## Moving Ahead

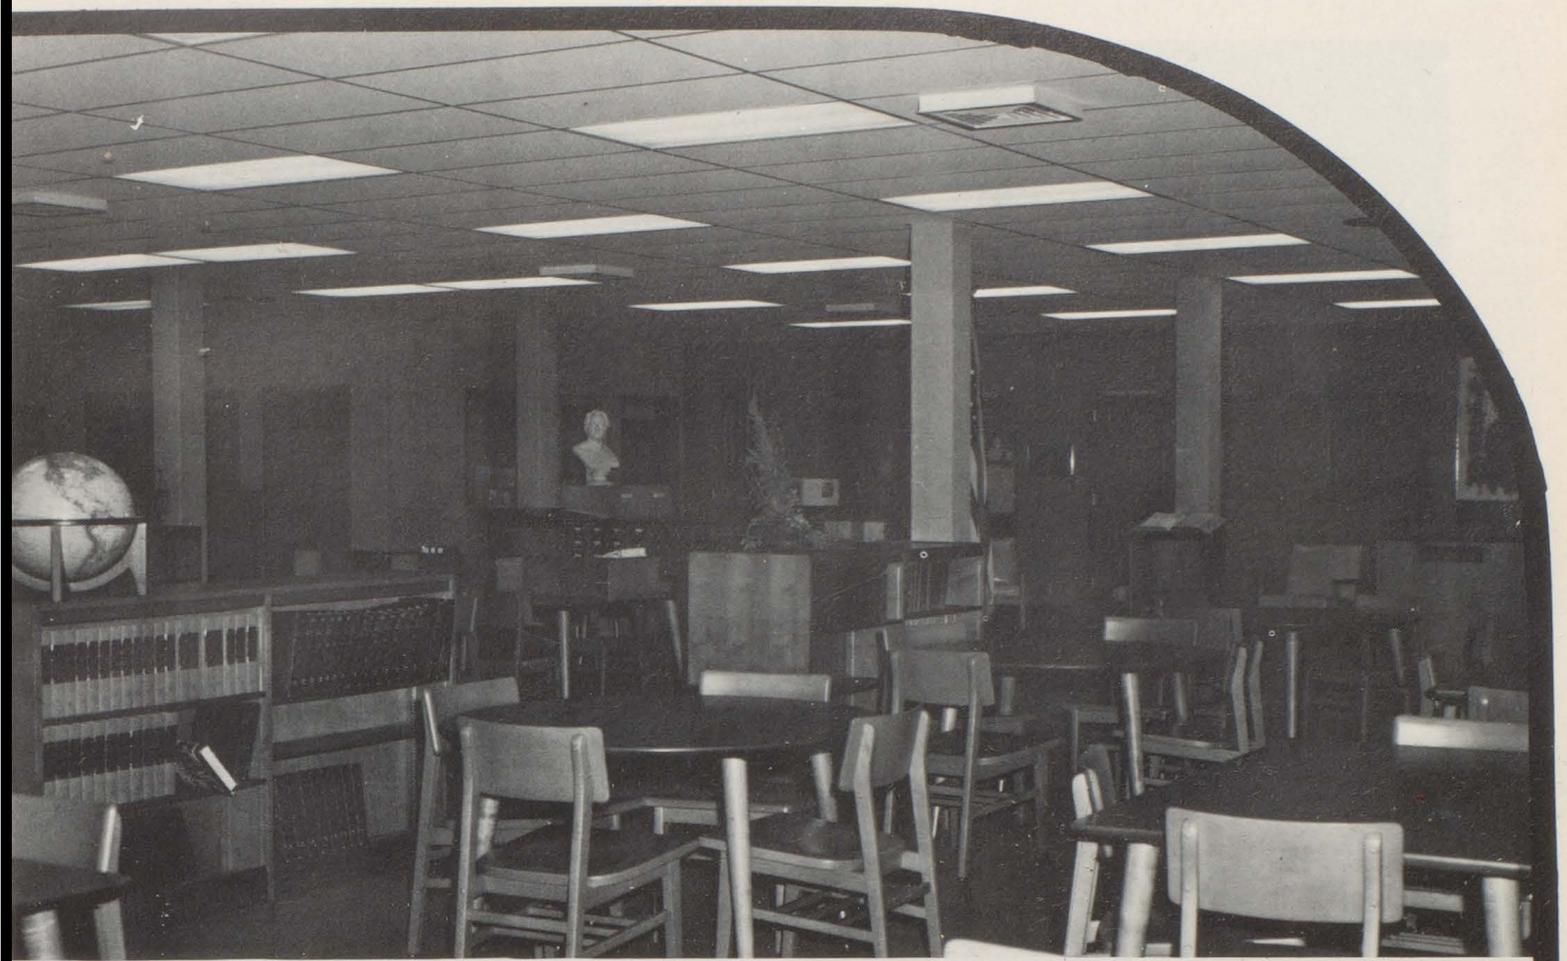

Construction of a new school often causes controversy which can lead to change. Good or bad? Giant super-structure, big-time stadium, back to nature environment. Closed campus, split lunch periods, activity period--all of these are meaningless without people. So, we, as Elwood students, reflect these changes in education in life. You be the judge!

