# SENIORS MAKE IT AGAIN!

The Senior Class of '79 has seen the best four years of their lives pass quickly. When we came into Frankton High as freshmen, we came in "fresh", green and eager to learn. We all began to grow and to spread our wings. We reached out to clubs and extra-curricular activities. The class of '79 wanted to show that they were a group of students who really cared.

Faculty and upperclassmen saw a big change hit the halls when we came in. Over the past four years we think that the school has made a change for the better, with Eagles finally gaining spirit, enthusiasm and a will to win.

The queens of 1978-79 were Carol Turner—Prom Queen, Michele Waymire—Homecoming Queen and Heather Jackson—1979 Junior Miss.

Then came the final step, of course, graduation. On May 20, 1979 the graduating class of '79 took a big step into the world.

# Reflections Of A Senior Athlete

## REFLECTIONS OF A SENIOR ATHLETE

"Bye, mom. I'm going over to the school."

It's 5:30 and the team meeting is at 5:45. I wonder what the coach will tell us. We've heard that Madison-Grant is tough. I sure hope that all of the guys are up for the game. Brr—it sure is cold out here.

"Hi, coach." Well, it looks like nearly everyone is here. This is our last home game of the season. In a way, the season has flown past. Here we are with a record of 9 wins and 8 losses. We've got the longest winning streak in the county with five straight wins. At the first of the season I really started to worry after we lost the first four games. There weren't many people around here then who expected to see us over the .500 mark.

Senior night—it seems like a long time since I first suited up in #22 three years ago as a sophomore on the varsity squad. We've come a long way since then.

Well, the team meeting is over and I think that I'll head out to the gym and see what is going on. The reserve team should be out there warming up by now. I sure hope that they can pull out another win tonight. They have looked real good this year and will be a big help to Coach Bayley next year when he has to replace seven graduating senior players from

this year's squad.

The gym is beginning to fill up. It looks like we'll have a good crowd for our last home game. I'd better head over to the bleachers now because most of the team is already sitting there waiting for the tipoff of the reserve game.

I certainly have a great group of teammates. Sure we've had our ups as well as our downs but we've stuck together and worked as a team. Basketball isn't a one-man sport. It involves an entire team working together to produce a win. We've lost some games this year but we still work together as a unit. I am going to miss these guys as seven of us go our own separate ways. I'll be back to see the other guys play next year as often as possible. Of course, being in college carries all sorts of new adventures and it is hard to tell what I will be involved in by then.

It's time to head for the locker room to get ready for the game. I have a feeling that it is going to be a good night. The gym was really full. The fan support this year has really been great. It is wonderful to have all those people out there cheering us on. They have no idea how much we appreciate their loyalty and support.

Back to the gym for warmup drills before the game. It was really nice of the athletic department to get us a mascot this season. It certainly helps boost the team spirit.

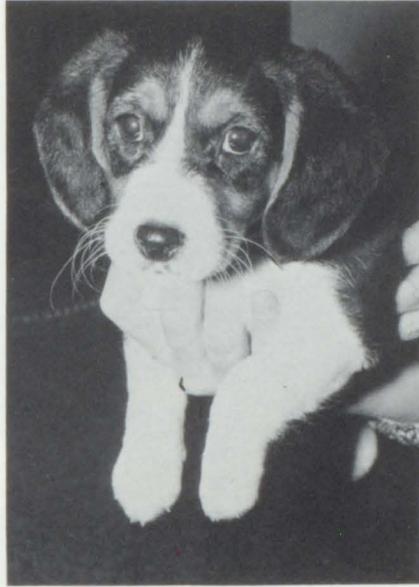

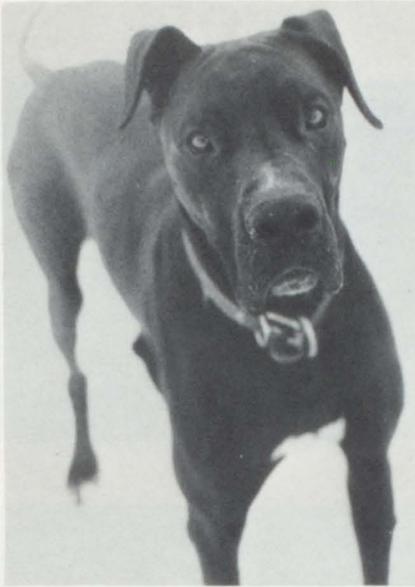

The guys look in good form. I hope we look this good during the game. We've got the introduction of the seniors who participated in winter sports and their parents before the game starts. I really hate it that Tony Hughes was ill tonight. It is hard seeing anyone have to miss the last home game of their senior year.

Well, Kelly Ashton is the first player being introduced. I hope that I don't have as much trouble with the corsage for my mom as he did with the one for his mom. There goes Gary Claxon with his parents. He sure has done a great job this year. Next is David Jimenez and his parents. He is a real good ballplayer and I have really appreciated the encouragement and support his parents have given me.

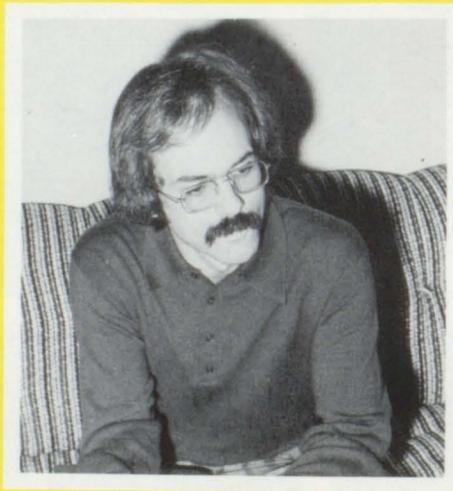

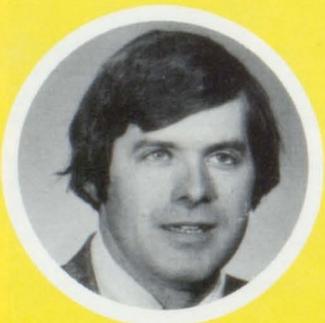

Bruce Pritchett and his parents are going out on the floor now. Bruce and I have played together on the varsity squad for three years. Terry Sheets and his parents are after my mom and me. I can still remember last season when Terry stayed at my house because he couldn't get home while the roads were drifted shut.

Well, it's game time. This is the last home game and there are only two more games left before the end of the regular season. Then comes the sectional. I wonder who we will draw. In just a few weeks the 1978-79 basketball season will be only a memory.

# Teachers Learn As They

The faculty of Frankton High School is a devoted and experienced group. They sponsor many clubs and various activities throughout the year. Teachers can be seen supporting the school at sport events, after school functions and coaching different sports. In their free time, teachers enjoy a wide variety of hobbies and special interests which include many outdoor activities, crafts and their families. Many teachers attend workshops and committees to improve their teaching abilities and to improve the attitude of the school as a whole.

# Underclassmen: Personality Plus at F.H.S.

# Juniors take part

This year's Homecoming for the Juniors did not "Knock'em In A Coma" as we had hoped, though things did get brighter in the year. The magazine sales this year were a success with Lee Hendricks as the top salesman. The Prom theme is one of Bob Seger's hits, "We've Got Tonight," and the colors are blue and silver. Juniors won the spirit stick for the sectional with Phil Hiatt as new Eagle mascot, and Alan Paschal as "THE DANCING MACHINE."

Class officers this year were Angie Claxton—President, Kevin Ault—Vice President, Janet Goldsberry—Treasurer, and Laura Small—Secretary.

Sophomores showed their dynamite personality by winning with their Homecoming float, using the movie theme "FIST". They picked out their class jackets choosing the color that best fit their individual tastes. They also made decisions as to whether they are going to college or pursuing another vocation.

# "82" A Class With A Bright Future

Freshmen have always been thought of as being totally confused. New surroundings, friends, and teachers are all a big part of High School many freshmen dread.

Freshmen class officers are President, Brian Kennedy; Vice-President, Robin Knight; Secretary-Treasurer, Lisa Callahan. With the help of sponsors Mr. Sipe and Mrs. Lucas the freshmen constructed their float, a Double Feature. It came in 3rd place.

The class of 1982 has shown everyone that they will have a successful and bright future.

Yes! we have clubs

# Spanish speakers have active year

The Spanish Club has had a year to remember. For their first activity, they held a Chili Supper at Homecoming. Throughout the basketball season, they had a hot dog stand at the games. They also held a dance in January. Along with the French and Drama Clubs, the Spanish Club had an ice-skating party at May's Park. On March 6th the Spanish Club went to the One Accord restaurant in Muncie. To top off a good year, some of the members went to Spain on June 7th. As a final chapter, some members furthered their cultural knowledge by traveling to Spain.

# French club travels to Europe

The French Club has worked hard to make this year, one of the best. First, they had a Sadie Hawkins Dance, that put a smile on everyone's face. They also had a hot dog stand at the basketball games. They had an ice-skating party at May's Park along with the Drama and Spanish Clubs. They went to La Tour restaurant in Indianapolis on March 14th for a night out. Some of the members went to Europe, and toured France and England on March 31st, which made this year, even more special.

# FHA gives time and effort

Following elections, the Frankton Homemakers sold Current stationery to earn money for drapes in the Home-ec room.

In November, the spirit of Thanksgiving came early when many of the members collected food for needy families in Frankton.

In December, they helped get a nursing home into the Holiday Season by singing Christmas carols.

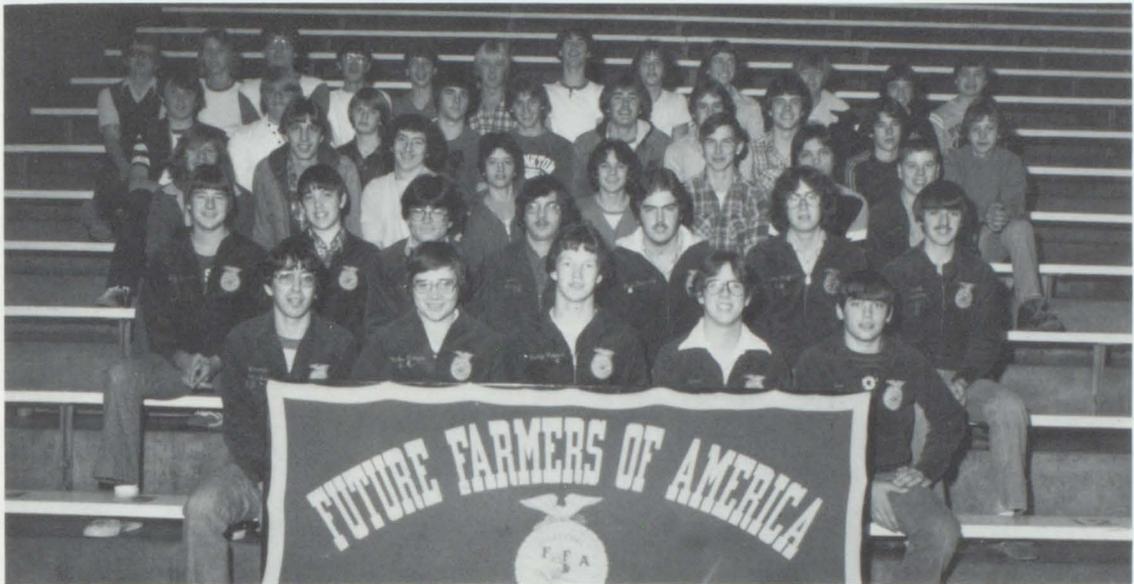

Through the month of January, F.H.A. sponsored "Teacher Appreciation Days." On Daddy Date Night" the girls took their fathers to the "One Accord" restaurant in Muncie.

