# PRINCIPAL'S MESSAGE

## THE PRINCIPAL SPEAKS

The passing of the year brings about the constant flashing of photographic flash bulbs, regular meeting of the year book staff in their endeavor to build and publish an ever greater "Eaglite". My congratulations to the staff and to their sponsor, Mr. Sterrett Nash.

To the Students of Frankton High School: — You have a fine school and I know each and everyone of you are filled with pride when you enumerate its many accomplishments year after year.

The students of today are the citizens of tomorrow. To you goes the responsibility of improving your school. Maintain your interest in your school after you graduate. Now, you take the school too much for granted. It is here for you because students of the past have never lost interest in the school.

There are many problems to be solved from time to time. Some of these fall to the administrators, others to citizens of the community. New departments are added to meet the demands of the march of time. Many more classes have to be set up to take care of increased enrollment. The task of securing well qualified teachers, securing supplies and equipment to enable these teachers to do the best job possible, the contracting of reliable, well qualified bus drivers and maintaining modern busses are a few of the problems that your administrators cope with.

In every task assigned to you do your very best. It is what you do today that counts. Make the most of your school opportunity. The better education you receive today the better you will be able to meet and solve the problems of tomorrow.

Robert E. Lee, Principal

Millicent Canaday  
Trustee

Mrs. Canaday is going on the fourth year of her term as trustee. Mrs. Canaday has made an invaluable contribution to Frankton School, and each patron and student feels deeply his appreciation for the interest shown by the trustee's office in the developments made during her tenure.

Marguerite Miller  
Clerk

Mrs. Miller has served the position of office clerk for three years. Her duties are many and she is at the beck and call of each and every faculty member for typing assignments, tests, menus, etc.

