### Foreword

In this publication of the Black and Gold we have endeavored to portray as much of the school life as possible. Our aim is to make this book an accurate record of the activities of Fairmount High School for the school year 1925-1926. We hope that we have met your expectations and produced a book that will satisfy you now and five, ten, or fifteen years hence.

# **EDICATION**

We, the student body of the Black and Gold, dedicate this annual to our parents and Fairmount Community in recognition of the opportunities which they have given us in providing a school like Fairmount High School.

### DEPARTMENT OF HEALTH

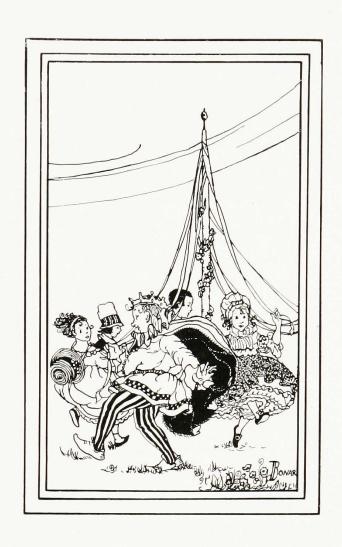

Time was when school was a place for cramming into the minds of growing children sets of facts. How different today when school officials are coming to realize that a strong and useful mind demands a strong and healthy body. The boy or girl who is kept from school even a short time by illness is losing and the

community is paying just the same as if he were in regular attendance. F. H. S. is proud to be one of the few Indiana High Schools that boast a well equipped Health Department. The picture at the bottom of this page tells the story of equipment and the following table tells something of the work done.

#### LITTLE DOPE ON US

We're a pretty good class; watch our outfit when we get out and we will prove it. During our four years at F. H. S., we have procrastinated and worried the pedagogues about as much as any of our forerunners, only we got by with much of it and so haven't left quite such a bloody path as some of the classes.

To begin with we are an ancient lot. When we started in only three girls in the class had their hair bobbed and they just grew up that way and couldn't help it. Then one could get out of any assembly, by just signing a paper. The boys were running the locker room under the stairs in full blast. Lacy Shore hadn't joined the army because of a broken heart, Mac Walters was our sponsor, and we had a feminine president, Celia Hayworth.

In 1924 twenty-seven girls had their hair cut once in a while and we began to come out of the woods and find out what it was all about. If the haircut's aren't enough proof of this get out your 1924 annual and see for yourself. We traded Mac Walters for Miss Arnold and Mr. Bergdoll and we've had a Latin teacher ever since. Fred Jones was president and the vice-president did a lot of heart breaking, the first prominent move in this direction we made.

1925 found us with Miss Arnold married, but still explaining to the Latin people how much Gaul Caesar had, and Mr. Galey in Bergdoll's place. Love affairs were becoming more and more complicated, as such things have a way of doing. We began acquiring the sophisticated look you have doubtless noticed we now have. This can be proved by a second inspection of old annuals. We had an outstanding party at Mrs. Winslow's and gave the Seniors a reception, a great surprise to us both; it came as a sort of inspiration. The other social event of the year cost two semoleons and several citizenship grades; a few representatives at the Freshman party acted on the entertainment committee. Harold Mahoney flourished as president, a very efficient one.

This year we went through the usual orgies, got our rings, pins, cards, and invitations, and came out of it in fine shape. Speaking of officers the world must hand us at least one rose because we have always used discrimination in electing treasurers, money is one thing one has to watch. Ed Lafler played the title role of "Clarence", our class play, and kept up his reputation, too. Miss Kenyon, who took Mrs. Winslow's place as sponsor directed the play aided by Mrs. Wood. Since we are leaving, we would like to tell the rest of the school that being a Senior isn't quite so complicated as it sounds.

Friends, jes give me youar divided intention fo' about a minute and listen carefully to what I is about to proclaim. Three years hab passed since these boys and girls has comed into ouah midst. ## YEA, SOPHOMORES!

We, the Class of '28,

Do not pause or hesitate,

To lend a helping hand where e'er we may.

We always try to do,

What we think is square and true,

So of us our teachers truthfully could say.

"Oh! the Class of '28,

It is splendid and it's great,

And they do the work assigned to them with skill.

When from school they make their way

Into this world of today,

They will put into their work their heart and will."

Yes, the Class of '28,

It is splendid and it's great,

To Sophomores, the greatest, 'tis of a11.

