PETE THE PANTHER ----

Students of Willkie High today

Throughout our great nation today, in classrooms similar to the one pictured below, the youth of America are laying the foundation for a secure and lasting peace.

The seniors will say "good-bye" to the halls of Willkie High School and "hello" to a new world—a world that is waiting for their leadership. May they be even more successful in this other life than they have been during their school years. May they far exceed their nation's expectations in securing and preserving world unity.

Universal public education is the foundation upon which democracy is built. The school stands for all that democracy stands for—universal opportunity and social equality, enlightenment and learning.

To these spirited men who fought and died for democracy we very humbly dedicate this 1946 edition of the Wendell Willkie High School Crescent.

To our faculty—those individuals who made us go to the office for a permit when we were late to class, who gave unexpected tests on the only day of the week we hadn't read the lesson, who insisted that we descend the DOWN stairs and ascend the UP stairs—those individuals who have helped and guided us faithfully during the past school year, who have ignored our many weaknesses and unflinchingly kept their eyes on the possibility of the genius in us—goes the appreciation of the Crescent Staff and the entire student body.

We students of Willkie High are fortunate in having such capable and willing leaders. They are the heads of our school government—the mainstay of our entire school system.

To them we say, "We're glad to have you as our 'backers'."

Some will sigh and say that we have come to the end of a long, hard road. True, our high school days are over and our public education has been completed. But there are many among us who are aware that this isn't the end, but rather a turn in life's road.

We now stand at the crossroads. We are at the time and place where we must decide which will be our chosen path in tomorrow's world. Some of us will continue our education. Others will become a part of the working world at once. Still others are yet undecided in regard to the future which lies ahead for us.

Whatever our choice be assured that your faith and confidence in us will be that force which will lift us to greater heights. It is that force which will make us ever desirous of becoming better and more useful citizens of our community and of our country.

SENIORS

"Seniors—at last": That was the cry of every member of the graduating class last September. Being a senior brought many special privileges—the wearing of senior cords and the front seats in the auditorium. Now we stood out in the crowd. The little freshmen became quieter as we passed them in the halls and, naturally, even the juniors and sophomores had to recognize us as leaders.

Every senior party and activity has been an outstanding success. Especially enjoyable was the ice skating party at Gibson's in Muncie. Aching muscles and stiff joints told the story the next day, but it was a story everyone of us wanted to remember. Class spirit reigned at our lovely senior prom, "Symphony in White." Whatever the type of party, the seniors had fun and found that their classmates were really good friends, not just people who happened to be in the same class with them. Class day and senior week—two of the events which we looked forward to the most—were exactly as we would have them be.

No one can deny that the seniors contributed greatly to participation in all sports and other activities. Our basketball, football and track teams were built around senior boys who excelled and were leaders on their teams. The home room tourney title was won by a senior home room. Our band won't be the same next year without those fine musicians who are leaving to graduate.

In other activities too the foremost students have been seniors. Those of the class of '46 sponsored all of the after game dances. Seniors were responsible for a majority of the work done on the Crescent and the Megaphone this year. The Dramatic Club, one of the youngest clubs in our school, was organized by the junior play cast last year. Since then they have proved themselves a valuable asset to our school by presenting plays and assisting with plays sponsored by other groups.

Only one thing will dim the happiness in each senior's eyes at commencement. It is the thought that we are leaving W. H. S. behind, and we know that we can never come back as one of the student body. Now we realize that these were among the happiest years of our lives thus far. Though we cannot return, we shall endeavor to live our lives so that any reflection which we cast upon our school will be a favorable one.

Revealing the intellectual side of the seniors' personalities were the names on the honor roll each six weeks. Several members of the class were chosen for the National Honor Society—a high standing organization in the eyes of the entire nation.

So it is with a feeling of great pride that we graduate from Willkie High and bid it a fond farewell.

A dream come true! We are upperclassmen now at last. We are continuing to uphold our goal of putting forth our best effort for our school.

