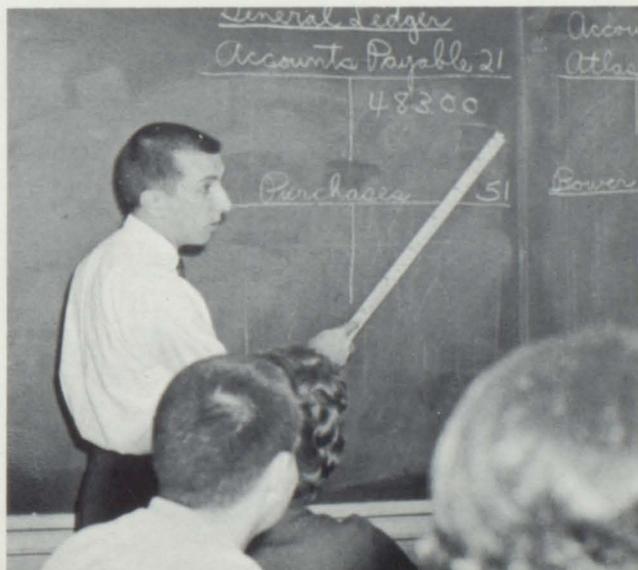

## PREPARES FOR

## BETTER JOB PLACEMENTS

Suzanne Prewett listens intently as she uses the Dictaphone in Office practice class.

The accounts payable account has a credit balance, explains Mr. Bartlow to his class of bookkeeping through an illustration on the board.

"Quick, call the doctor!" Kathy Adams isn't really sick, just helping Mrs. Davis and Tanna Woods demonstrate proper care of a bed patient.

The buzz of a saw, the sound of a tractor, the whirr of a mixer, symbolize the vocational training courses at F. H. S.

The girls are taught how to make a dress, a pie, and care for a baby in homemaking. Every girl must take at least one year in which she learns something about the career of a homemaker.

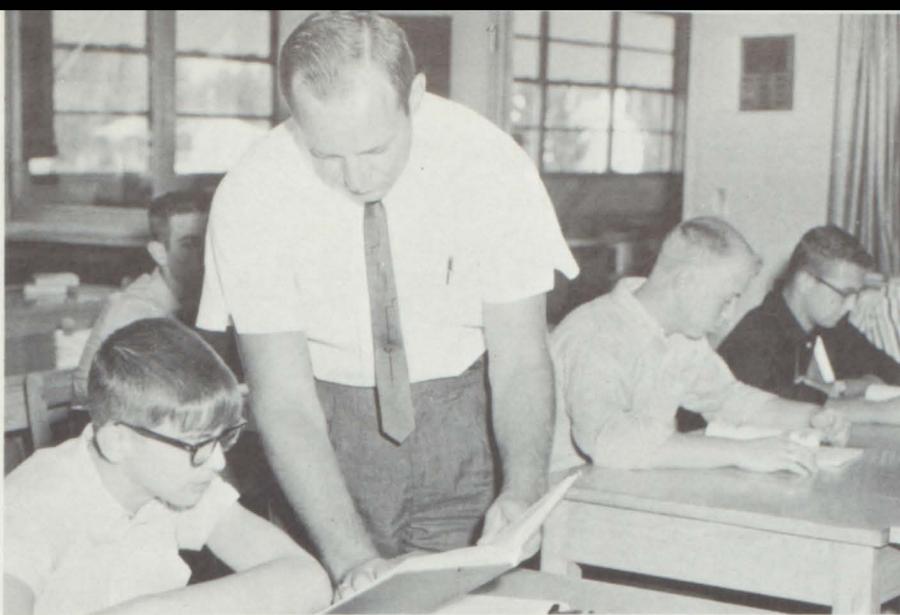

The boys are offered a wider selection of courses. If they like to build, they can choose the shop class. The mechanical drawing class is the one for the draftsmen. Agriculture is designed for future farmers who want to know more about cattle, farm machinery, and other phases of farming.

Art, not generally considered a vocational course, appeals to the ones who like to work with their hands and who like the finer things in life.

## *FARMERS, ARTISTS, EARLY TRAINING IN A*

Mrs. Lucas teaches Catherine Giselbach, Phil Horn, and Danny Williams the principles of string painting.

Mr. Johnson explains to Raymond Beach the answer to a problem which arose in the mechanical drawing class.

Keith Benzenbauer makes sure everything is exactly right before anchoring the molding to the frame on the hydro-plane.

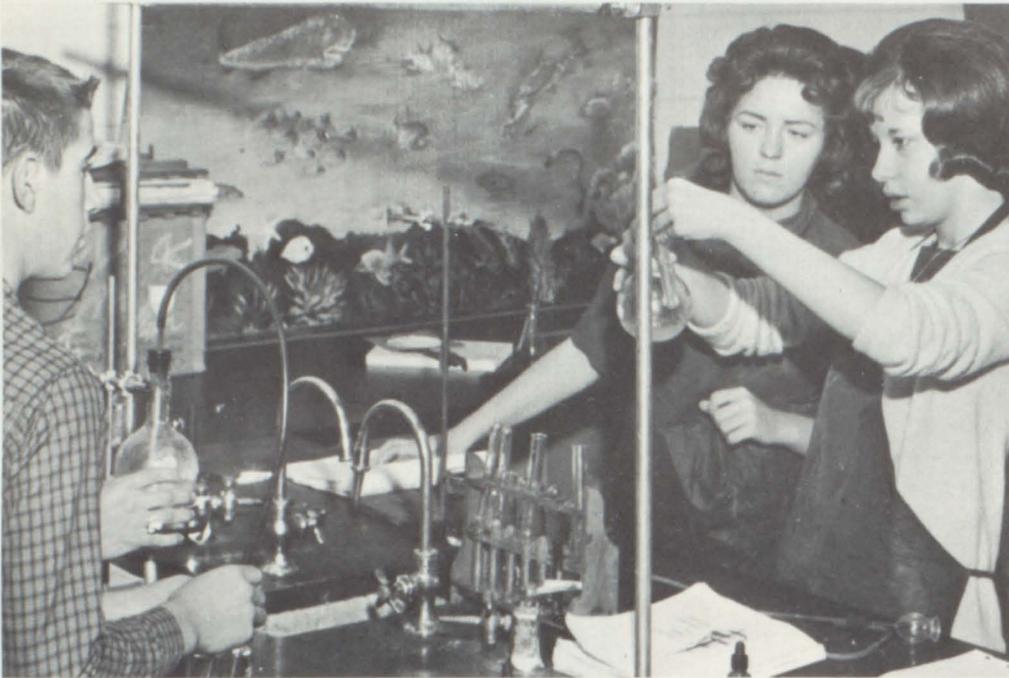

## ***MECHANICS, RECEIVE CHOSEN FIELD***

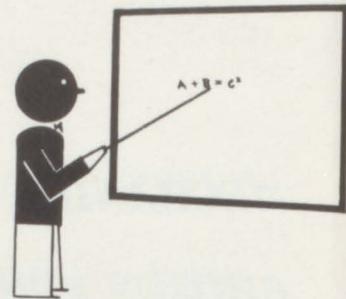

D. Mauck, G. Hall, D. Pettigrew, and J. House get a sample of school soil for ag. class.

## SCIENTISTS AND MATHEMATICIANS WORK

Mike Murray and Sharon Kleeburg hold their breath as Mary Jo Cox pours acid from the test tube.

"Are you positive, Bob?" Jerry Cunningham looks skeptical as he works with the slide rule in Trig. class.

# TOGETHER IN THE SPACE AGE

Kathy Adams and Janice Drake explain the formation and structure of leaves to the biology class.

From  $x+y$  to Einstein's theory of relativity, scientists and mathematicians advanced up the ladder to success this year.

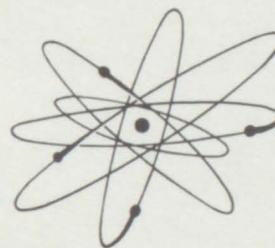

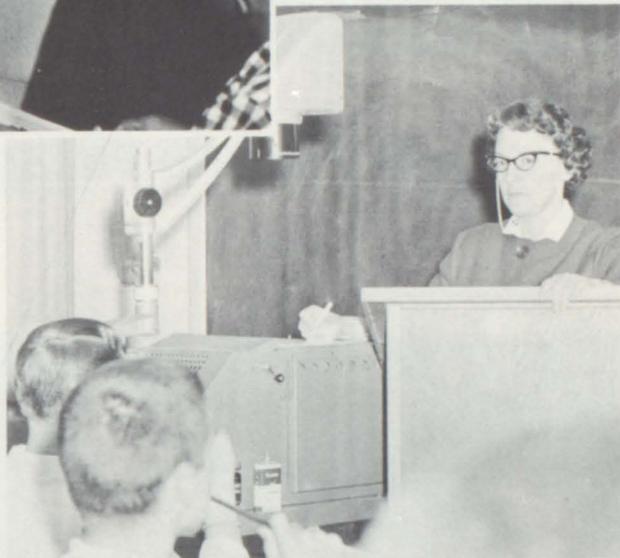

With a choice between general math and Algebra I, the freshmen received their first taste of a high school math course. Some of the sophomores moved on to geometry, juniors to Algebra II, and the seniors, who had not "fallen along the wayside" to trigonometry.

The west wing saw great activity with the biology classes, the chemistry class, and the complicated experiments of the physics class.

