IT'S FUN TO VISIT BY LONG DISTANCE! CALL FAMILY OR FRIENDS TODAY

Typical daytime station-to-station rates for 3 minutes, listed on the map below, show how little it costs to call anywhere in the United States from Elwood. (Night and Sunday rates are even less.) The Federal tax of 10% is not included.

DAYTIME RATES are in effect from 4:30 A.M. to 6 P.M. every day except Sunday.

HOOSIER NIGHT RATES Now in Effect on Station-to-Station Calls Between Any Two Indiana Telephones from 9 P.M. to 4:30 A.M. Talk Twice As Long and Pay No More!

NIGHT AND SUNDAY RATES are in effect from 6 P.M. to 4:30 A.M. every night and all day Sunday.

LONG DISTANCE SERVICE

Station-to-Station Calls (From One Telephone to Another)

A station-to-station call is one on which you are willing to talk to anyone who answers the called telephone.

The charge for a station-to-station call begins when the called telephone or private switchboard answers.

This kind of call, which most customers prefer, is usually completed faster than person-to-person calls—and costs you considerably less.

To place a station to station call Dial "0" (Operator) then give the operator who answers the following information:

- First — The name of the distant place.
- Second — The telephone number wanted (if known), otherwise the name and address of the telephone wanted. For example: Anyone at John Doe's residence, 425 Main Street.
- Third — Your own number when the operator calls for it.

Copyright 1960, by The Indiana Bell Telephone Co., Inc., Indianapolis 9, Indiana

Person-to-Person Calls

(From One Person to Another)

A person-to-person call is one on which you want to talk with a particular person; or with a particular department reached through a private switchboard, or with a hotel room.

The charge is higher than a station call. Timing of the call begins when you are connected with the person or extension you called.

In placing a person-to-person call, it is necessary for you to give the long distance operator the name of the person or department you wish to reach. Otherwise, you place the call in the same manner as a station call.

COLLECT CALLS

If the charges on the call you are placing are to be paid at the distant telephone, tell the operator that it is a "collect" call. The charges, if accepted at the distant telephone, will be billed to that telephone. There is a 10c charge on all collect station-to-station calls made within the state.

OVERSEAS TELEPHONE SERVICE

From your telephone you may call certain foreign countries and a number of ships at sea. Complete information may be obtained and calls may be placed by calling "Long Distance."

INDIANA STATE LAW CONCERNING USE OF PARTY LINES IN CASES OF EMERGENCY

A Statute enacted by the 1955 Indiana Legislature makes it unlawful to misuse party line telephone service in cases of emergency. An emergency is defined in the law as "a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential." The law, in part, reads as follows:

Section 2. It shall be unlawful for any person using a telephone on a party-line to refuse to yield such party-line, when requested to do so, to any person who wishes to place an emergency call from a telephone on such party-line. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

Section 3. It shall be unlawful for any person to obtain the use of a telephone on a party-line by falsely alleging the existence of an emergency. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

Dial Service Suggestions

HOW TO DIAL

Suppose You Want To Dial FEderal 4-9170

1. Remove receiver and listen for dial tone—a "humm-m-m-ing" sound.
2. Place finger in opening where you see the letter "F."
3. Pull dial around until finger strikes the finger stop. Remove finger from opening and let dial return to normal. Do not force dial as it returns to normal position.
4. Proceed in the same way to dial the letter "E", then the figures 4, 9, 1, 7, 0, in the order in which they appear.

Either the ringing or the busy signal should be heard soon after the dialing is completed. The ringing signal is an intermittent "burr-burr-ring" sound that indicates the called telephone is being rung. The busy signal is a fast "buzz-buzz-buzz" which indicates the called line is busy.

If you make a mistake in dialing, replace the receiver momentarily—pick it up and dial the complete number again. Don't hurry—take time to dial correctly.

Always listen for and hear the dial tone before starting to dial.

TO CALL A PARTY ON YOUR PARTY OR RURAL LINE

It is necessary to dial a special code number for that party. If you do not know the proper code number, it may

be obtained by dialing 114 "Repair Service."