Our class has maintained a good record throughout the years. As freshmen a six weeks never passed without someone from our class on the honor roll. Then came our sophomore year in which we organized and elected officers who ably represented our class. Katherine Fetz was our president. This year, being upperclassmen, we chose to follow Don Green. We are thankful for our well-chosen sponsors who contribute their fine leadership.

The social functions of our class have always been a great success. Yes, the juniors are well represented in all of the school activities—Crescent, Megaphone, Debate, and Dramatics. We have a pretty good athletic record also. Last of all, the junior play, "Mrs. Miniver" was a huge success. The thing we juniors are proud of is that in our midst we have the only student who holds the gold award for scholastic ability. We're just wise—that's all.

We can be justly proud of our junior year but we have one more year to look forward to and through which to keep our good record. When the seniors move out this spring, the juniors in their red cords and plaid shirts will be waiting to take over.

The Sophomore class this year has over-thrown the usual tradition of insignificance. This has been the first year of organization, and we have accomplished much. Of course, this is largely due to the leadership of President William Moschell.

We are well represented in all activities and sports, and have several members of our class holding the gold award for scholastic ability.

FRESHMAN CLASS HISTORY

The Freshman sponsors this year are Miss Swengel, Miss House, Mr. Waymire, Mr. Davis and Mr. House.

At the beginning of the school year the Student Council gave a party for the newcomers to get them acquainted with the Panther Den and show them our ways of using the games. Then they were presented with brooms and brushes so they could get the feel of just how to clean up.

It seems that more freshmen than students of any other class are listed on the Honor Roll and Honorable Mention.

This about covers the Freshman news, but we all join in saying "Welcome Freshies."

Outstanding among the many characteristics—some good, some bad—of any high school student body is the wholehearted participation in extra curricular activities.

What happens when a movie arrives and our school can keep it for one day only? The Projection Club is always right there on the job.

Who represents our school and all that it stands for to other schools? The basketball, football and track teams and the debate club go to other schools to take part in contests and entertain other teams at W. H. S. They are the ones who, for a large part, shape the other school's opinion of us.

The Megaphone, with representatives from all classes, keeps us in constant touch with all the important happenings of the past month. That annual that makes you recall so many pleasant memories as you go through it years later is the result of the toil of the Crescent Staff.

A great deal of credit goes to the Panther Den officers, who keep our youth center running smoothly and to our Student Council which is the seat of democracy in our school.

Student participation in these and many other organizations not mentioned here is representative of the spirit of all American youth today. This spirit of co-operation and service to others and to ourselves is what lifted our country to her lofty position in the eyes of the world today. It is that same spirit that will hold the Stars and Stripes on high tomorrow.

ACTIVITIES

PETE POINTS WITH PRIDE TO

PLEASANT PANTHER PASTIMES

SCHOOL

Sept. 10 The school bell rings again and students swarm into W. H. S. for schedules of classes and activities.

Sept. 11 A Megaphone the first day of school. Service, I'd say!

Sept. 27 Crescent Drive in the auditorium and that old urge to buy an annual soon this year.

Oct. 4 Scholarship pins are awarded to honor students by Mr. Scott in the auditorium.

Oct. 10 Interesting demonstration of the iron lung by members of the Fire Department.

Oct. 26-27 Teachers Institute — and two days vacation! Megaphone and Crescent representations attended I.H.S.P.A. Conference at Franklin.

Oct. 31 Sunshine party. Of course I don't believe in ghosts but—Oh!

Nov. 1 A program in the gym in support of the Willkie Portrait Fund Drive. A fine speech by our own Mr. Brown.

Nov. 5 Look, rabbits! McBride the Magician cut some capers on our stage.

Nov. 22-23 Thanksgiving vacation. November just wouldn't be the same without it. And wasn't the turkey delicious?

CRESCENT

Something new was added this year in the form of an assistant editor chosen from the underclassmen. Working with the editor and sponsor will better qualify her for the editorship next year. Friendly relationship between the editors and the sponsor, Miss Barnes, has been the underlying cause of our success.