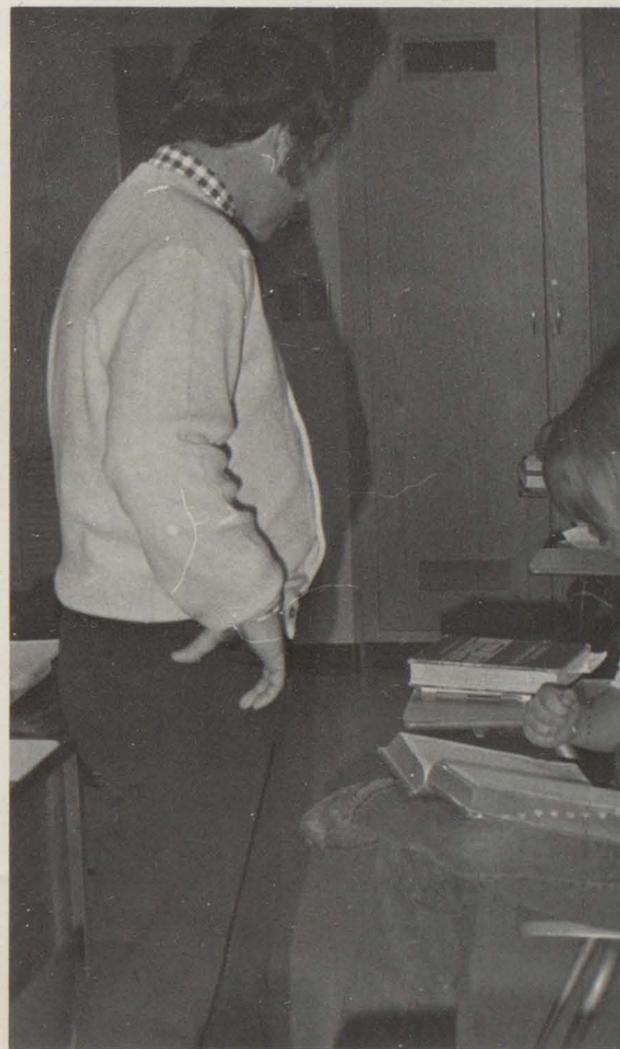

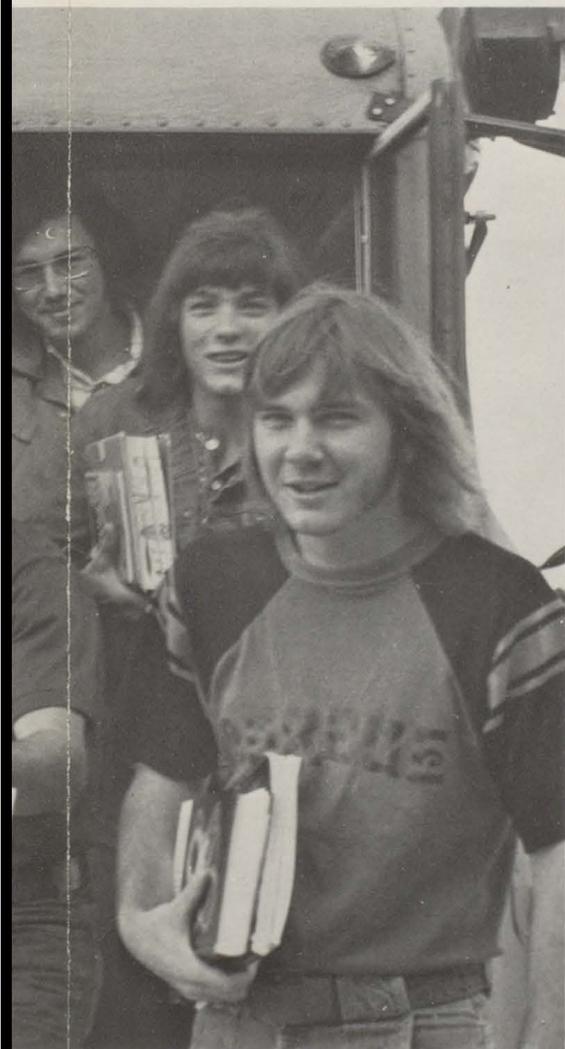

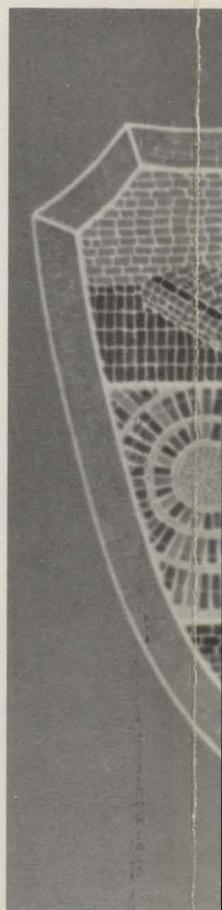

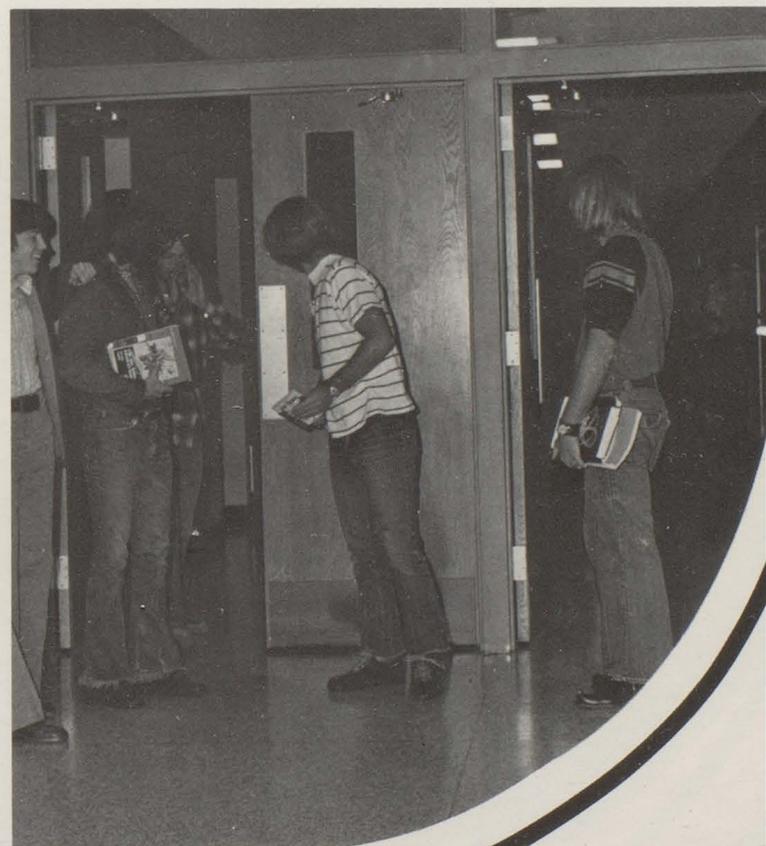

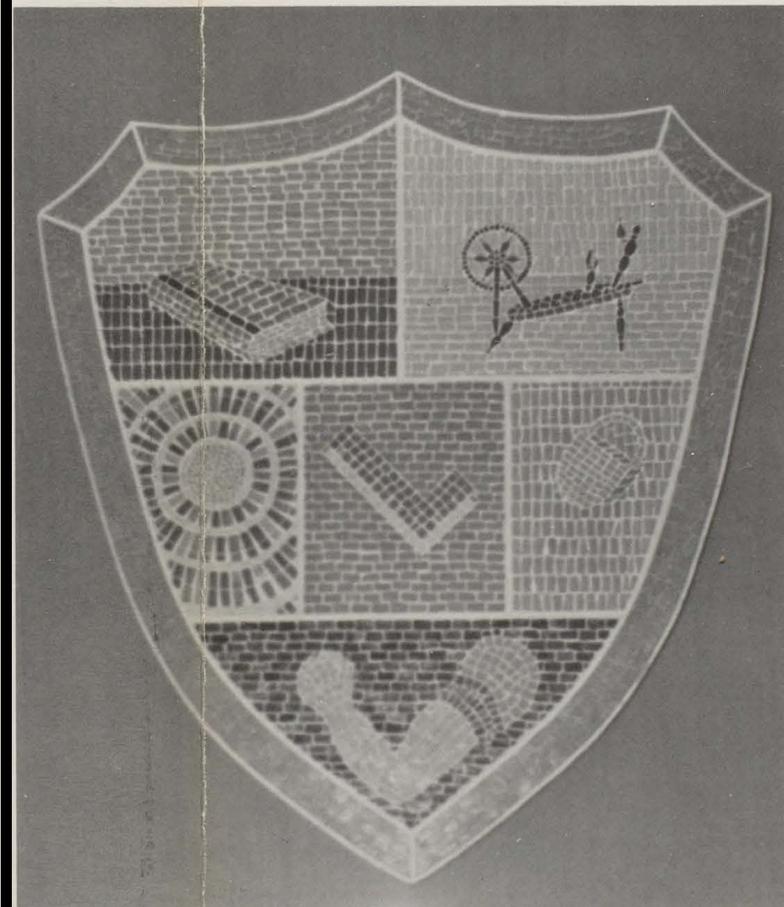

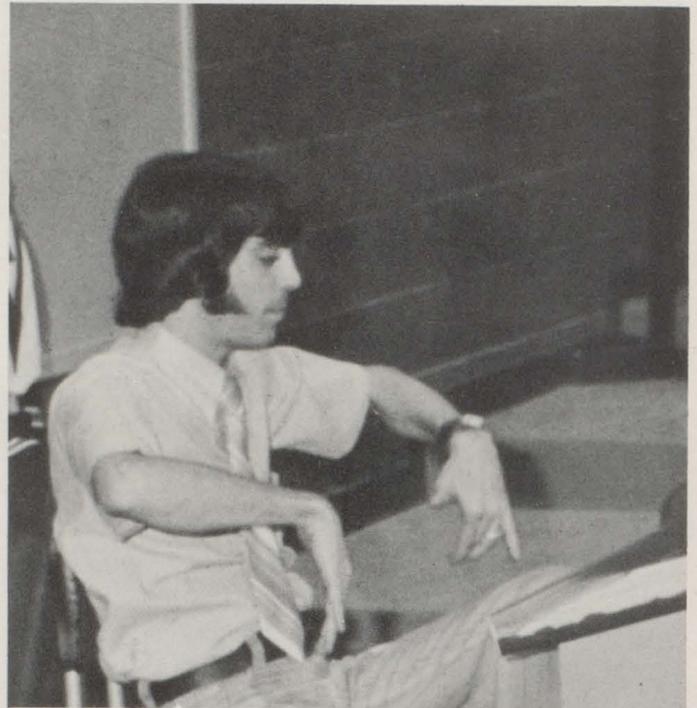

## In All Directions

# PBN Presents '73 Varieties

ABOVE LEFT: Jeff McDaniel as Charol Canning serenades the audience with a rollicking rendition of "Hello Dolly."  
 ABOVE RIGHT: Mr. Parente rehearses the band for another musical production.  
 BELOW LEFT: Elwood's own Galloping Gourmet, Jeff Wendell as Max Mixer, gives hints no good cook could ever follow.

Chris Loepke as Captain Bangaroo and Bill Kessinger as Mister Green Jeans entertain members of the choir who form a captive children's audience in the Variety Show skit "Captain Bangaroo."

Panther Band Network Presents: A Day in TV Land. This was the theme of the 1973 variety show. Emcees were Steve Kiefer and Roger Crowe. Highlights included "In Search of Yesterday", a heart wrenching soap opera; "Let's Make a Squeal", a riotous game show; and "Herlock Sholmes", a mystery. They wrapped up the skits with "Snooz News". The show ended with a "Moment of Inspiration" as Jeff McDaniel sang with the choir accompanying him.

Leading characters were Jeff McDaniel as Charol Canning, Chris Loepke as Captain Bangaroo, Pat Crimans as Mr. Nixon, Jeff Weddell as Max Mixor, Gary Bush as Johnny Larson and the Panther Band and their majorettes.

For the grand finale the majorettes brought out the flag while the band played "The Star Spangled Banner".

Counterpoints Kay Weddell, Vicki Huff, and Vicki Freund sing a medley from the Carpenters.

## Prom '73: Visit to Aquatic

Rhonda Murray and Sally Tharp chat with their dates.

Sophomore pirates serve punch and cookies in Pirates Cove.

Visitors to the lost continent, Atlantis, dance amid cascades of watery glitter and friendly fish. Other Prom goers enjoy refreshments and a chance to talk with friends in the pirate atmosphere of treasure chests, sabers and gold dubloons.