Before dialing, listen for the "Dial Tone," then dial the special code number for that party. As soon as you have dialed, hang up the receiver.

Your telephone bell and that of the party called, will then ring. When the other party answers, your bell will stop ringing. Remove the receiver and proceed with conversation. If, however, your bell does not stop ringing after a reasonable period, you will know that the other party does not answer. Remove the receiver for a few seconds in order to stop the ringing, then replace the receiver.

For your convenience, space for a Personal Telephone List has been provided on the last yellow page of this directory.

HOW TO AVOID WRONG NUMBERS

If you are not sure of the number you wish to call, please look in the directory. Make a list of frequently-called numbers and keep it up to date. Depend on your memory only for those numbers called regularly and of which you are certain. Make a note of numbers furnished by "Information" on the page facing the inside back cover of this directory, or in "The Blue Book of Telephone Numbers" which you may obtain without charge or obligation by calling or visiting our Business Office.

Helpful Information

PLEASE DON'T CALL "INFORMATION" NEEDLESSLY

Three out of five calls to "Information" are for numbers that are listed in the telephone directory. If you are in any way doubtful concerning the number you wish to call, please check your own directory or personal number list first. If you are unable to find the number, "Dial 113" and an information operator will help you. Make a note of numbers furnished by "Information" on the page facing the inside back cover of this directory, or in "The Blue Book of Telephone Numbers" which you may obtain without charge or obligation by calling or visiting our Business Office.

BUSINESS TRANSACTIONS

All matters relating to new telephone service, changes of address, terminations of service, directory listings, extension telephones, private branch exchanges, intercommunicating systems, collections, adjustments, etc., are the responsibility of a Service Representative in our business office, located at 1527 N. A, telephone FEderal-2-3301. Whether you call by telephone or in person you will find her anxious to help you with any questions you may have about your bill or your service.

FEDERAL TAX

The following outlines briefly the taxes applicable to local service and equipment.

Ten per cent of the monthly charges for Local Service and Equipment.

Ten per cent of the Guarantee for Coin Telephone Service.

Service Connection, Move, Change Charges, etc., are not taxable.

IDENTIFICATION OF TELEPHONE EMPLOYEES

Each employee of the Company carries an identification card showing his photograph and his signature. The card is countersigned by his supervisor. If at any time you are doubtful as to the identity of anyone requesting access to your premises in the name of the Telephone Company, ask him to show you his identification card.

CONCERNING BILL PAYMENTS

Telephone bills are issued once a month and may be paid by mail, or in person at the business offices. Payments may also be made after office hours on Saturdays, Sundays and on Holidays in a conveniently located depository marked "payments" at the business office.

ERRORS IN THIS DIRECTORY

Every reasonable precaution is taken to avoid errors in and omissions from the telephone directory, but the Telephone Company does not guarantee listings therein and shall not be liable for damages arising out of errors in or omissions from the directory except as provided for in its filed regulations and tariffs or, in the case of classified advertising, upon conditions set forth on the application for classified advertising. To aid us in keeping the directory as accurate as humanly possible, we would appreciate your checking your listing, and, if incorrect in any way, calling the business office so that the error can be corrected for the next directory.

Helpful Information (Continued)

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company—see the listing of that company in this directory—and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

ATTACHMENTS TO DIRECTORIES

To insure the usefulness of the directory no attachment, holder, or auxiliary cover, except such as may be furnished by, or with the consent of the Telephone Company, shall be used in connection with any telephone directory furnished by the Telephone Company.

"BEEP" TONE TELLS WHEN TELEPHONE CONVERSATION IS BEING RECORDED

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected.

HOME TELEPHONE PLANNING SERVICE

It's best to plan ahead for your telephone requirements. If you expect to build a new home or remodel your old

one, make provisions in the blueprints for concealed wiring and conveniently located outlets.

The Telephone Company maintains a Home Telephone Planning Service which furnishes assistance in such planning, without charge. Call the Business Office.