In May they honored their six seniors.

# F.F.A. Has A Good Year

If you thought that F.F.A. is concerned only with slopping pigs, milking cows, and wearing little blue jackets, you're wrong. It's true that the main reason for the F.F.A. is to prepare young students to be better farmers. The F.F.A. also participated in county judging contests. They take bowling trips and try to have at least one banquet a year. This year's banquet was on March 26.

# S. Council strives for the better

## STUDENT COUNCIL

This year's Student Council has strived to benefit the student body.

Of their projects, Homecoming was one of the most prominent. They planned the float theme which was to be a movie title. They also sponsored the Homecoming dance.

Other activities included sponsoring the Christmas dance and the Buster Bodine dance.

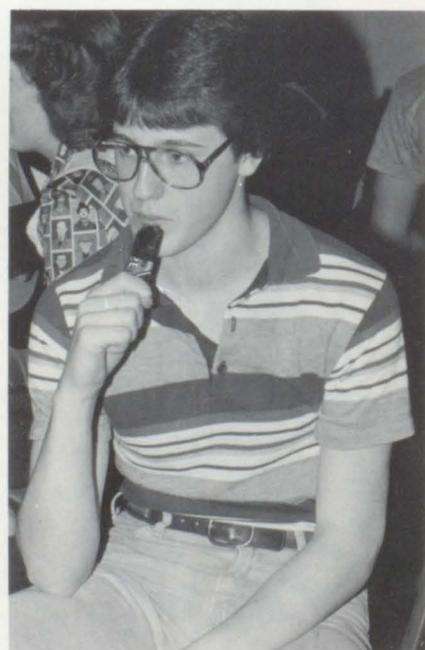

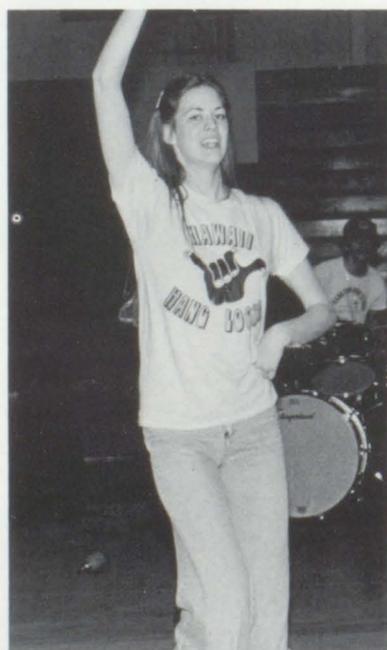

Buttons assembled by the members were sold to help boost spirit, as well as raise money.

The council members also attended a leadership clinic at Ball State in the fall.

Planting a tree was one of the last projects these members did together.

# Honor Society Leads The Way

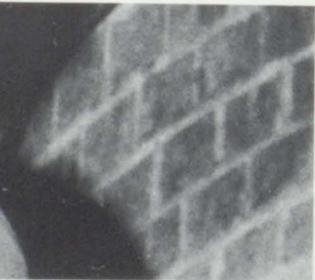

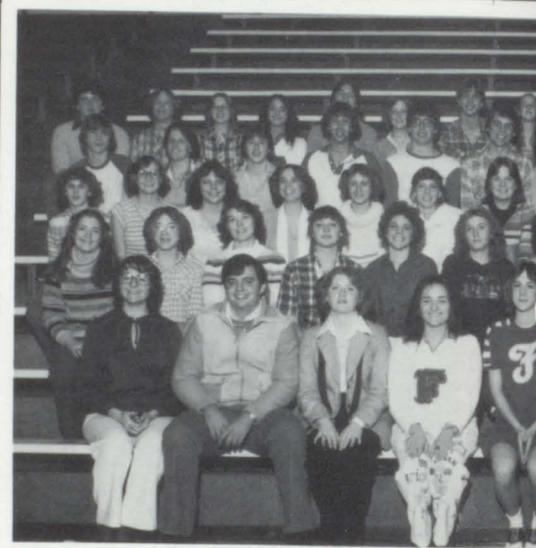

The Frankton Honor Society in its third year of existence has maintained the annual activities such as running the coat-check during the home basketball games. With the help of the 20 new members who were inducted on November 5, the Honor Society sponsored a sweet-heart dance on February 16.

# Drama Club and Thespians

# Do More Than Acting

# Choirs Do Very Well

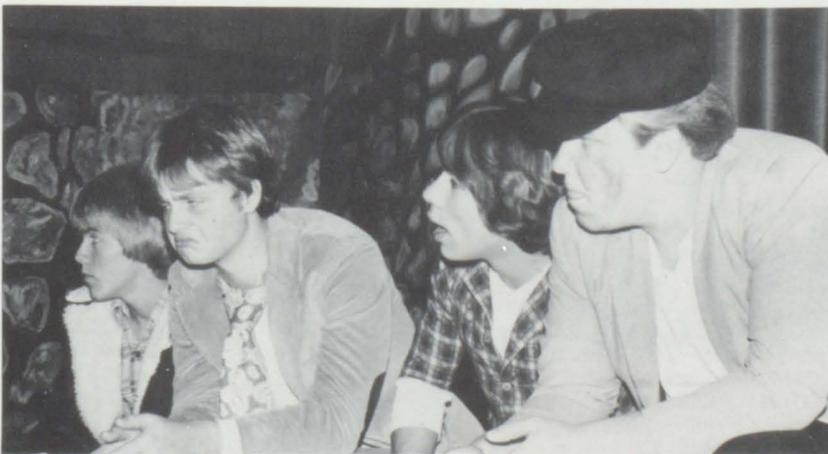

The Frankton High School Choral Department was very busy from the beginning of the year. On November third and fourth, the Concert Choir gave the musical "My Fair Lady." The entire choral department participated in the Christmas concert. They also attended the Madison County Choral Festival which was held at Alexandria-Monroe High School on March 15.

# Band gives best effort

FHS band has accomplished many things compared to the past.

At the Mermaid Festival, they received a second rating.

For the first time in several years, the band attended camp at Northwood Institute in West Baden, Indiana.

Another big project was the ice cream social sponsored by the Music Boosters. The band took the liberty to show-off their talent there.

Officers of the band are: Pam Neese, president; Doreen Bartlow, Vice-president; Patzi Pettigrew, secretary; and Teresa Jackson, treasurer.

Class representatives for seniors through freshmen were: Gary Compton, Curt Granger, Kristen Faust and Chip Chandler.

# Jazz Band Swings into 2nd season

## JAZZ BAND

The Jazz band, conducted by Robert Shipley, is sailing along full speed in their second year of existence. They played for a few groups such as: Honor Society, Co-op, Leach and Frankton Jr. Highs and Tupperware Company.

They also took honors at the 1979 all-school variety show with some crowd-pleasing numbers.

# Majorettes go military

## MAJORETTES

The Majorettes had a change of pace this year as they switched to "Strictly military."

Besides accompanying the band to all their events and contests, they competed in the Alexandria contest for majorettes.

At the end of the year, they did several acts in the all-school Variety Show, including a dance choreographed by the girls themselves.

Two ladies played a major role in the majorettes' success by choreographing several contest pieces. Candy Sisson helped the girls this summer at camp. Julie Matney assisted with the Alexandria routine.

# Office workers prepare for career

The Future Office Workers is made up of anyone who has completed 1 business course. This year they have sold t-shirts, jerseys and sponsored a "Secret Santa Post Office" at Christmas time, with the help of sponsor Jan McClain.

To celebrate Christmas 1978, the F.O.W. went to the Cork 'n Cleaver Restaurant.

With the leadership of Pres., Jennifer Hiatt, V.P., Kathy Jenkins, Sec., Deena Waymire, and Treas., Ann Simms they have scheduled guest speakers for most of the club meetings.

# Eagles' Wings capsulizes year

The Wings' staff finally got under way after changing their format following a press change.

The staffers were members of the Student Publications class.

In the spring, the students in journalism class took over some of the issues and used them for lab work. A total of eleven issues were printed including two eight-page issues at Christmas and the final senior issue.

Page editors were, Kammy Dawson, news; Sarah Bailey, opinion; Jeff Furnish, sports; and Jeff Gerstorff, feature. They plan many improvements in the next year.

# BEST BOOK YET

# EAGLITE

This year the Eaglite staff tried something new. For the first time the newspaper and yearbook staffs were combined to form Student Publications. But, that's not all that is new for the staff, for the first time the yearbook is coming out in a package of color, flair and personality. Hours of work have been put into this book and the '79 staff is proud to say they think it is the best book yet! Many thanks go to all who are involved. The yearbook staff had six of its members go to workshops in the summer of '78 to prepare for the book ahead. Brent Waymire and Erick Faust attended Ball State for an advanced photography workshop. Cindy Bagienski, Debby Forrester, Jodeen Basey and Leigh Ann Humphries attended Indiana University for a High School Journalism Institute workshop. With the experience and hard work that has gone into the '79 Eaglite the staff is depending on a great yearbook. The Best Book Yet!

# Future Health Workers Reach Out

Throughout the year Health Club has been very busy starting with the election of officers.

In October, the members of Health Club took a tour of St. John's Hospital. This directly applied to many member's interest.

A tour was also taken to Anderson Health Care Center. After the sight of convalescing patients many members had second thoughts about their health careers.

The National Kidney Foundation received \$943.00 from Frankton's Health Club. They raised more money than any other Madison Co. School by selling Tootsie Roll Banks.

Health Club sponsored a dance after the January 16th basketball game.

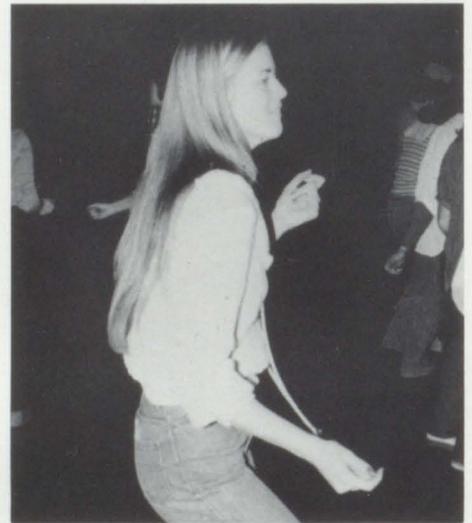

Health Club helped bring the spirit of Valentine's Day to many people, by selling Valentine carnations. Expecting only 30-50 to be sold 210 were.

Marth 10th they held their annual Bake Sale in front of the bank in Frankton.

Near the end of the year Health Club honored their seniors by taking them to eat at Duff's in Muncie.

# Future Artists of Frankton High

Art Club exists for those students whose interests go further than the work done in the classroom.

In early April, selected students from all Art classes were taken on a field trip to Indianapolis Museum of Art. While in Indianapolis, they also took a tour through the Lilly Pavillion.

Art Club planned to paint murals in the front halls. But due to the lack of student interest this idea was dropped, hopefully to be done another year.

Summertime is probably the most hectic time of the year for an FHS cheerleader. During the summer months, the girls attend a one-week cheerleading camp, in July the varsity and reserve squads attended cheerleading camp at Vincennes University. They learned new cheers, chants, pep session ideas and were exposed to a contagious spirit of competition.