# Atlantis

Flanked by nautical decorations in keeping with the Atlantis theme, students attending the 1973 prom entered the under-sea world through a submarine called Nautilus complete with live fish outside the portholes. As the prom goes entered, they were escorted by sailors.

Larry Mitchum's Band was seated on the stage which was decorated with fishnet and festoons, colored balls and watery streamers.

Couples passed through a shipwreck to the refreshment area. This was a pirate's cove featuring a giant treasure map, Charlie Tuna, a mermaid and Captain Hook. Sophomore girls dressed as pirates served treats to guests.

Last year's queen Kaori Gardner crowned 1973 queen Kay Weddell, who was seated on a giant sea shell throne. Kay's escort was Mark Bollinger. Honor attendants were Candy Gootee, Bobbie Florea, Vickie Freund, and Diana Shephard.

Prom chairpeople were Jane Church and Julie Wire. Committee heads were Cassie Wilson, Teresa Wardwell and Tracie Slayton.

Prom queen 1973, Kay Weddell, reigns over an aquatic world, Atlantis.

# Homecoming: Memories, Happiness, Rain

LEFT: Homecoming Queen Kathy McClelland reigned over festivities with her court Cindy Barker, Mary Hook, Sarah Hobbs, and Nancy Robertson. BELOW: Seniors won the float competition with their entry Flying High to Win. The class of '74 also won first place last year.

## and Defeat

Although a steady rain cancelled the Homecoming parade, foul weather didn't dampen the spirits of Panther fans who braved rain and cold winds. The new stadium was almost filled with loyal fans sporting umbrellas and winter coats.

Although the floats were not shown, they were judged. The Class of '74' won first for the second year in a row. Their winning float character was Dumbo and the theme was "Flying High to Win." The sophomores won second place. Their float was a take off of the three little pigs and their theme was "Who's Afraid of the Big Bad Blue Devils."

