INDIVIDUALIZED BUSINESS COMMUNICATIONS PLANNING

Your Communications Consultant can give your office communications system a complete checkup and make recommendations to improve customer service, build sales, and cut clerical costs. His expert services are available to you without cost or obligation. **PUSH-BUTTON SYSTEMS**—switchboard features without an operator allow you to select from several lines, hold calls, or use the telephone as an intercom. **DESK TOP SWITCHBOARDS**—permit a single operator to handle all calls on as many as 36 lines. **DATA COMMUNICATIONS**—open new horizons in your business communications.

or dial "OPERATOR" in any emergency and say for example "I want to report a fire at—" or "I want a policeman at—."
If you cannot stay at the telephone, tell the "OPERATOR" the exact location where help is needed.

warning:

emergency calls on party lines—State law requires you to hang up the receiver of a party line telephone immediately when told the line is needed for an emergency fire or police call or for medical aid or ambulance service. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The law defines an "emergency" as a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential.

area codes speed your long distance calls

The U.S. and Canada are divided into more than 120 telephone areas. Each area has a 3 figure area code. Your area code is 317 (see map). The area code of the telephone you are calling should be dialed, or given to the operator if it is different from the area code of the telephone you are using. It should not be used if it is the same. (When placing call with operator, say, for example, "I want Area Code 312 555-2364.")—When you give someone your telephone number, include your area code if he needs it to return your call.—A list of selected area codes is on page 7.

long distance calls

your area code is 317

FOR ARCADIA, CICERO, ORESTES AND WINDFALL CUSTOMERS

long distance calling

- 1 Dial "Operator" and give her the area code (or city) and telephone number you are calling.
- 2 If you do not know the number, tell the Operator the name and address of the person you are calling. Tell her also whether it is a station or person call.

FOR FRANKTON, PERKINSVILLE AND WESTFIELD CUSTOMERS

direct distance dialing

With direct distance dialing you can dial station-to-station long distance calls to most telephone numbers which have seven numerals or two letters and five numerals.

station-to-station calls

within the 317 area _____ dial 1 + number
 outside the 317 area _____ dial 1 + area code + number

person-to-person, collect, credit card calls and all paystation calls

within the 317 area _____ dial "0" (OPERATOR)—tell her the number you desire
 outside the 317 area _____ dial "0" (OPERATOR)—tell her the area code + the number you desire

person calls give her the name of the person you are calling
collect calls say "collect" and give your name
credit card calls give your credit card number

to obtain the distant area code:
 Area codes for some cities are on page 7. If the place you want is not listed, dial "OPERATOR."

to reach long distance information
 Dial 1 plus the area code for the place you want plus 555-1212. For numbers in Area 317, dial 1 plus 555-1212.

Tell the operator the city or town, then the name or place you want.

There is no charge for information calls.

if you reach a wrong number
 Dial "OPERATOR" immediately and tell her what happened. She will make sure you aren't charged for the call.

you will not be charged
 If you hang up before you dial the complete number.
 If the telephone number you dial is busy or does not answer.

if you need assistance
 Dial "OPERATOR." She will be glad to help you.

types of calls:

station-to-station

Call station-to-station if you wish to talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

calls to telephones with automatic answering sets

Long distance charges apply. Charging begins when the called telephone is answered, in person or by an automatic answering set.

person-to-person

Call person-to-person when you wish to talk to a particular person or extension phone. Tell the "OPERATOR" you wish to make a "person-to-person" call. Rates are higher than station-to-station.

conference

You can talk with several people in different places at the same time. Tell the "OPERATOR" you wish to make a "conference" call.

collect

You can call "collect" if the person or firm you are calling agrees to pay the charge. If you want to make a "collect" call, please be sure to tell the "OPERATOR" when you place the call.

overseas calls

You can call practically every telephone in the world from your telephone. Tell the "OPERATOR" you wish to place an overseas call, give her the name of the country you are calling.

long distance rates from Cicero

There are three categories for station-to-station calls.