 Sponsor—Miss Barnes

Seated—Pamela Auxter, Kathryn Leeson, Marion Commons, Delores McCann

Standing—Sponsor Miss Barnes, Jim Babbitt, Verna Jean Adair, Emma Jean Clyde, Daniel Evans

Since "Order is the first rule of heaven" the Crescent Staff decided to follow the same plan. Instructions from the sponsor and editor were passed on to the members of each staff by the staff editors. It was a plan which proved very worth while.

YEARBOOK STAFF

The Crescent Staff—we students who have worked faithfully for two semesters to give you a yearbook which we hope you will remember. We have succeeded despite our difficulties.

First we had a hard time engaging a photographer and finally ended up with three. Thanks to the Picture Staff schedules were made out and a crisis was averted.

Because of the late arrival of pictures the Make-Up Staff had to work overtime to meet deadlines. Our only pay was satisfaction, but looking back, it seems quite enough.

The Literary Staff racked their brains for new write-up ideas and went to endless pains to get all of those strange faces identified. The clerks and typists had the job of making all this readable to the printer.

Last, but certainly not least, is the Business Staff who worked so hard to keep expenses down and the balance up and who struggled to keep an accurate record of all our finances.

No, it wasn't easy, but it was worth all our efforts. We did our best to please you and—we hope you will like it.

PROGRAM COMMITTEE

Sitting—Miss Swengel, Mrs. Records.

Standing—Jim Babbitt, Marjorie Waymire, Don Green.

The program committee is organized to make selections of new and different programs, and to arrange and schedule them. Some of the programs come annually such as the Senior and Junior class plays, presentation of the awards, and a short play given by the speech class.

Otto Schact returned this year and not only gave us a very enjoyable program, but also gave the chorus a few pointers. We had a demonstration of what really happens in radio plays when Harold and Rita Allen were here. Among others we have had guidance lectures, a magician, and all in all thirty-two different programs!

STUDENT COUNCIL

Sitting—left to right:

Richard Fox, Kay Gibbons, Louise Bell, Nora Mae Smith, Beverly Mort, Alice Kay Hughes, Marjorie Waymire, Eugene Vinson.

To educate the students in the idea of democratic government the student council was formed during the school year of 1941-42. This student organization is composed of one representative from each home room, the president, sponsor, and the presidents of the junior and senior classes. Each spring the president of student council is chosen by the entire student body.

It is the duty of this organization to make the laws by which the school is governed. Other important duties are the preparation of the handbook, appointment of the members of the stamp committee, and the program committee.

Much credit for the fine management of the student council should be given to its sponsor, Miss Blanche Digel.

Let us hope that this training in representative government will prove educational to all of our students.

Proposition . . . resolved . . . rebuttal . . . critique . . . all of these are familiar words you would hear in any debate or debate meeting.

The proposition this season is—Resolved: Every able-bodied male citizen having attained the age of twenty-four should have one year of military training.

This season the debate team has debated Marion, Wabash, Fairmount, and a tourney at Columbia City. The sectional debate was held in Elwood this year with Sharpsville, Marion, Dunkirk, and Elwood competing. Elwood and Sharpsville tied for first place, but Elwood lost to Sharpsville in debating off the tie.

JUNIOR PLAY - - - MRS. MINIVER

The 1945-46 Junior Class was the first in many years to present a play of a serious nature. Mrs. Burk was the director of the play which was not altogether serious for it had small bits of humor spread through it by such characters as Adie, the maid, Judy, Lady Burfish, Toby, and the evacuees. The story was about the Minivers, a typical English family. It took place during the last world war.

