My Dearest Wife,

I didn't do very much today. I worked until noon, but was not very busy. I washed my field jacket this afternoon with the soap I got in my Xmas box from M. Moore. My jacket is clean but not dry yet, so I won't be able to wear it tonight.

I'm going to the movie tonight, I saw "Best Foot Forward" last night, I think that's the third time. The only reason I went was to hear H. James band, he played some very good jive.

I got a letter from you today dated Dec. 11. I wish out mail would get straightened out. The snow you mentioned in the letter sounds just like Indiana's winter. I suppose you are tired of snow and cold weather. I don't realize that this is Jan, all the days are pretty warm.

I love you very much, darling

Your husband,

Earl