| | |
|----------------|---|
| 1—day rate | { Within Indiana—Mon.-Fri., 4:30 am to 6:00 pm Interstate—Mon.-Fri., 7:00 am to 5:00 pm |
| 2—evening rate | { Within Indiana—Sat. 4:30 am to 8:00 pm and Mon.-Fri., 6:00 pm to 8:00 pm Interstate—Mon.-Fri., 5:00 pm to 7:00 pm |
| 3—night rate | { Within Indiana—Sun. any time and Mon.-Sat., 8:00 pm to 4:30 am Interstate—Sat. and Sun. any time and Mon.-Fri., 7:00 pm to 7:00 am |

There is no difference between day and night rates on person-to-person calls within Indiana.

Interstate night rates for person-to-person calls are in effect any time on Saturday and Sunday and on Mon.-Fri., 5:00 pm to 7:00 am.

These typical rates are for the first three minutes and do not include the 10% Federal Excise Tax. The time at the calling point governs application of these rates.

| | station | | | person | |
|---------------------|---------|---------|--------|--------|--------|
| | day | evening | night | day | night |

| Washington, D. C. | 1.20 | .85 | .65 | 1.80 | 1.50 |

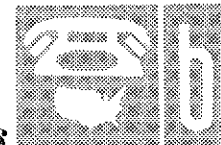

There is no difference between evening and night rates on station-to-station:

interstate calls less than 221 miles,
calls within Indiana less than 31 miles.

There is a station-to-station late night rate for interstate calls dialed direct from business and residence telephones between the hours of midnight and 7:00 am daily. Reductions below station night rates start at interstate points over 355 miles. This station late night rate will also apply for business and resident customers not having access to Direct Distance Dialing facilities.

overseas rates (including Alaska and Hawaii)

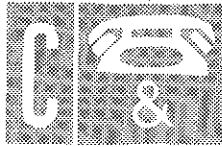

Alaska:—Anchorage, Fairbanks, Juneau \$5.50—Nome \$7.00—Bermuda \$5.50—Hawaii \$6.30—Puerto Rico, Virgin Islands \$6.50—British Isles \$7.50—Italy, Japan \$9.00—Argentina, Australia, Philippine Islands \$12.00—Reduced rates to many countries apply during certain night hours and on Sunday.

general information

your telephone number is important

When your telephone number is preceded by your area code, it is the only one like it in the United States or Canada. When leaving your telephone number for someone else to call you be sure to include the Area Code, if the caller will be calling from a different telephone area than your own (see page 7).

Numbers are most easily understood if they are given to others as "area code 3-1-1 (pause) 5-5-5 (pause) 3-6-2-1." When writing your telephone number, separate it like this: area code 311 555-3621.

If you're a businessman it's smart to make it easy for your customers to reach you. Show your telephone number on your stationery, statements and all advertising pieces. Show your area code too—it helps distant parties call you faster.

personal directory

An attractively bound "personal directory" provides a handy place for keeping your personal list of frequently called local and out-of-town numbers. To get one free, just call the business office.

out-of-town directories

Directories for other cities may be obtained by calling the business office.

telegrams by telephone

You may telephone telegrams, cablegrams or radiograms from your home or business phone to the Western Union Telegraph Company. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from coin phones by dialing "Operator" and asking for "Western Union." Pay as you do for a telephone call.

automatic answering set

Certain telephones are equipped with an automatic device, known as an automatic answering set, which answers the telephone mechanically. It then makes a recorded announcement. If your call is answered by an automatic answering set, listen carefully for the announcement which will be self-explanatory. Some sets will also record a message from the caller.

when you hear a "beep" tone

A short "beep" tone heard on your telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the company's tariffs and is not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When it is disconnected, you will no longer hear the "beep" tone.

employee identification cards

For your protection, every employee carries an official identification card showing his or her name and signature. If you have the slightest doubt about anyone who says he's from the telephone company, please ask to see his card.

☉—for information about any telephone service not shown on this page, call the business office, and ask for your service representative; she will be glad to help you.