Once school starts the girls are required to attend scheduled practices, cheer at all of the games and pep sessions and take money and tickets at other athletic events.

They are required to promote constructive school spirit with all the teachers, coaches and administration. All cheerleaders are required to have passing grades in four solids (the same as for the athletes).

# Pep Club; The bigger the better!

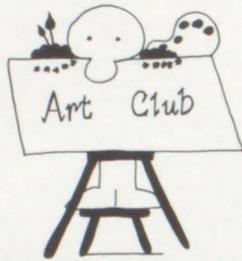

This year the Pep Club has grown considerably. They no longer have officers but they do have a council. Its members are Sheryl Delaplaine, Jana Sheward, Teresa Carter, Debbie DeFord, Lisa Gist, Lisa Callahan and secretary Laura Small. All of the Pep Club has cheered the Eagles to many victories this year. They are proud to back our team. Carol Galbraith is the Pep Club advisor and Mrs. Folsom filled in for Mrs. Galbraith when she was not available and she sees to it that things run smoothly. The Pep Club is trying their best to represent the school in the best way they can.

# Club Personality

This year the clubs at F.H.S. are trying to have a little more personality. They are giving you more of a chance to see what you can do.

They are doing a little more, activity wise, for everyone in the school, by saying different personality, this means that each club does things its own special way.

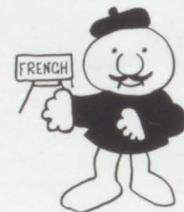

Dances at F.H.S. are becoming very popular. It seems that everyone wants in on the action. The French, Drama, FHA, FCA, Spanish, Health Club, Honor Society, Student Council, and Eaglite Staff held dances as money making projects. Each dance is put on in the way of that club's personality.

Clubs help the school have personality. Just think! If there weren't any clubs or activities then school could really be boring. They teach you how to get along with groups and have fun, while working too. Each has its own way of doing something to support the school.

There are a few clubs, such as French, Spanish, and Honor Society, that require certain grades before joining.

Most people join clubs because they want to have fun or because of what the club has to offer. Joining clubs is also a good way to meet new friends.

Clubs have something to offer everyone, so join a club and have fun. Try it! You might like it!

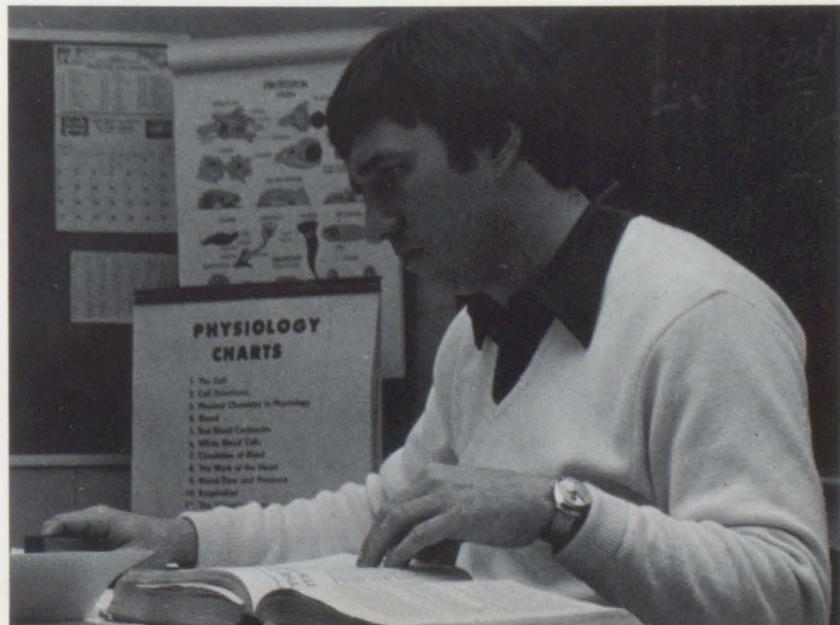

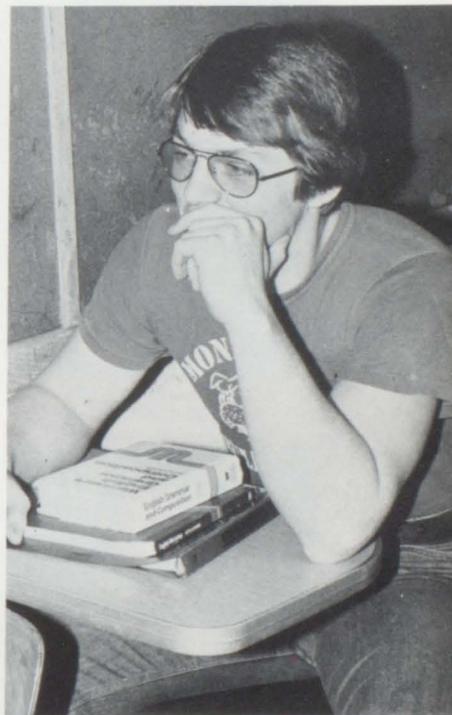

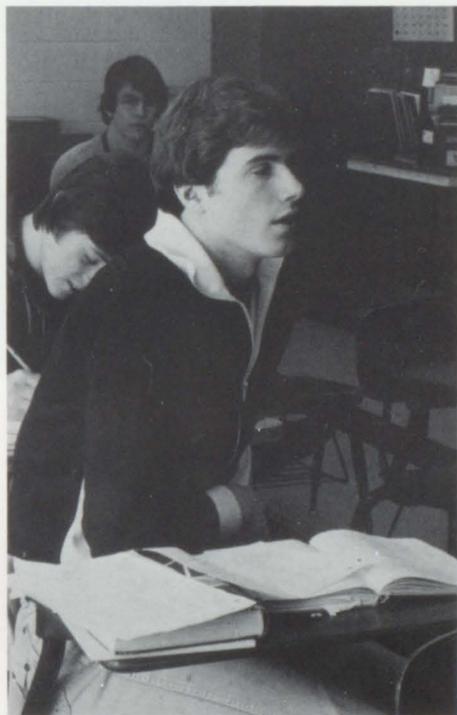

# FCA has slow year

The Fellowship of Christian Athletes did not accomplish everything they would have liked to. They planned several activities but, unfortunately, not all of them have a success.

F.C.A. had a bowling party in April and had a guest speaker scheduled to visit.

This summer with the help of faculty sponsors Calvin Bayley and Ivan Lemaster, F.C.A. will send some of the members to camp in Colorado or Arizona.

During the year of 1978-79, the Show Choir has performed at many functions.

Under the new direction of Mrs. Donna Gregory, the Show Choir has performed for the Frankton Lion's Club, Leach Mother's Club and the student body of Frankton High School. For the first time, the Show Choir attended a Show Choir workshop on December ninth. This was sponsored by Madison Grant High School.

They also took their show on tour for the seventh year running. The choir seems to be doing very well with their new leader and director. We congratulate them!

# Librarians get it all together

This year the Library Club has had a busy schedule. They had their Christmas party after school on December 12th. The members decorated the library and exchanged gifts. When they returned from semester break the library was very busy. They had the annual book fair during the spring. They went to an ISMA spring conference the last of March. They took a field trip to New Haven High School to look at their library. From New Haven they brought back many ideas and are excited to try them out next year.

# GAMES PEOPLE PLAY

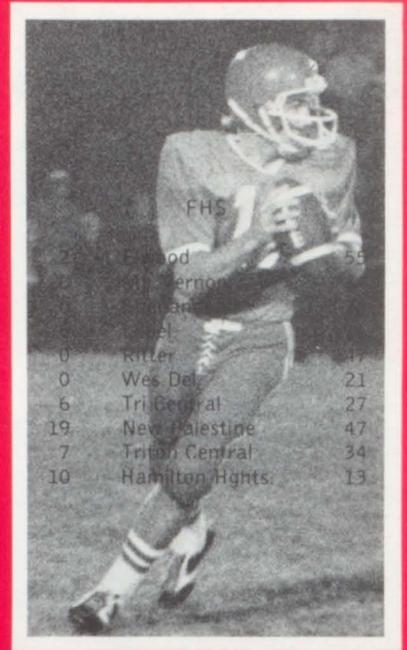

Even though this year's team had a total losing season, they accomplished one thing. Winning is great, but playing is fine, too. From the beginning of the season to the end, the Eagles were known and respected for their good attitude towards football.

Coach Scharnowske tells us, "The potential was there, but it never blossomed. There will be a lot of experience returning next year. Though, losing is not a good experience, hopefully we will learn from it."

Captains for the team were Kevin Ault, Rex VanBriggle, and Jay Whitaker. Gerald Imel was awarded the honor of Most Valuable Player.

# First Year For Letterman's Club

This year at F.H.S., there was something new; The Letterman's Club. Sponsored by Mr. Hanna, this club brought most of the athletic letter winners together under one banner. To qualify for membership of this club, you had to win one varsity letter in any of the sports programs offered by the school. The main purpose of the club was to give Mr. Hanna ideas on how to run the athletic department.

# Cross Country ends at 9-4

The 1978 Cross Country Team had the first winning season in four years as they posted a 9-4 record. They did this by getting off to a fast start, winning their first four meets, with no opponent coming closer than 21 points.

In the second half of the season they didn't fare as well and they ended up 2nd out of 5 teams in the conference, and 16th out of 23 teams in the sectional.

The season was highlighted by All-Conference recognition given to junior, Dean Riddle, and Conference Coach of the Year to Mr. Davis.

A new freshman class record was established by David Nivens at 13:42 and Marty Hughes tied the sophomore record at 13:26.

Team awards were given to Dean Riddle—Most Valuable Runner, Brad—Samuels—Captain, and Jim O'Donnell Workhorse.

The Reserves posted an impressive 7-1 record.

# Girls spike their way to 13-4

The 1978 edition of Frankton volleyball had one of the best seasons since the addition of volleyball to our sports program four years ago.

The varsity squad ran off ten straight wins before being knocked off by Pendleton Heights half way through the season. In the middle of this streak was our second straight Frankton Invitational win. Teams participating in this were: Lapel, Hamilton Heights, and Tri-Central.

The Eagles landed two All-Conference awards, one being Donnesa Beaver named to the first team all-conference and Coach Huntsinger being named coach of the year.

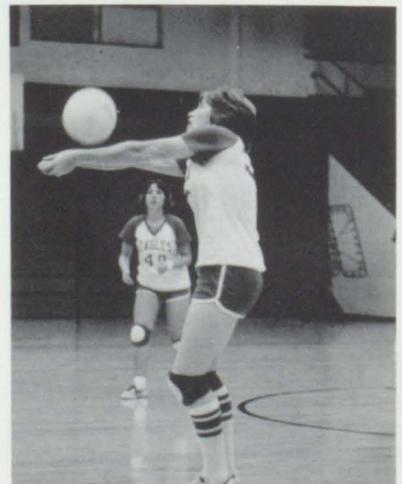

The reserve squad ended the year with a 7-6 record, greatly improving over the course of the season.

The Eagles are losing only two seniors and will be returning 8 letterwomen for what should be an exciting and awarding season next year.

# Winter fans, support?

With sports on the upspring at Frankton High School we see the arrival of one thing rarely seen before, spectators watching our winter sporting events. Yes, you say that in the past teams in sporting events such as wrestling, girls BB, and mostly boys basketball have not been successful, but there have been people who have weath-ered the storm, loss wise and weather wise. And these people are the diehard fans who come to every basketball game, no matter who we play or where we play. To these devoted fans we praise you for your support and effort throughout the years. To the fans who have recently joined us since our winning ways have started Thank-you, for your added sup-port, because without you our team would not have the added strength to go on. Because one of the most enjoyable things an ath-lete can see is every bleacher filled with cheering fans showing their support for our program.