If a sophomore was seen walking around the halls "white as a sheet", he may have come from biology where the dissection of a crayfish or a grasshopper occurred under the supervision of Mr. Nash.

Everyone could tell by the smells in the halls, the days when Mr. Kerkhoff and his chemistry class were having lab.

Mrs. Waymire often illustrates problems on the board with the aid of an over-head projector.

Mary Canfield and Jackie McCord are checked at the polls by Faye Crawley and Nikki Knopp while Phyllis

Strong and Terry Welker set up a political display in the front hall for the senior government mock election.

## ***MENTAL AND PHYSICAL DEVELOPMENT PROVIDE***

Darlene Carson and Marlo Faulkner point out the heart, liver, and other parts of the human body on "Henrietta" in a freshman health class.

"One, two, three, ---." Mr. Harbit keeps count for the sophomore boys' gym class.

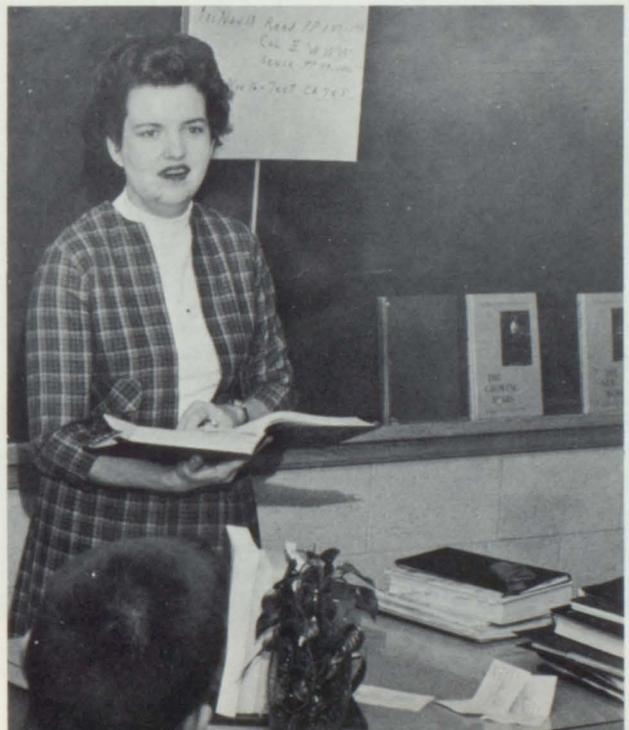

## FOR A WELL-ROUNDED PROGRAM

Joann Jordon and Bobbie Haskins closely watch the film in government class.

Mrs. Barker explains an era of U. S. history to her class.

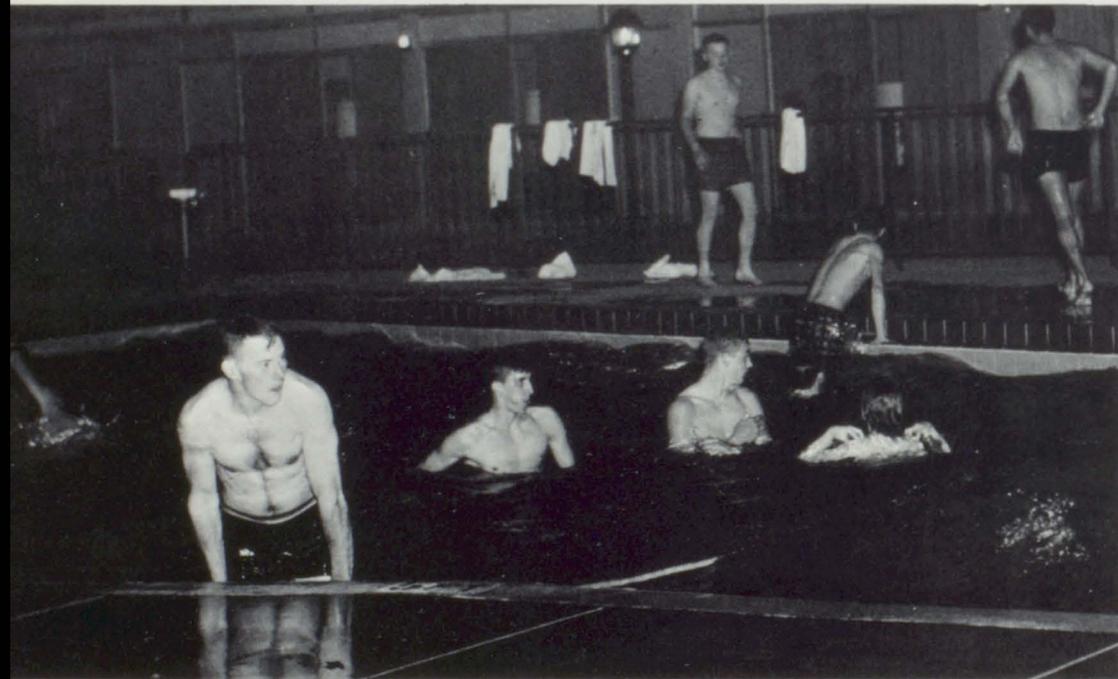

## STUDENTS ENJOY FEASTING, DANCING,

"Music hath charms.." and who were the charmers?? Some danced..while some talked to the rhythm of the band.

Senior, Carolyn Hook, a guest of the juniors, must have heard a bit of prophecy regarding her future...

Only the 'tuf wuns' dared attempt the splash following the banquet..but they enjoyed it in spite of the low temperature...

## SWIMMING ON A "TROPICAL ISLAND"

May 1 was encircled in red on every junior's and senior's calendar as Prom Night. The 1963-64 prom was held at the Holiday Inn, in Marion.

The handing out of leis at the door, with palm trees in the background, carried out the prom theme of a "Tropical Island."

Following the banquet, entertainment by the Impacts, imitating the Beatles, started the evening. Rex Jenkins and his orchestra furnished music by which the couples danced.

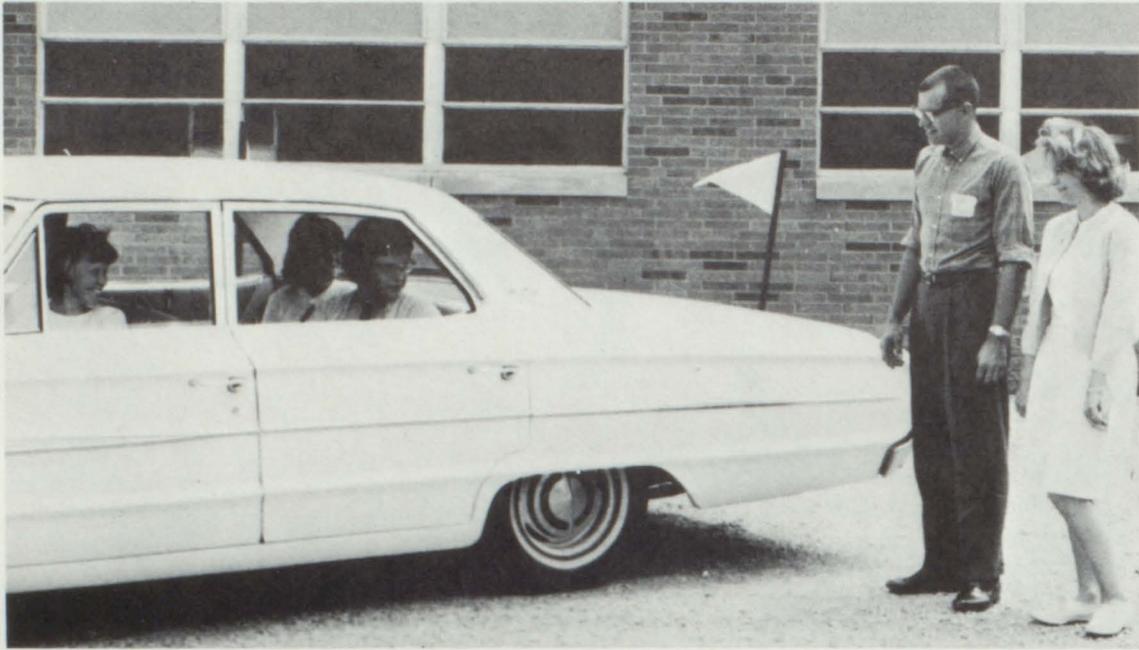

Calling Nancy Whitcomb to a tropical plant-surrounded throne, junior class president Dennis Beck crowned her queen and presented her with a bouquet of red roses. Her court consisted of Roxanna Likens and Pam Hodson.

Robert Wallace, Roxanna Likens, Dennis Beck, Dennis Pettigrew, Queen Nancy Whitcomb, Pam Hodson, Bill Baldwin

## A LOOK AT SCHOOL LIFE IN

"You're not supposed to hit the pole." Mr. Harbit and Beverly McCord watch June Borum as she learns how to park a car in summer school Driver Education.

Phil Byers, Herff-Jones representative, shows class ring samples to the sophomore ring committee. Frank Stansberry looks at each carefully, while Mary Canfield absent-mindedly tries to eat one.

