INDIANA BELL TELEPHONE COMPANY
INCORPORATED

LONG DISTANCE CALLS

types of calls

STATION-TO-STATION

Call station-to-station if you will talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station-to-station. Charging begins when the called person or extension answers.

COLLECT

Most calls can be made "collect" if the person you are calling agrees to pay the charge. If you want the call made collect, please be sure to tell the operator when you give her the call.

MOBILE SERVICE

You can make local and long distance calls to automobiles and trucks equipped for mobile telephone service. Ask long distance for the mobile service operator.

CONFERENCE

You can talk with several people in different places at the same time. Tell the long distance operator you wish to make a conference call.

how to make calls

AREA CODES

The United States and Canada are divided into numbering areas each identified by a 3-digit Area Code.

See pages IV & V for information about their use and a list of cities showing their area codes.

PLACING CALLS WITH OPERATOR

When you place your long distance calls with the operator, give her the area code and the telephone number. If you do not know the area code, give the name of the town and state. If you do not know the telephone number, give the name and address and tell the operator whether it is a station or person call.

Give your own telephone number only when the operator asks for it. Giving it to her before she is ready to receive it may delay the handling of your call.

overseas calls
(Including Alaska and Hawaii)

Calls to practically all the world's telephones can be made from your telephone. Tell the long distance operator you wish to place an overseas call and give her the name of the country you are calling.

Some typical weekday rates for a 3 minute call (excluding Federal Excise Tax)

ARGENTINA . . . \$12.00	PANAMA . . . \$9.00
AUSTRALIA . . . 12.00	PUERTO RICO . . . 6.50
BRITISH ISLES . . . 12.00	VIRGIN IS. 6.50
ITALY 12.00	ALASKA
JAPAN 12.00	Anchorage 8.25
PHILIPPINE IS. . . 12.00	Fairbanks 8.25
BERMUDA 7.50	HAWAII 7.50

Reduced rates apply on calls to many countries during certain night hours and on Sundays.

LONG DISTANCE RATES from ELWOOD

These typical rates are for the first 3 minutes and do not include the Federal Excise Tax. Rates are lower every night after 6 and all day Sunday, Thanksgiving, Christmas and New Year's Day. Time

at the calling point governs the application of these rates. For rates to other points, dial the long distance operator.

INDIANA STATE LAW

Concerning Use of Party Lines in Cases of Emergency

A statute enacted by the 1955 Indiana Legislature makes it unlawful to misuse party line telephone service in cases of emergency. An emergency is defined in the law as "a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential." The law, in part, reads as follows:

Section 2. It shall be unlawful for any person using a telephone on a party-line to refuse to yield such party-line, when requested to do so, to any person who wishes to place an emergency call from a telephone on such party-line. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

Section 3. It shall be unlawful for any person to obtain the use of a telephone on a party-line by falsely alleging the existence of an emergency. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

DIALING A LOCAL CALL

①

LOOK UP and JOT DOWN

the number.

Keep it in front of you as you dial.

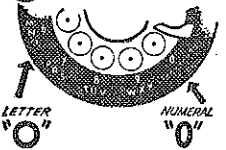

②

HEAR the DIAL TONE

before you dial.

③

DIAL the TWO LETTERS and the FIVE NUMERALS

Be careful not to confuse the numeral "0" (zero) with the letter "O."

④

AFTER DIALING you will hear—

The Ringing Signal

A soft "burr-r-ring" sound repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer, about 10 rings, before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound means the called line is in use. Hang up and call again later.

TO GET A NUMBER FROM INFORMATION

If you cannot find the number in your directory or in your personal list of telephone numbers, dial 113. When the Information Operator answers, first give her the name of the city or locality you are calling. Then give her the name and address of the party whose number you want. By first specifying the city or locality, you will insure faster service.

CALLING ANOTHER PARTY ON YOUR LINE

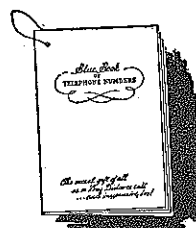

To obtain information on how to call another party on your line, dial "114"—Repair Service.

IF YOU HAVE DIFFICULTY IN DIALING

or need assistance—

DIAL "OPERATOR"

BLUE BOOK OF TELEPHONE NUMBERS

For faster service this attractive Blue Book of Telephone Numbers provides a handy place for keeping your personal list of local and out-of-town numbers. **To obtain without charge, just call, write or visit your business office.**

Elwood, Ind.

BUSINESS with the COMPANY

Your Business Office Representative

Your account is handled by a representative at the Business Office who will help you in any service requirement. She will arrange for new or additional telephone service, a move or disconnection of service, listings in the directory, and advertising. She will also answer questions about your bill or payments, and will furnish information on other telephone matters.

To reach your service representative by telephone, just call FE 2-3301. If you desire to transact business in person, please call at our Business Office at 1527 North A.

Office hours are from 9:00 to 5:00 (closed Saturdays, Sundays and holidays).

Your Telephone Company Manager

R. P. Ross

FE 2-3301

Bills May Be Paid in Person at the Following Location

Telephone Company Business Office { ELWOOD—1527 North A.