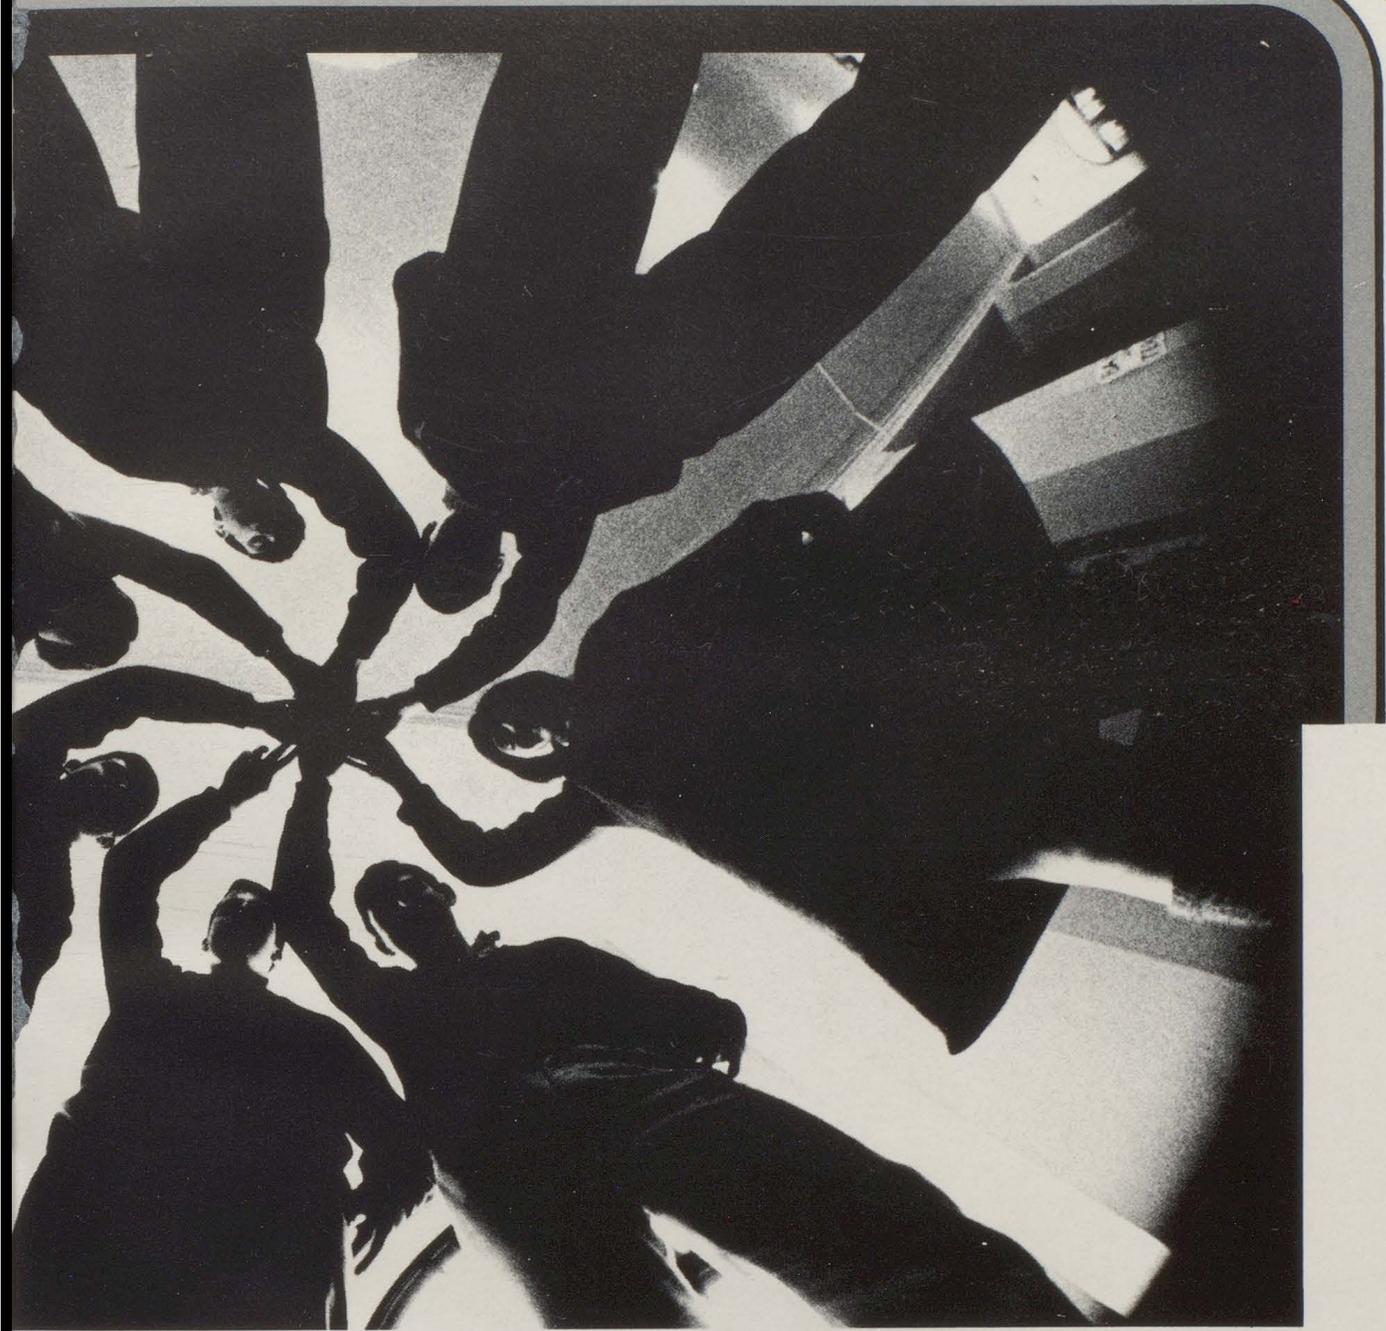

Last year's queen, Christy Hood, crowned the 1973 queen, Kathy McClelland. Here attendants were Sara Hobbs, Mary Hook, Nancy Robertson, and Cindy Barker. The day's festivities were dedicated to the Class of 1923.

Elwood lost a hard fought game to C.I.C. champs Tipton Blue Devils by a score of 14-0.

I've finally made it. It is no longer grade school but high school. When you think about it, it has a nice ring to it. I promise myself each day I will not act like I don't know what's going on, even if I don't! They say you can tell a frosh, but not me. I'm trying desperately to drop my childish habits, but that's hard to do in one summer. It gave me confidence today when a junior asked me where a room was. Maybe they can't tell after all. A senior actually asked me where Room 204 was! Now I really have confidence. I guess they can't tell --- Much!

Sophomores, as they place orders, look forward to the big moment when their rings will arrive.

I feel like like I'm a frosh again. Oh what a horrible feeling! I didn't know where I was going, but at least I knew what was going on. We've had a pretty good year. Can you imagine second place in floats! That is fantastic! Whoever thought three lil' Panthers could look so good.

You can tell we're up there; after all, look at our new class rings. They prove it.

This year was our year for making money. It was worth the effort with the prize of a new TV for the most candy sold.

Just think only two more years.

I'm finally here, a junior. That means next year is it. Things surely change when you become a Junior. Paid \$3.00 for a PSAT test and it doesn't even count. I studied all night for that test but it really didn't help much because it was still hard.

Wow! I finally can go to a prom without being asked by a junior or senior because now I'm a junior and I can do the asking.

I surely was disappointed about our float, "World's Greatest Athlete". We worked so hard for a long time to only finish third.

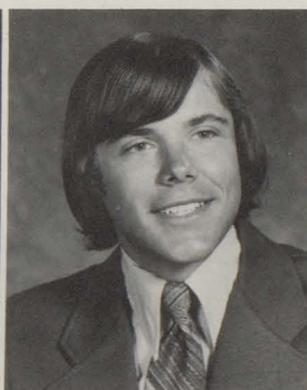

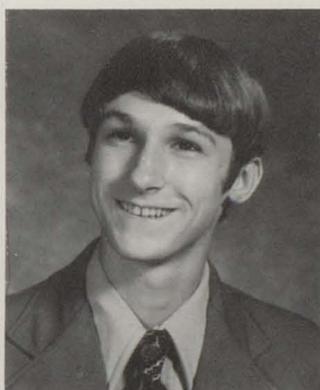

Well, at least we're number one in spirit. We've won that spirit stick more than anyone class. And that's something to be proud of!

## A Senior's Salute

"Well, this is it - - - my last year of high school. No more ball games, dances and hallway gossip sessions. We'll all be going our separate ways. I have so many big decisions to make and so little time to make them. Am I going to college? Ball State or I.U.? What about a job. Am I ready to be married?

"I really like the announcements the Steering Committee chose. Another major decision was about our blue caps and gowns. I mean, everything has to be perfect because, after all, ours is the first class to graduate from Elwood Community High.

"It's been a great four years. We've had fantastic spirit and the best of sponsors. It was pretty rough when we came in as little green Frosh and the upperclassmen wouldn't let us forget it. But our class showed its talent with that sectional pig and by continually winning the spirit stick. The judges always liked our animals. Remember our winning Bugs Bunny and Dumbo? What about our traditional hilarious sectional pep session skits?

"It's just about that time. Don't forget about me, Elwood High. I'll never forget the good times. Goodbye, now. Hello, World!"

## Senior Class Presents Carol

After her marriage to Oliver Harvard, everything is going beautifully for Ginny, played by Sally Tharp. But suddenly their wonderful young love is threatened when she becomes deathly ill. Ginny is shown here being examined by "the best doctor money can buy", as portrayed by Tom Long.

This year's Senior Class production was entitled "A Night of Comedy". Instead of the usual play, the class of '74 tried something different presenting eight Carol Burnett comedy sketches under the direction of Mr. David Schwachenwald and student directors, Mindy Fihe and Cindy Barker.

"The Wallflowers" had Julie Wire and Debbie Gill portraying two lonely girls at a dance.

