# AN OPEN HAND AN EASY SHOE, AND

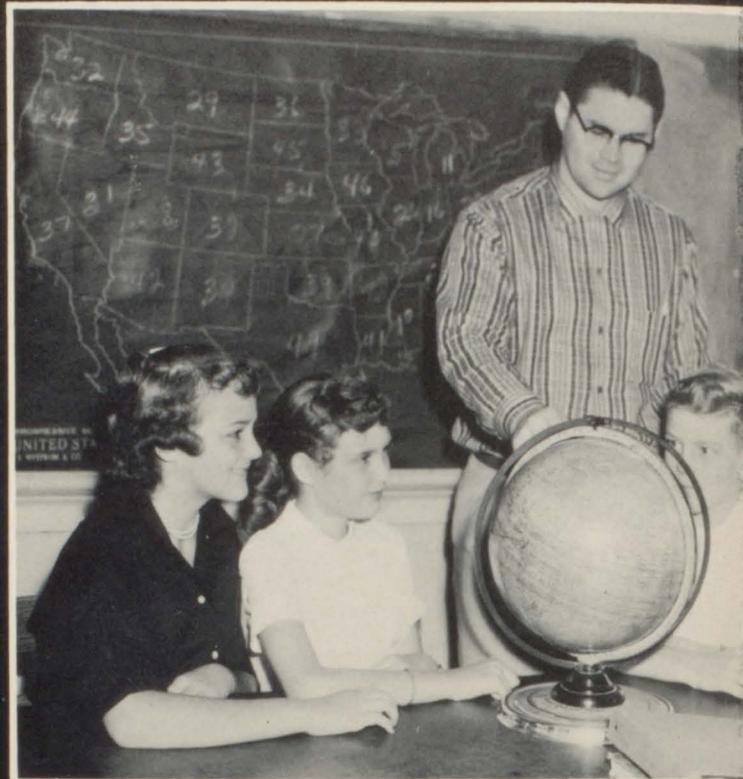

The series of experiences which go to make up the life of Frankton High School might fall into four fields- Education, School-spirit, Social Life, and Athletics.

As the students participate in these experiences, they find that they, like the new pair of loafers they purchased before school began, fit into the picture better by having participated.

It is the purpose of the 1959 Eaglite staff to present this picture as clearly as possible, and to provide you the reader with a gold mine of memories both now and for years to come . . . May you find that these experiences have like the shoe, worn well.

# A HOPE TO MAKE THE DAY GO THROUGH

ROBERT ED LEE

"Diamonds are only chunks of coal  
That stuck to their jobs, you see;  
If they'd petered out, as most of us do,  
Where would the diamonds be?  
It isn't the fact of making a start,  
It's the sticking that counts. I'll say  
It's the fellow that knows not the meaning of fall,  
But hammers and hammers away.  
Whenever you think you've come to the end,  
And you're beaten as bad as can be,  
Remember that diamonds are chunks of coal,  
That stuck to their jobs, you see."

## *In Memoriam*

Robert Ed Lee joined the faculty at Frankton High School in 1930 and since that time had Frankton and the students in the school as his chief interest. In the fall of 1947, Mr. Lee assumed the role of principal, a position he held until the time of his passing, Sunday morning, December 21, 1958.

Mr. Lee gave many long hours to his duties as principal. He was often found at work in the building in the wee hours of the morning. Truly the words of the poet who penned the lines above—he is a diamond. He stuck to his job.

## TOWNSHIP BOARD OF EDUCATION

The advisory board serves throughout the year as a council to the trustee. Their work is varied in nature and is invaluable to the trustee's office. Denver Mays, Dr. Fitzpatrick, and Charles Wells are pictured.

Waldo Canaday first became trustee in the year 1942. He served for two four-year terms. Following this he was clerk for his wife, Millicent Canaday who served as trustee for two four-year terms. At spring election time, the opposition did not put a candidate into the field but gave full approval to Waldo as the person for the job. Waldo Canaday began his third term as trustee of Pipecreek Township in January of 1959.

Millicent Canaday served the township well as trustee for eight years and it is with pride that we present her here as clerk to the Trustee of Pipecreek Township.

### KENNETH R. CONKLING

Mr. Conkling was elevated to the position as principal on January 1. He came to Frankton in the fall of 1947 to teach mathematics and to serve as assistant principal. F.H.S. students have appreciated his contribution to the school and wish him well in his new role.