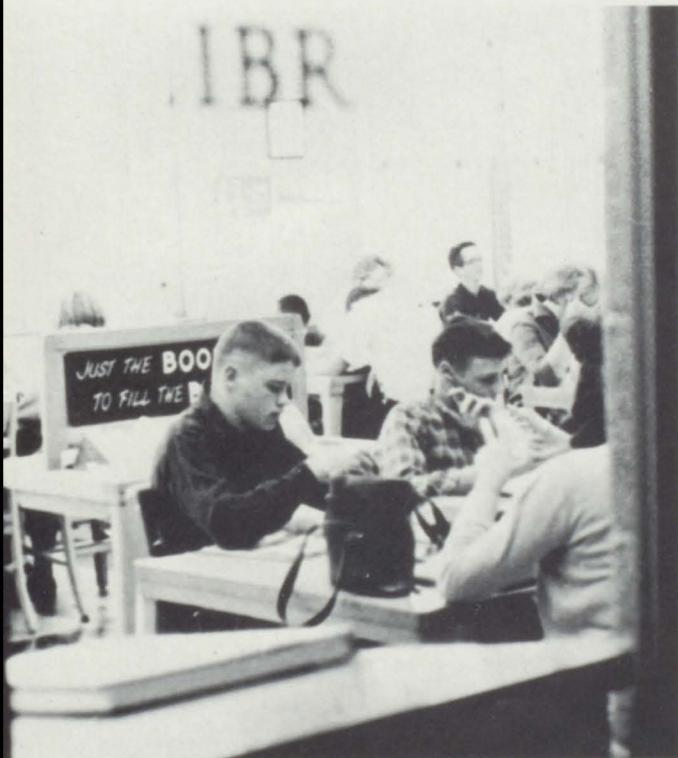

## CLASSROOMS AND ACTIVITIES

"Do you, George, take this woman?" solemnly recites David Jack as the minister in the "Our Town" wedding.

The library is used for study hall and senior home room, which gives the students a chance to use its facilities.

IBR

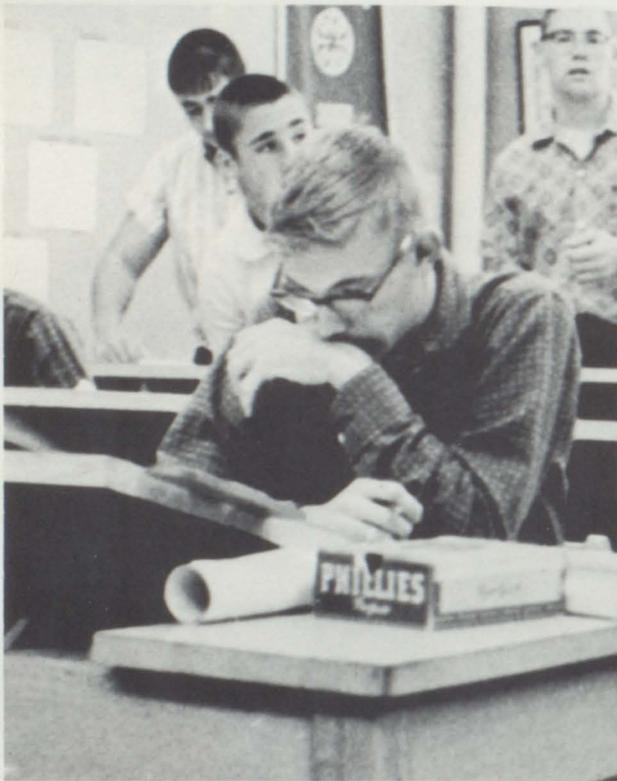

Many students enjoy the concession stand at noon. Some buy their whole lunch here and others buy something to "top off" their cafeteria lunch.

"Pom, pom, pom, ----." The band played as a story was told about the pom-pom girls during one act of the 1964 Spring Musical, "Swinging High."

"The Thinker" tries to figure out just what to do in mechanical drawing class.

Mrs. Betty Roos, the metro system nurse, checks Terry Foust at the end of the TB patch test.

"May I see your pass?" Terry Welker makes wise use of her time when monitor, as do the other monitors throughout the day when traffic is slow.

Mr. Nash explains that magazines have a certain place to go, in alphabetical order, to Charles Miller.

Making flower centerpieces and decorations is fascinating as Dottie Goldsberry demonstrated to the Home Ec. class.

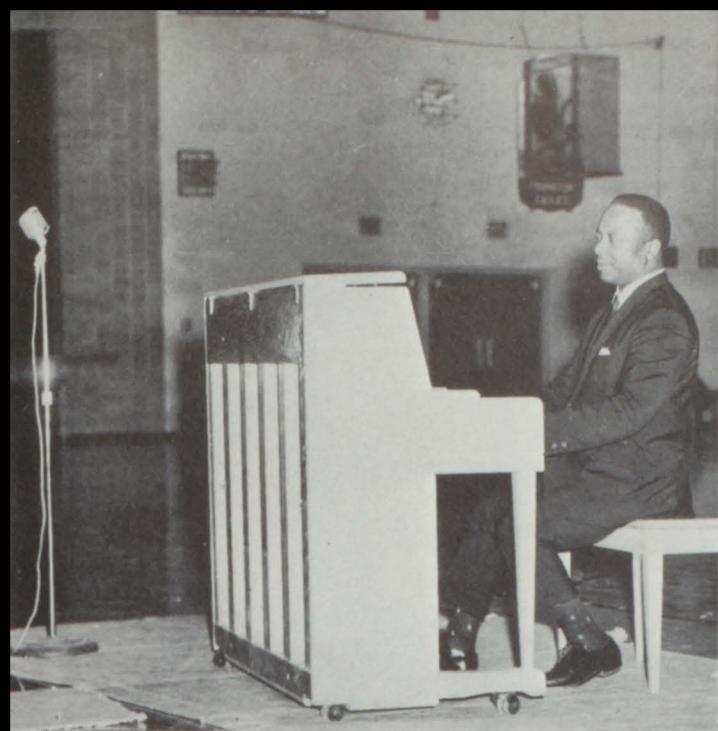

From room to room, every Monday morning, Suzanne Prewett and Irma Moore sell weekly and daily lunch tickets.

This "mob scene" is typical in the cafeteria. Each week one wing of the building is dismissed early to help eliminate the congestion, but many days the line reaches to the gym corridor.

Mr. Charles King sang solos and had the whole student body singing at one of our convocations.

Something must have really been funny by the expressions of Mr. and Mrs. Barker, Mary Jo Cox, and Elaine Heaton

"Smile, Ronnie!" It was "turn-about" at the Tri-Hi-Y dance held at the Y.M.C.A. when the girls invited the boys.

