Foreword

As our nation progresses so must the youth of today progress. Since we believe that the future of our nation depends upon the education of our youth, we students of Summitville High School wish to show you in this yearbook the high educational goals which we are striving to obtain.

The basic idea of education in the United States is that self-government requires informed citizens and that every one, according to his capability, is given equal opportunity to learn.

We will guide you through our yearbook by means of our newly formed school crest; our crest symbolizes the many and varied activities that occur throughout the school year.

School Life Revolves Around These

The waving of the red, white, and blue reminds us of our American heritage.

What Morrie won't do to get a good picture!

At 3:15, you take your life in your own hands.

The students board the school busses at the end of another day.

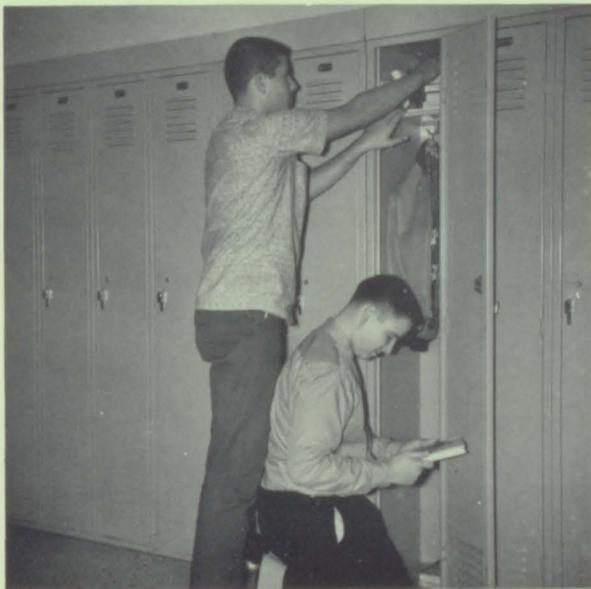

"Common Scenes" and "Busy Spots"

Candy thieves caught in the act.

Hardened members of the W.P.A. (We poke along)

A last minute check of their lockers prepares Paul and Mike for locker inspection.

Mr. Ward finds S. H. S. students neater than the average???

Noon Hour Lends A Pleasant Variety

"We like this part of education best!"

"Get on your mark, get set"

"A moment on the lips,
forever on the hips."

To The Day's "Never ending" Activities

S.H.S.'s own "Mona Lisa" in action.

"Modern" implements repaired.

"May I have your attention, please?"

Confusion Sets The Scene

Sue, Sunny and Margaret try "bribery" on the hall monitor, Perry Weesner.

Morning finds Agnes busy with excuses.

The cooks are really busy when that long awaited 11:30 bell rings.

"Line forms at the rear." This is always a busy spot between classes.

Extra Activities Mean Extra Busy Students

"Ha! Ha! I just rolled a gutter ball."

"Caught ya loafin', instead of coachin'."

This party is strictly for "hobos."

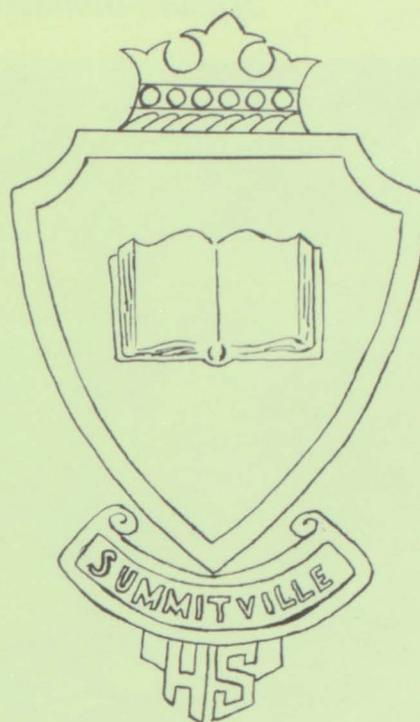

One of those common things . . . a couple.