# Varsity and reserve squads improve greatly

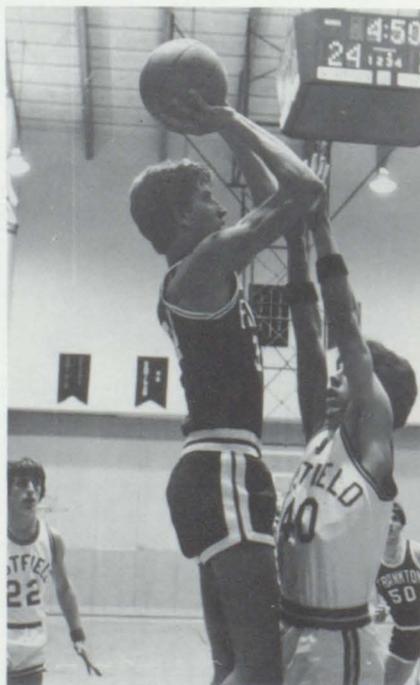

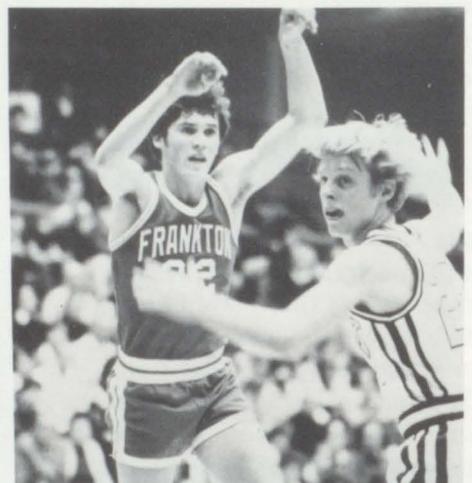

The 1978-79 Edition of Frankton Varsity Basketball finished the season with a fine 10-11 record, the best in eight years. The Eagles, led by seven seniors started off the season slowly by losing eight out of their first twelve games before reeling off six straight victories in a row. The Eagles entered the sectional with a 10-10 record against, Corporation rival, Lapel. Things didn't fare well, as Lapel led the entire way enroute to a 66-50 victory over the Eagles. For the season Bruce Pritchett led the team in scoring and rebounding and Dean Riddle led the team in assists.

The Reserve team finished with a very impressive 14-6 record for the year. This club was unique in the fact it had seven sophomores and two freshmen, but all the other teams they played boasted four or five juniors at a time.

Freshman Kevin Wright and Sophomore Todd Parker were the one, two punch the reserve team needed, averaging 14.1 and 11.5 points per game respectively.

The 1978-79 Freshman Basketball team ran into hard times this season, falling to 2-10. But Coach Wilson was very optimistic about his team's play this year because of the balance in scoring, and the team concept showed throughout the season. Hopefully this valuable training will enable them to fit right into the basketball program next year.

# Wrestlers Make It 4-6

This year's Wrestling team finished the season with a 4-6 record. This is improved from last year's seasonal record of 2-4-1. The Eagles conference record was a respectable 2-2.

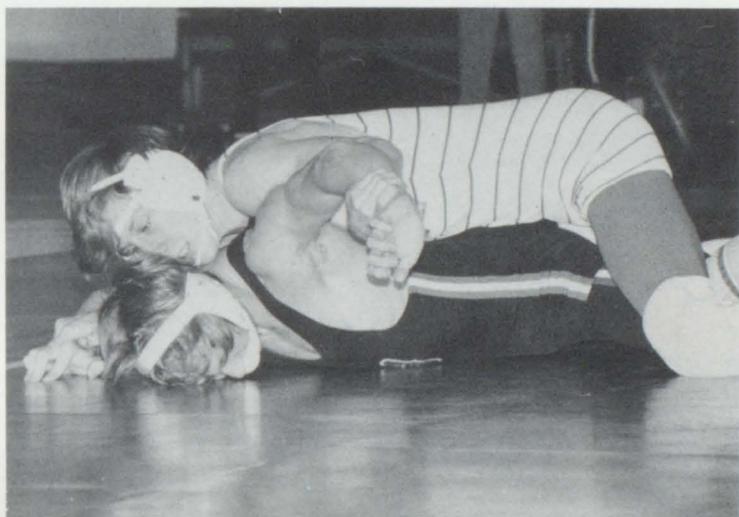

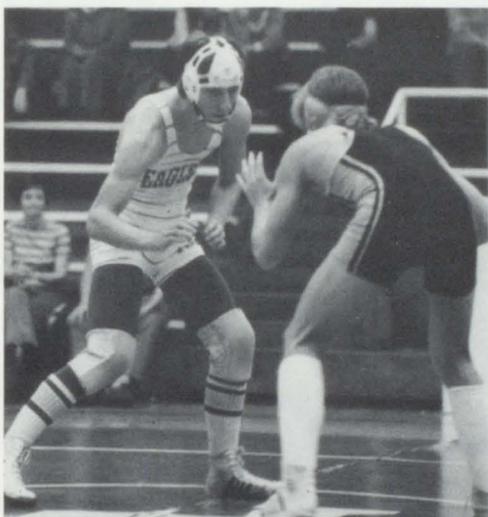

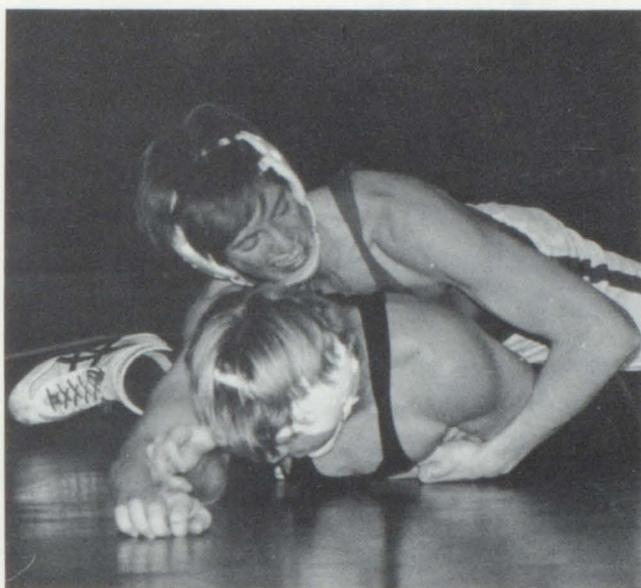

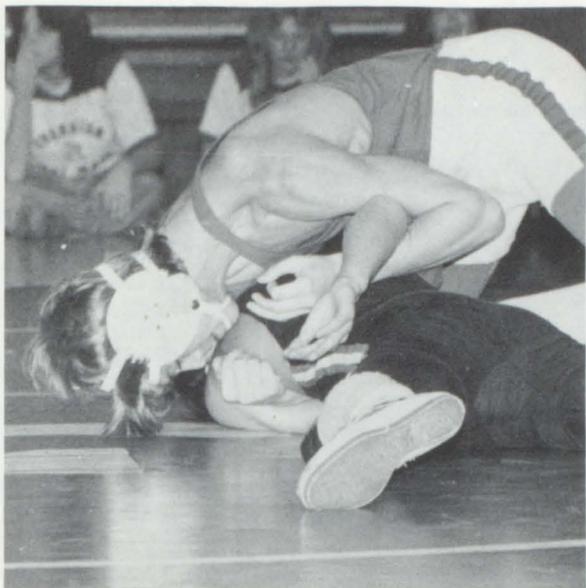

This year our wrestlers took 4th in the White River Conference and a 5th place in the County.

Last year the Eagles had ten boys qualify for Regional competition. This year FHS had only three boys representing us in this year's Regional.

This year Barry Kelly was voted most valuable wrestler.

# Another year...Another season

This years girls basketball team started the season with high hopes and finished it having those hopes shattered.

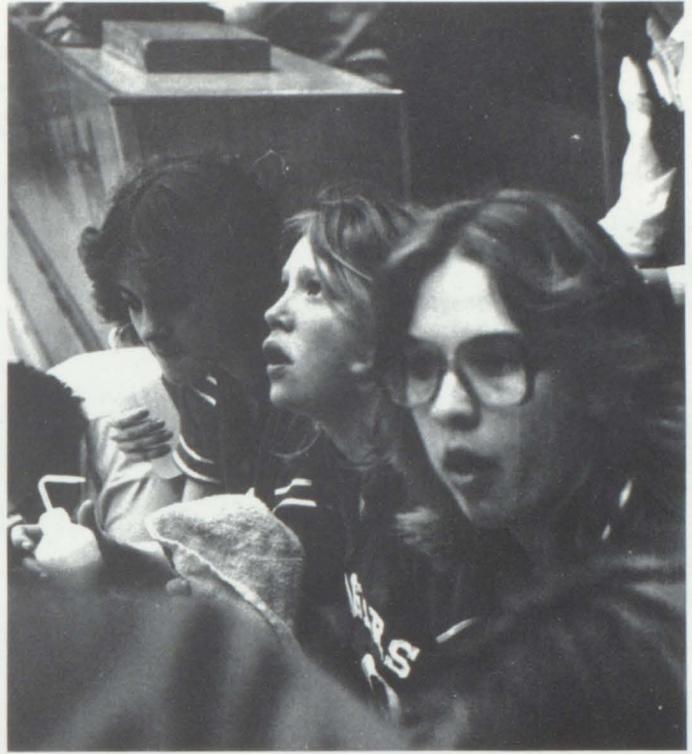

The girls, coached by John Hamilton and Doris Nolton, compiled a 4-12 record this year. Included in the four wins were a first round victory in the Frankton Invitational. The other wins came against Marion Bennett, Shenandoah, and New Palestine.

The sectional was another disappointment with a loss in the first round against the Anderson Indians, 54-12.

# WRC winners bring pride to Frankton

Do you see these people on this page? We do. We see them a lot especially when their particular sport is in season. We also see them when they are spending their own time working on their sport.

These people have been deemed

the best in their sports by the White River Conference and we are proud to be associated with them. They bring their own pride with them. They are the true eagles.

Golf and girls track were the best teams of the five schools in that sport. Boys track missed it by one-half a point. We are proud of all of these athletes pictured here as well as those who aren't.

# Spring fans weather the worst

Spring sports fans do seem to weather the worst. And weather seems to be the biggest problem for these people.

"April rains bring May flowers" seems to hold true for this month. Cancellations re-scheduling, seem to be the most-used words of the spring fan. Rain-dripping skies is not the only weather problem. Unseasonal sunshine sometimes causes them to get out the light-weight clothing too soon. This can lead to the hasty donning of jackets, blankets, or anything that might provide some warmth until the event is over. Spring sports are not popular, as their attendance record shows. So, the spring fan continues the vigil and weathers the worst.

# Baseball nabs 7-13 record.

Spring baseball finished its season with a 7-13 record after many rain-outs and re-scheduled games. Sophomore Mike Atwood led the team with a batting average of .397 including eleven extra base hits. Larry O'Bryant was second with a .346 only playing eight games because of injuries.

The team scored 112 runs from 155 hits for an average of .264. They also had an unprecedented .993 fielding average.

Bruce Pritchett led the county for the second year in a row with 71 strike-outs and had an earned run average of 4.98.