## OFFICE AND ADMINISTRATION

MARGUERITE MILLER fills a spot in our school system that is very important. She is one of those persons who might be said to be 'everywhere at the same time', for she is at the beckon and call of the entire staff of more than twenty teachers and fills in at the office of the trustee when needed. In keeping with the theme of the yearbook, we could say that she is like the 'old shoe', she wears well.

# FACULTY

## Humanities

Many of the subjects taught in high school are classed as Humanities. They are essentially for the selfimprovement of the student alone but would not provide employment after graduation. They are the subjects which provide the medium of expression and play an important part in helping to mold the character of the student and to better enable him to fit into the "shoe".

## FOREWORD AND APPRECIATION

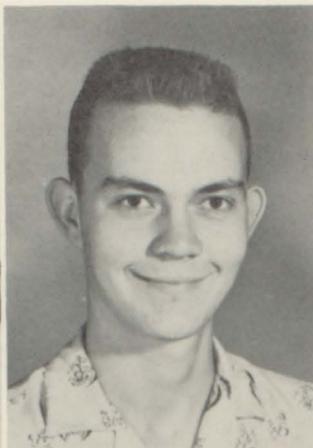

We the Senior Class wish to present to you the "59" Eaglite. This year's book is presented with mixed emotions since our class will be the last to graduate from this school. We would like to express our thanks and appreciation to the faculty and to our parents without whom graduation would not have been possible--and to our sponsors Marilyn Bowers and Kenneth Conkling who played a most important role in helping us to achieve our goal which seemed almost impossible. At last it is no longer a dream, we have attained our goal. With many more goals and aims for the future we leave Frankton High School to the Junior High and Grade School.

To Mr. Nash whose resourcefulness, unfailing energy and devotion, we the Eaglite staff would like to express a King Size THANK YOU! He has played the major role that makes this edition one that we are proud to present.

THE CLASS OF 1959 has grown in more ways than one. Perhaps this picture will refresh your memory. PRINC. R.E. LEE gives words of wisdom at the Jr-Sr Prom. The Prom Quartette was right there when it came to good music. HELP!!! LANCE WARRINER has spunk--this proves it. Running and jumping got him in that condition so he wont give up. BENNY KENNEDY got over in spite of his weaker brother. 4-H'ERS rest a might between showings. CALL ME DARLING was a success with all of the support we had from the pictured cast.

Joe Mays says, "Burnie, burnie!" at the Prom. . .Bouslog balances a plate at the Mardi Gras . . . as does his chum Taylor . . . Toast-master Beeman has the attention of practically all except . . . Papa carries Grandma to the sofa after a false faint in the class play . . . Principal Conkling cuts the rug with his favorite girlfriend, Mrs. Conkling . . . ## STUDENT COUNCIL

The Student Council was organized under the direction of Mr. Nash in 1953 at the popular request of the student body. Since that time the organization has become a tradition at F.H.S. The elected members to the organization are pictured Standing: Mr. Nash, advisor, Paul Swindell, secretary, Joe Mays, Bill Richwine, Tom Benefiel. Seated: Lee Craig, Terry Beeman, Gary Crawford, Linda Campbell, Vice-President, Lorna Sprague, Nancy Clevenger, President, Nancy Hays, Sandra Conklin, Bob Mills.

Elections are conducted in late April or early May under the supervision of the Student Council. At these elections, members to Student Council are named. Later the elected members meet for their election of officers. The Council is responsible for the Monitor System in the school. This organization has been a boon to the school. The crowning event of the school year is the Mardi Gras held the first Friday night in May. This is the big social event of the year.

On Monday, January 5, the first day following our Christmas holiday, the Student Council presented a memorial service for Robert Ed Lee, who had served faithfully as principal of Frankton School for eleven years. Student Council representatives from each of the four high school classes, Mr. Muff Davis, Miss Alspaugh, Mr. Nash, Mr. Conkling, Mr. Canaday, and the Council president, Nancy Clevenger, participated.

## HONOR SOCIETY

The Eureka Chapter of National Honor Society was formed at Frankton at the close of the 1958 school year. The organization was sponsored by the Student Council. The activities of the new organization have been limited thus far with only a Christmas program to their credit.