In "Hospital Nudge", Janie Short plays a doctor and Teresa Wardwell is cast as Zelda. George, played by Roger Crowe, is due for major surgery the next day.

"Return to Andy Hardy" was a sketch with Steve Kiefer playing Judge Hardy and Roger Crowe and Andy in one of those father-son talks.

The "Late Date" depicts Carol, played by Cindy Barker, worrying about her little sister, Chris, played by Kathy Waymire, who is on a date with an older man and is late getting home.

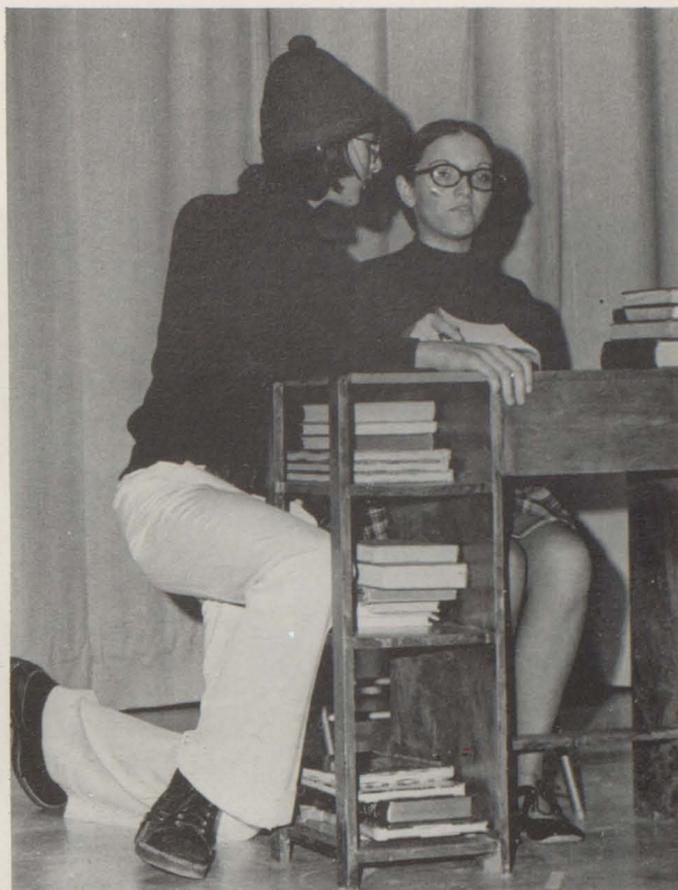

Stewardess Cora Sue Crawford, Kathy Waymire, discusses the flight plan to Tahiti with the captain, Roger Crowe, and his co-pilot, Mark McDemmit, who steers the plane. Troubled passengers who will share their heart-wrenching life stories are the drunken brain surgeon, Steve Kiefer, the painted lady, Tracie Slayton, and the serene priest, Tom Long.

# Burnett Comedies

"Old Folks" with Mark McDermit as Bert and Mindy Fihe as Molly opens with the couple sitting on the veranda. Bert thinks he is a Stutz Bearcat, dreaming he has Raquel Welch cornered. Molly decides Bert is more clutz than Stutz.

The grand final featured each actor introducing himself and the entire cast singing the Carol Burnett theme song. Mr. Schwachenswald and the student directors then signed the memory book.

Mindy Fihe was voted Outstanding Performer of the Year by her fellow student actors. The class of 1974 was the first to stage a theatrical presentation on the new school stage in the spacious cafetorium. Special thanks went to Mr. Joe Juday, Mrs. Anna Mae McQuitty, and the art classes for prop and backdrop construction.

Rich, handsome, man-about-campus Oliver Harvard, played by Steve Kiefer, demonstrated his ice hockey abilities for Ginny Caballeri-Wojowski-Defuccio, portrayed by Sally Tharp, TOP RIGHT. He convinces her that "love means never having to say, I love you." But the young lovers meet a tragic end in a Tearjerker Theatre version of "Love Story."

Carol, played by Cindy Barker, listens as Joyce, played by Teresa Wardwell, confesses she is a hopeless kleptomaniac, RIGHT. Since Carol is the unofficial problem solver of Canoga Falls, she is visited by the town's sissy director and a handsome young man who is running for Congress. Next, her daughter returns from a rock concert with Carol's new grandchild. Meanwhile Joyce has been stealing everything in sight and decides she must end it all with a stolen gun. But Carol must take time out from the suicide to console Julia, Canoga Falls' black nurse. The crises go on and on in "As the Stomach Turns."

The team recorded victories against such schools as Howe Military School, Vincennes High School and Munster High. The team was even able to present and pass a legislative bill at the Purdue Student Legislative Assembly.

Students interested in Academic Team tried out for membership March 7. The queries in competition cover all areas: art, music, current events, government, science and other important happenings.

Those who tried out for the team were Alice Humel, Mary Hellmann, Bob Helm, Pat Crimans, Tom Long, Laura Seright, Kris Kiphart, Terry Tyner, Jamie Runyan, Debbie Gill and Cindy Barker. Mrs. Merritt and Mr. Compton are sponsors.

# Creative Art Students Add

# Color to School Decor

The creative art students under the supervision of Mrs. McQuitty had many different art projects and activities throughout the year. Mrs. McQuitty started her advanced art students with a project called Celebration '73. These were tempera paintings done to celebrate the opening of the new high school.

When the paintings were completed, the Student Council picked one which will be enlarged and painted on canvas for the school's hallways. Tammy Daulton's painting was selected to be done on canvas.

