Introductory

We have the pleasure of presenting to our patrons this, our first directory of Elwood and suburbs, and we trust upon examination it will prove satisfactory.

The publishing of a directory is always a task of great magnitude, peculiarly susceptible to errors, but in compiling this work we have employed experienced men and spared neither time, care nor expense and have conscientiously endeavored to give the citizens of Elwood a directory that will be a credit to their city and ourselves.

We desire to extend our thanks to the patrons for the encouragement given us in this work, and assure them that we will, in our future publications, always strive to keep our work up to the highest standard. Another book will be issued two years from this date.

Yours truly,

THE PUBLISHERS.

March 20, 1906.

Population of Elwood

As taken by the Publishers of this Book.

Males	5,936
Females	6,797
Total	12,733

These figures are not from an estimate made by multiplying the names in the directory, but the result of a careful enumeration from house to house canvass.

 Borrowers

If thou art borrowed by a friend,
 Right welcome shall he be—
 To read, to study, not to lend;
 But to return to me;
 Not that imparted knowledge doth
 Diminish learning's store;
 But books, I find, when often lent
 Return to me no more.