Knowledge Builds The Foundation

Of Our Future Leaders

School Administrators Supply Facilities

As principal of S.H.S., Mr. Robert Absher deals with the many varying aspects of school life. It is his responsibility to see that each student receives the fullest benefits from his high school education. As a result of his careful guidance, our school has become an efficient institute of higher learning.

Mrs. Agnes Moyer, our school secretary, keeps the school's financial records along with the files of each student.

As Well As Leadership

Mr. Don Gossett, our recently elected trustee, began his term of office this year. We know that Mr. Gossett will prove to be a very capable administrator.

Mr. Harold Forrest has been trustee for the past eight years. His careful guidance has greatly aided our school in many ways.

Advisors to the trustee are John Bear, Gene DuPouy, and Robert Dean.

Loyal People With Important Jobs

Mr. and Mrs. Ward are the two capable people who have been responsible for the excellent up-keep and condition of our school.

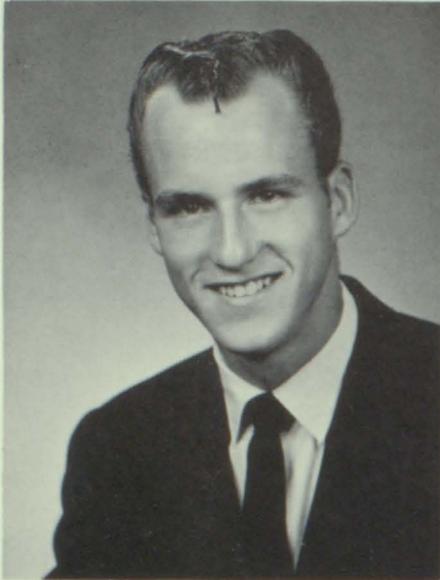

Emza Thurston, Belva Forrest, Doris Frazier, and Margaret Leachman are the four ladies who have undertaken the enormous task of properly feeding our school body.

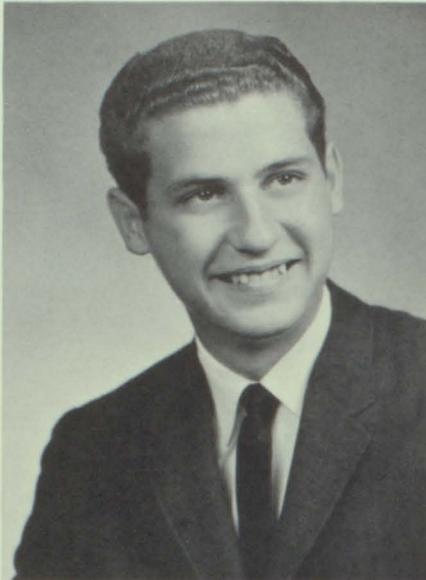

Art Watts, Tom Bair, Wilma Joyner, Betty Bogue, and Ralph Thurston go through rain, hail, sleet, or snow to see that the students of S.H.S. arrive at school on time.

Honor Society Rewards Scholastic Achievement

The National Honor Society members must qualify scholastically. They are also judged on citizenship, leadership, initiative, cooperation and attitude. The members are as follows: TOP

ROW-Jerry Irwin, Joe Gossett, Jim Broyles, Donna Stitt, Jim Johnson, and Bill VanNess. FRONT ROW-Pat McMahan, Susie Brane, Sharon Merrill, Pam Benton, Rosemary Johnson, and Linda Hiatt.

Boys' State Representative, Jerry Irwin; Alternate, Bill VanNess.

Girls' State Representative, Rosemary Johnson; Alternate, Connie Banker.

The purpose of Girls' State and Boys' State is to give our youth of today a better understanding of our local, coun-

ty, and state governments. Those who attend also return with new found friends and many happy memories.

Character, Co-Operation and Confidence

Are Strengthened Through Athletics

Basketball . . . Favorite Sport Of Young And Old

VARSITY BASKETBALL TEAM, left to right: Max Hannon, Bill Reding, Ken Dickerson, Robert Greer, Jim Kurtz, Dave Glass, Jerry Nottingham, Bill VanNess, Clayton Rudy, and Darwin Woodruff.

