Burma

Dearest Mary,

I got some mail today - three V-mails from you, and a letter from Whitaker, he was in my old outfit. Two of your letters were dated Feb. 22 - the other 26th. I was sure glad to hear from you. This was the fifth day so if I didn't get any mail today I was going to give up hopes.

Does Diana like to play with tammy? I know they used to have several disputes over their toys. Maybe they will get more acquainted when they get a little older.

I went to the movie last night - "The Animals Kingdom." Jack Carson, Ann Sheridan, Jane Wayman, Alexis Smith - I can't think of the other actors names. It was a pretty good show, but I can't see any connection between the name and the show.

I just finished eating supper - we had salmon loaf, peas & corn, corn bread, peaches, and coffee. I don't know why but I've not had much of an appetite lately.

Sounds like you are having more winter back home - you mentioned having rain, sleet, and snow. You will surely have some warm weather pretty soon. The weather was warm today, although it is a little cooler this evening.

I sent you a money order Feb. 1. You haven't mentioned anything about it in your letter so I was wondering if you received it. It was for \$90.

I must stop for tonight, honey.

I love you very much, Mary.

Yours forever,

Earl