The double cast consisted of:

Clem Miniver	Alfred Harding
Mrs. Miniver	Katherine Fetz
The children:	Kay Cotton
Vin	Victor Seright
	Kenneth Free
Toby	Rose Alice Pennington
Judy	Marqueena Kiefer
	Carol Kurtz
Addie, the housekeeper	Lornell Fleener

HIGH SCHOOL BAND

Going places! That's what our high school band of today is doing. The members have actually helped to build up the morale of the armed forces by providing entertainment at various camps. Have you noticed the sparkling new buses that have been parked in front of the school on various Sundays? Yes, they are chartered by the Elks Club to be used by the Willkie High School Band for making its trips. Our band members have been received graciously three times at Wakeman General Hospital in Camp Atterbury, two times at the Veteran's Hospital in Marion, Indiana and at Billings Hospital in Fort Benjamin Harrison.

Last spring our high school band received a very great honor. It was awarded a distinguished service citation in national recognition of its inspiring use of music to aid the national effort by contributing to the success of its "music for victory."

Besides playing away from Elwood the band is on hand in full uniform at each football and basketball game in order to back the athletic teams. Have you noticed that the band even plays one number after the end of each game this year?

As usual on various Sunday afternoons throughout the year the band presents a concert for the enjoyment of the public. These have been a big success also.

Now that the band has changed rooms which have better arrangements we are really progressing. You should be proud of your band.

JUNIOR HIGH BAND

The "B" Band, now called the Junior High Band, was organized in the fall of 1943. This group consists of students in grades from five to eight. They practice only forty-five minutes in the mornings of three days in each week.

Under the direction of Mr. Hughes the Junior High Band has entertained us by taking part in various concerts, the most outstanding one being given November 18, 1945.

The Junior High Band has made much progress in the past few years. This group now has an award system much the same as that of the high school band.

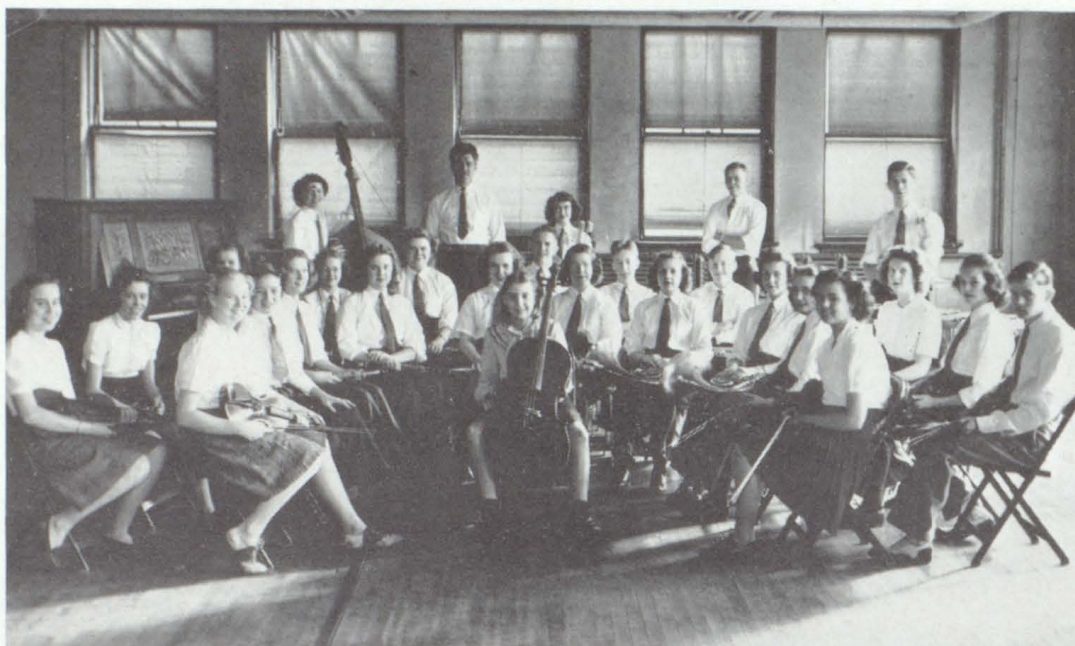

We will be looking for various musicians from this organization to fill the vacant chairs when the seniors leave the high school band this spring. Good luck kids!