When paying in person please bring the bill and bill stub with you. This will save time. In Elwood, after business hours, and on Saturdays, Sundays and holidays payments may be made in a depository marked "Payments" located at the Business Office.

Paying by Mail

Payments can also be made by mail. Please return the bill stub with your payment. This will speed the crediting of your account. If the stub is gone, please write your telephone number on your check.

Elwood, Ind.

A New Look in Numbers

644-8801 829-2204

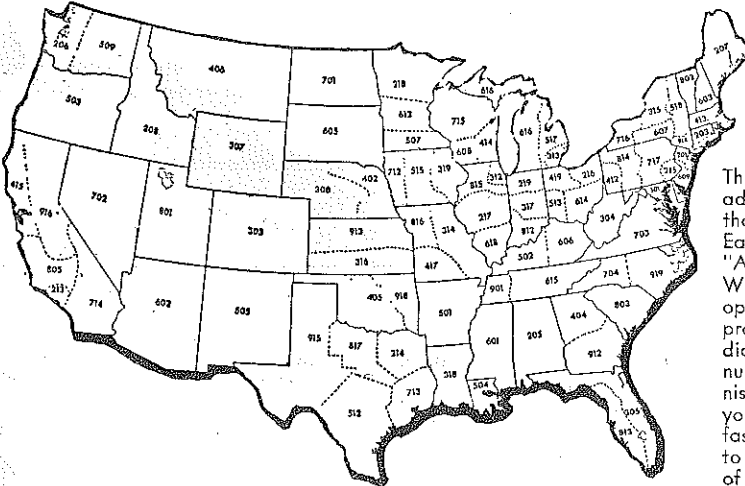

Some cities are now using numbers with seven numerals like 644-8801.

To reach these numbers give the operator the seven numerals, using an area code when required.

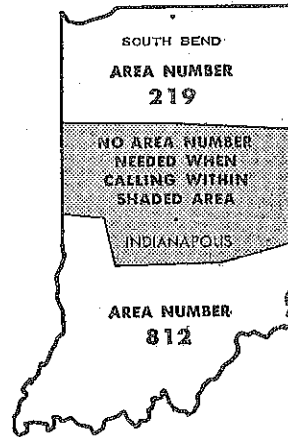

2

Here is a new way to make your long distance calls go through faster!

Faster—because it takes advantage of the way the Long Distance operator now dials your call to many cities.

The United States and Canada are divided into more than 100 "Dialing Areas." Each area has a 3-digit "Area Code" assigned to it. When you place a call, the operator determines the appropriate 3-digit code, she dials it, then the telephone number you want. By furnishing the 3-digit area code your call will go through faster. You don't even need to give the operator the name of the city you are calling.

This map of Indiana shows its dialing areas. Elwood is in the "317 area." When you call another city in the "317 area," there's no need to use the "317." So to call Crawfordsville, Kokomo, Muncie or other cities in the 317 area, just give the operator the telephone number you want. By saying EM 2-7000, you would get that number in Crawfordsville.

Whenever you call outside the "317 area," whether to a point in Indiana or another state, you follow the same easy method. Let's say you want to call EA 2-1299 in Denver, Colorado. You merely tell the operator "Area code 303-EA 2-1299." She will dial your call and then ask you for the number from which you are calling.

There are still some places the operator cannot

dial direct. If you should call one of them, she will ask for the name of the city you are calling.

On the next page are some Area Codes for cities that are frequently called. Other Area Codes can be obtained from your Long Distance operator. You can record them in this directory or in a Blue Book. These books for recording telephone numbers can be obtained free from your Business Office.

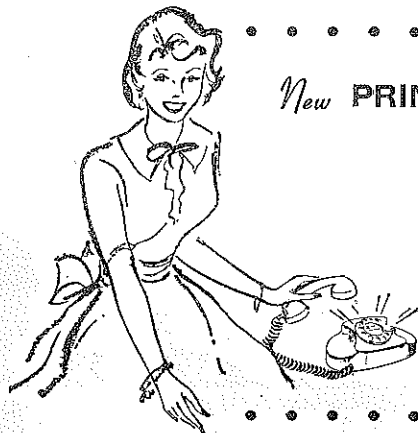

Elwood, Ind.

To obtain area codes for points not listed, Dial "0" and ask the Long Distance Operator.

Make it easy for people to reach other members of your household, relatives who live with you, teenage children—or key people or department heads in your business.

Extension Telephones

Enjoy the convenience of step-saving extension telephones throughout your home in the . . .

- Kitchen
- Bedrooms
- Living Room
- Recreation Room

Telephones now come in many beautiful decorator colors to blend with or accent the color scheme of your home furnishings.

Modern Intercommunication and Switching Equipment

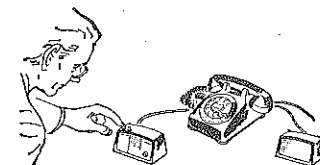

Whether you need a simple push-button telephone, an intercommunicating system, a switchboard, or a complete dial system, you can be sure there is economical telephone equipment available to handle your communications requirements. A communications expert will be glad to call on you. No obligation, of course.