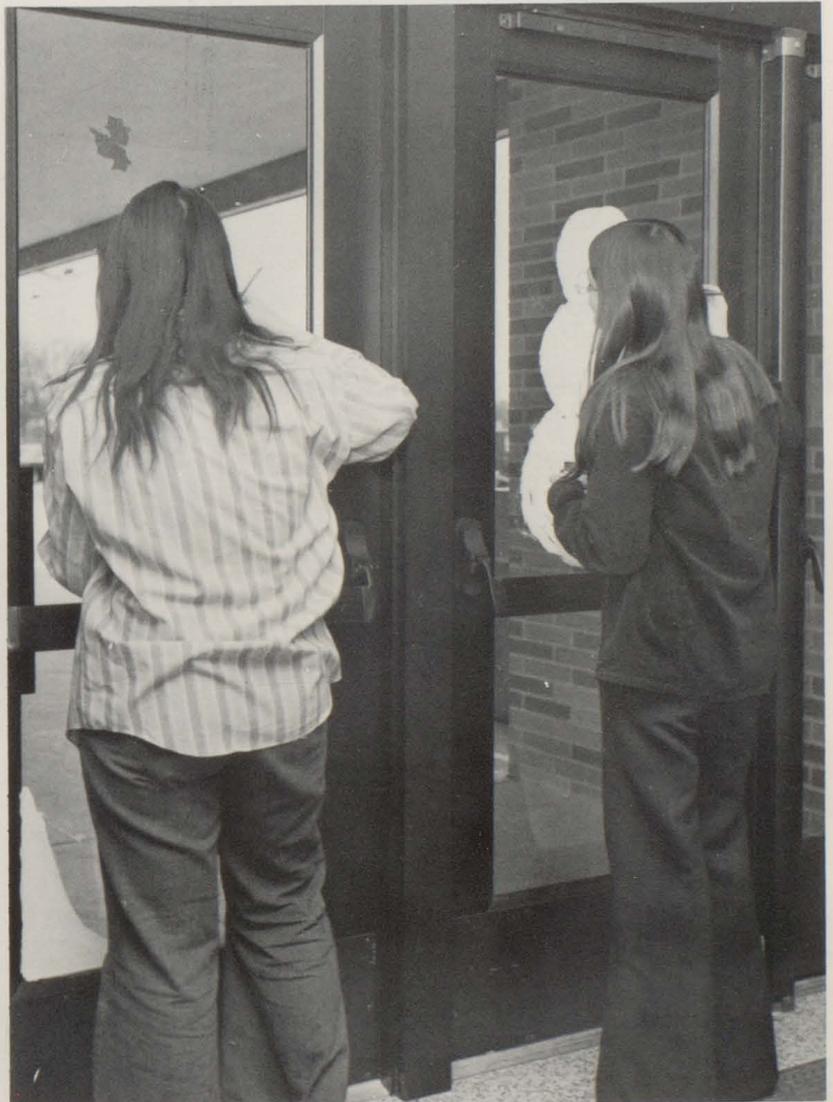

The school's cafetorium displayed letterform boxes and action paintings at various times. A large hall display of paintings, drawings, ceramics, and sculptures was put in the hall for the Future Teachers of America Convention which was held in December. A giant-sized pair of plaster tennis shoes attracted the most attention of any display.

At Christmas time, the art students decorated the windows and doorways around the school with paintings of the holiday season. A trip to the Indianapolis Museum of Art was planned in January.

The classes seemed to be of interest to the many art students who worked in the art room during activity period on their individual projects as well as jobs for the school.

This year's mighty marching Panther band consists of one-hundred playing members, twenty-four majorettes, and pomerettes. The band was all set to begin the school year at a new school with something even more special--new band uniforms. Band members worked very hard selling candy and having fish fries to pay for the new uniforms that all of the people of Elwood Community should be proud of. According to some people from Anderson, our mighty Panthers are the "Sharpest band in Madison County."

Several activities in which the Panther band participated during the '73-'74 school year were the Christmas convocation, the Christmas concert which was held downtown, and the annual variety show. This year's variety show was called Chicago Spring.

Director of the Panther Band is Frank Parente.

The entire corp consists of twenty-nine majorettes and pomerettes, led by drum majors Bill Kessinger and Keith Goodnight, who are Mr. Parente's right hand men.

They perform at the halftime of various ballgames, at the variety show, and in parades. Twirling contests around the state also keep the girls busy.

Majorettes are chosen by auditions for Mr. Parente and Mrs. Tudi Smith, according to their twirling ability. Some of the girls take private lessons, teach and belong to U.S.T.A. When performing, the Pomerettes carry pom poms and multicolor flags. The pantherette corp is instructed twice weekly by Mrs. Smith.

They also sang at the school Dedication and the Elks Memorial Service, gave a Spring Pop Concert and performed at the 1974 Variety Show.

Singing Seniors, a vocal group, was formed to entertain various organizations in the community. These eight senior girls and their accompanist sang for the hospital staff, at various churches, and at the Jim Dandy.

Twenty-three of the band members devoted free time to the Groove Band this year. They entered a contest in February at Indianapolis and at Notre Dame in the spring.

Music performed by this group deals strictly with big band styles, such as the basic Kenton and Don Ellis bands. Rock, jazz rock, blues and progressive music of today keep the band at a high level of performance.

Band officers are pictured LEFT TO RIGHT, FIRST ROW, Kent Stafford, band manager; Dee Ann Daulton, librarian; Jeff McDaniel, lieutenant; SECOND ROW, Gary VanCleave, uniform officer; DeLoris Robinson, head pomerette; Linda Scott, assistant head majorette; Kathy Waymire, head majorette; Tom Long, band captain; Mr. Parente, director; Kristie Weddell, secretary; Keith Goodnight, drum major; THIRD ROW, Jeff Weddell, band historian; Steve Kiefer, band manager; Bill Kessinger, drum major. # Appreciation, Theory Give Basis of Music

Students in Mr. Parente's Music Appreciation class listen to him with great enthusiasm.

Music Appreciation is the study of music including music of the past, composers, arrangers, the ABC's of music, the basic fundamentals of music, music today, careers in music, music of the future and the direction in which music is headed in the future. The class studied all band and orchestra instruments and the forms and analysis in music.

A new class offered second semester was music theory. This new class expands our music curriculum and deals in theories and basic fundamentals of music composition. A few mechanics studied in theory are clefs, key signatures, scales, chords, part writing, and other rules that pertain to music composition. Blues progressions, rock and jazz forms are introduced and studies so that the student of theory will be exposed to the music of today and the tools used in creating such.

Mr. Frank Parente is director of the high school music department.

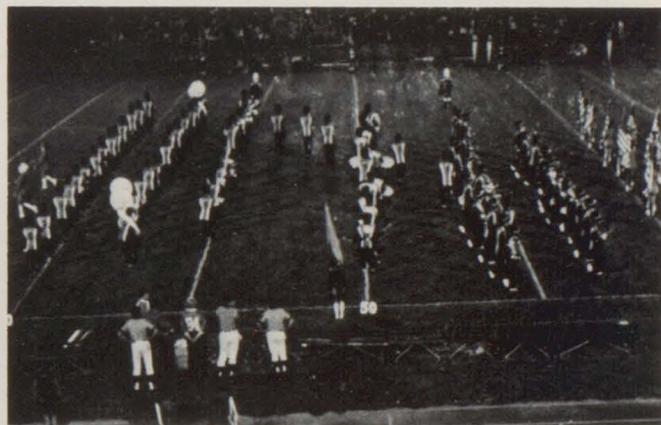

Jeff McDaniel gives deep thought to his music theory as Dee Ann Daulton and Jeff Poe work on theirs.

# Year in New Building

This year's Crescent staff has a class which is one of the many English offerings. Mrs. Joanne Sullivan is sponsor and teacher of the yearbook class. You can always hear her saying, "Let me remind you students that next week is our deadline. Does anyone need a job?"

The purpose of the class is to gather up all the news of the current school year, which is a real job, and put it together into a book to be presented to the student body, the faculty, and anyone else in the community interested in knowing what's happening at our school during the present year.

## Concession Club Serves School

The Concession Club is a service club which meets many different school needs.

Several groups of the club are sent to conventions or debates as well as to buy needed items. The students working for the club get a small fee and also learn how to deal in public relations. At the end of the basketball season the group holds a banquet and enjoys reviewing the year's experiences.

This club sometimes gets very little attention because it is a small organization, but they serve our school well and deserve a lot of credit.

Concession Club members are LEFT TO RIGHT, FIRST ROW, Rick McDaniel, George Bartlett, Tom Culbertson; SECOND ROW, Mr. Brown, sponsor; Steve Braddock, Mr. Austin, sponsor.

# Encourages Safe Driving Methods

RIGHT: Jan Heiser prepares to show Mr. Hicks, Doug Green and Tod Conway the proper way to drive an automobile.

Driver's Education class, taught by Mr. Hicks, is an elective which is offered during the regular school year and in summer school. Students enroll at the age of fifteen and have the privilege to get their licenses at the age of sixteen years, one month and one day.

State requirements for driver education are that a student must have had six hours behind the wheel and seventy-two hours' classwork.

Subjects that are covered in the classroom are traffic accidents, privilege to drive; keeping fit to drive; alcohol, drugs and driving; the laws we drive by; and enforcing traffic laws.

