Dearest Mary,

No mail from you today. I got a Xmas package from the Methodist Church, a letter from Bevy and one from Neil. I think I have received about all of my Xmas boxes, I think this was my seventh one. I needed most of the things sent to me. I have enough foot-powder to last me a life time - six cans! I have four new tooth brushes, I need them, my old one was about worn out. I have had it almost a year.

I just finished reading my sports magazines so I'm sending them to Lambourn. He likes to read them as well as I do so we exchange.

Do you still work at the hardware store every Fri? I can see why Walt McCord annoys you, he talks all the time and doesn't say anything.

How is Diana? The picture of her is very good. I wish you would send me a picture of your self. Hope you get some mail soon.

I love you more than ever, Mary.

Your husband,

Earl