We have faults to overcome,

But we'll down them one by one,

Yea, Sophomores! We'll rise, but never fall.

### THE SPIRIT OF F. H. S.

Perhaps the spirit of F. H. S., cannot be better symbolized than by its emblem, the acorns and oak leaves.

A school is the ground upon which the little acorns are cast. Whether these acorns develop into sturdy handsome oaks or scrubs or do not grow at all depends upon several things: the soundness of the acorn, conditions of the soil, and the climate. The unsound worm eaten acorn will not even germinate. The smooth fertile plains of the temperate zone make it possible for the sound acorn to grow into an oak of greater size and beauty while the barren wind swept, rock strewn mountain or the frigid zone would retard if not prevent its growth.

The unsound acorn cannot be helped by the schools, but the school can till and enrichen the soil upon which the acorns are thrown that the sound healthy ones may grow and flourish. This thing F. H. S. has endeavored to do and has done.

The soil upon which the future oaks are cast is the equipment, curriculum, and instructors. This soil may or may not be rich. In the case of F. H. S. it is of the best. The climate is the progressiveness and the spirit of the pupils and instructors. Here at F. H. S. the climate is enhanced by the spirit of friendly co-operation and by the helpfulness of the instructors toward higher attainments in all phases of life.

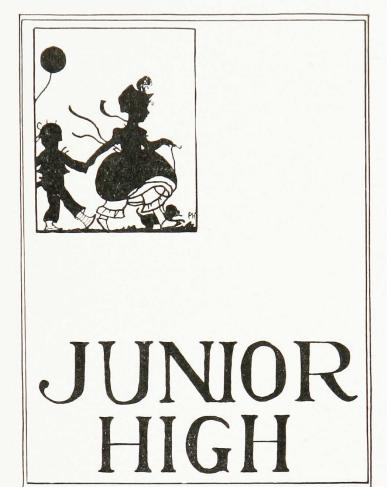

The growth of F. H. S. itself may be likened to that of an oak. It started in a small way under rather adverse conditions, but the acorn proved sound and sturdy. It has made a slow dependable growth for many years and in the last several years it has grown to be one of the very best of its kind in the school forest of Indiana. It tosses mighty branches to the breeze and shelteringly hovers over all the acorns committed to its care. The management and supervision are most efficient, the equipment modern and the principles lofty. Every condition is made favorable for the acorns cast upon it, that they may grow and flourish.

# Fairmount High School Now Member of North Central Assn.

Fairmount High School has been accepted as a member of the North Central Association of Colleges and Secondary Schools which admits her to the selected list of schools in twenty of the north Central States. This is truly the "Brad Street" list of education in these states. Membership in this means not only an enhanced prestige but a mutual co-operation in all matters that will help education to more adequately perform its mission.

The most outstanding qualifications for membership are that the teachers must meet certain very high standards, that the curriculum must be complete and extensive and that the buildings must be adequate with a well-equipped library and laboratories.

### THE BUILDING OF OUR F. H. S.

Sail on, Sail on, Oh Junior High,
Move on, Move on, for we are nigh.
The F. H. S. with all its fears,
With all its hopes of future years,
Doth now depend on Junior High.
We know what master laid command,
What workman stopped to lend a hand.
Fear not the sudden sound and shock,
'Tis of the wave and not the rock.
Sail on into the sea of life.
Our hearts, our hopes are all with thee,
Are all with thee.

# ORGANIZATIONS

# EIGHTH PERIOD

The beginning of our first semester found an important change in the daily routine of our school life. Heretofore if any convocation or important meetings were wanted we had short periods or entirely eliminated the period during which the meeting took place. This was very inconvenient considering the confusions and the loss of time and work.

The need for a better arrangement was apparent. The school authorities decided to reserve the eighth period for activities such as convocations, clubs, moving-pictures, and class meetings which are known as extra-curricular activities.

This new arrangement has been proved valuable by the Pittsburg, Pennsylvania High Schools and other leading High Schools all over the United States.

On Monday the Senior High has moving pictures, which has become a regular institution in F. H. S., and the Junior High has orchestra practice. Tuesday Junior High has pictures while the Honor Society and Student Council meet alternately. Wednesday the Tri-L's and Hi-Y meet and on Thursday the Girls' Athletic Club, Campfire Girls, and the Dramatic Club meet regularly, while the H. E. Club and the Agricultural Club meet on the second Thursday. Convocations, class meetings, Annual staff, etc., may take place on Friday by arrangement with the principal.