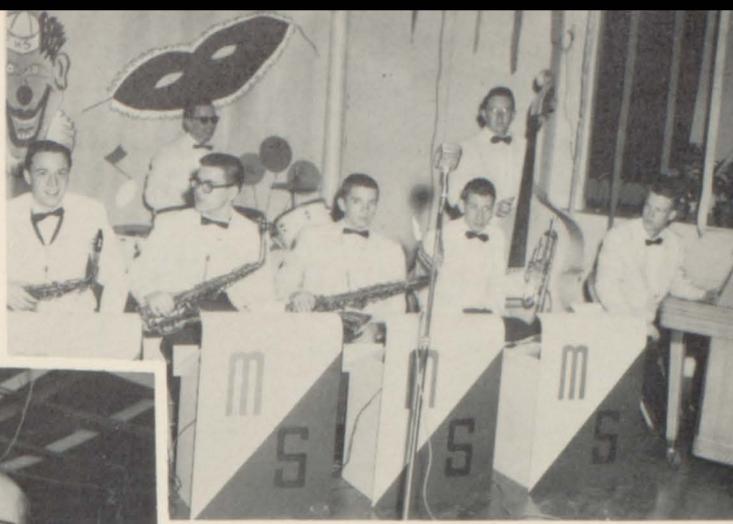

Students with a B average are considered as candidates to N.H.S. and then a faculty committee is responsible for the final selection on the basis of Service, Leadership, and Character. Elections to the organization are held within three weeks after the opening of each semester and impressive induction services are conducted for new members.

Members the first semester included: Terry Beeman, Sharon Jarrett, Regina Ashton, Barb Ousley, Tom Friend, Lorna Sprague, Myrna Hester, Dave Hoppes, Dave Shoulders, President, Nancy Clevenger, Lucy Riley, and Lida Foland. Mr. Nash is advisor.

# MARDI GRAS

The Mardi Gras is "the social event" of the year at F. H.S. Students in the high school look forward to the first Friday in May for a year at a time. Mike Shipley's band provided the music both this year and last.

Four candidates were chosen by the girls of the senior class as likely prospects for KING REX: Larry Beals, Larry Fox, Garland Antrim, and Larry Tomey. Penny votes chose Beals to reign as Rex, King of the 1958 Mardi Gras. The boys of the class chose Connie Waymire to reign as Queen. Mr. Lee, principal, crowned the King.

An hour long floor show is presented for the King and his court-Bowers and Antrim "chew the fat" for twenty minutes.

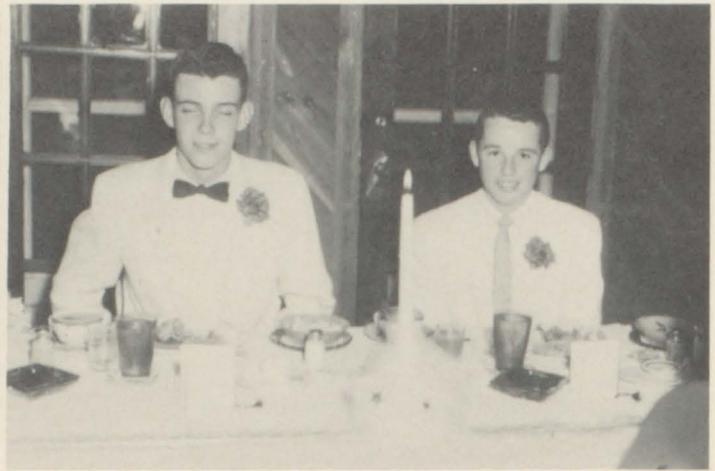

Food is a main feature of Mardi Gras which means 'feast of the fats.' Charles Smock, the first F. H.S. Student Council president, is served.

# PROM

The Male Quartette entertained as a part of the evening activity.

Senior Prexy, Garland Antrim sleeps through the meal while Junior Prexy, Tom Friend, looks pleasant.

Principal Lee gives parting words to seniors with the words "Duty is the sublimest word in our language. Do your duty in all things. You cannot do more. You should never wish to do less."

Lucy predicts the future of the group just before the meal comes to a close.

Many of the guests sat on the side and waited. They seemed to fear getting out on the floor to shuffle their feet.

Seventeen members of the Class of 1959 participated in the Junior Class production, "FRESH AIR". For many in the group, this was their first stage appearance. The cast pictured above included: Barbara Ousley, Joe Biedelschies, Linda Campbell, Mike Carpenter, Judy Hill, Diane Gillespie, Myron Etchison, Lance Warriner, and Max Roach. (Phil Leonard served as understudy for Max, who was ill at the time the picture was made. Dave Hoppes, David Shoulders, Lucy Riley, Linda Foland, Thomas Friend, Nancy Clevenger, Addie Turner, and Larry Condon. Students assisting Mr. Nash were Regina Ashton and Helen Garrett.