ACAPPELLA CHOIR

The orchestra happens to be the oldest of all of our musical organizations. It has been functioning more rapidly the past few years under the able leadership of Mr. Hughes.

The orchestra is a perfect contrast to the band. Its music consists of soft, sweet, and melodious selections. This organization has been included in concert programs, besides being requested to provide music for other schools surrounding Elwood.

Our orchestra has proved very successful in that it has furnished music for the past two years for our own high school commencement.

The Acappella Choir of W. H. S. was started two years ago by L. Rush Hughes.

Acappella, by the way, means that the group sings without the aid of any accompaniment.

The group is selected by examination for those people who want to further their vocal training.

The first program the acappella choir sang for this year was the All-State chorus in Indianapolis competing with sixty-five other schools (more than a thousand voices). The next program the choir sang for was the Elk's Memorial services, and then the Christmas program in the Auditorium. The group is planning on singing for the 1946 Baccalaureate and the All-County Choral Festival.

This group meets every Tuesday to practice, after school.

The Acappella Choir has done excellent work and we know they will continue to do so.

BOY'S GLEE CLUB AND

This year the Boys Glee Club is directed by Miss Lee. Their first public performance was at the All-State Vocal Festival held in the Gymnasium, December 16. The boys are planning to appear for several different organizations and are also taking part in the operetta, "Hulda of Holland," April 26. We are hoping to hear much more from them in the future.

The girls have sung for different organizations, both school and social. They are also planning to sing for the operetta, "Hulda of Holland," which will be given April 26, in the new gym. BAND OFFICERS

All officers of the band, except the treasurer, are elected by the band members during the first part of April each year. They take office on May 1.

The treasurer is a student appointed by the director. In choosing candidates for each office the rules of the Band Constitution must be followed. The captain is required to be a senior. The first lieutenant must be a junior. The student director, property man, and efficiency manager may be students from any class who are in good standing. Any upper classman elected can fill the positions of uniform manager and head librarian.

We should commend our officers for this year on the good work which they have done in managing the band at concerts, games, and on trips.

I imagine everyone has heard of the new organization in our school—the Latin Club.

This club was started by the Latin I class in early May of 1945. This group follows the form of Roman government by having Consuls, one Praetor, one Quaestor, two Censores, and four Aediles. The remaining members will be divided into equal groups and serve as Senators and Tribunes. They also have made a constitution for their club and have progressed greatly. We may give much of the credit to their new sponsor and teacher, Miss McClung.

Of course, you want to know how to become a member of this new club. You must have an affirmative vote of 95 percent of the club members and one credit in Latin.

I'm sure everyone wishes further success to this club.

OUR JANITORS - - - GOD BLESS THEM

Janitors: Charles Miller, Harrison McCammon and Clinton Kincaid.

Just think of our janitors and the countless tasks which they do! Put yourself in the place of any one of our janitors for a single day. How would you like to sweep those miles of corridors, our several hundred steps, and countless class rooms? How would your muscles feel after emptying waste baskets galore and moving innumerable chairs? When would you find time to wash windows, wax floors, and dust? I wonder if you would be as jolly and good-natured as our janitors are after doing these things. Now perhaps you realize how the students can co-operate and make less work for our well-liked janitors.

INTRODUCTION

Athletics in Wendell Willkie High School have grown by leaps and bounds. The attitude toward sports competition has never been better during the history of the school. This growth has been the work of the fine staff of coaches. With such gentlemen as James Allen, Frank Bykowski, and Harry Bridges to lead the boys, we will never have to worry about a slackening of sports in Wendell Willkie High School.

"Oh, my aching back!" You guessed it—the end of another football season in which Elwood looked good in every game. First came the Injuns from Anderson. They beat us, but it was no scalping. Wabash with Rockwell and their tiny quarterback invaded us. Next came Kelley and Company. Can anyone kick extra points? Score, Noblesville 21, Elwood 19. Then came West Lafayette and Kokomo. We looked good in both games. "Hold those Tigers," and we did it. Alexandria fell before the Panthers. Huntington and Marion both beat us. Then we took the Tigers again.