Under the capable leadership of Mr. Stone and Mr. Kurtz, the varsity squads are looking forward to a well-balanced and victorious season.

The Goblins' cause, this season, will be aided greatly by the younger members included on the varsity squad. If this proves to be true, the Goblins should be hard to stop in the following years.

Cheerleaders Add Color And Enthusiasm

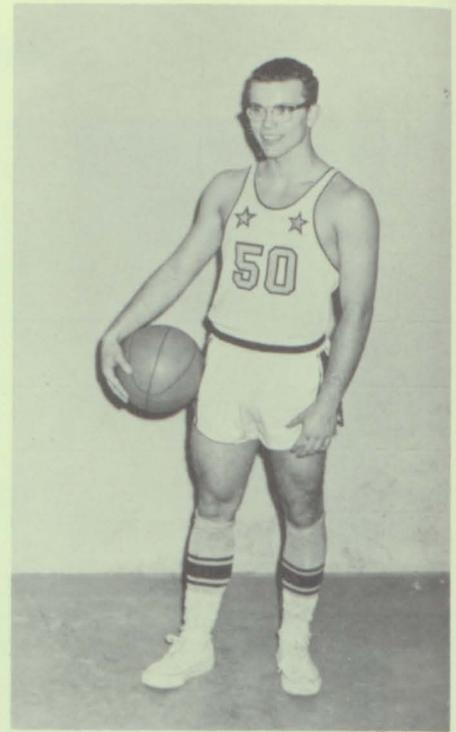

Varsity Cheerleaders: Linda Hiatt, Rosemary Johnson, Sue Ann Woolley, and Donna Stitt.

During the basketball season, cheerleaders along with the cheerblock do their best to back the Goblins.

Terry Weesner, Sunny Turschman, Pam Benton, and Bill VanNess composed the team which sold the largest amount of advertisements in the yearbook.

This hearty group of twenty-one seniors is the one responsible for the sale and collection of the ads sold in our yearbook.

The selling of ads is one of the most important jobs that has to be completed. Each salesman should feel very proud for we were supplied with a more than sufficient amount of advertisement.

electrical energy for the needs of motion

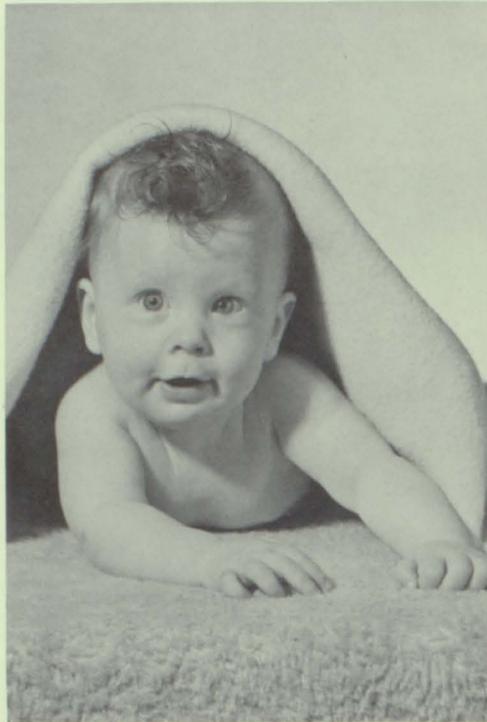

Delco-Remy delivers!

Wherever vehicles of any type are to be set into motion—on or above the earth—electricity is the vital auxiliary force that keeps them going. Right now, millions of cars, trucks and buses, including those built by General Motors, rely on electrical components by Delco-Remy. So do Power boats. Aircraft, off-the-highway and farm equipment manufacturers look to Delco-Remy, too. ■ Today Delco-Remy elec-

trical systems work better, longer and with greater reliability than ever before—durability tests, cold room tests, General Motors Proving Ground tests, and fleet tests see to that. And out of Delco-Remy's continuous research and development will come even better electrical systems. For producing reliable electrical systems that generate, transform and control electrical energy for the needs of motion has been a Delco-Remy specialty for over half a century.