Driving skills, which are practiced, are first, getting ready to drive, and then the basic skills. These are preparing to move the car; starting and stopping; steering; turns; city driving; country driving; highway driving; and learning to parallel park.

This past winter some of the students were able to experience driving in the bad weather on snow and ice.

The area automobile dealers provided the students with new and safe machines to learn to drive correctly and with care.

## to New Phase — Electives

A variety of classes are offered by the English Department this year. The new phase-elective program allows upperclassmen to choose English classes they prefer. Freshmen still stick to the basic language and literature.

Some selections offered this year are drama, sports special, mystery and suspense, yearbook publication, science fiction, SAT, and mythology classes.

The sports special class stimulates students to read and discuss short stories, novels, poems and non-fictional accounts of various sports.

Mystery and suspense class explored various elements of imagination in life and literature.

The science fiction class studies science fiction in general, its history, its themes and its place in literature. The SAT-Vocabulary class prepares students for the Scholastic Aptitude Tests.

The aims and objectives of health education are to inform students of community health problems.

One major unit studied is mental health, which includes personal behavior, emotions, intelligence, personality of individuals who have trouble relating both socially, physically, and mentally.

Much time is spent on the units of alcohol, tobacco, and drugs with emphasis placed upon the physical, mental, and emotional effects each of the commodities has upon the human anatomy. Police and lawyers inform the students as to legal aspects used when arrests are made and the enormous amounts of paper work involved with just one person's illegal actions.

The health instructors, Miss Barbara Grothaus, Mrs. Betty Watson, Mr. Van Bailey, and Mr. Darrell McQuitty, hope that the practical use of their instruction is preparing our young adults to enter our community equipped with useful education.

Academic courses offered are biology for sophomores and chemistry for juniors.

Then there is physics, which deals with the physical aspects of light as opposed to chemical in matter, objects, sounds, and forces in orbit. Physical Science is a greatly broadened physics course. It also deals with energy, matter, forces, weather, and geology.

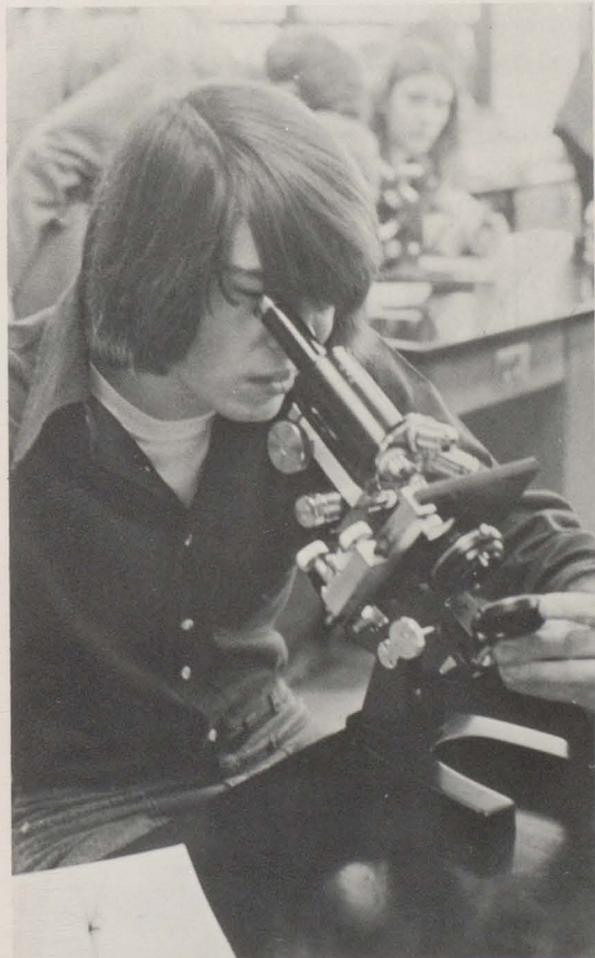

Earth Science a new course added this year, is offered to freshmen and sophomores. The major areas in earth science are geology, meteorology, weather, oceanography, and astronomy. With this new course a student can have four years of science.

Sophomore Brock Cyphers, BELOW, mans the drill press with a watchful eye.

Vocational Machine Shop is a two-year program organized to progressively develop the skills and knowledge required for a successful career in the machine-tool industry. It is designed to prepare students who intend to pursue such a career.

The machine-tool field is an ever expanding field encompassing from simple machine-tool operation to complex and sophisticated machines, such as numerically controlled machines and electrical-discharge machines. Using actual industrial-type machinery, tools, and precision measuring equipment, the students acquire the skills, knowledge, and good work habits which are essential for successfully entering the world of work.

VMS is a combination of classroom learning experiences and shop work. In the classroom the student learns mathematics as applied to the machine trades, technical information related to machines and their operation, and safety. In the shop, the student learns through "hands-on" experience by doing machine operations, projects, maintenance and repair work.

Pre-employment Vocational Education is basically a cooperative program between participating industries and the P.V.E. class of Mid-Central Area Vocational School.

The class members receive machining, fabricating, and assembly work experience using the materials furnished. Some machinery is furnished by the industrial concern when special machinery is required or when additional machinery for a specific job is needed. For the most part, machinery is furnished by Mid-Central Vocational and adapted to the job requirement.

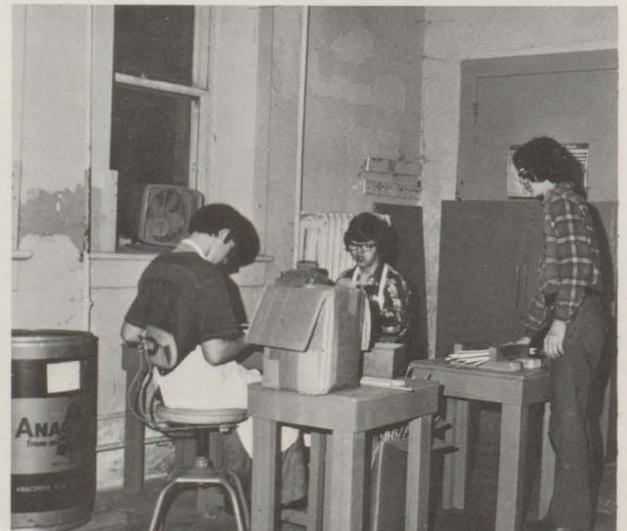

In addition to learning manipulative skills, all levels of management functions and procedures are presented and discussed in classroom situations. Union organization and representation is also presented and discussed. These factors of manufacturing enlighten the students on responsibilities, expectations, and requirements of both the employer and employee. It is hoped that student habit formation and growth will then be directed toward development of responsible employees.

The P.V.E. class has a 100 per cent V.I.C.A. membership and officers are elected each semester. First semester officers were John Wisman, president; Pete Idlewine, vice-president; David Eliserio, secretary; Brian Abbott, treasurer; Ester Shuler, reporter; James Ferguson, parliamentarian. # VICA Advances in Trade Fields

No, the letters V - I - C - A do not stand for Vicious Individuals Corrupting America. They stand for Vocational Industrial Clubs of America. Students in this club are training in such fields as auto mechanics, drafting, electronics, nursing, and various other trade, industrial, technical, and health occupations.

VICA has developed programs designed to meet the needs of young people living in a time when skill and motivation are essential to success. This organization was actually started in 1965 and has become the fastest growing vocational student organization in the free world today. One of the many motivational activities through the years has been the competitive activities program. In 1973 VICA initiated the U.S. Skill Olympics Competition which gained the recognition from industry throughout the nation. This year the World Skill Olympics Committee and President Nixon himself selected VICA as the official U. S. Sponsoring organization.