When You Telephone

Be sure you have the correct number; if there is any doubt, make certain by referring to your directory.

When placing a call, give the called party a reasonable time in which to answer.

Speak slowly, clearly, and naturally, with lips not more than half an inch from the mouthpiece.

Talk with your Communications Consultant. It costs you nothing; could boost your profits.

Could be your business has outgrown its communications. Better, more efficient communications can help you cut costs and get more done in a day.

In either case there's a simple cure . . . a free survey of your facilities by one of our Communications Consultants. He'll study your business and communications setup as if they were his own, and make recommendations accordingly.

He'll also bring you up to date on the new services that can speed up your day-to-day business and help cut costs.

And remember — we provide this expert service free of charge!

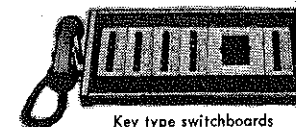

We're anxious to help. So why not phone our Business Office and arrange to have a Communications Consultant visit you at your convenience.

He can fill you in on such services as push-button telephones that put you in complete command of internal and external calls without leaving your desk, or the key type switchboard that permits a single operator to handle all calls on as many as 36 trunk lines.

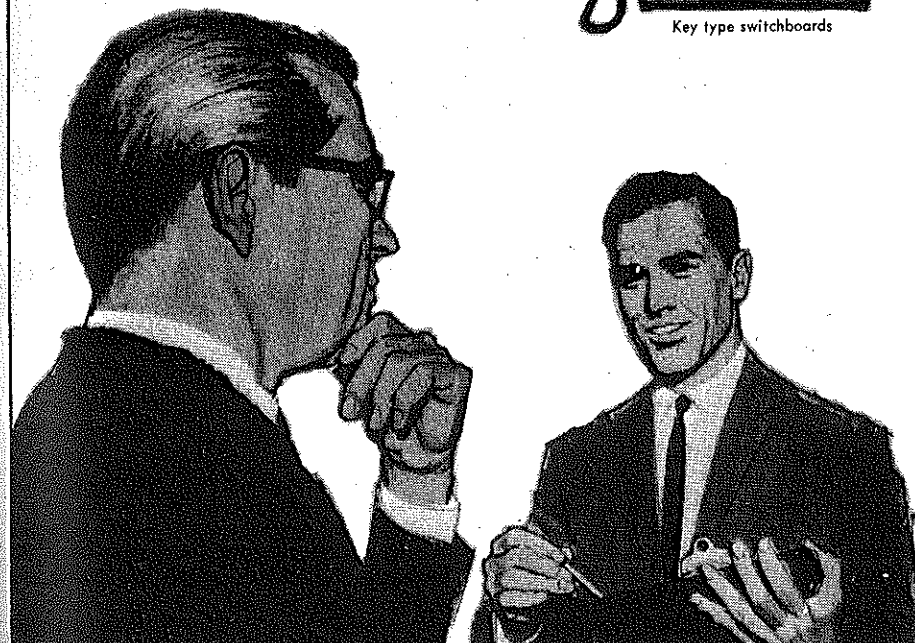

GENERAL TELEPHONE 
 A Member of the GTE Family of Companies

Push-button telephones

Key type switchboards

small in size... smart in style

...AND IT HAS A LIGHTED DIAL

Starlite is less than half the size of a regular phone. It takes less space on a table or desk. Now you can have a step-saving extension at hand even where space is limited.

Starlite is style-right wherever you place it. Whether in the kitchen, living room, or at your bedside, Starlite's modern beauty complements your decor. Many colors to choose from.

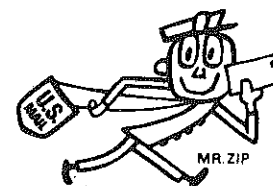

Starlite has a lighted dial. It glows in the dark so you can find the phone quickly — makes a handy night light, too! You can turn the dial light from soft to bright, any time.

You'll love this sparkling new telephone . . . and so will your friends. Order your Starlite today. It costs only pennies a day. Just call our Business Office.