## DRAMATICS

A cast of twelve students was successful in producing "CALL ME DARLING," the Senior Class play. The success of the production could be attributed to the fact that the cast cooperated with the director, Mr. Nash, and his assistant, Mr. McNew, from the word "go". Four students, Ed John, Phil Leonard, Marilyn Stevens, and Helen Garrett, assisted with back-stage activities. The cast, pictured above, include Mike, Barb, Linda C., Dave, Nancy, Diana, Larry, Addie, Lucy, Linda F., David, and Judy.

Front row- l. to r.: Kirby, Mock, Hutchison, Benham, Nash, Porter, Legg, Hester, Mitchell, Jarrett. Row two: D. Stevens, Todd, D. Waymire, Wolfe, M. Stevens, Mills, Watkins, Bott, Fields, Henderson, Lawrence, Sprague. Row three: Campbell, Hill, Foland, McCarty, Miller, Heller, Hartley, N. Johnson, C. Johnson, Hampton, Gray, Huth, S. Waymire, Hudson. Row four: Bouslog, Foland, Taylor, Carpenter, Shoulders, Whalen, Etchison, Todd Ash, Phil Leonard, Mays, Davis, Abbott, Hart.

## CHORAL

Activities of the music department are varied throughout the years. No two years will find the group participating in exactly the same activities. The State Choral Festival attracts the attention of the group as a limited number are selected to participate each year. At Christmas time the group joined with the band to present one of the best musical programs to be presented in F.H.S. Groups within the group are chosen to form trios, quartettes, do solo work, etc.

The band pictured above as it appeared at the Christmas program includes: Don Foust, Elaine Floyd, Robert Dellinger, Larry Hart, Todd Ash, Wayne Whalen, Steve Sumner. Tom Singer, Carolyn Wright, Judy Daugherty, Nancy Whitcomb, Steve Wilson, Janet Whalen, Delbert Burton. Larry Abbott, Lela Harper, Diane Kirby, Frances Granger, Danny Johnson, Karen Jarvis, Danny Swart, Ginger Knight, Patty Whetsel, Terry Heaton, Penny Floyd, Eloise Rigsby. Dough Hood, Loraine Bouslog, Dixie Heaton, Maribeth Whetsel, Steve Cox, Carol Mock, Mike Whetsel.

## BAND

One of the most popular organizations in the school is the newly organized band. To get adequate practice, Mr. Barker has met the band during the noon hour the past year.

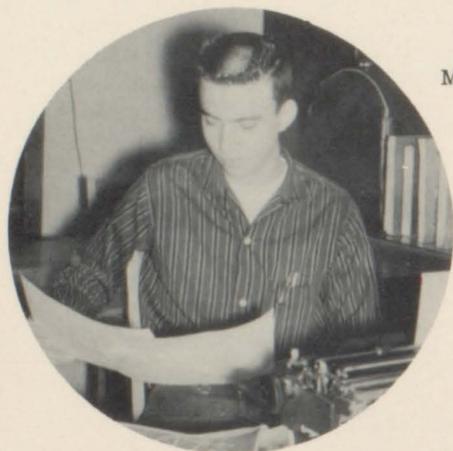

An organization of Band Parents has been active during the school year sponsoring varied activities, including a New Year's Eve Dance, to raise money to provide new uniforms for the band. Next year the band will be decked out in their new suits.

# THE NEW FRANKTON HIGH SCHOOL FROM BELOW THE GROUND UP

Construction on the new building began early spring 1958. Trenches were prepared and footing was poured while the ground was yet frozen. It seemed ages to those on the sidelines before the walls started to take shape. Soon we could see the class room divisions. The roof was laid in strips. This was covered with pitch. Bleacher forms were set in place and the concrete was poured. Then came the raising of the roof. This was literal. Large boom cranes were put into use and soon the rafters were in place. The painting of the rafters will not soon be forgotten by many of the citizens--they got a paint job too. The wind carried the silver paint all over town. The paint settled on cars, windows, etc. Roof was placed on the gym..Windows were set in place, classrooms were finished, the gym floor was laid, plumbing was set, tile was laid, lights were turned on, and near the middle of February the contractors pulled out to allow the township to complete the placing of equipment . . . Barring the unforeseen ..August, 1959, will see F.H.S. in new quarters . . .