## THE JANITOR MEN

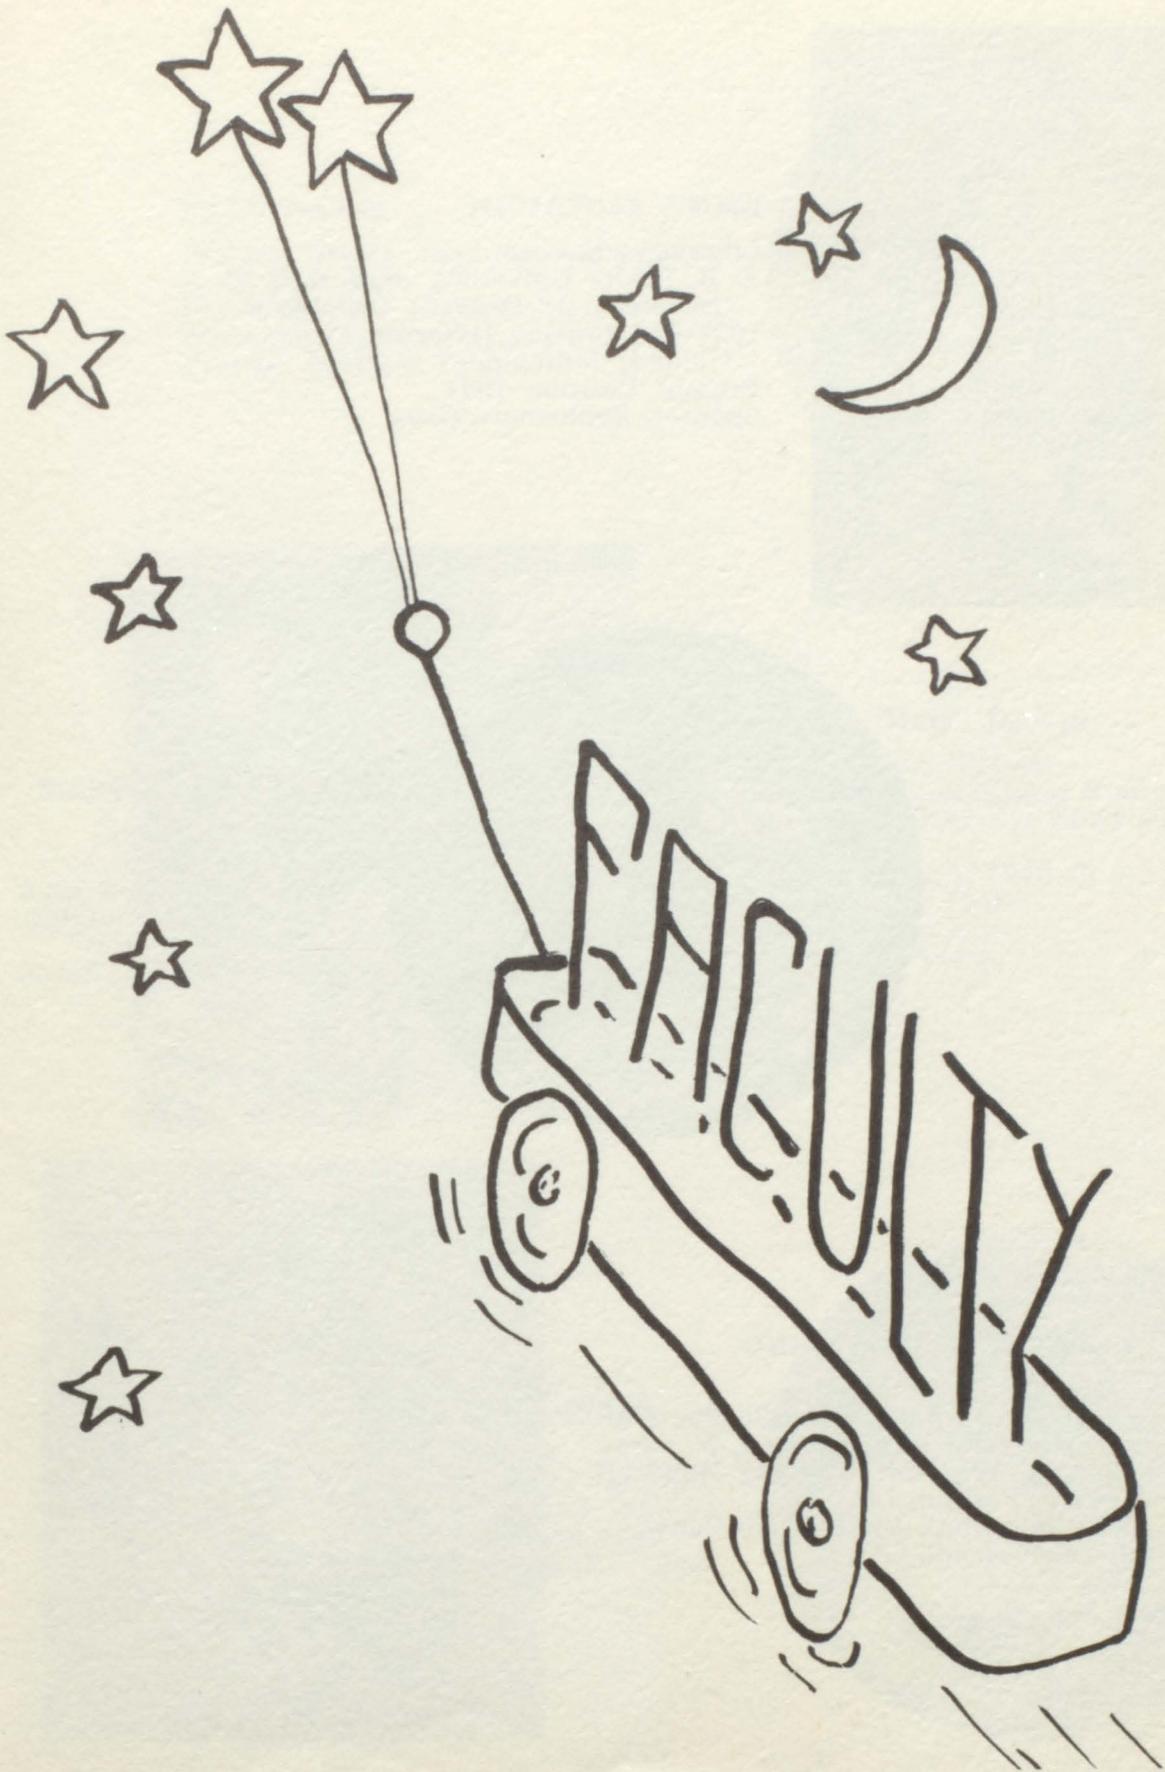

The Janitor Men, they fix things,  
And clean and sweep and bring,  
And lock the doors and windows, too,  
And that's enough for them to do.  
They build the fires and shovel coal,  
And smile to see the black smoke roll.  
When they think it's going to storm,  
They like to keep us nice and warm;  
They shut the windows and the doors,  
And we all sit and let it roar.  
So we all like our Janitor Men, the  
Janitor, Janitor, Janitor Men .....

# CAFETERIA COOKS

Julie Closser, Lillian Lamberson,  
Lacy Wallace, and Grace Waymire

Potatoes on the table  
To eat with other things,  
Potatoes prepared by our cooks  
Are fit for Dukes and Queens.  
If you wish to taste fine food  
As nature meant you should,  
Be sure to eat in our Cafeteria  
Where it's 'scrumptious and good.

# Choose Your Goals...

*they are yours to attain*

Graduation is a lot like the launching of a ship. Both mark the end of a period of preparation.

Behind a launching are years of planning and building—of fitting out with all the gear needed for fair and foul weather.

Behind graduation are years of acquiring information—of practice in exercising judgment and in setting values. All are intended to equip you to make the right decisions in the years to come. Behind, too, are the good times you've had, the companionship of many friends—and the

wise counsel of those who have been your teachers.

As you chart your course toward a new goal—whether it be the pursuit of a higher education or success in earning your own way—be thankful for the American tradition of individual freedom. Because of it, you are free to choose your goal. And you are free to achieve it by your own hands and brain, by your energy and industry, by your determination and self-reliance.

Good luck and Godspeed!