All-conference honors went to Bruce Pritchett and Mike Atwood, with Todd Parker and Tony Hughes getting Honorable Mention.

The Eagles finished fourth in the conference and lost their first game in the sectional.

# Linksmen capture best-ever 10-6 record

The golfers were the winningest golfers ever for FHS. They started their season undefeated but finally fell to their first foe six games into the season.

John Swan led the squad with the lowest average score of 42 and therefore was named most valuable player for the season.

The Eagles placed tenth out of 17 teams in the sectional.

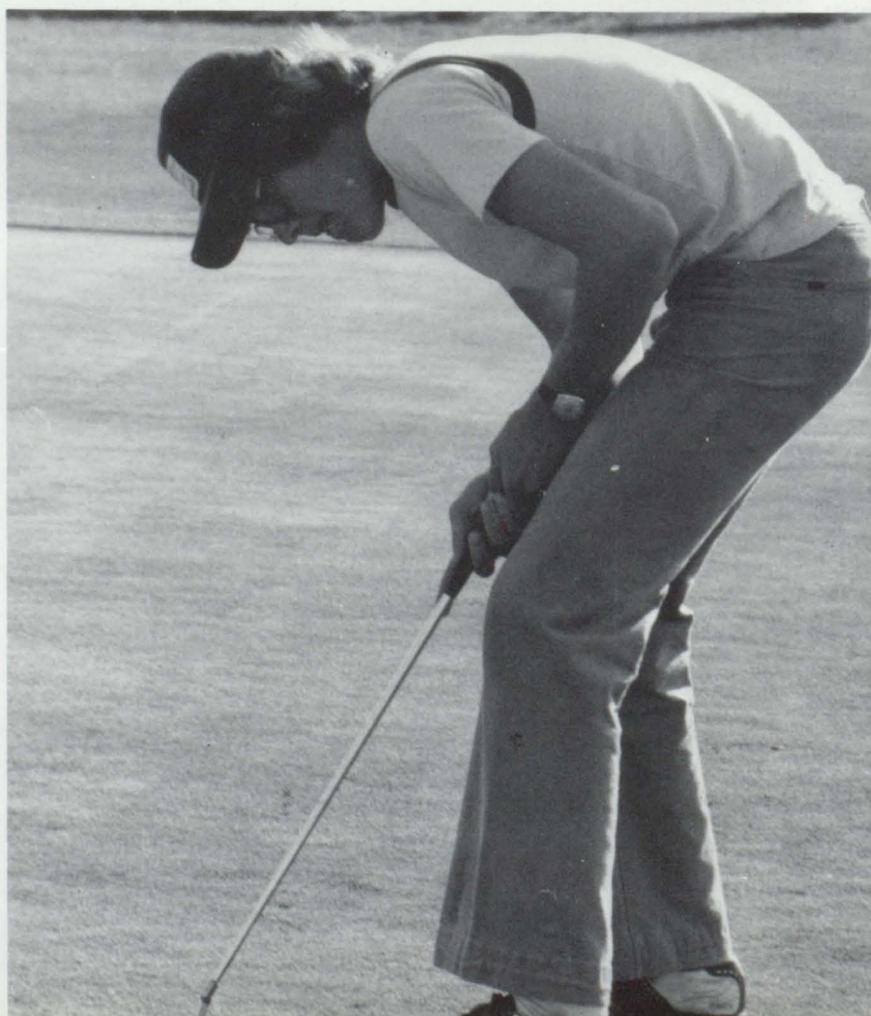

In the conference, Eddie Evans, junior, was second-lowest with an 80, which was high for Frankton. Charlie Williamson placed fourth with an 81.

Next season looks optimistic for the eagles with only one senior, Phil Etchison, leaving the squad.

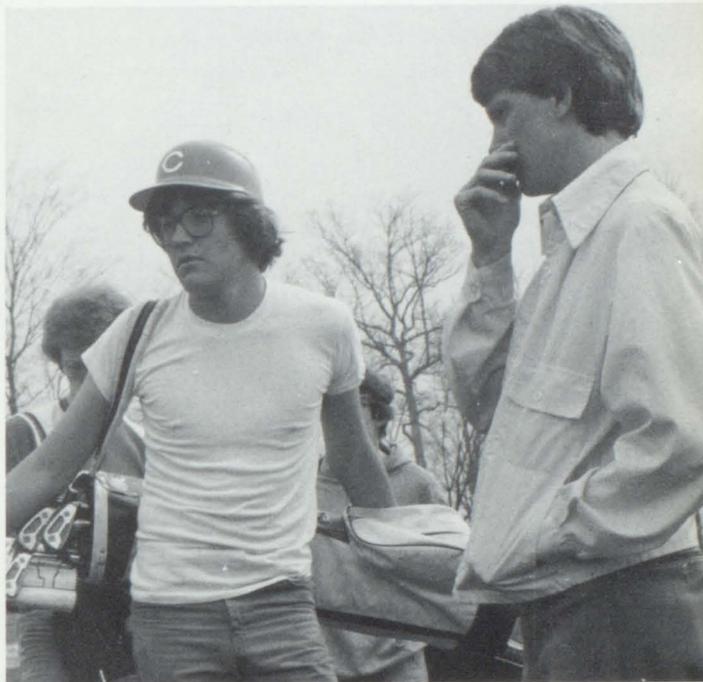

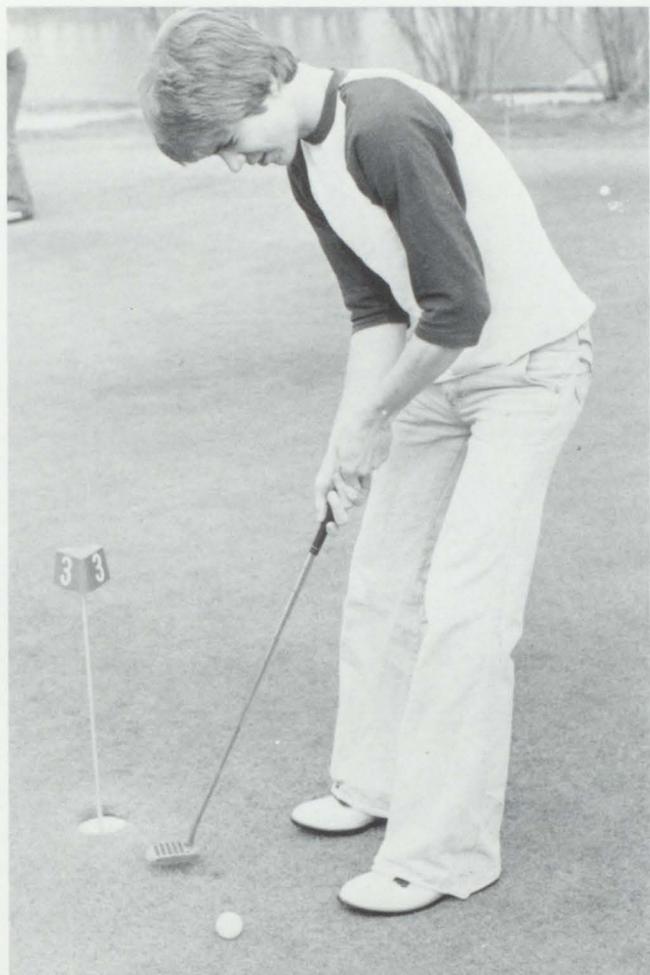

Coach Howell added prestige to the squad by being named WRC coach of the year.

# Girls Win White River Conference

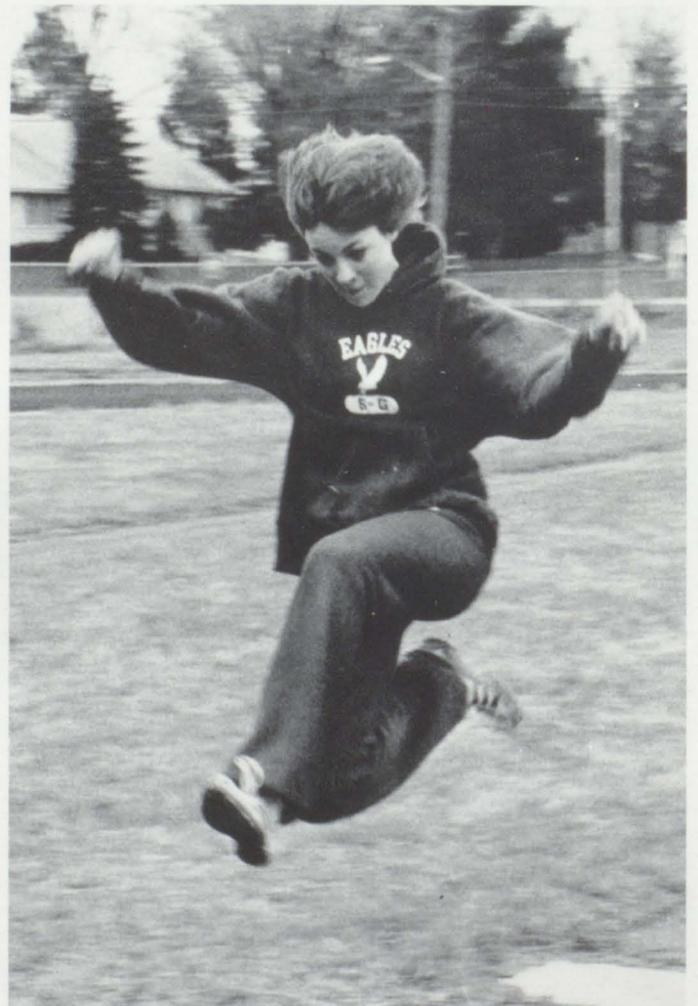

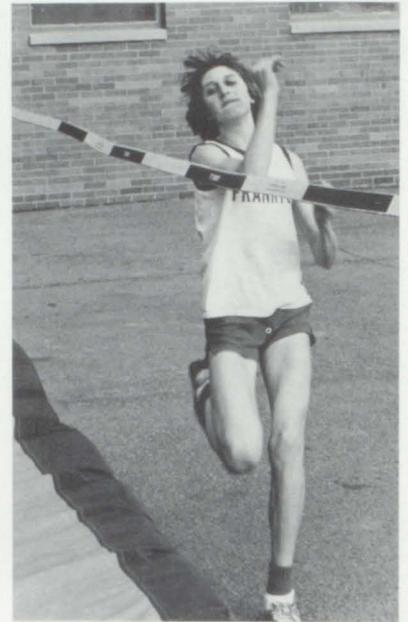

After recording a 2-6 record the previous year, the 1979 Girls track team improved their record to 7-3 with some individual and team performances.

The girls got off to somewhat of a slow start by winning only three out of their first six meets. After this, the Eagles ran off four straight victories before heading into the conference and sectional meets. Individual records were broken in the SBT-225'0 by Tammy Couch. Mile Run—6:04 Tammy Couch, 100 yd. dash—11.3 Nancy Hosier, and the Medley Relay Team Consisting of Tammy Hall, Tammy Couch, Nancy Hosier,

Marcia Knepp with a time of 1:58.

When the Conference meet rolled around the girls were ready. Having never won the conference in their 5 year existence, the girls outdistanced Lapel, and Mt. Vernon by a 60-44 score.

In the sectional meet the girls had three qualifiers, Tammy Couch in the SBT, and 440 yd. run and the 880 Medley Relay team. These girls will go on to compete in the Regional. Tammy Couch for the fourth year in a row won M.V.R. Honors. Congratulations to the girls track for a fine season and effort put forth throughout the year.