Our season was high-lighted by a fast, aggressive team that caught the eye of every spectator. The squad was made up of sophomores, juniors, and seniors. With so many underclass men returning next year we should continue with our athletic success.

BASKETBALL

First row, left to right: Robert Courtney, Howard Wardwell, Fred Beeman, David Morgan.

Second row, left to right: James Merritt, Edward Williams, Robert Schuck, Leland Boyer, Jim Juday, Philip Arnold.

DO YOU RECALL . . .

Our team at the beginning of the season? How bad we looked against West Lafayette and still beat them? Juday hitting from everywhere against Huntington? "Shink" Merritt dribbling down the floor slow and deliberate? Ed Williams coming off with rebounds at both ends of the floor? Courtney playing his first game? Beeman and Courtney stealing the ball from larger opponents? Elwood's uphill fight against Burris? Dave Morgan hitting the first shot he tried in every game? Alexandria beating us twice? Schuck's shot at Peru when he was tackled? Marion being forced into an overtime against us? Arnold's beautiful push shots from close range? Elwood's fast break down the floor? How the cheering improved by leaps and bounds? Elwood leading Anderson 9 to 5 at the first quarter? The way Coach Allen looked when we almost won the first Burris game after trailing 20 to 6 at the first quarter? After all it took the Indiana State Basketball Champions to defeat us in tourney play!

TRACK

The forgotten sport was brought out of hiding last spring when Elwood found that she also had some boys who could run and jump. Under the careful eye of Coach Allen, Elwood charged through the season with remarkable success. Lead by Bill Tranbarger, Dick Bollinger, Bob Courtney, Ronald Coulter, Howard Wardwell, Fred Beeman, and Ed Williams the team won several meets. This year we should continue with our success due to the fact that most of the boys are returning.

FOR THAT EXTRA MARGIN OF SAFETY

YOU KNOW THIS: All makes of Sealed Beam headlamp units are interchangeable. They must meet the same specifications for intensity, pattern of light distribution and over-all physical dimensions. Design must provide for a safe standard of lighting throughout the life of the unit, without the dangerous loss of efficiency that characterized earlier-type headlamps when not serviced regularly.

DID YOU KNOW THIS? In addition to meeting all Sealed Beam specifications, the Guide metal-backed-reflector Sealed Beam unit provides *this extra margin of safety:* If a lens is cracked, the headlamp will continue to function until the damaged unit can be replaced. Double protection—a bulb within the sealed unit—keeps the light burning and safeguards the ride home in spite of any accident to the lens. Guide Sealed Beam units give Sealed Beam lighting at its best.

Fred Whitenack: "When I'm in the water, ma'am."

"Poogie" Scircle: "Now that, sir, is the most becoming hat you've tried on so far."
Customer: "I agree with you entirely, it's my own."

Cop: "Have you a warning signal on the front of your car?"
Doneta Ozenbaugh: "Yes sir, I have a little sign that says 'Dodge Brothers'."

Mr. Bridges: "George Washington was the most honest man that was ever born."
Judy Miller: "Then how come they close the banks on his birthday?"

"I regret to inform you that your wife's mind is completely gone."

Mr. Scott: "I've brought these trousers to be resealed—you know I sit a lot."
Tailor: "Yes, and I hope you've brought the bill to be receipted—you know I've stood a lot."

Dick Fox: (meekly) "When I first came here I was so astounded that I was speechless for a year."
Mrs. Records: Now, you don't expect me to believe that! When do you mean?"
Dick Fox: "I mean the time that I was born."

Betty Dickey: "I owe you for one. Mine just sank."

Bob R.: "Say dad, remember the story you told me about the time you were expelled from school?"

Mr. R.: "Yes."

Miss Barnes: "Your history reports should be given in such a manner that the most ignorant person could understand it."

Kenny Free: "Well, what part didn't you understand?"

Irene Dellinger: (to a new boy) "Meet my twin sister, Ilene. Isn't she a darling!"