# PRAYING QUAKERS OF '25 AND '26

The record of the Fairmount boys is beyond reproach,

And we must give due credit to their worthy coach.

So here you find the record of this fighting team.

Fairmount starts with 23, Pendleton 16.

The next game showed a closer score, Fairmount 26, Montpelier 24. The next to fall upon the scene,

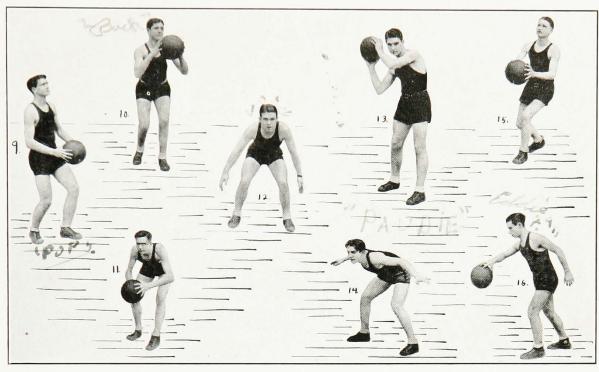

Fairmount 46, North Manchester 16. Oh yes! here is another one, too,

Fairmount 29, Summitville 22.

And don't you think this looks real mean?

Fairmount 34, Hartford City 18, And this one you can plainly see, Fairmount 36, Waynetown 23. At Wingate they tied at 34, But over time gave Fairmount a lead of 4.

The next thing to happen then, Fairmount 51, Jonesboro 10. Then came those guys tall and sporty, Fairmount 27, Marion 40;

9. MASON JONES

"Pop"

"Pop" was second high point man of the season and has one year left. He should go good next year.

### 10. HARRY WEAVER "Buck

Although 'Buck's' first year as regular he was high point man, averaging 13 points to the game. He, also, graduates and his place will be hard to fill.

### 11. FREDERICK HAYES

"Fred"

"Fred" is a Junior. He worked at back guard and has the making of a good man.

### 12. VIRGIL CREEK "'Virg'"

"Virg" worked at guard. Was handicapped by injuries but makes a good player.

### 13. PAUL HOFFMAN

"Paudie"

"Paudie" also has another year. He played regular on the Van Buren team. He should go good next year.

### 14. JAMES BUEOY

"Bouy"

"Bouy" did lots of traveling. He is a Sophomore.

### 15. OTIS DEETER

"Otis"

"Otis" is a Soph. He was a hard worker.

### 16. EDWARD SELLERS

"Ed

 $\rm Ed$  is only a Freshman and is one of the best dribblers in the state. A regular job seems sure for him in the future.

# PRAYING QUAKERS OF '25 AND '26

But why give up with record clean? Fairmount 37, Noblesville 18. And this one, too, I guess will do,

Fairmount 29, Pendleton 22;

And then with 60 to 29

Fairmount lost to Marion a second time.

Then coming back with vision keen, Fairmount 42, Sweetser 18,

When this one knocked us out of line

Fairmount 22, Gas City 29.

Where in the world are words to rhyme

With Fairmount 58 and Knightstown 29?

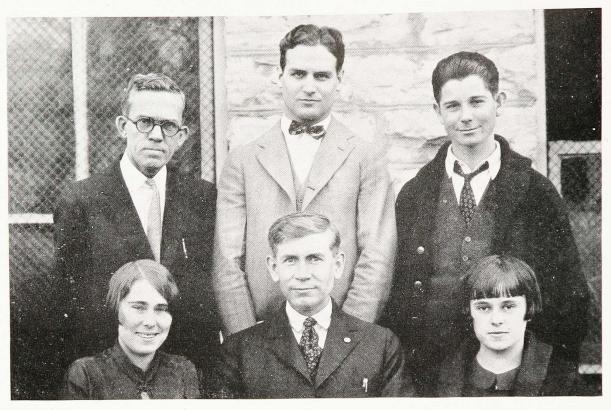

This one made the boys feel blue Fairmount 27, Lapel 32;

But steadfast and determined they kept pressing through, Giving Noblesville 30 and them 52 And again they won a victory

Fairmount 52, Jonesboro 33. With Fairmount 25, Hartford City 21 Marks all the victories but one. So with Fairmount 36, Sweetser 16.

All of the record now you see
Which goes to show if you will read
This plucky team sure had some
speed.