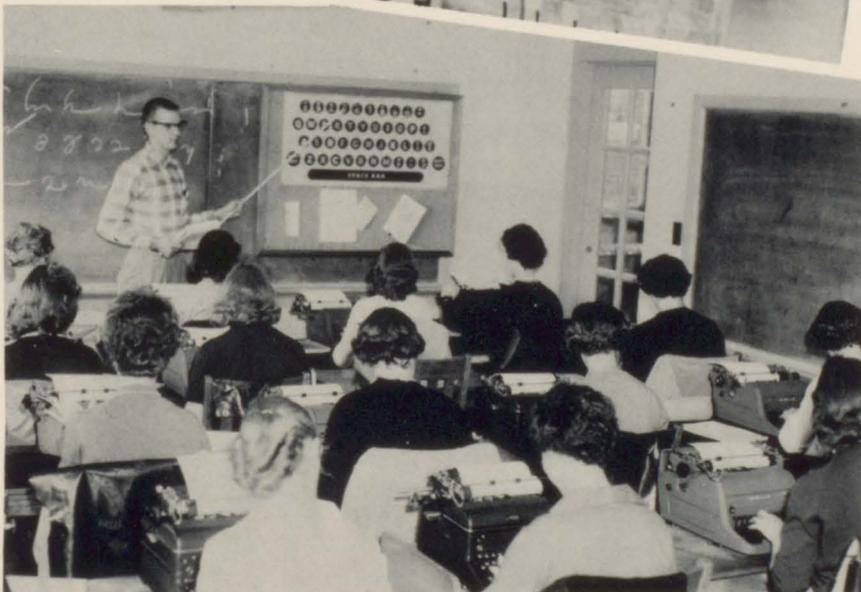

# DEPARTMENTS

Grade One students get a lesson in drawing the human animal. Mrs. Lucas provides a well rounded course in art to all the grades.

Miss Alspaugh checks with librarians on proper procedure for checking out books in the F.H.S. library.

Typing 10 provides commercial students with a good foundation for the business world. Bookkeeping and secretarial training round out the courses taught by youthful Ted Harbit.

## DEPARTMENTS

Home Ec head, Marilyn Bowers, assists the young seamstresses in the 'know-how' of getting a straight hemline.

Shop students have opportunity to 'dabble' in several fields before they complete their courses taught by Mr. French. Larry Abbott tries his hand at the lathe as Miller and Alexander look on.

"Hands up!" is the command given by the leader of the crew, Mrs. Bykowski, as the girls' gym class gets a lesson in limbering up.

# DEPARTMENTS

Periodically Mr. Kerkhoff spoils things for the entire student body grades 1-12..he has his young chemists cook up a nest of 'rotten eggs' --or is it H<sub>2</sub>S05-6YZ?

David Peterson and Corrine Mitchell listen carefully as Mr. Conkling explains to them how to use the 'slide-rule'!

Physics classes thoroughly enjoy the experiments with Prof. Ballinger. Classes which have consisted of men only have feminine appeal as well this year.

## SPECIAL SERVICES

The Safety Patrol was a pet project of the late Mr. Lee. The patrol was formed to assist the smaller youngsters in getting across the street enroute to school. Mike Carpenter has ably performed the chore as "Chief" this year. The Safety Patrol is composed of Seniors..

Four Faithful cooks prepare mid-day lunches for more than 400 famished students. Duties begin long before the students arrive that tasty meals might be ready on time.

Don Waltermire and Phil Harvey proved faithful as students and again as caretakers of the building. Phil makes the early morning shift a project while Don comes in at a later hour and stays to tuck the place in at night. Two good boys doing one good job.

Head Monitor checks a pass carried by her assistant. Sharon Jarrett has served F. H. S. as head monitor for the past two years as has her assistant Jannice Nash.

## TALON CLUB

Lettermen in Frankton High School athletic department compose the Talon Club. Officers of the 1958-59 Club are Tom Friend, Lance Warriner, and Larry Condon.

