Burma

Mary Darling,

I got a letter from Guide today also two issues of times - no mail from you. I wrote to the Guide several weeks ago, sending my new address. I haven't received any of the Guide papers so I wrote to them asking if they would send them to me. They answered with a nice letter, telling me that they were glad to hear from me and would send the Guide paper.

The film didn't come in today so there is no show tonight. I don't have anything to do so will probably play cards. That's about the best pastime there is.

We had chili for supper tonight it was pretty good.

The weather is really hot here now.

I love you as always.

Your husband,

Earl