# TENNIS TOURNAMENT

Arthur Payne Tennis Champion

Mr. Neel announced a tennis tournament to promote interest in tennis which, for a few years has been in the background in Fairmount. After this announcement the courts were filled from 7:30 to 8:30, from 11:45 to 12:40 and 4:05 until dark.

When the call for entrants was issued about fifty boys reported and drew their opponents for the first game. A set of two winning games out of three games played meant a step higher in the tourrament. The elimination games raged on for two weeks and four boys finally emerged to push on for that set goal. These boys were William Hill, Ed Iafler, Harry Weaver, and Art Payne. Harry Weaver was subdued by Ed Lafler in a hectic battle. While Art Payne overpowered Bill Hill in a slow game. This left Art and Ed for the final.

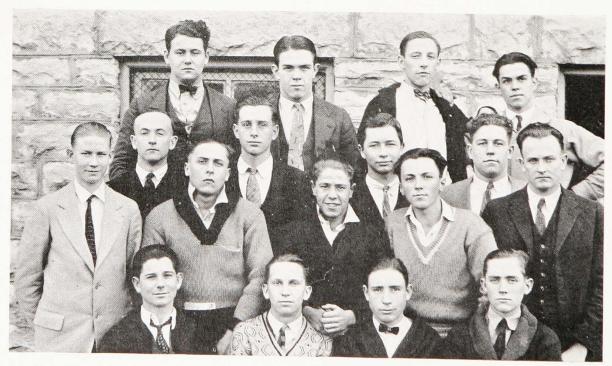

The best game of the tournament was the finals. A large crowd was there to witness the games and much interest was taken in them. Each was a "deuce" game. Although Lafler fought a good fight, Payne won the right to be called "The Champ tennis-player of Fairmount High School.'

SOCIETY

## BLACK AND GOLD DAY

The members of the Alumni have, heretofore, had charge of the Black and Gold Day program. Last year it was put in the hands of the Senior Class who soon would make their sorrowful exit.

The program consisted of several splendid numbers. Probably the most enjoyable feature was the class will, in which the Grand Old Seniors bequeathed all their honor, glory, famous reputation, horrid grades and also their superior place in the school life to the incoming class. Many were the tears shed for the Seniors, who would be no more.

The rest of the program consisted of musical numbers, readings, including the valedictory by Helen Leach and a pantomine in which the class colors were used.

### RECEPTION

We can't always go along in the same old rut: so this year the officials of the school changed the plans of the first reception.

Instead of the traditional old-time Freshmen reception, a Welcome party was given for all new teachers and students. Thus the poor Fréshies were saved from the cruelties of the upper classmen at last.

A beautifully decorated gymnasium greeted the eyes of the students,

teachers, and patrons of the school who gathered there.

Many participated in the games which were directed by Mr. Cecil Mills of Wabash, and which old and young alike enjoyed. After the games, refreshments of ice-cream cones were served.

### SOPHOMORE PARTY

The Sophomores had a very delightful time Friday evening October 2, 1925, when they went to the Naber Farm south of Fairmount for a weiner and marshmallow roast. Several teachers were present and enjoyed the good time with the rest. After a riotous time with games, they danced around the bonfire and sang songs. "By the light of the silvery moon" they bade each other good night and went home with the knowledge that they had added another bright link to their chain of school memories.

### HALLOWEEN PARTY

Ghosts and spooks were said to have prowled around in the vicinity of the High School, Friday night, October 30.

It was a real for sure Hallowe'en celebration. Many feeble old men and timid ladies of every type were among those gathered in the gym. Some of these were so very much disabled that they required a great deal of assistance to get from place to place.

Pa and Ma even brought the baby. The "cute little thing" who won many friends was well supplied with rattle boxes and, in fact, about every-

thing the "little dear" wanted.

There were also many beautiful maidens, shy and sweet, who moved about with graceful ease. Oh! yes, and vamps of the most attractive type and circus girls too! Some of these lassies were accompanied by handsome young sheiks who made a decided hit.

A number of these transformed and beautiful specimens of humanity proved to be members of the faculty—though one wouldn't have believed it.

The Grand March was led by Miss Virginia Selby, who was beautiful

as a Spanish Senorita, and Pauline Nation, dressed as a young man.

Prizes were awarded for the cleverest and for the most grotesque costume. Frederick Neel, Jr., won the prize for the cleverest costume while Eunice DeWeerd took the prize for the most grotesque.

Various contests filled the evening with amusement for all.

Delicious boiled ham sandwiches and apples were served to this happy group of people.