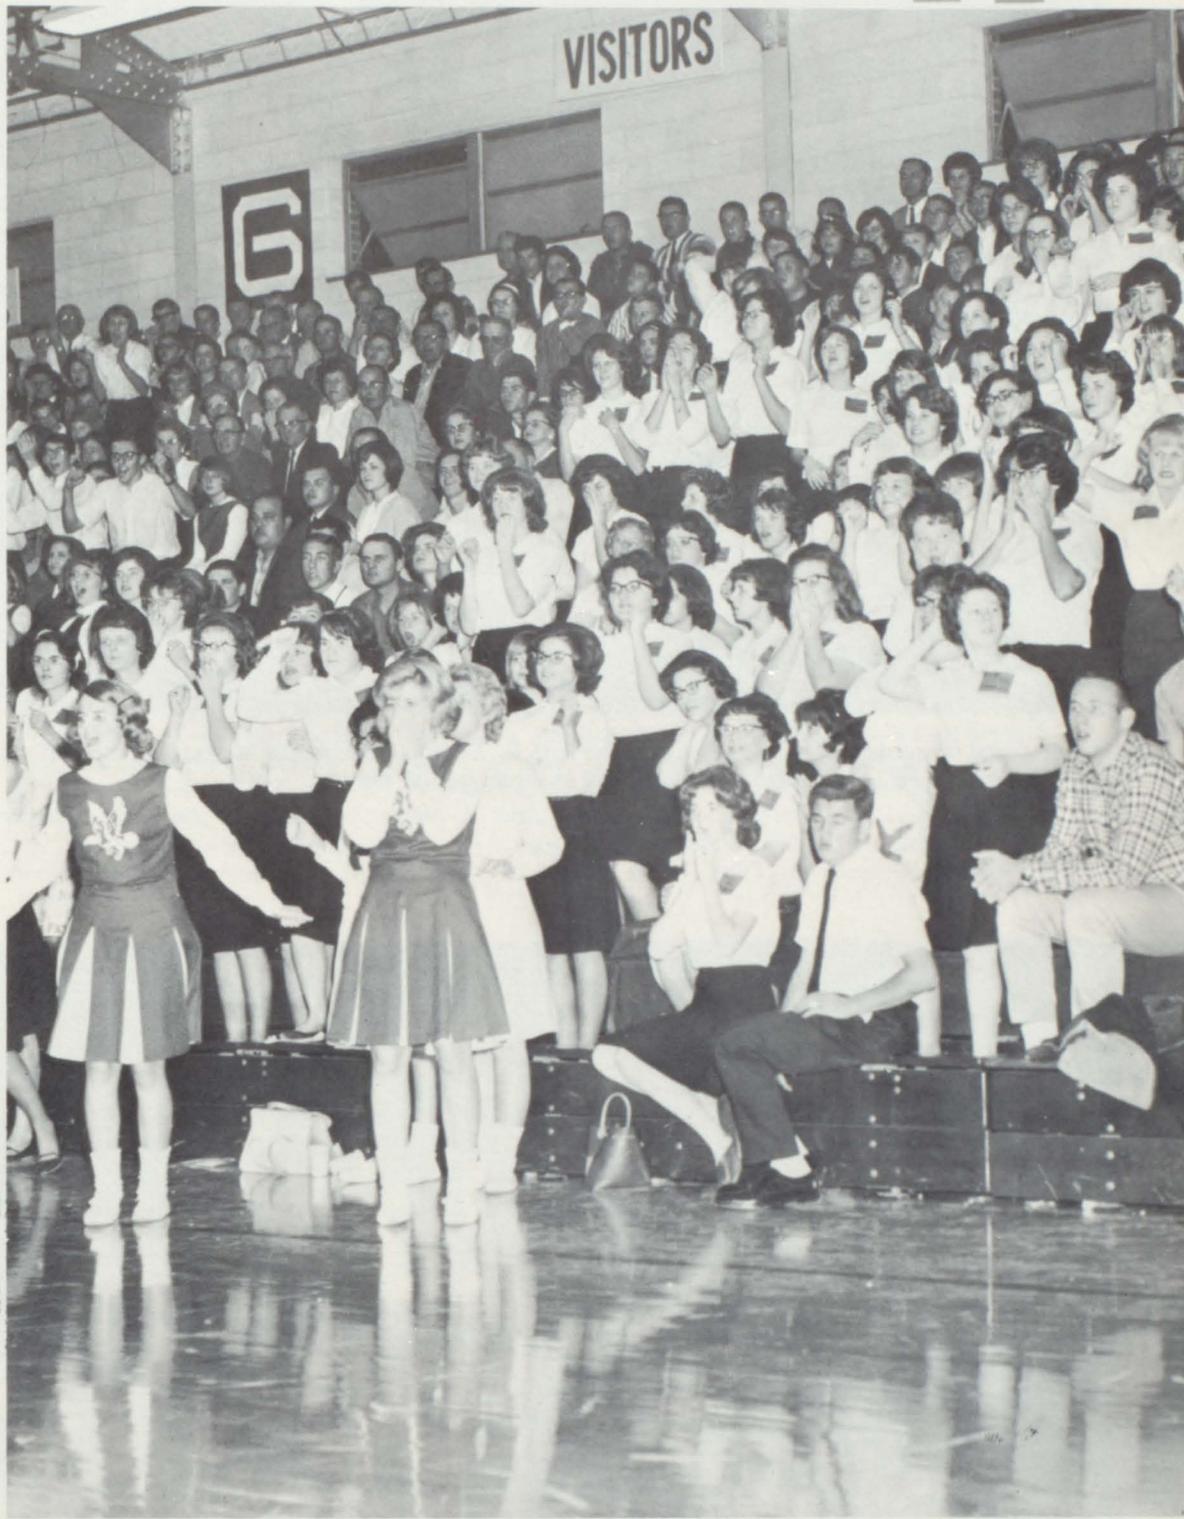

# *IT IS ORGANIZATIONS*

Frankton High is organizations. Meetings are called to order, business is discussed, meetings are adjourned. An opportunity to pursue individual interests and hobbies is given in the extra-curricular program at F. H. S.

From the largest, with 120 members, to the smallest with five members, the organizations give variety to the daily routine of classes and studies. They fill the before- and after-school hours of the pupils and faculty.

If it were not for the organizations, there would be no music at convocations, no Spring Dance, no pep club to back the team, no chance to enjoy the company of the other pupils outside the classroom.

All work and no play, would make F. H. S. a dull place indeed.

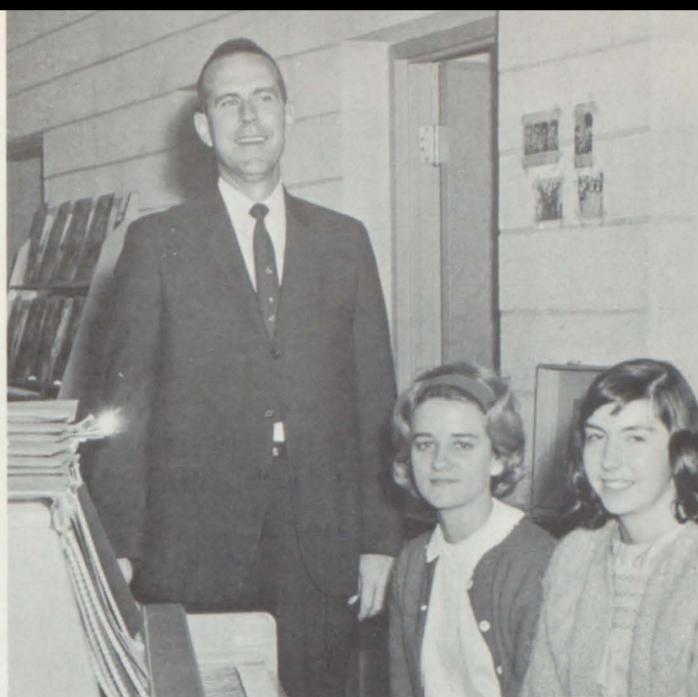

The sound of music and marching feet is the F.H.S. band as they march in parades here and around the county. The band played at the home ballgames and at other special events.

## STUDENTS RECEIVE HIGH HONORS IN HONOR

A high honor is bestowed upon any student inducted into the Eureka Chapter of the National Honor Society. A faculty committee chooses the new members on the quality of their scholarship, character, leadership, and service.

The organization had a fall and spring induction, and served as hosts at the annual open house. At home basketball games they operated the coat check, and at Christmas they decorated the building.

This year's officers were President, Dennis Pettigrew; Vice-president, John Hoppes; Secretary Treasurer, Bonnie Jackley. Mr. Nash is faculty advisor.

Pam Smith and Ella Kay Rigsby, Honor Society members, work at the coat check at one of the basketball games.

HONOR SOCIETY--Seated, P. Floyd, D. Wihebrink, E. Heaton, E. Rigsby, J. Allen, B. Conklin, R. Trick, J. Alexander, B. Heniser. Standing, J. Ehman, J. Kerkhoff, P. Smith, J. Hoppes, B. Dailey, D. Pettigrew, D. Jack, J. Kimmerling, D. Beck, S. Pruitt, M. Shoulders, B. Jackley.

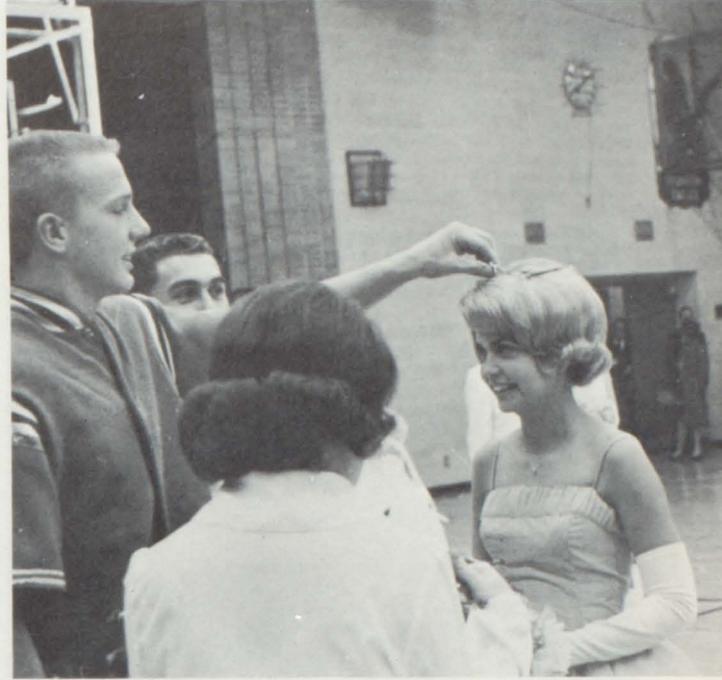

## *SOCIETY AND STUDENT COUNCIL*

Problems and policies in and around school are discussed during the meetings of the F. H. S. Student Council. Each spring representatives are chosen from each class and the class president automatically becomes a member.

Under the leadership of Doug Drake-President, Joyce Kerhoff-Vice-president, and Becky Wiggs-Secretary-Treasurer, the members of the Student Council worked to better the school.

Mr. Bartlow, faculty advisor, aided the members in sponsoring the Homecoming, the election of the Homecoming queen, and the Spring Dance.

With face aglow, Doug Drake, captain of the team, bestows the coveted crown on the head of Bobbie Heniser.

Homecoming queen candidates confer with Student Council on the procedures of the crowning.

## STUDENTS RECEIVE PREVIEW OF CLASSROOM TEACHING

F. T. A. members search for information to aid them in their student teaching.

Dexter Cloud, FTA member, teaches math to an 8th grade Junior High class.

Future Teachers of America was organized to give students who are interested in becoming teachers an opportunity to teach, and to decide if they would really enjoy the teaching profession before they enter college.

Under the direction of Mrs. Andrew, each of the F. T. A. members received a teaching position at the Junior High in subjects such as math, science, and reading. The club studied modern teaching techniques to provide a better understanding of classroom activity.

The members chose Bob Dailey-President, David Jack-Vice-president, Peggy Heath-Secretary, and Dexter Cloud-Treasurer, to lead their meetings and conduct their business this year.

