Burma

Mary Darling,

I didn't get any mail from you to-day, not much mail has come in the last few days. I got a letter from Bob today. It was postmarked Jan 2., that's the latest letter I have received up to date. He sent me a clipping out of the D.R. Clan, of Harry Blake and his wife. The picture was good, I think it was taken at the Remy. He also told me that Russ Hooper is at Camp Sibert, Aba. I don't know why he don't write, I wrote to him a long time ago.

I just happened to think about how long I've been in the army, it was two years Jan 14. I think that's one date I will never forget. I hope I'm home by this time next year.

I love you darling, and miss you more each day.

Your husband,

Earl

I'll surprise you this time - the money order.

Mary Darling,

I didn't get any mail from you to-day, not much mail has come in the last few days. I got a letter from Bob today. It was postmarked Jan 2.; that's the latest letter I have received up to date. He sent me a clipping out of the D. R. Club, of Harry Blake and his wife. The picture was good, I think it was taken at the Army. He also told me that Russ Harper is at Camp Liberty, Ala. I don't know why he don't write, I wrote to him a long time ago.

I just happened to think about how long I've been in the army, it was two years Jan 14. I think that's one date I will never forget. I hope I'm home by this time next year.

I love you darling, and miss you more each day.
Your husband,
I'll surprise you this time - the money-order Earl.