OUR AIM

Our aim is to render a service that will be helpful and pleasing to our customers. We realize that difficulties will sometimes arise despite all our efforts to avoid them. If, at any time, the difficulties are not promptly and satisfactorily corrected, we shall appreciate it if you will communicate the facts to the **MANAGER**.

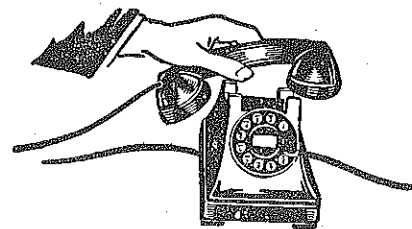

PARTY LINE COURTESY PAYS

If you are on a party line, remember that consideration among those on the line will be appreciated by all.

These suggestions will help you obtain the best service:

Listen for a moment to make sure the line is clear before you call, so you won't interrupt a neighbor's call. Replace the receiver quietly if the line is in use. Keep calls to a reasonable length, and avoid consecutive calls when it is evident that others are waiting.

BE CERTAIN TO HANG UP CAREFULLY

"Banging" the telephone when you hang up may give the person at the other end an unpleasant bang in the ear. It may also cause the telephone to go out of order.

Some of the many items to make your telephone service even MORE CONVENIENT

ADDITIONAL TELEPHONES

Additional telephones will save countless steps for only a few cents a day! Provides Security—Privacy—Convenience. Modern homes should have a telephone in every "living-area"—bedrooms, den, kitchen, basement, living room, even in the yard.

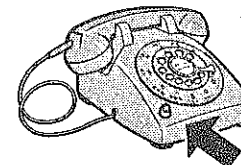

Additional telephones will save countless steps for only a few cents a day! Provides Security—Privacy—Convenience. Modern homes should have a telephone in every "living-area"—bedrooms, den, kitchen, basement, living room, even in the yard.

DIRECTORY LISTINGS

An "extra listing" in the directory insures teenagers, in-laws, business partners, employees, and others of receiving calls. Also essential for other business names of the same firm.

VOLUME CONTROL TELEPHONES

you turn a button. The phone "speaks up louder."

Room noisy? People talk too low? Have trouble hearing on the phone? You need a volume control telephone. It amplifies the other person's voice when

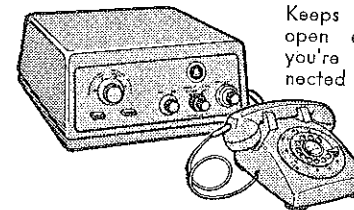

TELEPHONES IN COLOR

Convenient and so good looking. Adds charm to the modern home or office. Choose them to match any color scheme. Full color sets available in a variety of modern decorator colors.

Convenient and so good looking. Adds charm to the modern home or office. Choose them to match any color scheme. Full color sets available in a variety of modern decorator colors.

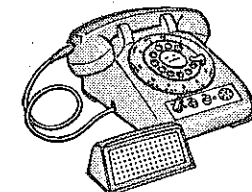

AUTOMATIC ANSWERING & RECORDING SET

Keeps your office open even when you're out. Connected to your

telephone this device automatically answers calls, gives callers a recorded message, and lets them leave a message which you can play back when you return.

SPEAKERPHONE

used in the usual way whenever you prefer.

You may talk or listen without picking up this telephone. Your hands are free for other tasks. Others in your office or home can participate in the conversation. Can also be

PROVIDE FOR TELEPHONES IN THE PLANS

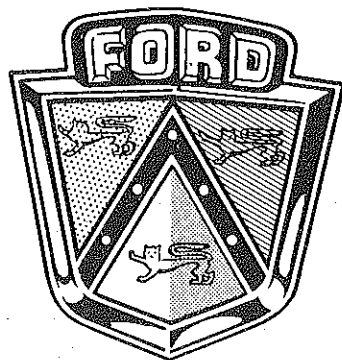

PLANNING TO BUILD? Make sure your plans include built-in conduit to conceal telephone wiring. It costs little during construction to install telephone conduit (tubing or pipe) in the walls with convenient outlets in rooms where telephones may some day be needed.

For information about planned telephone facilities, call the Telephone Company and ask for