FRESHMAN PARTY

We Freshies had a Christmas party, December 11, after school. We played all kinds of games after which we had a lunch and exchanged presents. The guests present were Miss Ramsey, Miss Gregg, Mr. Neel, and Mr. Wellman. After the party all went to the basketball game between Fairmount and Hartford City. Most of the class were present.

### JUNIOR PARTY

Say, you sure did miss a lot of fun when you missed the Junior party at Betty Johnson's! By the way, we played games of every kind and you should have seen the prize Russell Wilson received. It was a wee blue-baby-carriage with a baby doll in it.

The refreshments of ice cream and cookies were the best part of the evening. When you want to miss a swell time just stay away from the

next Junior party.

J. H. S. PARTY

The Junior High School Valentine party was held February 13 from 4 o'clock to 6 o'clock at the High School gymnasium. As the guests arrived they had access to the fortune wheel which revealed their future life. Picture cards were passed among all the guests and these were matched to obtain partners for the evening. Games and contests in keeping with the season were enjoyed by all, after which the 7 B's and 9 B's were initiated. Refreshments of sandwiches and cocoa were served.

### HONOR SOCIETY PARTY

The honor society had a party at the home of Miss Ramsey, Friday

night, January 15th, after the game here with Pendleton.

The hours from 9:30 to—nobody knows just when because Mr. Wellman's watch was turned back—were filled with fun and laughter occasioned by the games and by the appearance of our three chefs.

The refreshments were heavenly in name and in amount.

### HONOR SOCIETY PARTY

The faculty entertained the members of the Honor Society at a Valentine party on January 29 at the beautifully decorated home of Mr. and Mrs. Neel.

The new members were treated to much foolishness and fun before they were formally received into the society.

A wheel of fortune foretold happy and semi-tragic futures impartially. Mrs Wood was most successful of all in the proposing game, while Loucile Eddy carried away "the spoon" in another contest.

The refreshments of ice cream, heart shaped cakes, and cocoa completed

the evening's pleasure.

### VALENTINE PARTY

"Mercy me! Am I in love? Do tell me what's the matter. Every time I look at you, My heart goes pitter-patter. The "Tri L's" entertained the boys of the Senior High School at a Valentine party, January 30. The guests were met at the door by the host and hostess, Arthur Payne and Lavelda Rigsbee.

Cupid was there shooting his arrows and fatally wounding many hearts. Mrs. Wood, the queen of Hearts, directed the party and her wishes were hastily carried out by her two attendants, Sylvia Thomas and Pauline Gift.

Many games and contests suitable to the season were enjoyed. A bright and rosy future was predicted for many of the hopeful aspirants by the wheel of fortune.

Refreshments of punch and wafers were served by some of Cupid's best friends.

#### FACULTY-STUDENT BANQUET

About thirty students were greatly surprised one day in February when little blue and white invitations were handed to them by the teachers.

On February 16 at 6 o'clock an eager bunch of students gathered at the high school building in response to these invitations to see what wonders the teachers had in store for them.

A big feed was the first feature of the evening, after which each person washed his own dishes. Mr. Wyatt was "chief cook and bottle washer."

After the eats a discussion concerning student participation in school government was held. The results of questionnaires which had been distributed to ascertain the student opinion were also used as basis for the discussion.

Murray Holliday and Miss Ramsey talked to the group on the subject "Student Government for our School".

The tardiness regulation was discussed by Miss Kenyon and Marcile Brookshire. Next, Harold Mahoney and Miss Stout told a few things about hall passes.

