All The Pieces Fit Together To Form

Life at F. H. S. is a series of events and experiences each of which has its own place in the make-up of our school.

Seniors leave F. H. S. with a feeling of regret, but they will never leave behind what they have gained during their four years here.

In this book, we the staff of the 1958 Eaglite, attempted to introduce the action, studies, and experiences we have shared and enjoyed.

The following sections of the book are to be considered the pieces of a puzzle that, when joined together, form the distinct pattern.

FOREWORD

Much time and effort has been put into the preparation of this memory picture book for the students, faculty, and friends of Frankton High. The editor TOM HIRES, wishes to express appreciation to members of the staff, many of whom worked several hours, for the cooperation he received in getting materials arranged. Especially does he wish to thank DON HUTCHISON, LUCY RILEY, and MR. NASH, who worked nearly every Monday evening throughout the summer vacation to plan the details of the book . . . The advertising staff composed largely of seniors and a few juniors who visited the business houses of Madison County did a very good job soliciting. MARY GOODING served very acceptably as business manager and kept the finances of the book . . . LARRY BEALS and BILL TWIFORD made daily collections of subscriptions and all seniors have had a part in selling books . . . SHARON BENHAM slipped over to the building nearly every night there was typing to be done and saved Mr. Nash's index finger from being worn out with the 'one-finger-typing-technique.' Besides these, members of the junior and sophomore classes have had a part in making the book what it is.

To those persons who made the sacrifice at home, OUR PARENTS, we the 1958 SENIOR CLASS wish to dedicate this annual.

APPRECIATION

We, the class of 1958, wish to express the appreciation we feel in regard to our two devoted sponsors, Mrs. Inez McCoy and Mr. Sterrett L. Nash.

Through the years they have dedicated their seemingly boundless creative energies, wits, and mental capacities to the betterment of our class as a whole as well as to that of each individual class member.

We are eternally grateful to them.

Our Junior year started off with a band as we received our class sweaters and started our magazine sales campaign. Junior officers were President-Dana Whetsel; Vice-President-John Waymire; Secretary Treasurer-Connie Waymire; Business Manager-Tom Hires. We sold pop and had our class play, "A DATE FOR DANNY".

In our Senior year we sold "EAGLITES" and broke all sales records up to the present with a total of 346 copies. In October we gave our class play "HUCKLEBERRY FINN". Officers were as follows: President-Garland Antrim; Vice-President-Larry Fox; Secretary Treasurer-Connie Waymire; Business Manager-Larry Tomey. We sold ice cream this year. STUDENT

ACTIVITIES

The council sponsors each year the Hallowe'en Carnival. This activity provides each class with a source of income as well as to provide the council with an opportunity to earn a bit to defray expense. The council shares this profit with the general fund. Another activity is the skating party which is held early in September.

COUNCIL

MARDI GRAS

The outstanding social activity of the school year is the MARDI GRAS. The 1957 version featured an elaborate coronation ceremony at which time Roger Dickinson was Crowned REX, King of the FHS MARDI GRAS.

WHERE TO NOW, GRADUATE?

Today a high school diploma is as important as ever—but it is ONLY the beginning for young people who wish to make a better way of life for themselves and their future families.

That's why Delco-Remy Division of General Motors in Anderson, Indiana, urges every high school graduate to continue his or her education. There are two ways to do it: Either earn a college degree or take some type of specialized training.

To help high school graduates who sincerely want to meet the ever-growing competition for better jobs, Delco-Remy offers five avenues of approach for a brighter tomorrow:

College Scholarship Program

Delco-Remy through General Motors every fall helps provide scholarships, each ranging from \$200 to \$2,000 per school year, to young men and women high school graduates entering colleges of their choice.

College Co-operative Programs

Delco-Remy every fall offers a number of male high school graduates the opportunity to earn college engineering degrees from either General Motors Institute of Flint, Michigan, or Purdue University. The students alternate their time between jobs at Delco-Remy and the college classroom.

Engineering Design and Apprenticeship Programs

Delco-Remy regularly employs male high school graduates who are assigned to either an engineering design program or to a skilled trades apprenticeship program. Eventually they become draftsmen, toolmakers, electricians, machine repairmen, tinsmiths and patternmakers.

College Graduate Training Program

Delco-Remy continually hires college graduates, with a variety of different degrees, who spend six months learning various phases of the business. At the end of the program they are given an assignment which embarks them on their career in industry.

Specialized Office Job Program

Delco-Remy is ever alert for high school graduates who, on their own, furthered their education through business colleges or specialized training schools that equip them for better office jobs.