TO MEET YOUR NEEDS

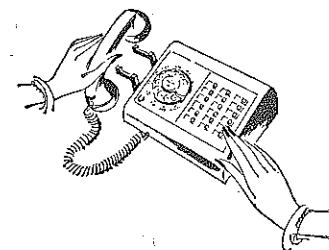

Speakerphones

A special microphone and small loudspeaker associated with this telephone enables you to carry on a conversation without lifting the receiver. The sensitive microphone picks up your voice from several feet away and frees both hands while talking. It can also be used as a regular telephone.

The Call Director

This streamlined, modern, functional piece of telephone equipment is designed for today's business requirements. Available in a choice of three colors and equipped with versatile push buttons which give access to a number of lines, hold calls while answering others and permit signaling and conferencing arrangements.

Additional Telephone Lines

A separate number in your home or place of business makes it easier for friends or customers to reach you. Ideal, too, for large families or for your "teen-ager."

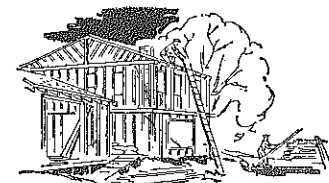

Shoppers' Wonderland!

THE YELLOW PAGES

YELLOW PAGES . . . the shopper's wonderland . . . the buyer's guide . . . the business man's go getter. Buyers—prompted by a continuing and novel promotion of the Yellow Pages—turn to them more and more for the products and services they want and need. Best of all they use the Yellow Pages when they're ready-to-buy. A convenient and time-saving service for the consumer, and for the businessman . . . YELLOW PAGES means BUSINESS!

Telephone Planning for PRESENT AND FUTURE NEEDS

If you're building or remodeling, plan for the telephone service you will want, both now and in the future. Provide for your needs while the walls are open. The telephone company will gladly help you plan ahead—whether for home or office.

Automatic ANSWERING SET

Certain telephones are equipped with an automatic device, known as an Automatic Answering Set, which answers the telephone mechanically when no person is available to answer and then makes a recorded announcement.

If your call is answered by an Automatic Answering Set, listen carefully for the announcement which will be self-explanatory.

Some of these sets will also receive and record a message from the caller.

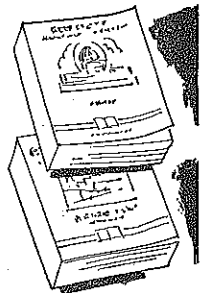

**TELEGRAMS
by
TELEPHONE**

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph company—see the listings of that Company in this directory—and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

When You Hear A "BEEP" TONE

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

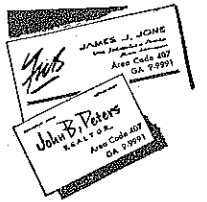

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained by our customers at a nominal charge. Call our Business Office FE 2-3301. Telephone directories of the principal cities and towns in the United States may be consulted at 1527 North A.

**ATTACHMENTS
To Telephones**

The Telephone Company furnishes all equipment necessary to provide telephone service. In the interests of safety and good service, no equipment, apparatus or device not furnished by the Telephone Company may be attached to, or used or connected with, its facilities, except as otherwise provided in the Company's tariffs.

**Your TELEPHONE NUMBER
Is Important**

It's smart to make it easy for your customers to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your area code, too—it helps distant parties call you faster.

Employee IDENTIFICATION CARDS

For your protection, any employee who visits customer premises carries an official identification card showing his or her name, photograph and signature. If you have the slightest doubt about anyone who says he's "from the Telephone Company" ask to see his card.

TARIFFS

Tariffs which show rates, rules and regulations for telephone service and facilities, approved by the Regulatory Commission, are available in our Business Offices for public inspection.

Elwood, Ind.

Good News for People Who Like Family Chats

**Bargain Rates on
Long Distance Calls
to Indiana Points
From 9 P.M. to 4:30 A.M.**

Like to get *double your money's worth*?
You can do just that tonight . . . or any night!

Reduced rates for "station-to-station" long distance calls between any two Indiana telephones from 9 P.M. to 4:30 A.M. make this bargain possible. (Station-to-station calls are those on which you are willing to speak with anyone at the number you are calling.)

Talk Twice As Long

Under the low Hoosier Night Rates you can talk twice as long, and pay no more than formerly on calls of 25 miles or more. In other words, from 9 P.M. to 4:30 A.M., the initial period has been increased from 3 minutes to 6. And when your call lasts longer than 6 minutes—the additional charges above the 6-minute base rate are measured by each extra

2 minutes you talk, instead of 1 minute as in the past.

Ideal for Family Visits

We recommend "station" calls if you want to save time and money. They are ideal for family visits when you are calling an out-of-town residence telephone number.

Please remember that the Bargain Hoosier Night Rates affect only station-to-station long distance calls made between any two Indiana telephones. They *do not* affect calls to points outside the state . . . those rates remain the same.

Evening and Sunday station-to-station rates and the three-minute minimum period still apply within Indiana from 6 to 9 P.M. on weekdays and all day Sunday until 9 P.M.

TALK TWICE AS LONG AND PAY NO MORE!