## MATH CLUB EXPANDS CO-CURRICULAR PROGRAM

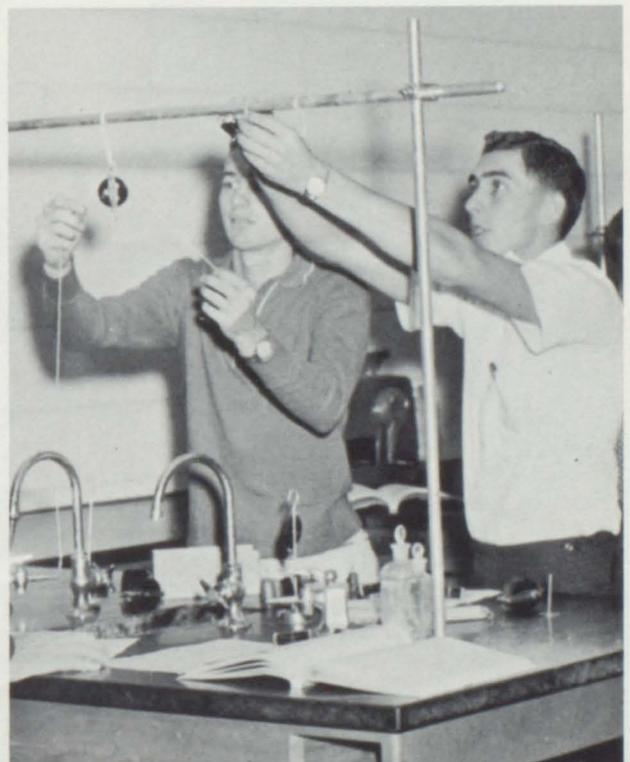

At an impromptu meeting of the Math Club, President Beck reads some last minute business.

Future physicists, D. Beck and D. Pettigrew try their hand at weight lifting.

The newest among the Frankton High School organizations is the Math Club. Led by Dennis Beck-President, Phil Davis-Vice-president, and Jan Ehman-Secretary-Treasurer, and under the direction of Mrs. Waymire and Mr. Brown, the club was created for those who enjoy the challenging world of math.

Their knowledge of math helped the members in solving crossword puzzles and short cut problems. The club project was the issuing of a student directory containing the names, addresses, and telephone numbers of F. H. S. students.

## FUTURE HOMEMAKERS

Officers--P. Strong, P. Smith, D. Goldsberry, J. Fetz, and L. Waymire

Can you make a cherry pie, Susie Jester?

"Mirror, mirror, on the wall." J. Stottlemyer and C. Giselbach check their appearance.

Cooking and sewing demonstrations are given by guest speakers at meetings of the Home Economics Club. The club meets regularly on club day to discuss the modern techniques of homemaking to aid the future homemakers of tomorrow.

## AND FARMERS OF AMERICA

Future Farmers of America was created for boys who will become tomorrow's farmers and for those who have an interest in any phase of agriculture.

Each member is required to keep a record of a money-making project. The club sponsored a Pest Drive and the members were given points for each pest killed and brought in.

The F. F. A. holds an annual Father-Son banquet, where one boy who has done outstanding work in the past year is recognized. Last year the boy was Dennis Hutson.

"It's all for the birds," but it's really for the points in the Pest Drive that J. Kendall, D. Mauck, and T. Crull turn in bird heads, mice, and other pests.

Mr. Kerkhoff checks with A. Cunningham and M. Murray on the keeping of vital records.

B. Curl-Sentinel, D. Drake-President, L. Owen-Vice-President, R. Horn-Secretary, G. McCord-Reporter discuss the finances of the F.F.A.

The Senior Tri-Hi-Y with 83 girls and the Junior Tri-Hi-Y with 47 girls, together form the largest organization at F. H. S.

The clubs' goal is to create, maintain, and extend high standards of Christian character. Led by Mrs. Lida Barker and Mrs. Frances Sigler the clubs strive to reach their goal in the community. The club held a dance "Twilight Time" in October at the Y. M. C. A. in Anderson.

The Hi-Y with 55 members is under the leadership of Mr. Robert Johnson. The club sponsored a Bundle Drive in December to gather clothing and other articles for needy families. It also held basketball games with the F. F. A.

## LANGUAGE CLUB

The foreign language clubs of F. H. S. were established for those taking the different languages who wish to better their understanding of the customs and become better acquainted with the land where the language originated. The Latin Club is sponsored by Mrs. Winifred Owens, and the Spanish Club is sponsored by Mrs. Janice Colcord.

## *IT IS SPORTS AT F.H.S.*

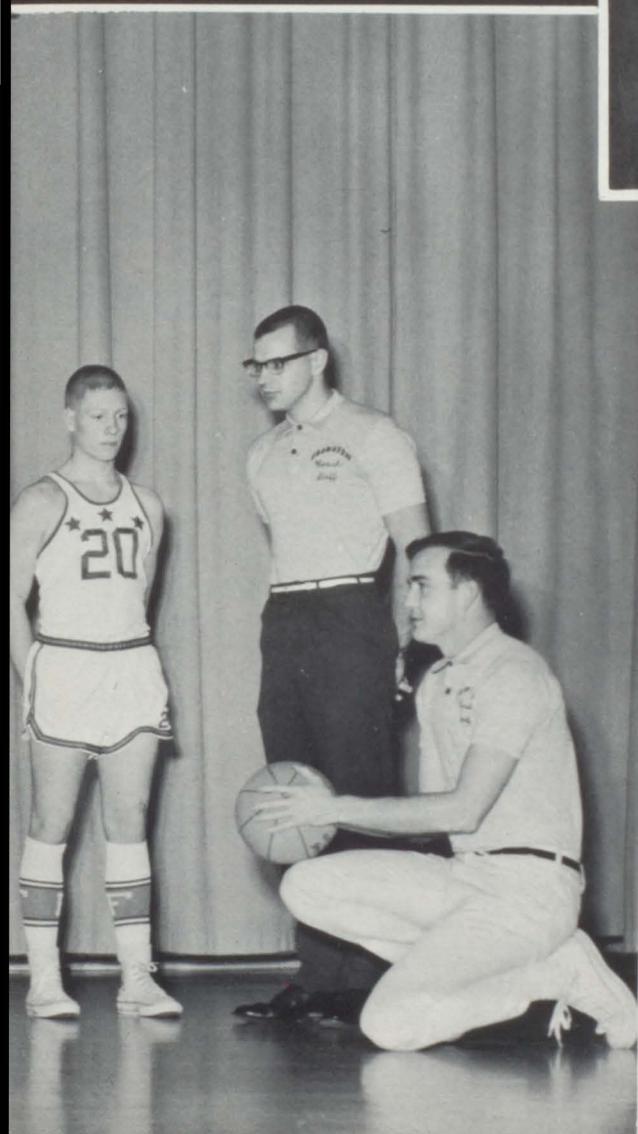

Sports activities begin with the opening of school in the fall and continue throughout the summer. The first event of the year is Cross-Country and the sore muscles for those who have not kept training throughout the summer. Before this activity is completed, one hears the call for Basketball. Spring sports include Track and Golf which run into the Summer Baseball program which continues into August.

Team Managers take the kneeling position-Dave Shetterly and Jackie Alexander-while team members listen to the Coach: 50 Nick Waymire, 34 Larry Nash, 40 Doug Drake, 30 Jerry Cunningham, 42 Mickey McClain, 32 Dave Wihebrink, 22 Dennis Beck, 24 Dave Lawson, 20 Mike Hannah, Assisting Coach Ted Harbit, and Varsity Coach Ty Payne.

An important part of any sports club is a lively pep organization. And any pep club is just as lively as the persons responsible for the cheer leading. Mrs. Sue Hover was the faculty member in charge of the pep club and cheer leaders. Her work with an even dozen girls who led yells in the junior high and high school was invaluable.

VARSAITY CHEERLEADERS Bobbie Heniser, Jan Ehman, and Marsha Rinker give their favorite men a glad eye and wish them a victory.

The EAGLES did get to play in the Saturday afternoon session, playing Markleville in the third battle of the season. In an overtime game, Markleville defeated the EAGLES 66 to 62, for one of the best games of the Anderson Sectional

With an eye on Coach Ted M. Harbit, the B-Team consisted of (standing) Dave Wihebrink, Tom Ashby, Tom Bauner, Randy Ashton, Frank Stansberry, and (kneeling) David McIlwain, Mike Holder, Ronnie Miller, and Bob Johnson.