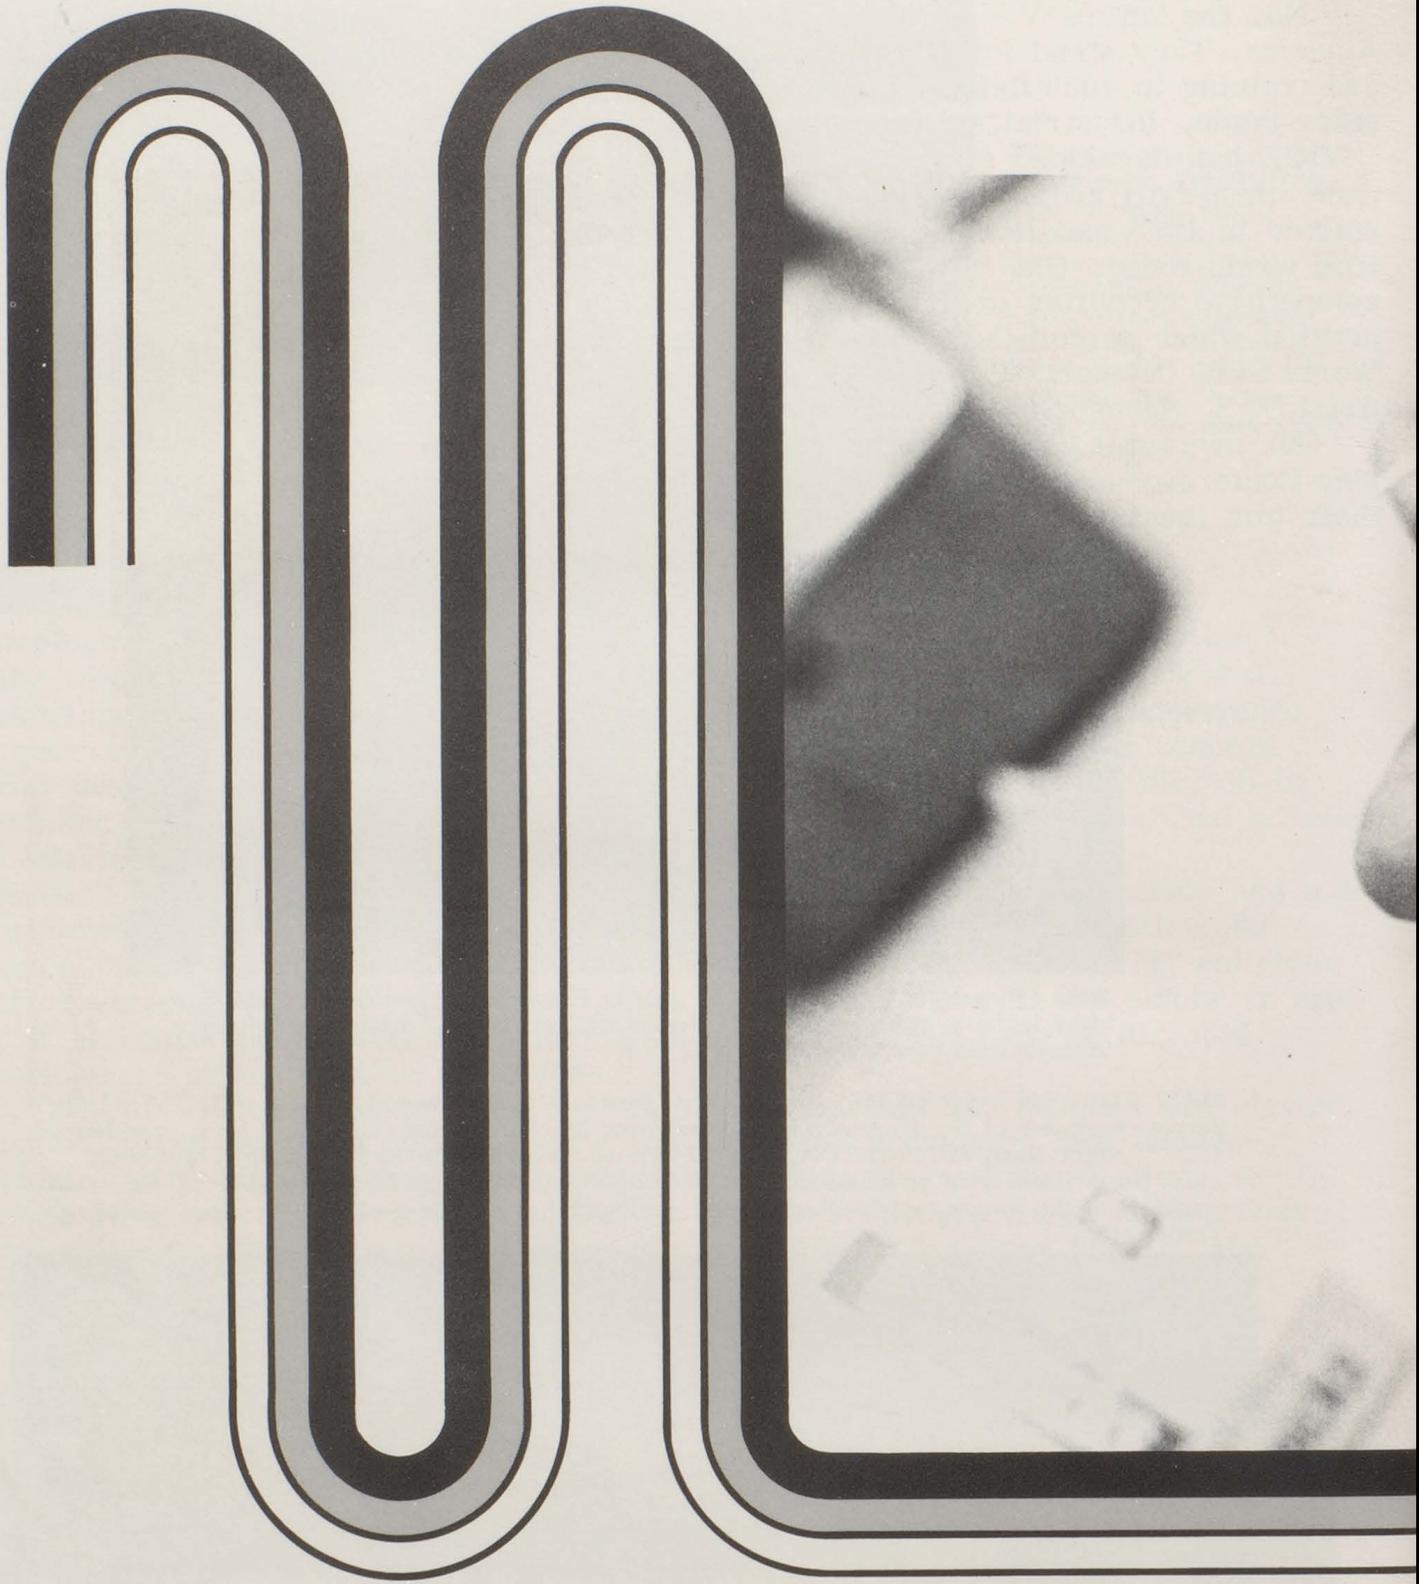

Our own local VICA club has participated in the state elections and Combined Leadership Conference and will be competing in the Skill Olympics. They also keep very busy with their own local activities and fund raisers.