# Boys finish season 9 – 4, 2nd in WRC

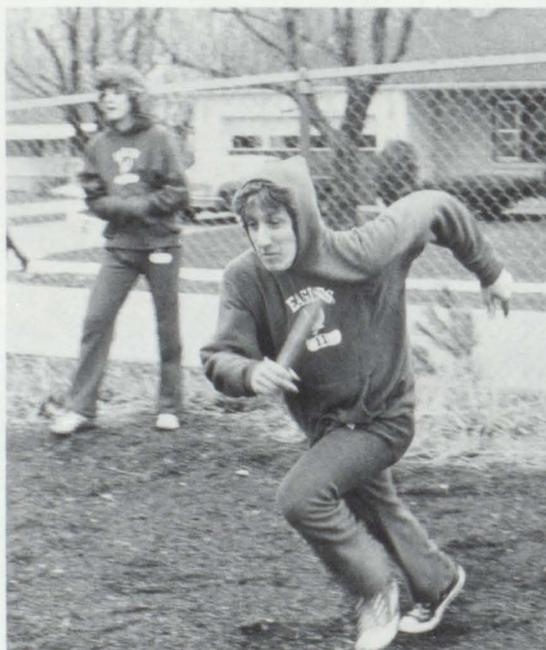

Led by junior Ben Hall with 132.5 total points and senior Jay Whitaker with a total of 99 points, the varsity track team ended their season with a 9-4 record. Jay was also a captain, along with Brad Samuels and Sam Ewald.

Most valuable runner was awarded to Ben Hall in the sprints, Brad Samuels in distance, and Jay Whitaker in field events.

Three new school records were set during the 1979 season. Two by Ben Hall in the high and low hurdles with times of 15.3 and 40.9, respectively, and Duane Canfield in the triple jump, a new event this year, with a measurement of 39'8".

Those qualifying for all conference were Mike Barnett, Jay Whitaker, Ben Hall, Sam Ewald, Dave Clark, and Steve Johnson.

The reserve team finished with a record of 9-2 for the season with many promising prospects returning to the varsity team next year.

# Are You Ready?

Most students in their Junior and Senior years begin taking classes that are here to benefit those people trying to get prepared for their four year commitment. Above state requirements the classes recommended for college-bound students are: Four years of English, Algebra, Geometry, two years of Foreign language, and Chemistry if you're planning a nursing or health career.

If you choose the business course there is typing 1 & 2, Shorthand, General Business, and Accounting. Or you could choose classes in the area of Agriculture, Home Economics, Journalism, or Graphic Arts but these areas as many classes as in business or college levels. Also, in the History department, aside from Civics and World History, there are no advanced classes to take.

# Where Are You Going?

There are a variety of colleges to choose from. You may want to go to a four year college, junior college, or technical college. Consider these things when choosing: 1—Where the college is located—Will you want to be close to home so you can visit often or far away in another state? 2—Housing—Do you want to live at home or live in a dorm or apartment on campus? 3—Cost—Some people may think getting enough money is impossible, but there are ways to do it. You can apply for scholarships available or you may receive government grants. 4—Course of Interest—Do the schools you are considering specialize in the field that you wish to major in? Are there sufficient classes? 5—Sports—If you're planning sports, do you know what their program is for that sport? 6—Size of School—Do you wish to go to a large or small school?

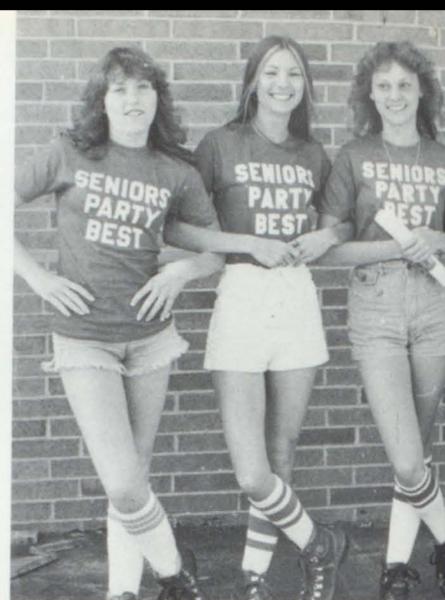

Although these are very important things to consider, many students choose a college for reasons other than these. One, for example, is going to a certain college because a friend or your parents or grandparents went there.

In looking for a college or institution, the first step is self knowledge of one's strengths and weaknesses. Also, the tests, you take don't indicate ability but are more of a guide to the level of college or university you should investigate. One way to tell of the existence of a good department is if it has a high % of full-time faculty. Part-time instructors may be excellent, but they play no part in the on-going work of the department.

In the best schools, faculty handle student advising. They are a part of the student's life at that time and realize what is going on. Other non-faculty counselors may sometimes be misleading.

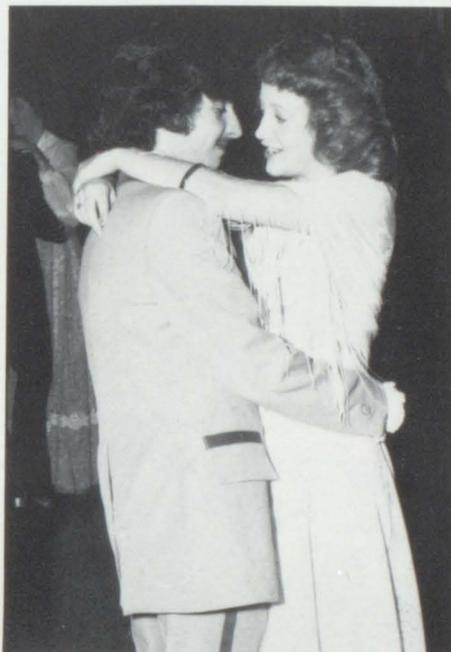

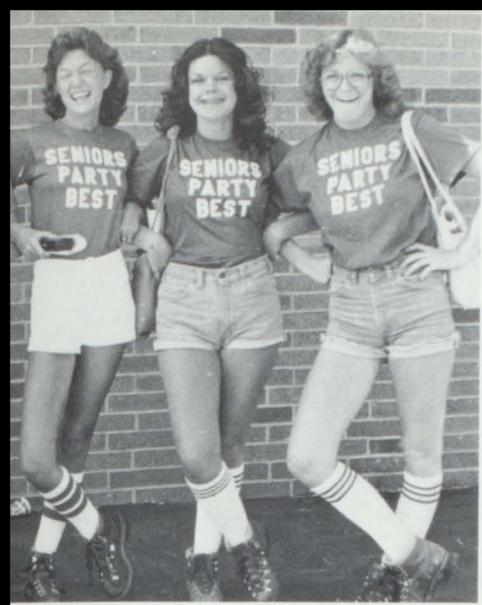

When you finally think about choosing a college, do an in-depth visit. Every college puts on a show to make their school look best. Be sure not to believe everything you read in pamphlets or books. Find out things from first hand experience or by talking to some people who have been to that college. Also, realize that every school has its bad departments. Just be sure that the college you wish to attend doesn't have a poor department in your subject. But the most important thing of all to remember is, Go to the college YOU wish to attend, not the one others want you do.

# Through The Eyes Of An Old Eagle

It was inevitable that the day would come when we would have to say our goodbye to Frankton High School. Is it possible that we have been here for four years?

As first day freshmen the building seemed so very large and very frightening. All summer adults had been saying "You'll love high school," on that first day we wondered if those words were some kind of cruel joke.

The first problem we had was gaining entry into the sheet metal vault we were given to store books and valuables in. We had all had lockers in Jr. High, but they were different, they opened! Just when we were wondering if the last owner had permanently sealed the locker as a memorial a sympathetic sophomore walked up, glanced at the combination, and

opened it on the first try.

Firmly clutching our schedules we made our way towards our first class. The upperclassmen were amazed that anyone could possibly get lost in the small confines of F.H.S.

As underclassmen we had to be in all activities, partially to get used to the school and mostly to keep from being too insecure to not be in them.

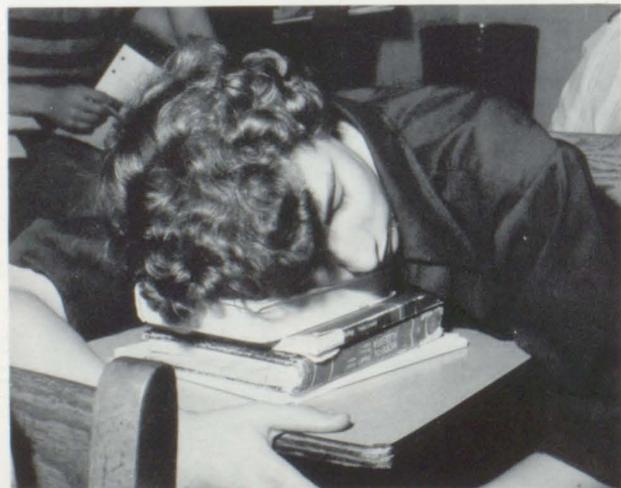

The next two years were easier, but had their ups and downs. It seems we all had a senior who had singled us out to be his or her own personal object of ridicule. It never failed that as soon as we got our books for our first three classes our favorite senior would "accidentally" knock all of them to the floor. After a while it was easier to just drop them whenever

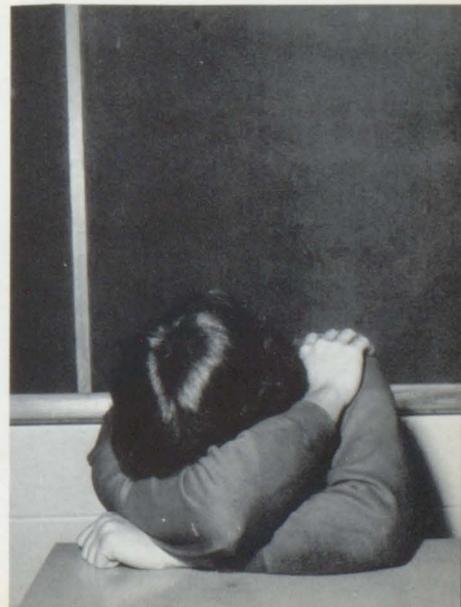

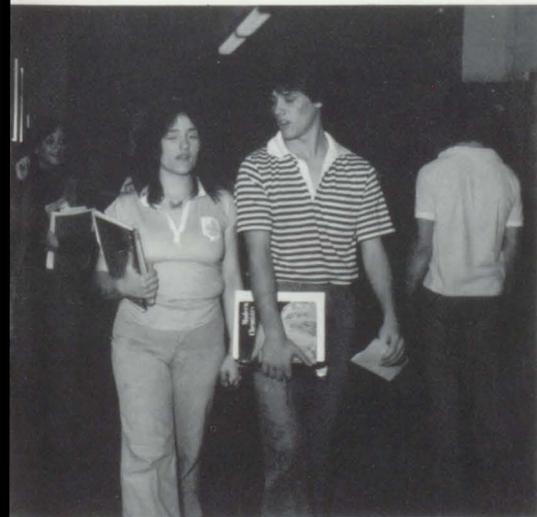

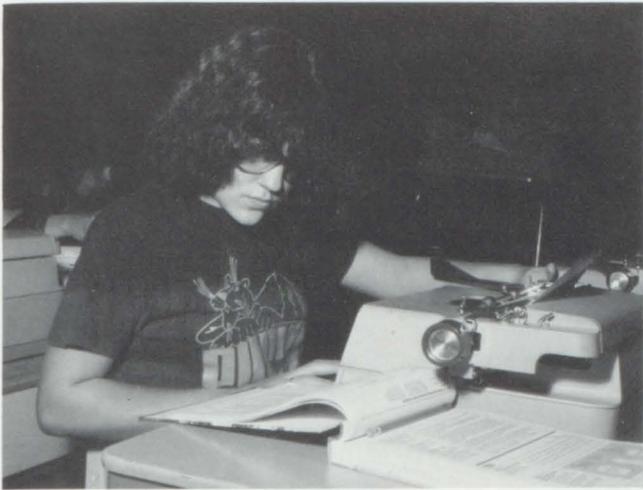

we saw our enemies coming.