\*game was played by C-Team

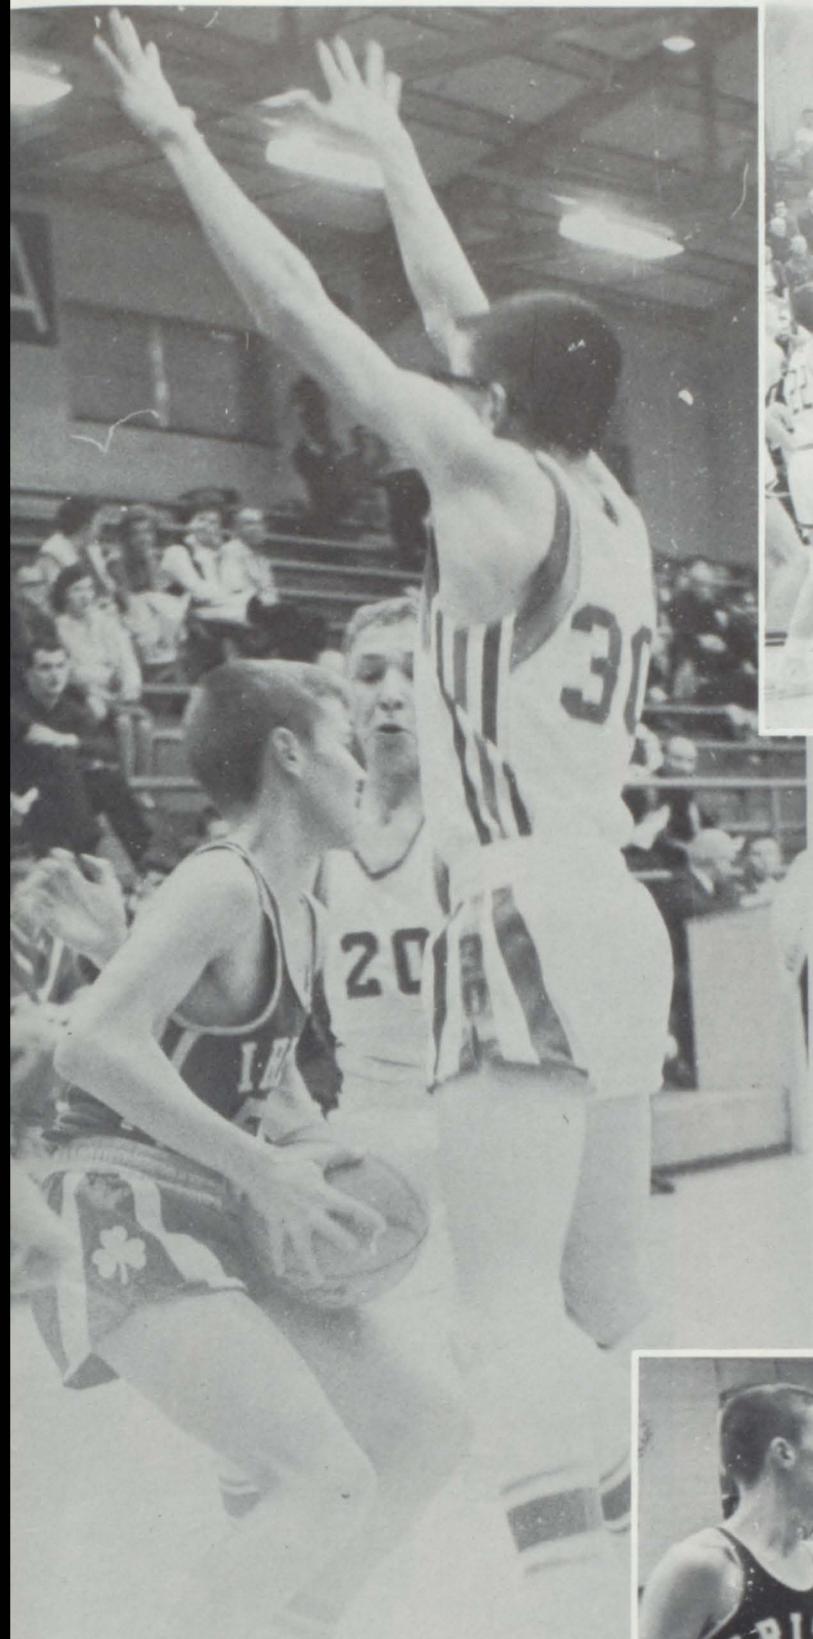

Reserves gave the ref a run for his money during the tilt with the Irish on the FHS floor.

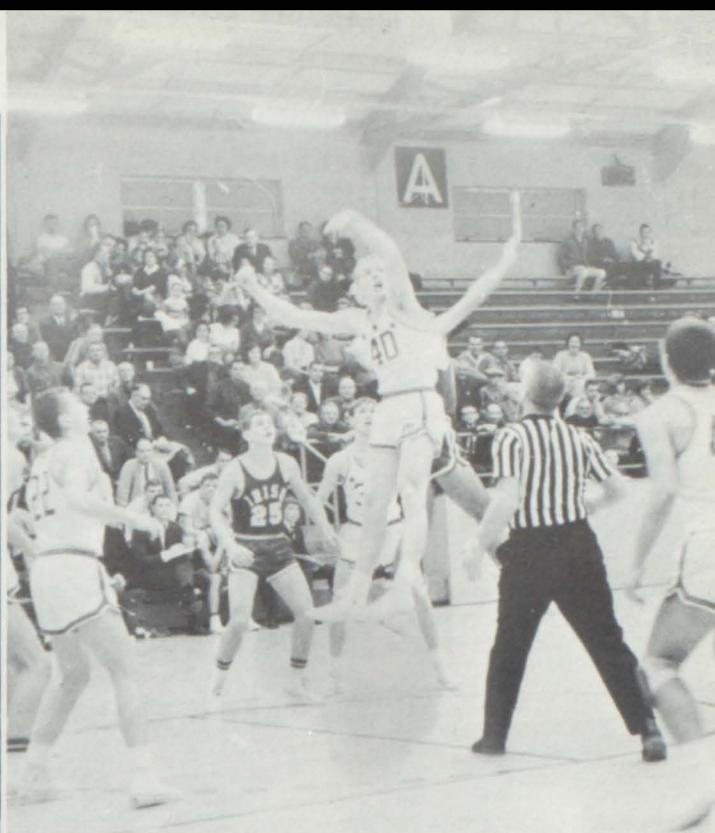

Dave McIlwain receives a low pass in spite of close guarding from the opposition.

It's a toss up! But who got the tip?

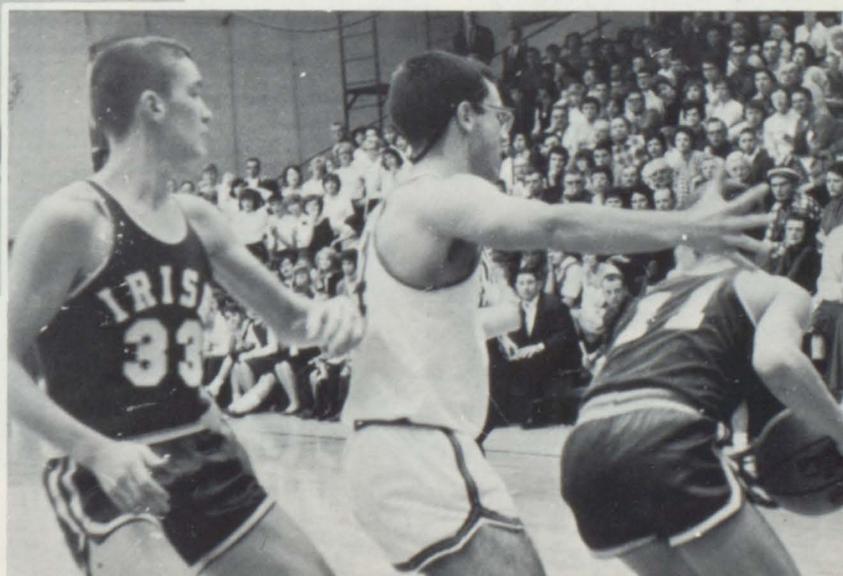

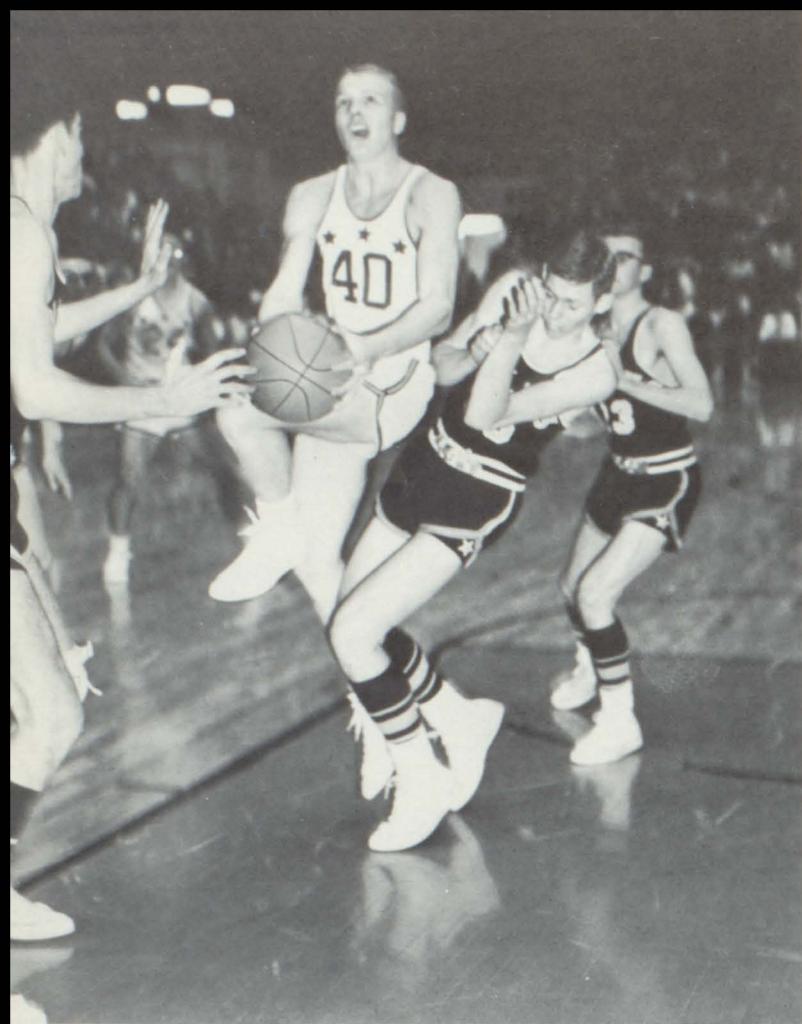

The Shamrock has the ball but he is not going anywhere with Wihebrink in front and Miller at the side.

