Burma

Dearest Mary,

I just saw a pretty good stage show; several GI's were dressed up as cowboys. They played western songs, also some square-dances. One of the boys played a banjo very good, seems like I've seen home somewhere before, maybe in some show back home.

My arm is a little sore tonight, we got two shots today. I think they were for typhus and cholera. I don't think I will ever forget the first ones I got at Ft. Ben. I felt like I had a fever for two or three days.

Just a few letters came in today. I didn't get any mail to-day, hope I have better luck tomorrow - Good-night darling.

I love you very, very, much, Mary

Yours forever,

Earl