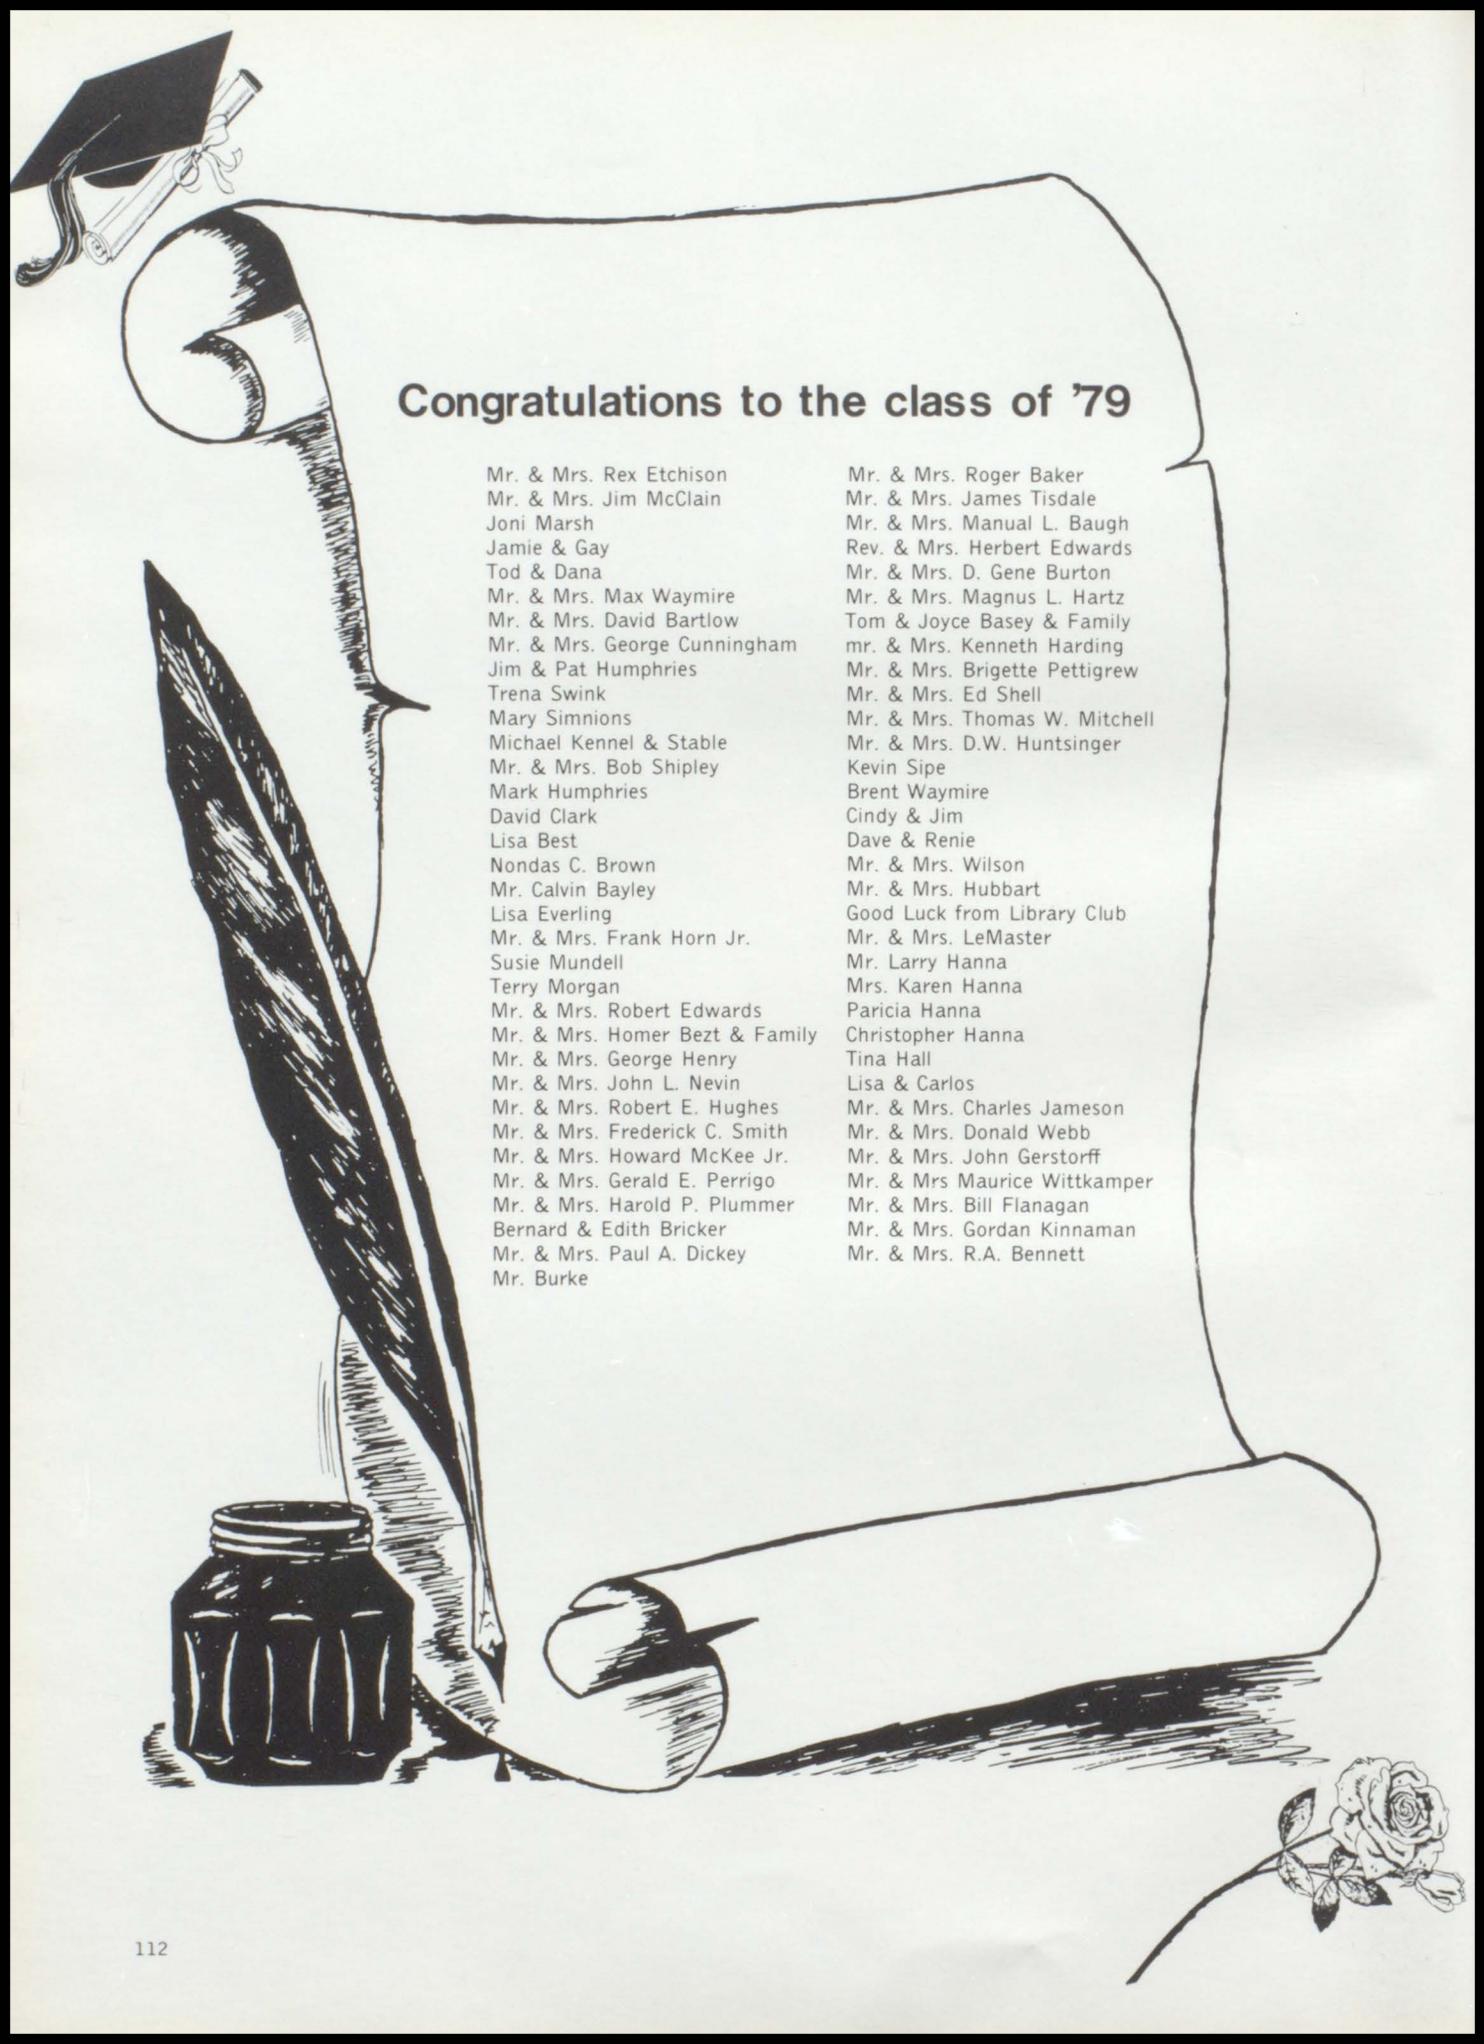

We've always loved the cafeteria, we love it so much we share our food. We share it with each other, the walls, the floors, the tables, the windows, and of course the teachers (whenever they turned their backs). Did you know if you hit the bottom of the ketchup bottle hard enough you can hit a person 8-10 feet away?

Now we are seniors and things are different only in the fact that we are the ones that pick on underclassmen and are amazed that anyone could possibly get lost in the building.

Some of us will succeed, some will fail, and some may not live to do either, but no matter what else happens we all share a bond. We all are members of

# The working student

The students of Frankton High school work for several different reasons. 65-70% of the students at F.H.S. work after school. They work to pay for their cars, to have extra spending money, and to put themselves through college.

Students work at many different times. Seniors are allowed to leave early from school or come in late because of work. Most students work after school as opposed to night jobs or early morning jobs.

Students work at a wide variety of jobs, such as: grocery stores, restaurants, and gas stations. Other places you might see these people working are department stores, factories, and several other service jobs.

Though the working students miss out on several activities, most of these people feel that working at what are sometimes late and long hours has little effect on their grades.