Three arms and legs (there must be a fourth of each) swing in mid air as Drake takes a swat at the ball.

Good guarding, Davis. The Irish put up a fight, but the Eagles won.

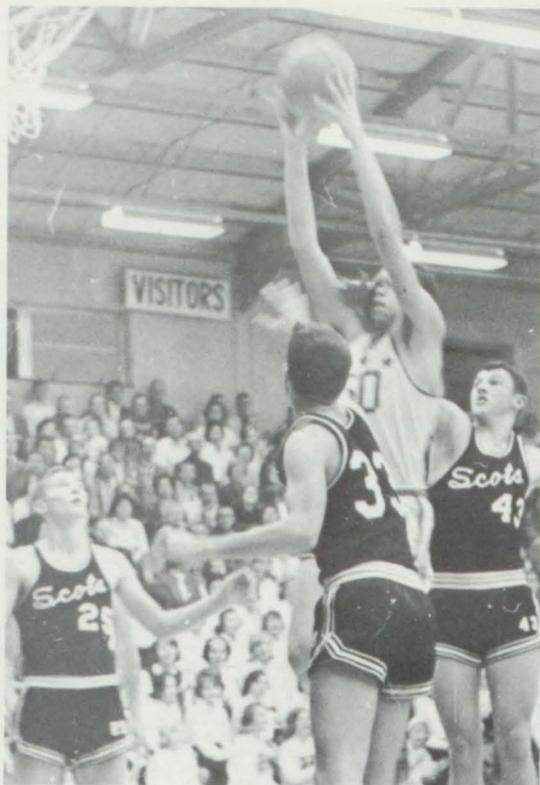

Pardon me, if I appear to be shoving. I didn't really mean to. ....

Another one for Nash. Give the assist to the opposition as one seems to be holding him in position to make the basket.

Big Nick reaches up to lay another one in as the Scotties look on.

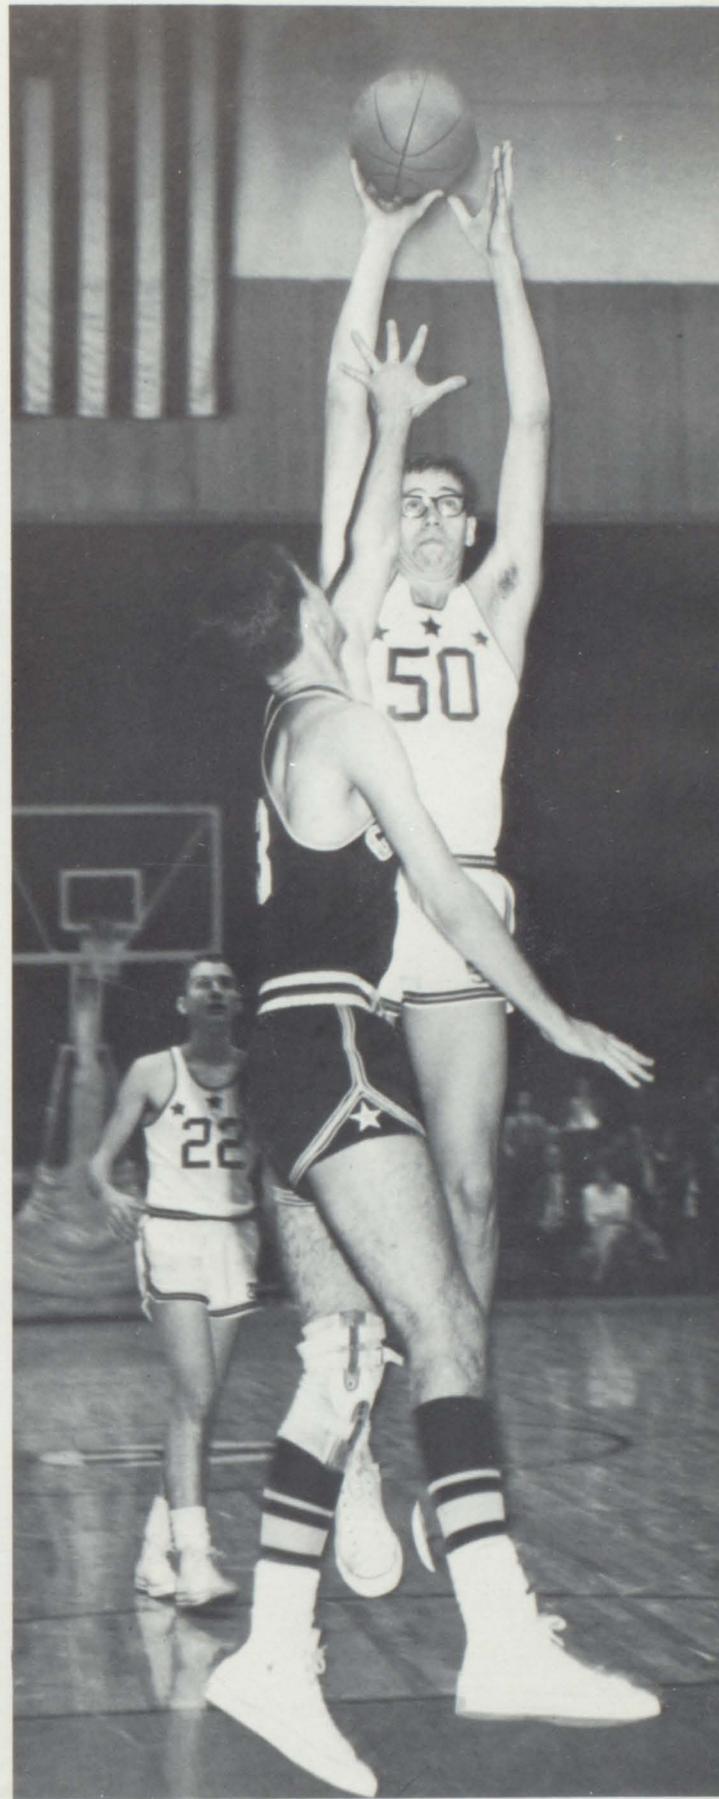

Dave Lawson (24) fooled the Goblin that time. Instead of shooting, he turned and headed for a better spot.

Beck is dwarfed as he races toward 'Big Nick', who is dead-set on keeping the ball out of reach of the opposition at the Madison County Tourney.

**FOR THE RECORD:** The 1965 Madison County Tourney was begun on schedule, but because of a heavy snow storm which blanketed the entire State and most of the Nation was not completed until January 28. Middletown was victor.

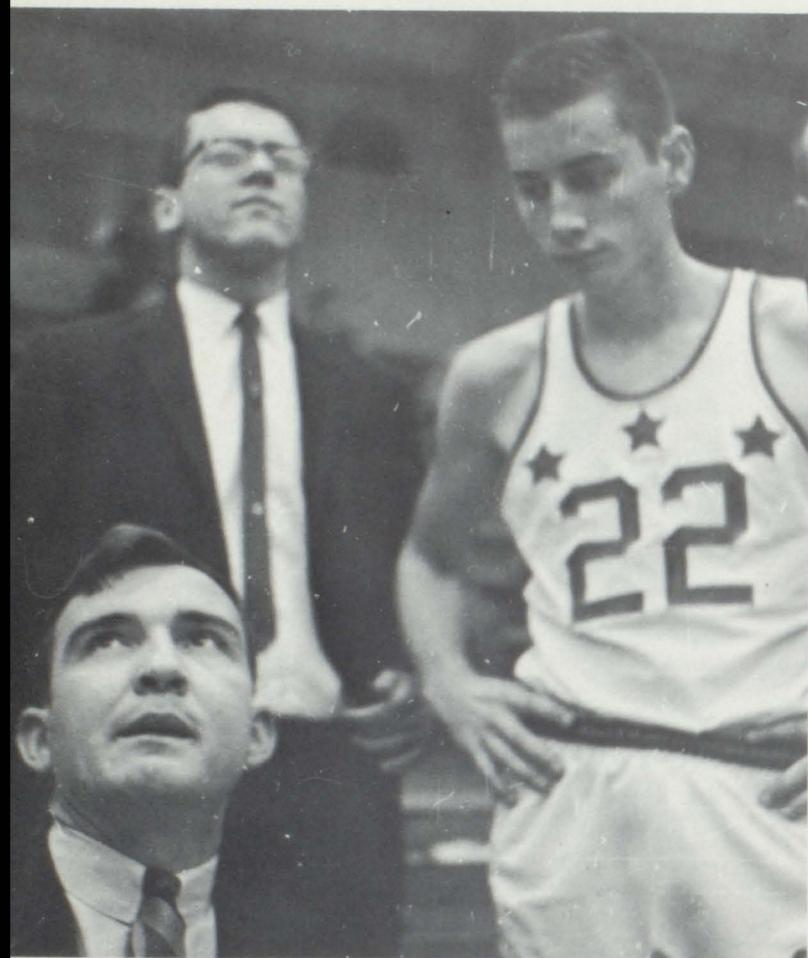

..selling tickets to all games!

..keeping time, score, and the spectators informed!

..going into the huddle for new strategy for the next play!

..half-time gloom when it appears that the game is lost!

## **BASKETBALL**

Before the race which covered either a long or a short two mile course over rough terrain, the boys would take a few limbering up exercises. The picture would be evidence that some found it necessary to bend the knees a bit in order to touch the toe. Phil Davis couldn't take the chance of losing a shoe so he took time out to re-tie the knot.

