Burma

To My Darling Wife:

I didn't receive any mail today - just a few letters came in. All the mail I've received in the last few days has been old; I received mail written in March almost a week ago. Hope you are having better luck than I am.

We had some good meals today - steak and onions for dinner and meat-loaf for supper. Onions don't agree with me very well but I ate some anyway. We bought some eggs today so will probably have them some night this week.

I didn't go the Church today but I hope to next Sunday.

I love you as always, Mary.

Yours forever,

Earl