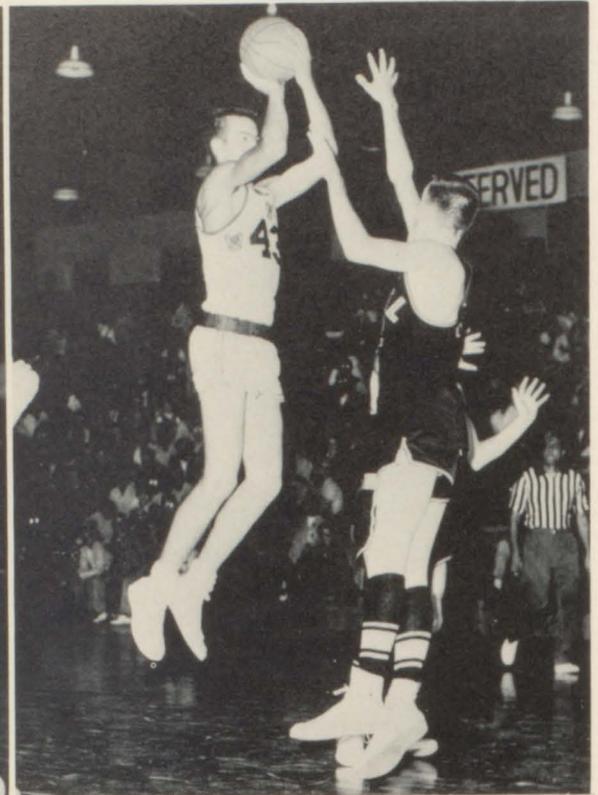

Pictured above are: Kneeling: Ronnie Mauck, Dave Hoppes, and Jim Waltermire.

Standing: Jerry Mays, Paul Swindell, Bennie Kennedy, Richard Brashear, Ronnie Smith, Bob Heady, Harris Ebert, Dave McPhearson, Joe Mays, Vic Kemper, Dallis Curtis, Lance Warriner, Tom Friend, and Larry Condon.

## F.F.A.

The Frankton Chapter of F.F.A. is composed of thirty-seven vocational agriculture students supervised by Gordon Kerkhoff. The members of the club pictured are: Front row - l. to r.: Wayne Kerkhoff, Don Foust, Mr. Kerkhoff, Dick Samuels, Gary Wright, Jerry Mays, Joe Mays, Bill Richwine, Max Roach, David Pennington, Ronnie Joe Smith. Second row: John Goldsberry, Richard Turner, Ben Richwine, Steve Hudson, Charles Stottlemeyer, Bob Dellinger, Steve Horn, Danny Jackson, Paul Swindell, Larry Abbott, Max Bailey, Myron Etchison. Third row: Larry Cochran, Bob Jarrett, Dallas Curtis, Gary Welborn, David Hahn, Steve Wright, Steve Whitcomb, Terry Avery, Morris Stigall, Jerry Davis, Mike Banker, Danny Hobbs.

Ronnie Smith keeps his eye on the ball---Heady says, "a ball in the hand is not exactly the same as a ball in the basket."

Brashear, Condon, and Smith take their places in the tourney game against the Goblins.

The pages which follow in this 1959 Eaglite are dedicated to the memory of one who was a sports man, indeed: Robert Ed Lee. His chief interest in the extra-curricular field was basketball. He was a fan when the team was winning and a fan when they were behind. To him, we dedicate these pages.

### TEAMWORK IN BASKETBALL

When a player gets to thinking  
 He's too good to have to train;  
 Fails to heed the rules of conduct  
 All athletes are bid maintain;  
 When he saunters out to practice  
 Only when he feels just right,  
 And the ire of coach and teammate  
 Makes him beam with keen delight.  
 When he shirks in all his studies,  
 Thinks they have to let him pass;  
 Brags about his clever bluffing  
 And his exploits while in class;  
 When the indoor court's regarded  
 As a place to strut and stroll  
 And he bids the others feed him  
 So that he may make a goal;  
 Better he should play the showers,  
 Even though it cause defeat,  
 More's at stake than winning,  
 Other tests the team must meet.  
 -Apologies . . .

**GM'S  
FIREBIRD III  
LEADS  
THE  
WAY,  
STARTING  
WITH  
DELCO-REMY**

Now inquiring minds have turned space-age tools—electronics, transistors, computers—to ground-level motoring. From tapering mouth to towering dorsal fin, the experimental Firebird III is imagination in motion, bristling with new ideas from many General Motors divisions.

The vital "heart"—the electrical system—of this new concept in transportation for the future was designed and built by Delco-Remy engineers. From the compact, transistorized voltage regulator to the 110-volt auxiliary a.c. generator—powerful enough to operate home power systems in emergencies, or run appliances on camping trips—Delco-Remy's contributions to Firebird III engineering point out the shape of things to come in the automotive electrical equipment industry.

Experimental? Yes. Exceptional? No—for working to develop improvements in the field of automotive electrical systems is a permanent task here. Rather than wait for the future, we like to step forward and meet it.