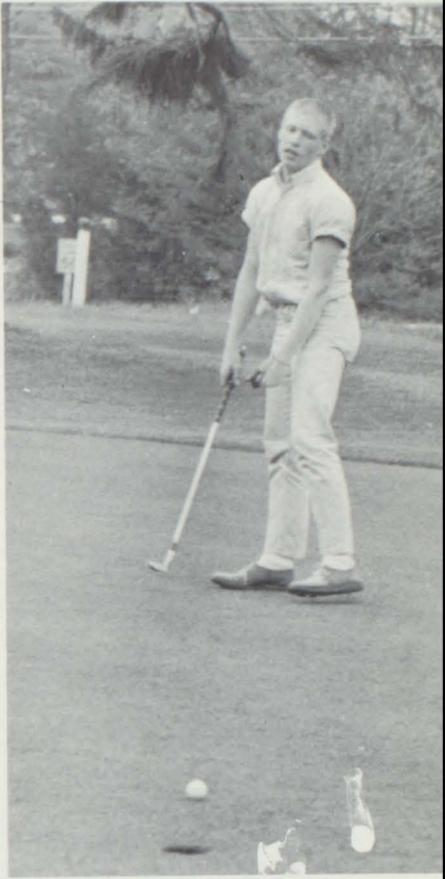

# DOORS SPORTS

Manager Alexander hands the tongue depressor at the end of the race.

Spitting cotton and no one seemed to care. A run around the course often left the boys in the situation in which Nick found himself.

PLEASE, little white ball, go in that hole, is the plea of Mike Hannah.

# GOLF

The newest sport at F.H.S. is golf. With only one win in seven tries, Coach Paul Davis tries to encourage his boys to strive harder another season. Pictured are: George Altherr, Tom Hervey, Mike Hannah, seated. Standing are Lee Riegel, Jan Kendall, and Coach Paul Davis.

## TRACK

John Hoppes, right, fairly flies through the air with his eyes on the blue ribbon at the end of the race.

Coach Ty Payne is just checking to be sure that the distance as indicated. This was his duty at the 1st Annual Relays.

Four feet off the ground, Doug and Phil press for top honors in the relay.

With a total of 5 wins and 4 losses, Coach Bill Brown's high flying Eagles participated in nine meets during the season. The first meet was with Lapel and Middletown. The scores were F.-60 1/2; Lapel, 41 1/2; M-35. The team was defeated in a tri-meet with Pendleton and Highland. Elwood defeated the Eagles in a 2-way meet 61-48. The team suffered another loss in a tri-meet with Vernon and Jackson Central, but was a victor in an 8 team invitational which included J. Central, Alex, Royerton, Hartford City, Lapel, Fishers, and Markle. Again they took top honors in another 6 team invitational including Vernon, Markle, Middletown, Lapel, and Pendleton. The team defeated Fairmount 66 to 43 in a two way meet and defeated Alex and Summitville in a three way meet with scores of F.-89; Alex-39; S.-8. The team met with defeat in an 8-way meet receiving 75 points for a second while Pendleton received 75.

Active in many sports, Doug Drake is equally adept at the high jump.

Pressing for all they can put into it, Dave Lawson and Dennis Beck were right in the race as Beck pushes into the tape for a win.

David Jack made use of his "ho-heave-ho" to win a few ribbons for himself as he tossed the iron ball through the air. He literally "threw his weight around."

## SUMMER BASEBALL

Coach Ty Payne found himself a bit shorthanded as the season opened with several new men on the team and the old standbys gone as a result of a certain commencement activity-graduation. However, this did not entirely break the spirit of the team as they had determination to succeed in spite of the loss of key players.

Despite several set-backs, the team had a good year of building in preparation for the 1965 season.

Often a player gains by returning to the base from which he came. At least Coach Payne thought this best for this play.

A good deal! Teammates rejoice with the runner over a scoring hit.

Tension builds as the game progresses.

Y're out! Phil has the ball and ump has an Eagle eye!

Front Row: Manager, Jackie Alexander, Tom Ashby, Mike Hannah, Dennis Beck, Dave McIlwain, Bob Johnson, Dave Lawson, Mick Crawford, Standing: Coach Ty Payne, Doug Drake, Larry Nash, Nick Waymire, Phil Davis, Bill Adams, Terry Stansberry.

Nice Goin', Phil

Mrs. Miller, registrar, explains the proper way to open the locker to freshmen, Rita Seal and Suzanne Teachnor.

Principal, Gene Heniser is completing his fourth year as principal of the Frankton High School. He has proved to the student body that one can be a friend yet still demand respect.

Marguerite Miller is one of those persons who is always in demand. Her service to the school in her fourteen years as clerk and registrar is certainly appreciated by all who work with her at F. H. S.

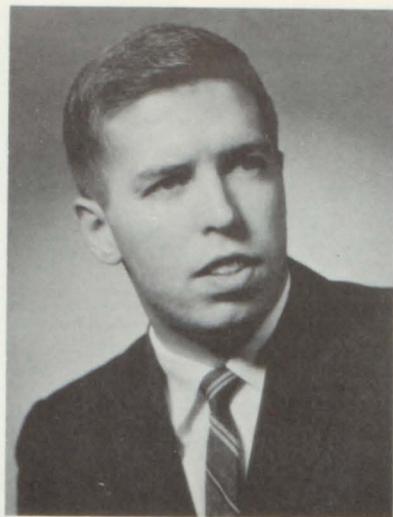

## ***FHS BECOMES PART OF A METRO DISTRICT IN THE YEAR '64***

The school year 1964-65 is one which we shall all remember as the year of the formation of the Metropolitan School District. Four townships make up the Central Metropolitan School District of Madison County-Union, Richland, Lafayette, and Pipecreek. The school board selected Dale Prough as the new superintendent of the newly formed district. To be sure there was a little confusion at first but with efficient direction, this was limited to the very minimum. The Board consists of Raymond Poor, *treas.*; Waldo Canaday, *president*; Verle Miller, *secretary*; Dale Prough, *Superintendent*; and Clark Burns, *treasurer*.

Mr. Thomas Coppess, student teacher from Ball State, receives suggestions on social studies from Mrs. Barker.

## AN EFFICIENT STAFF KEEPS STUDENTS HAPPY

Alberta Land, Selma Huth, Edith Waymire, and Pearl Whetsel clear the steam table after a heavy schedule of serving.

"Look the other way or you won't get those dishes clean, boys." Student helpers, R. Covington, D. Cloud, and S. Cobble, save the cooks the task of washing dishes.

The kitchen staff of Frankton High have spent long hours in devising and preparing meals. Mrs. Andrew, supervisor of both Frankton cafeterias, has provided the students with well-balanced lunches.

Before, during, and after school hours, Mr. and Mrs. Henderson have been on the job keeping the building clean and well-cared for.

Mr. and Mrs. Henderson have been with F.H.S. since moving into the new building.

Advertising staff prepare for "Operation Strike" by getting the 'lay of the land' from the director of the operation, Sterrett L. Nash, advisor, who points out from the drawing of the city just where each group will solicit. Pictured are P. Lewellen, E. Heaton, J. Allen, T. Westrick, A. Todd, T. Thompson, S. John, J. Hoppes, M. Swart, J. Thomas, T. Waymire, S. Pruitt, B. Jarrett, D. Shetterly.

## *Advertising Staff Responsibilities Make Eaglite A Possibility*

The advertising staff began the work of soliciting ads for the 1965 EAGLITE early in August. A planning session was held at which time instruction was given as to method of approach, presenting the plan, securing the ad, signing the contract, and closing the interview.

After the first day of soliciting, the group agreed that the experience was a learning experience and very worth while. Many of the group are second year solicitors having enjoyed the experience the first year enough to want to repeat it.

Susan Spoo and Linda Staley meet the customer, explain their cause, sign the contract, and are on their way.

Abraham Lincoln could rise from farmboy rail-splitter to President of the United States only because our country gives everyone—regardless of race, creed, color or economic status—the right to better himself.

The pages of our history are filled with instances like Lincoln's of men and women with humble beginnings who, through personal initiative and incentive, have become successful.

There is or has been no system in this world that has given individuals greater opportunity than our Free Private Enterprise System.

ANDERSON

LAFAYETTE

43. Natural ability or talent for a given work.

47. In support of.

54. A branch of study concerning the observation and classification of facts.

If you've correctly filled in the spaces above, you may have already answered "yes" to the question.

It's for sure you're curious. You're a self-starter who takes pleasure in tackling problems. (We know because you just did!) That gives us something in common.

We at Delco-Remy are always solving "puzzles," looking into the unknown for answers that can improve our products. And why not? We're geared for it.

Our new Engineering and Research facility in Anderson provides our problem-probing team with the most completely equipped center of its kind in the world—including an electron microscope that can magnify samples up to 200,000 diameters . . . and a spectrograph that enables us to analyze materials for their metallic elements to an accuracy of one part in a million.

Maybe you'd like to develop things like electronic ignition systems for cars or control devices for missiles. The challenge is great, of course. But so are the rewards and accomplishments.

If you feel at home in Indiana . . . and in a scientific atmosphere, you'll be right at home at Delco-Remy. Look us up after college. We'll keep a couple of problems on ice for you.

(Solution: 43. Aptitude, 47. For, 54. Science)