# Students can prepare for career here at Frankton

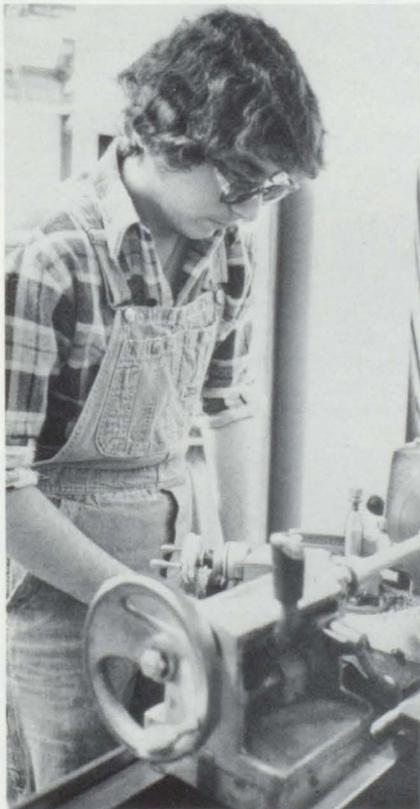

There are certain state requirements that a person must meet in the state of Indiana in order to go to college.

There are also classes that someone could take to get into a field that does not require a college degree. Some that are offered at Frankton High School include; Business, Agriculture, Industrial Arts, and Art classes.

Teachers can prepare students to begin their careers as soon as they graduate from high school. For instance, Industrial Arts, students during their 4 years of high school, would take all the necessary drawing and printing classes to get into the printing field although it is very hard to enter this field. (In Architecture, however you must go to a college, or a similar school for 5 years to become an architect.)

Students who would be interested in the Business field would take all business class available here at Frankton to qualify for a business oriented job. These classes include Bookkeeping, Typing, Shorthand, and General Business. Although it is not necessary, it would be to a student's benefit to go to a business college if they were pursuing a

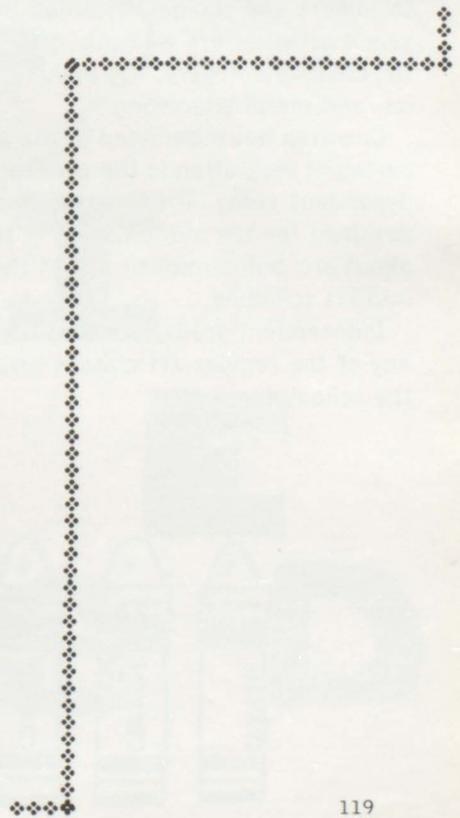

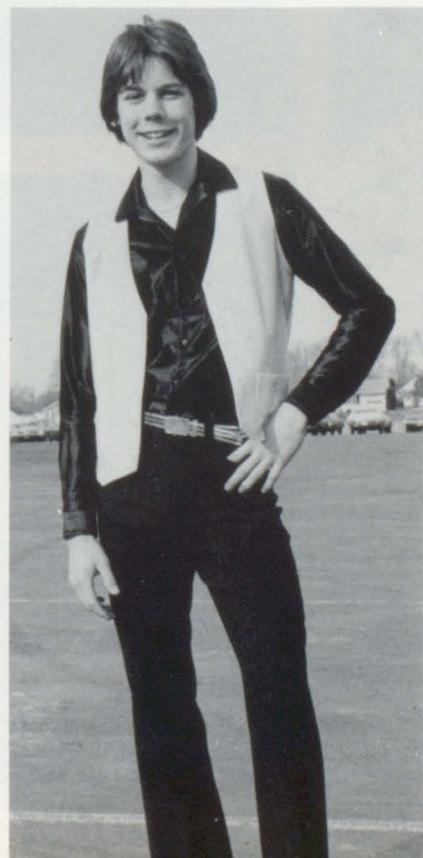

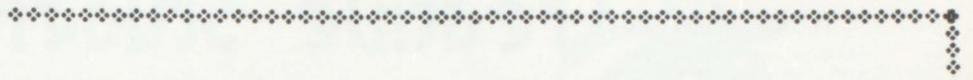

business career such as Accounting.

In the field of Agriculture you can further your knowledge of farming and farm related subjects in college, but it is not a "must". Many students from Frankton can go right on to farming after high school, or if they choose to do so, go to a vocational school.

There are classes that students take as hobbies, just for fun, or simply to get credits. Some of these are Industrial Arts, Art, and Home Economics. You can learn a lot if you really want to, all you have to do is put your mind to it.

# FADS AND FASHION FOR

# Creative Students Do Their Own Thing

The art department here at Frankton consists of five different classes. A freshman general art class, two dimensional design, three dimensional design, and two craft classes.

Anyone who is interested in art usually begins by enrolling in the freshman general art class the freshman year. The class spends time on as many areas as possible including drawing, painting, macrame, pottery, weaving, and cartooning.

The two dimensional design class focuses on painting and drawing. In this class the basic skills in drawing are continued from the general art class and the student begins to learn painting techniques.

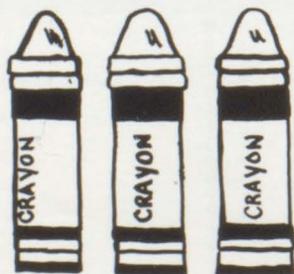

The three dimensional design class focuses on projects with width and depth rather than flat pieces of paper.

Projects included in the course are paper relief sculptures, mobiles, and wire sculptures.

The two craft classes are electives open to juniors and seniors. Included in the year's activities are weaving, macrame, batik, creative stitchery, rug making, ceramics, and metal enameling.

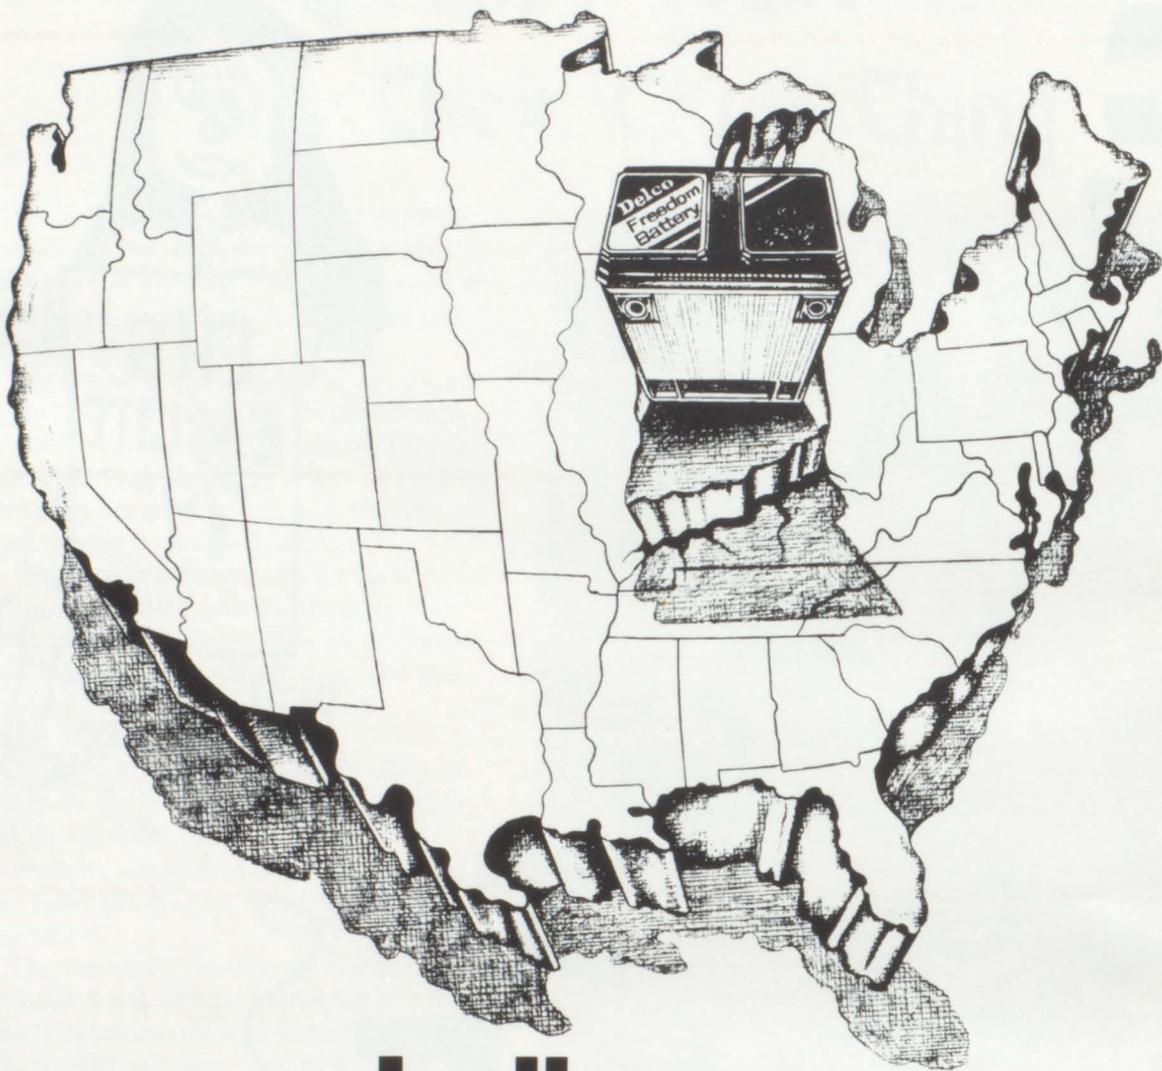

One area not mentioned in the art department very often is the concept of independent study. This is a separate class designed for the student who is serious about art, but cannot fit any of the classes into his schedule.

Independent study may be taken during any of the regular art classes throughout the school day.

## Anderson Banking Co.

Being a senior can be exciting and a relief, but being a senior can also have its drawbacks. One of these drawbacks can be college funds. At the ANDERSON BANKING COMPANY, FRANKTON BRANCH, along with checking and savings accounts, loans for mortgages, or loans for homes, a senior can get a loan for college expenses. That's why Frankton folks have been depending on Anderson Banking Co. for all their financial needs for years.

We've got personality! In every activity at F.H.S. we express the moods and feelings that we experience. RIGHT—Teresa Jackson tries to win Mr. Sipe's heart with her sexy toga. MIDDLE LEFT—Angie Claxon supports the Junior Class by riding on the homecoming float. MIDDLE RIGHT—Looks as though Lisa Alexander and Mr. Shipley are a little confused. BOTTOM LEFT—Roxanna Hart dances to "All that Jazz" in the Junior Miss Pageant. BOTTOM RIGHT—Bill, Heather, and Kevin look very somber in this scene from "My Fair Lady." OPPOSITE PAGE—TOP—Dennis Bibb leads on group in the "funky chicken." OPPOSITE PAGE BOTTOM LEFT—Pep Club supports the Eagles by showing oodles of spirit. OPPOSITE PAGE BOTTOM RIGHT—Is this what the parents learned at school?