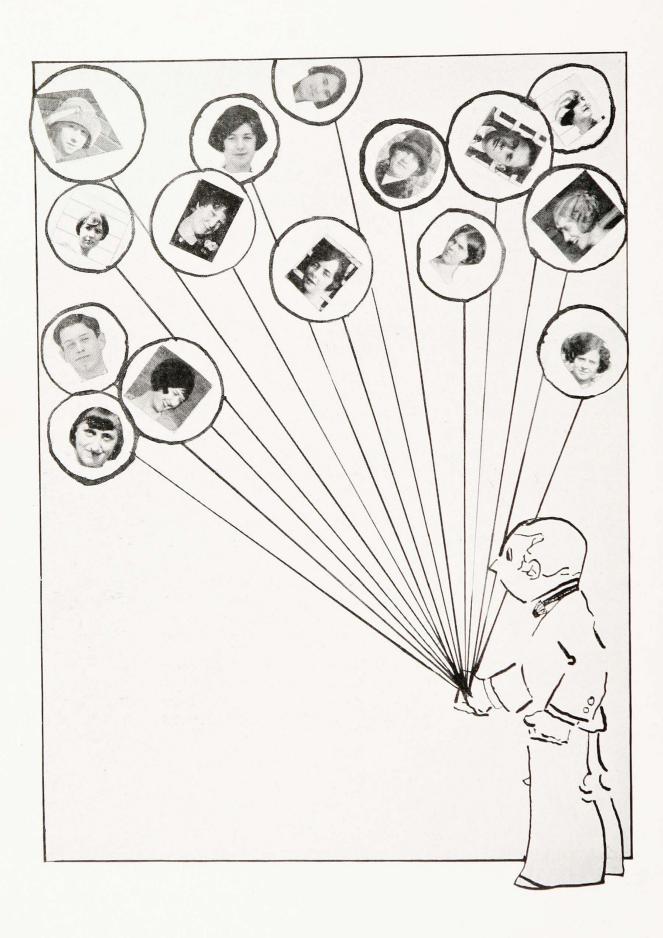

Miss Wright, acting as chairman for the evening, appointed a committee to submit plans for Student Government. This committee was Edna Coffin, James Monohan, Miss Ramsey, Victor Selby, Mr. Blair, and Murray Holliday.

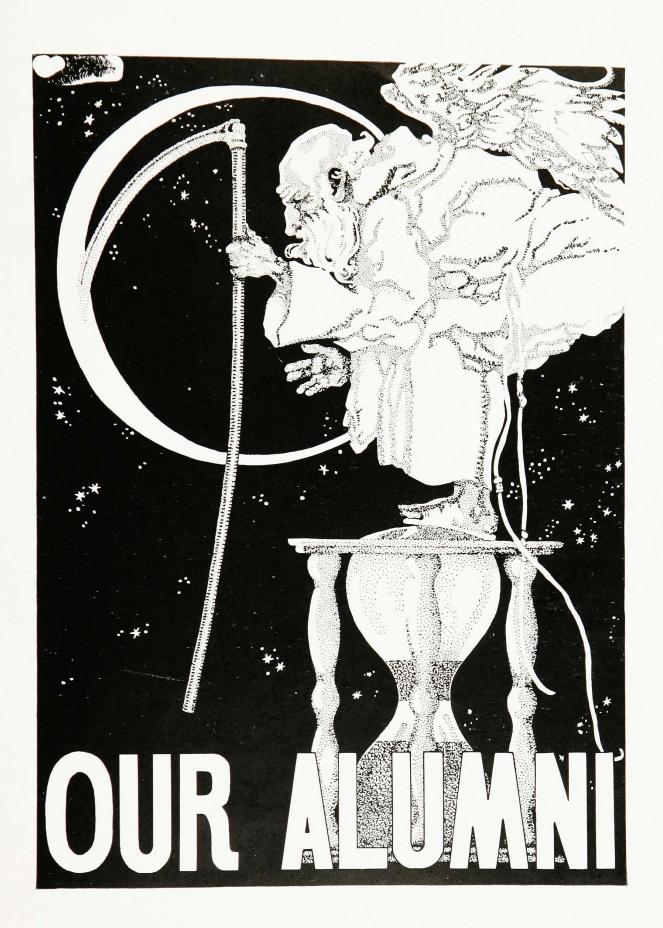

The teachers had a longer program planned, but the meeting was forced to disperse at the regular time specified by the social committee.

#### JUNIOR-SENIOR RECEPTION

Saturday evening, April 10, found most of the Seniors, Juniors, and Faculty in the gym which was beautifully decorated in old rose and gray. The Juniors first gave each guest a printed "programme" containing the Senior "Klas BunDL", arranged in unique fashion and the program for the "Star Tin Off Show". The "Klas" rendered delightful "Mewsick and impersonashuners". Partners were obtained in the grand March. On returning to the gym the guests seated themselves at the many little tables, each spread for four and graced with runners of old rose and gray with sweetpeas as favors. Misses Celia Hayworth and Carolyn Wallace played popular pieces while all were enjoying the two-course banquet. Between courses President Selby and President Holliday of the Junior and Senior class, respectively, gave short informal talks and Mr. Neel contributed remarks from each faculty member. Then everyone participated in informal conversation, games, and songs until time to say good-night.

"Do the Juniors know how to entertain," The Seniors answer, "They certainly do!"
